2007 2nd Workshop on Sharing and Reusing Architectural Knowledge Architecture Rationale and Design Intent

(SHARK/ADI)

Minneapolis, Minnesota
20 – 26 May 2007
# TABLE OF CONTENTS

Social Factors Relevant to Capturing Design Decisions .......................................................... 1  
* Carmen Zannier and Frank Maurer

Architectural Knowledge Management Strategies: Approaches in Research and Industry .......... 5  
* Muhammad Ali Babar, Remco C. de Boer, Torgeir Dingsøyr, and Rik Farenhorst

An Exploratory Case Study Using CBSP and Archium .......................................................... 12  
* Charles L. Chen, Danhua Shao, and Dewayne E. Perry

Capturing and Replaying Architectural Knowledge through Derivational Analogy .................. 19  
* Ibrahim Habli and Tim Kelly

ArchVoc—Towards an Ontology for Software Architecture .................................................. 26  
* Lenin Babu Thummalapalli, M. Seetha Ramaiah, T. V. Prabhakar, and D. Rambabu

Experiences from Representing Software Architecture in a Large Industrial Project Using  
Model Driven Development ........................................................................................................ 32  
* Anders Mattsson, Björn Lundell, Brian Lings, and Brian Fitzgerald

Towards Bridging the Gap between Goal-Oriented Requirements Engineering and  
Compositional Architecture Development .................................................................................. 38  
* Sebastian Herold, Andreas Metzger, Andreas Rausch, and Heiko Stallbaum

UML Profiles for Design Decisions and Non-functional Requirements .................................... 44  
* Liming Zhu and Ian Gorton

Modeling and Documenting the Evolution of Architectural Design Decisions ......................... 51  
* Rafael Capilla, Francisco Nava, and Juan C. Dueñas

Exploring Extensibility of Architectural Design Decisions ...................................................... 58  
* Salvador Trujillo, Maider Azanza, Oscar Díaz, and Rafael Capilla

A Tool for Managing Software Architecture Knowledge ......................................................... 63  
* Muhammad Ali Babar and Ian Gorton

Architecture and Design Intent: An Experience Report ............................................................ 70  
* Paul S. Grisham, Matthew J. Hawthorne, and Dewayne E. Perry
