Second International Workshop on Incorporating COTS Software into Software Systems

(IWICSS 2007)

Minneapolis, Minnesota
20-26 May 2007
ICSE 2007 Workshops

Table of Contents

Workshop Organization

Switch or Struggle: Risk Assessment for Late Integration of COTS Components......................................................01
Sören Blom, Matthias Book, Volker Gruhn, and Ralf Laue

A Framework for Identification and Resolution of Interoperability Mismatches in COTS-Based Systems ..........................................................07
Jesal Bhuta and Barry Boehm

Finding Errors in Interoperating Components............................................................................................................13
Mark Grechanik

Software Connector Classification and Selection for Data-Intensive Systems..........................................................33
Chris A. Mattmann, David Woollard, Nenad Medvidovic, and Reza Mahjourian

Generating Web Services for Statistical Survey Packages from Domain-Specific Visual Languages ..........................................................39
Chul Hwee Kim, John Hosking, and John Grundy

Integrating COTS Search Engines into Eclipse: Google Desktop Case Study ..........................................................45
Denys Poshvyanyk, Maksym Petrenko, and Andrian Marcus

Adapting COTS Applications: An Experience Report .................................................................................................50
Robert Balzer, Alexander Egyed, Neil Goldman, Tim Hollebeek, Marcelo Tallis, and David Wile
Code Generation on Steroids: Enhancing COTS Code Generators via Generative Aspects ........................................56
Cody Henthorne and Eli Tilevich

Regression Test Selection for Black-Box Dynamic Link Library Components .....................................................62
Jiang Zheng, Laurie Williams, Brian Robinson, and Karen Smiley

A Service-Oriented Blueprint for COTS Integration: The Hidden Part of the Iceberg ........................................68
Vina Ermagan, Claudiu Farcas, Emilia Farcas, Ingolf H. Krüger, and
Massimiliano Menarini
