### TABLE OF CONTENTS

**Volume 1**

IS Has Outgrown the Need for Reference Discipline Theories, or Has It? .....................................................1  
*S. Gregor, Y. Grover, K. Lyytinen, C. Saunders, F. Niederman*

Are Emerging Markets Different from Developed Markets? Human Capital, Sorting and Segmentation in Compensation of Information Technology Professionals .........................................................6  
*S. Gregor, Y. Grover, K. Lyytinen, C. Saunders, F. Niederman*

Adoption and Use of Community Municipal Portals .....................................................................................26  
*Brian Detlor, Maureen Hupfer, Umar Ruhi*

The Multimethodological Investigation of Knowledge Sharing Practices in Eastwei .....................................36  
*Robert Davison, Carol Ou, Maggie Li, Maris Martinsons, Johan Bjorksten*

The Impact of Social Networking on Software Design Quality and Development Effort in Open Source Projects ...............................................................................................................................49  
*Francesco Merlo, Chiara Francalanci, Donato Barbagallo*

Strategic Alignment: What Else? A Practice-Based View of IS Value .........................................................69  
*Francois-Xavier de Vaujany*

*Arati Srinivasan, N. Venkatraman*

An Empirical Analysis of the RFID Effect on Suppliers' Financial Performance ........................................99  
*Young Bong Chang*

Software Design Strategies in Markets with Open Source Competitors .....................................................113  
*Zhe Qu*

Measuring Perceived Representational Deficiencies in Conceptual Modeling: Instrument Development and Test .................................................................................................................................128  
*Jan Recker, Michael Rosemann*

*Xue Yang, Hock-Hai Teo*

Towards Ethical Information Systems: The Contribution of Discourse Ethics ...........................................161  
*John Mingers, Geoff Walsham*

Institutionalization of IT Compliance: A Longitudinal Study ......................................................................180  
*Wendy Currie*

System Development Service Quality: A Comparison of the In-house Development and the Application Outsourcing Environment ....................................................................................................195  
*Man Kit Chang, Louisa Lui*

Examining ERP Committee Beliefs: A Comparison of Alternative Models ................................................209  
*Vincent Lai, Fujun Lai, Jian Wang, Connie Liu*

Knowledge-Based Diffusion - A Case Study .................................................................................................227  
*Hilary Berger, Paul Beynon-Davies*

Integrating the Grounded Theory Method and Case Study Research Methodology Within IS Research: A Possible Road Map .................................................................................................242  
*Mohanad Halaweh, Christine Fidler, Steve McRobb*

User Motivation to Explore Enterprise System Features: An Exploratory Study of Its Organizational Antecedents and Consequences ......................................................................................254  
*Weiling Ke, Kwok Kee Wei, Xiaodong Wang*
The Art of Existence and the Regimes of IS-enabled Customer Service Rationalization: a Study of IT Service Management in the UK Higher Education ................................................................. 272
Tayfour Mohammed

Fact or Fiction: The Philosophy of Fictions in IS Research ................................................................. 289
Sandy Behrens

Cause or Cure: Technologies and Work Life Balance ........................................................................ 306
Brian Harmer, David Pauleen, Andreas Schroeder

Product Adoption in Online Social Network ......................................................................................... 320
Yunjie Xu, Cheng Zhang, Ling Xue, Lay Yeo

Organisational Identity and the Appropriation of Information Systems ............................................... 336
Uri Gal, Tina Jensen

Cultural Influences on Temporal Separation and Coordination in Globally Distributed Software Development ............................................................................................................. 353
Haiyan Huang, Eileen Trauth

Remaking the IT Management Curriculum: A 'Novel' Approach .......................................................... 372
Shannon O'Donnell, Robert Austin, Richard Nolan

Value Appropriation in Hybrid Technology Ecosystems .................................................................... 381
Paul Fox, Jonathan Wareham, Josep Lluis Giner

Cultural Cognition in the Thinking-Aloud Method for Usability Evaluation ......................................... 390
T. Clemmensen, M. Hertzum, K. Hornbaek, Qingxin Shi, P. Yammiyavar

Design Science in Information Systems: Hegemony, Bandwagon, or New Wave? .............................. 405
C. Loebbecke, F. Land, A. Angehrn, E. Clemons, A. Hevner, G. Mueller

User Reactions to Information Technology: Evidence from the Healthcare Sector .............................. 410
Anol Bhattacherjee, Christopher Davis, Neset Hikmet, Varol Kayhan

Tackling the Problem of Transferability in IS Qualitative Research ................................................. 424
Juan Rodon, Feliciano Munategui

Strategic Online Communities: How Online Communities Facilitate Business Strategies to Enhance Organization Performance ................................................................. 438
Barney Tan, Shan Pan

Relating E-Learning Effectiveness to Choice of Media for Its Contents: A Quasi-Experimental Approach ..................................................................................................................... 455
Vikas Sahasrabudhe, Shivraj Kanungo

Impact of the Journey: IS Employee Attitudes and Perceptions as Organizations Climb the CMM Ladder ................................................................. 465
Janet Ply, Jo Ellen Moore, Jason Thatcher

Impact of Consumer Reviews and Ratings on Sales, Prices and Profits: Theory and Evidence .......... 482
Bao-Jun Jiang, Bin Wang

Revisiting Career Path Assumptions: The Case of Women in the IT Workforce? ............................... 499
Jeria Quesenberry, Eileen Trauth

Using Wikis to Generate Learning at ICIS 2007 ..................................................................................... 516
Ann Majchrzak, Phil Birnbaum-More, Jeremiah Johnson, Kishore Sengupta, Christian Wagner

Critical Realism-Based Explanatory Case Study Research in Information Systems ............................. 531
Donald Wynn Jr., Clay Williams

Improvisation and Performance in Software Development Teams: The Role of Geographic Dispersion ...................................................................................................................... 550
Massimo Magni, Likoebe Maroping, Martin Hoegl, Luigi Proserpio
The Spinning Top Model, A New Path to Conceptualize Culture and Values: Applications to IS Research .................................................................567
Isabelle Walsh, Hajer Kefi

Influencing Physician Drug Prescription Habits Towards Cost Containment .................................................................588
Allon Zuker, Tsipi Heart, Josef Pliskin, Nava Pliskin

The Hedonic Experience of Enjoyment and Its Relationship to Informal Learning: A Study of Museum Websites ..............................................................610
Aleck Lin, Shirley Gregor, Jessica Huang

Volume 2

(VIS) Standards Deployment and Integration: A Study of Antecedents and Benefits .................................................................625
Wai Fong Boh, Yun Xu, Christina Soh

Inter-Personal Socialisation in Knowledge Transfer: Encouraging Personal ICT Use .................................................................640
Julian Sims, Philip Powell, Richard Vidgen

Beyond Annoyance: The Latent Benefits of Distracting Website Features .................................................................648
Barney Tan, Cheng Yi, Hock Chan

Risk and Return in an Electronic Market: An Examination of Investments in Online Rare Coin Auctions over a Short Horizon ..............................................665
Charles Wood

Technology's Effect on Firm Size: Manufacturing vs. Service .................................................................682
Charles Wood, Hojung Shin, Sarv Devaraj

Conceptualizing the IT Artifact for MIS Research .................................................................699
Sabine Matook, Susan Brown

Decision-Making Paths in Self-Organizing Technology-Mediated Distributed Teams .................................................................710
Qing Li, Robert Heckman, Kevin Crowston, James Howison, Eileen Allen, U. Eseryel

Polycontextuality: Driving Professional Change in Online Communities of Practice .................................................................719
Jocelyn Cranefield, Pak Yoong, Sid Huff

Motivations for Using CMC and Non-CMC Media in Learning Contexts: A Uses and Gratifications Approach .................................................................737
Zixiu Guo, Kenneth Cheung, Felix Tan

An Application of Data Envelopment Analysis (DEA) for ERP System Selection: Case of a Petrochemical Company .................................................................755
Amir Ghapanchi, Mohammad Jafarzadeh, Mohammad Khakbazz

Tracking Freight Railcars in Indian Railways: Technology Options and Stakeholder Interests .................................................................762
Shirish Srivastava, Sharat Mathur, Thompson Teo

Information Infrastructure as Organization: A Critical Realist View .................................................................774
Bendik Bygstad

The Impacts of BTM Capability and CIO Role Effectiveness on Firms' Information Technology Assimilation: An Empirical Study .................................................................787
Jen-Her Wu, Yi-Cheng Chen, Vallabh Sambamurthy

Local E-Government in Cyprus: A Comparison of Perceptions Between Citizens and Decision-Makers .................................................................801
Angeliki Kokkinaki, Socrates Mylonas, Alkis Thrassou, Lefteris Economou, Ioannis Kountouris, Panayiotis Panayiotou

Theorizing the IT Artifact for Mobility: A Portfolio, Not a Singularity .................................................................813
Jennie Carroll

Rik Maes, Erik J. de Vries

Cost-Benefit Sharing in Cross-Company RFID Applications: A Case Study Approach ................................................................................................................................. 1241
Philipp Bensel, Oliver Guenther, Christoph Tribowski, Stefan Vogeler

Volume 3

Does Lower Transaction Price Attract More Customers?: An Empirical Study on The Short- & Long-Term Impacts of Online Brokerage Services ................................................................................................................................. 1258
Seonyoung Shim, Byungtae Lee, Andrew Whinston

IT Sourcing Portfolio Management for IT Services Providers - A Risk/Cost Perspective ................................................................................................................................. 1273
Steffen Zimmermann, Arne Katzmarzik, Dennis Kundisch

Situation Architecture Engineering (SAE) - Improving Strategic Change Through Architecture Methods ................................................................................................................................. 1291
Gregor Zellner, Susanne Leist

Annemette Kjaergaard, Tina Jensen

Incentives and Perceptions of Information Security Risks ................................................................................................................................. 1324
Fariborz Farahmand, Mikhail Atallah, Benn Konsynski

Researching Ethics and Morality in Information Systems: Some Guiding Questions ................................................................................................................................. 1340
Bernd Carsten Stahl

Process Documentation, Operational Alignment and Flexibility in IT Outsourcing Relationships: A Knowledge-Based Perspective ................................................................................................................................. 1357
Sebastian Martin, Heinz-Theo Wagner, Daniel Beimborn

New Actors and New Media in Technology Discourse: An Investigation of Tech Blogging ................................................................................................................................. 1375
Emmanuelle Vaast, Elizabeth Davidson

Diffusion Dynamics of Open-Source Software in the Presence of Upgrades: An Agent-Based Computational Economics (ACE) Approach ................................................................................................................................. 1393
Muhammad Zaffar, Ram Kumar, Kexin Zhao

Product Lifecycle Management, Knowledge Integration and Reliability in New Product Co-Development: A Case Study Between Europe and China ................................................................................................................................. 1408
Valery Merminod, Frantz Rowe, Stephanie Watts
Bringing Change in Government Organizations: Evolution Toward Post-Bureaucracy with Web-Based IT Projects
Emmanuelle Vaast, Maria Binz-Scharf

Is IT Really Becoming a Commodity?
Brian Dos Santos, Zhiquiang Zheng, Vijay Mookerjee, Hongyu Chen

Voluntary Open-Source: The Effect of Appropriability, Externality and Uncertainty
Liye Ma, Pei-yu Chen, Tridas Mukhopadhyay

The Effects of Information Technology and Service-Oriented Architectures on Joint Venture Value
Ali Tafiti, Sunil Mithas, M.S. Krishnan

Design Principles for IT in Double Distributed Design Networks
Nicholas Berente, Nikhil Srinivasan, Kalle Lyttinen, Youngjin Yoo

Adaptive System Use: An Investigation at the System Feature Level
Heshan Sun, Ping Zhang

The Moderating Influence of Privacy Concern on the Efficacy of Privacy Assurance
Gaurav Bansal, Fatemeh Zahedi, David Gefen

Information Search Process for a Well-Structured IS Problem: The Role of IS and Application Domain Knowledge
Vijay Khatri, Iris Vessey

Community Photo Sharing: Motivational and Structural Antecedents
Oded Nov, Chen Ye

I'm Losing Patience With Your Site: The Impact of Information Scent and Time Constraints on Effort, Performance, and Attitudes
Greg Moody, Dennis Galletta

IT Service Climate: The Validation of an Antecedent Construct for IT Service Quality
Ronnie Jia, Blaize Horner Reich

Materialising Materiality
Peadar O'Scolai

Clustering Customers Shopping Trips with Network Structure
Ping Yan, Daniel Zeng

Enterprise Software Adoption and Perceived Business Performance - An Empirical Investigation in Germany and the U.S.
Christoph Goebel, Hanna Krasnova, Thomas Hildebrand, Oliver Guenther, Francis Bidault

Managing Platform Ecosystems
Geoffrey Parker, Marshall Van Alstyne

Refining the IT Business Value Model: Evidence from a Longitudinal Investigation of Healthcare Firms
Jeff Baker, Jaeki Song, Donald Jones

Impacts of GSS on Moral Discourse: An Argumentation Analysis
Suzanne Pawlowski, Ed Watson, James Davis, Evgeny Jaganer

Cultural Intelligence and Project Management Interplay in IT Offshore Outsourcing Projects
Roman Beck, Robert Gregory, Michael Prifling

Project Managers' Skills and Project Success in IT Outsourcing
Nishtha Langer, Sandra Slaughter, Tridas Mukhopadhyay

A Theoretical Framework for Mobile Learning and E-Inclusion in Finland
Franck Tetard, Erkki Patokorpi
Computer Playfulness, Personal Innovativeness, and Problematic Technology Use: A New Measure and Some Initial Evidence .................................................................................................................. 1731
Ronnie Jia, Heather Jia

Relation-Centric Task Identification for Policy-Based Process Mining .................................................. 1740
Jiexun Li, Harry Wang, Zhu Zhang, Leon Zhao

The Hitchhiker's Guide to the Long Tail: The Influence of Online-Reviews and Product Recommendations on Book Sales ' Evidence From German Online Retailing .................................................. 1749
Thomas Ehrmann, Hendrik Schmale

Improving Web Site Structure to Facilitate Effective User Navigation .................................................. 1766
Min Chen, Young Ryu

Theories of ICT Design: Where Social Studies of Technology Meet the Distributed Cognitive Perspective .......................................................................................................................... 1781
Vladislav Fomin, Francois-Xavier de Vaujany

Web Elements and Strategies for Success in Online Marketplaces: An Exploratory Analysis .................. 1797
Nitin Walia, Fatemeh Zahedi

About Time Too: Online News and Changing Temporal Structures in the Newspaper Industry .................................................. 1816
Matthew Jones, Kamal Munir, Wanda Orlikowski, Jochen Runde

Investigating Determinants of Project Portfolio Management Adoption ............................................... 1833
Haya Ajian, Ram Kumar, Chandrasekar Subramaniam

Professional Hegemony Unveiled: Opportunities and Challenges in Building a Career in IS .................. 1844
Nancy Pouloudi, Kim Andersen, Debra Howcroft, Bruce Reinig, Virpi Tuunanen

Does Complexity Matter? The Impact of Change in Psychological Complexity on Software Maintenance and New Developers' Contribution in Open Source Software ............................................... 1849
Vishal Midha

Adoption of B2B Exchanges: Effects of IT-Mediated Web Site Services, Web Site Functionality, Benefits and Costs .................................................................................................................. 1863
Cagri Guvence-Rodoper, Izak Benbasat, Ron Cenfetelli

Hospitality Analysis of IS Innovation ........................................................................................................ 1875
Allen Higgins, Simeon Vidolov, Frank Froessler

Volume 4

The Use of an Explicitly Theory-Driven Data Coding Method for High-Level Theory Testing in IOIS .......................................................................................................................... 1884
Kai Reimers, Robert Johnston

The Improvisation Effect: A Case Study of User Improvisation and Its Effects on Information System Evolution .................................................................................................................. 1901
Sean McGann, Kalle Lyytinen

Wikipedia Usage Patterns: The Dynamics of Growth .................................................................................. 1915
Amitava Dutta, Rahul Roy, Priya Seetharaman

Network Effects in Technology Acceptance: Laboratory Evidence ......................................................... 1929
Francesco Virili, Andrea Pontiggia

Un-Haunting from the Ghost We Killed: IS Research and Education in the Post-Industrial Economy .......................................................................................................................... 1947
Youngjin Yoo, Phillip Ein-Dor, Sirkka Jarvenpaa, John King, Ramayya Krishnan

Minding the IS Soft Skills Gap: Evidence of Discourse Convergence and Organizational Field Structure .......................................................................................................................... 1952
Muhammad Zaffar, Susan Winter
Indo Gives Its Sales Force a New Mobility Technology
Sandra Sieber

Examining the Formation of Individual's Privacy Concerns: Toward An Integrative View
Heng Xu, Tamara Dinev, Jeff Smith, Paul Hart

Virtual Team Common Knowledge: Construct Specification and Effect on Knowledge Integration Effectiveness
Olivier Caya, Genevieve Bassellier, Alain Pinsonneault

Exploring The Potential Of The Ethical Grid For Informing Decision-Taking Practices In Soft Information Systems & Technologies, Methodology (SISTeM)
Laurence Brooks, Chris Atkinson

Introducing a Business Process and Software Centric Approach for Enterprise System Teaching
Felix Tan, Darshana Sedera

Influence of Structure Paramters on the Information Diffusion Process in Virtual Networks
Sascha Vitzthum

Deception Tactics and Counterfeit Deception in Online Environments
Tamilla Mavlanova, Raquel Benbunan-Fich, Nanda Kumar

Banking Technology to Scale Microfinance: The Case of the Correspondent Banking in Brazil
Eduardo Diniz, Marlei Pozzebon, Martin Jayo

Timing is Money - Evaluating the Effects of Early Availability of Feature Films Via Video On Demand
Florian Mann, Sophie Ahrens, Alexander Benlian, Thomas Hess

Psychological Contracts and Knowledge Exchange in Virtual Teams
Klarissa Chang

State, Economy, Society and Recent Information Society Politics in Greece
Dimitris Boucas

Online Decision-Aids and Pricing: An Empirical Analysis of the Airline Industry
Eran Rubin, Benny Mantin

Marrying Work and the Technical Artifact within the Healthcare Organization: A Narrative Network Perspective on IT Innovation-Mediated Organizational Change
Adrian Yeow, Samer Faraj

An Exploration of Heterogeneity in Electronic Medical Record Use: Information Technology Use as Emergent and Driven by Values and Expertise
Holly Lanham, Reuben McDaniel Jr.

Design and Evaluation of Feedback Schemes for Multiattribute Procurement Auctions
Pallab Sanyal, Alok Gupta, Gediminas Adomavicius

Diffusion of User-Generated Content in a Social Network Structure
Jeong-ha Oh, Anjana Susarla, Yong Tan

Recommended for You: The Impact of Profit Incentives on the Relevance of Online Recommendations
Kartik Hosanagar, Ramayya Krishnan, Liye Ma

Real Options from RFID Adoption: The Role of Institutions and Managerial Mindfulness
Suparna Goswami, Hock Hai Teo, Hock Chan

Why I Love this Online Game: The MMORPG Stickiness Factor
Klarissa Chang, Bernard Low, Kharisma Tanoto, Allan Koh, Dustin Onghanseng, Tran Thuong

How User and Requirement Risks Moderate the Effects of Formal and Informal Controls on IT Project Performance
Shan Liu, Mark Keil, Arun Rai, Jinlong Zhang, Tao Chen
Are Markets for Vulnerabilities Effective? .................................................................................................................. 2263
  Sam Ransbotham, Jon Ramsey, Sahyasadhi Mitra

Organizational Knowledge Sharing Culture and KMS Effectiveness ........................................................................ 2278
  Junggil Hahn, Aditi Mukherjee

Data Model Development for Fire Related Extreme Events - An Activity Theory and Semiotics Approach .......... 2294
  Rui Chen, Raj Sharman, H.R. Rao, Shambhu Upadhyaya

Towards a Conceptualisation of Trust in IS Outsourcing .......................................................................................... 2310
  Nargiza Bekmamedova, Adi Prananto, Judy McKay, Artem Vorobiev

Why People Continue to use Social Networking Services: Developing a Comprehensive Model ......................... 2331
  Tao Hu, William Kettinger

The Institutional Facets of Innovation Diffusion Initiating: The Case of Wal-Mart's RFID Campaign .................... 2342
  Xuanhui Yang, Rajiv Kishore, Zhenyu Liu

Do CIOs Matter? Assessing the Value of CIO Presence in Top Management Teams ............................................. 2362
