30th International Conference on Information Systems 2009

(ICIS 2009)

Phoenix, Arizona, USA
15-18 December 2009

Volume 1 of 4

ISBN: 978-1-61567-890-7
# TABLE OF CONTENTS

## VOLUME 1

### CULTURE AND INFORMATION TECHNOLOGY I

1. The Impact of Schwartz's Cultural Value Types on ICT Use: A Multi-National Individual-Level Analysis
   
   Kallol Bagchi, Peeter Kirs
   
   ............................................................................................................................... 1

2. Understanding Cross National Difference in Knowledge Seeking Behavioral Model: A Survival Perspective
   
   Liwei Chen, Jj Po-An Hsieh, Evert Van De Vliert, Xu Huang
   
   ............................................................................................................................... 19

3. Decision-Maker Mindfulness in IT Adoption: The Role of Informed Culture and Individual Personality
   
   Suparna Goswami, Hock-Hai Teo, Hock Chan
   
   ............................................................................................................................... 38

### ECONOMICS AND INFORMATION SYSTEMS I

4. Can Social Networks Help Mitigate Information Asymmetry in Online Markets?
   
   Mingfeng Lin, Siva Viswanathan, Nagpurnanand Prabhala
   
   ............................................................................................................................... 55

5. Impact of Multiple Word-of-Mouth Sources on Retail Sales
   
   Jaehong Park, Bin Gu, Prabhudev Konana
   
   ............................................................................................................................... 71

6. Optimal Design of Crowdsourcing Contests
   
   Nikolay Archak, Arun Sundarajan
   
   ............................................................................................................................... 85

### HUMAN BEHAVIOR AND INFORMATION TECHNOLOGY I

7. User Participation in ‘Configuring the User’ in OSS Development
   
   Netta Ilvari
   
   ............................................................................................................................... 101

   
   Chuan Luo, Choon Ling Sia, Ya-Ni Shi, Huaping Chen
   
   ............................................................................................................................... 119

9. A Sociomaterial View of the Scaffolding of Work Practices with Information Technology
   
   Aurelie Leclercq, Andrea Carugati, Antonio Giangreco, Joao Cunha, Tina Jensen
   
   ............................................................................................................................... 135

### INNOVATIONS IN INFORMATION TECHNOLOGY PROJECT AND PROGRAM MANAGEMENT I

10. The Role of IS Project Critical Success Factors: A Revelatory Case
    
    Cecil Chua, Wee Kiat Lim
    
    ............................................................................................................................... 148

11. How Shallow is a Bug? Why Open Source Communities Shorten the Repair Time of Software Defects
    
    Diederik Van Liere
    
    ............................................................................................................................... 166

12. Learning and Forgetting Curves in Software Development: Does Type of Knowledge Matter?
    
    Keumseok Kang, Junggil Hahn
    
    ............................................................................................................................... 182

### RESEARCH METHODS I

    
    Pavel Andreev, Tsipi Heart, Hanan Maoz, Nava Pliskin
    
    ............................................................................................................................... 197

14. Building Theory from Quantitative Studies, Or, How to Fit SEM Models
    
    Joerg Evermann, Mary Tate
    
    ............................................................................................................................... 214

15. Stopping “How” from Driving “What”: Advice on Avoiding Measurement Item Mis-specification
    
    D. Ladd, Mark Fuller, Andrew Hardin
    
    ............................................................................................................................... 231
### WEB-BASED INFORMATION SYSTEMS AND APPLICATIONS I

<table>
<thead>
<tr>
<th>No.</th>
<th>Title</th>
<th>Page</th>
</tr>
</thead>
<tbody>
<tr>
<td>16</td>
<td>An Empirical Analysis of User Content Generation and Usage Behavior in Mobile Digital Media</td>
<td>246</td>
</tr>
<tr>
<td>17</td>
<td>Habit Formation in Online Communities</td>
<td>257</td>
</tr>
<tr>
<td>18</td>
<td>Positive Example Learning for Content-based Recommendations: A Cost-sensitive Learning-based Approach</td>
<td>270</td>
</tr>
</tbody>
</table>

**Anindya Ghose, Sang-Pil Han**

**Li Gan, Bin Gu, Sirkka Jarvenpaa, Geng Yang**

**Yen-Hsien Lee, Paul Hu, Tsang-Hsiang Cheng, Ya-Fang Hsieh**

### PANEL: WISE CELEBRATION

<table>
<thead>
<tr>
<th>No.</th>
<th>Title</th>

<td>Exploring Effective Advertising Strategies: The Roles of Formats, Content Relevance and Shopping Tasks on Ad Recognition</td>
<td>460</td>
</tr>
</tbody>
</table>

**Xia Li, J. Po-An Hsieh, Arun Rai**

**Chunping Jiang, Kai Lim, Yongqiang Sun**
31. The Effect of Perceived Service Quality, Perceived Sacrifice and Perceived Service Outcome on Online Customer Loyalty ................................................................. 476
   Jingjun Xu, Izak Benbasat, Ronald Cenfetelli

INFORMATION SYSTEMS SECURITY AND PRIVACY I

   Jin Chen, Wenjie Ping, Calvin Xu, Bernard Tan
33. Investigating the Value of Privacy in Online Social Networks: Conjoint Analysis .................................................. 512
   Hanna Krasnova, Thomas Hildebrand, Oliver Günther
34. Genetic Information Altruists: How Far and to Whom Does Their Generosity Extend? .................................. 530
   Catherine Anderson, Ritu Agarwal

SOCIAL AND ORGANIZATIONAL ASPECTS OF INFORMATION SYSTEMS I

   Barney Tan, Shan Pan, Xianghua Lu, Lihua Huang
36. The Effects of Dynamic IT Capability and Organizational Culture on Firm Performance: An Empirical Study ........................................................................... 566
   Li Xiao, Subhasish Dasgupta
37. Building Enterprise Integration Through Enterprise Resource Planning Systems .......................................... 585
   Siew Kien Sia, Poh Lian Yeo

PANEL: YESTERDAY'S TOMORROW AT THE DAWN OF ICIS

38. Yesterday’s Tomorrows at the Dawn of ICIS: 30 Year Re-Visions from the 1st ICIS Doctoral Consortium .............................................................................................................. 602
   Gad Ariav, Brian Dos Santos, Omar El Sawy

(THEME) DOING IT RESEARCH THAT MATTERS I

   Chee Wei Phang, Atreyi Kankanhalli
40. The Role of Handheld Computers in Controlling Inter-Organizational Data Transactions ........................................ 622
   Gamel Wiredu
41. A Design Science Approach for Creating Mobile Applications ........................................................................ 640
   Opal Donaldson, Paul Golding

ECONOMICS AND INFORMATION SYSTEMS II

42. When Do Vendors Benefit From Relational Governance? Contracts, Relational Governance and Vendor Profitability in Software Development Outsourcing ........................................ 658
   Anandasivam Gopal, Balaji Koka
43. Testing Three-Way Complementarities: Incentives, Monitoring and Information Technology .............................. 675
   Lynn Wu, Erik Brynjolfsson, Sinan Aral
44. Improving Work Performance of Services Delivered Off-Shore: Ex Post Inspection or Ex Ante Monitoring? .................. 692
   Ravi Aron, Yong Liu

INFORMATION TECHNOLOGY STRATEGY AND LEADERSHIP I

45. When Do ISVs Join a Platform Ecosystem? Evidence From The Enterprise Software Industry .......................... 707
   Peng Huang, Marco Cecchini, Chris Forman, D. J. Wu
46. Does IT Synergy Matter in IT Portfolio Selection? ................................................................. 725
   Wooje Cho, Michael Shaw

47. Value Gains in Alliances: The Role of Related Experience and Information Technology .............. 742
   Yu Liu, T. Ravichandran

RESEARCH METHODS II

48. Exploring the Futures of Mobiles for Social Development Using the Ethnographic Futures Research ........................................................ 757
   Phillip Olla, Jyoti Choudrie

49. Myspace Killed the Radio Star? The Impact of Online Sampling on Song Sales .......................... 772
   Conny Chen, Ramnath K. Chellappa

50. An Orthodox Interpretive Approach in Information Systems Research: A Picture Is Worth 1000 Words .................................................................................. 783
   Antonio Díaz Andrade, Tiru Arthanari

SOCIAL AND ORGANIZATIONAL ASPECTS OF INFORMATION SYSTEMS II

51. Network Structure and Centrality: A Simulation Experiment .................................................. 801
   Tal Ben-Zvi

52. Software Market Configuration: A Socio-Technical Explanation ........................................... 815
   Antonio Cordella, Lapo Mola, Cecilia Rossignoli

53. The Study on the Relationship between Privacy Concerns and Information Systems Effectiveness ........... 828
   Insu Park

WEB-BASED INFORMATION SYSTEMS AND APPLICATIONS II

54. Consumer Acceptance of Technology Contact: Extending Web-Based E-Commerce to Technology-Based Services .......................................................... 847
   Katerina Pramatari, Aristeidis Theotokis, Georgios Doukidis

55. Advertising Effectiveness on Social Network Sites: An Investigation of Tie Strength, Endorser Expertise and Product Type on Consumer Purchase Intention ........................................... 864
   Wen Chen, Klarissa Chang, Bernard Tan

   Kim Yong Goh, Junhong Chu, Winne Soh

PANEL: IS 2009

57. IS 2009: Changing the Course for Undergraduate IS Model Curricula ........................................ 899
   Heikki Topi, Joseph Valacich, Ryan Wright, Kate Kaiser, J. F. Nunamaker, Janice Sipior, Christian Wagner,
   Niels-Bjorn Andersen

(THEME) DOING IT RESEARCH THAT MATTERS II

   Hossam Ali-Hassan, Dorit Nevo

59. The Future of Prediction: How Google Searches Foreshadow Housing Prices and Quantities ................ 923
   Lynn Wu, Erik Brynjolfsson

60. Information Technology and Life Expectancy: A Country-Level Analysis .................................... 937
   Sunil Mithas, Jiban Khuntia, Ritu Agarwal
GENERAL TOPICS II

61. The Impact of Software Product and Service Characteristics on International Distribution Arrangements for Software Solutions .......................................................................................................................... 954
Jessica Winkler, Jens Dibbern, Armin Heinzl

62. The Good, the Bad or the Ugly? An Empirical Investigation of Revoking Behavior on eBay ................................................. 972
Shun Ye, Gordon Gao, Siva Viswanathan

63. Social Networks and Contract Enforcement in IT Outsourcing ............................................................................................................................... 986
Kiron Ravindran, Anjana Susarla, Vijay Gurbaxani

GREEN INFORMATION TECHNOLOGY I

64. Organizational Adoption of Green IS & IT: An Institutional Perspective ........................................................... 1001
Adela Chen, Richard T. Watson, Marie-Claude Boudreau, Elena Karahanna

65. IT and Eco-Sustainability: Developing and Validating a Green IT Readiness Model .......................................................... 1018
Alemaneyu Molla, Vanessa Cooper, Siddhi Pittayachawan

66. Taming Energy Costs of Large Enterprise Systems Through Adaptive Provisioning ...................................................... 1035
Markus Hedwig, Simon Malkowski, Dirk Neumann

HUMAN BEHAVIOR AND INFORMATION TECHNOLOGY II

67. Perceptive Users with Attitudes - Some Heuristics on Theorizing .......................................................................... 1052
Mary Tate, Joerg Evermann

68. When Adoption Brings Addication: A Use-Diffusion Model for Social Information Systems ........................................ 1066
Aristeidis Theotokis, Georgios Doukidis

69. Investigating Information Systems Infusion and the Moderating Role of Habit: A User Empowerment Perspective ............................................................................................................................... 1078
Ee Hong Ng, Hee Woong Kim

INNOVATIONS IN INFORMATION TECHNOLOGY PROJECT AND PROGRAM MANAGEMENT II

70. Organizational Learning and Absorptive Capacity in Managing ERP Implementation Projects .............. 1096
Marco Marabelli, Sue Newell

71. Risk/Cost Valuation of Fixed Price IT Outsourcing in a Portfolio Context .......................................................... 1115
Gilbert Fridgen, Hanna Müller

72. Project Innovation Through Exploration and Exploitation: Requirements Practice in Large-Scale IS Development Environments ............................................................................................................................... 1132
Sean Hansen, Kalle Lyttinen, Michel Avital

PANEL: NEROIS

73. NeuroIS: Hype or Hope? ....................................................................................................................................................... 1149
Angelika Dimoka, Richard Baggozi, Rajiv Banker, Erik Brynjolfsson, Fred Davis, Alok Gupta, René Riedl

BREAKTHROUGH IDEAS I

74. Developing New Metrics for Computer-Based Multitasking Behavior ................................................................. 1159
Raquel Benbunan-Fich, Rachel Adler, Tamilla Mavlanova

75. Going IT Alone: The Experienced IT Worker as Integrator of Business and IT Domains of Knowledge .................................................................................................................................................. 1172
Kelly Slaughter

76. Studying the Role of Human Nature in Technology Acceptance .................................................................................................................................................. 1188
Chon Abraham, Iris Junglas, Rick Watson, Marie-Claude Boudreau
INFORMATION SYSTEMS CURRICULUM AND EDUCATION I

77. Controls in the NICU
   Scott Boss, Janis Gogan ................................................................. 1207

78. Mining Data to Catch Tax Cheats
   Jane Fedorowicz, Janis Gogan ......................................................... 1216

79. Meeting the E-Discovery Challenge: Information Technology and Compliance at KMCO Gaming
   Christina Outlay, Poornima Krishnan, C Ranganathan ............... 1226

INFORMATION TECHNOLOGY IN HEALTHCARE

80. A Theory of Rural Telehealth Innovation -- A Paradoxical Approach
   Rajendra Singh, Lars Mathiassen, Abhay Mishra ......................... 1235

81. Scope, Longevity and Domain of IT Architecture and Their Impacts on Hospital Efficiency
   Pankaj Setia, Monika Setia, Ranjani Krishnan, Vallabh Sambamurthy .... 1254

82. Understanding Resilience and Evolution of IOIS in the Australian Pharmaceutical Distribution Industry
   Kai Reimers, Robert Johnston, Stefan Klein ................................ 1272

INFORMATION TECHNOLOGY STRATEGY AND LEADERSHIP II

83. How Strategic Posture and Competitive Environment Influence Firms' IT Investments: Theory and Evidence
   Sunil Mithas, Ali Tafti .................................................................. 1288

84. Towards a Deeper Understanding of Information Technology Governance Effectiveness: A Capabilities-Based Approach
   Acklesh Prasad, Jon Heales, Peter Green ...................................... 1307

85. IT Infusion and Its Performance Impacts: An Empirical Analysis of E-Procurement in the Service Industry
   Seunghee Yu, Abhay Mishra, Anandasivam Gopal, Tridas Mukhopadhyay ...... 1326

SOCIAL AND ORGANIZATIONAL ASPECTS OF INFORMATION SYSTEMS III

86. Investigating Remote Collaboration Over Time: The Case of a U.S. Telemedicine Network
   Suzanne Weisband, Elisa Mattarelli .......................................... 1346

87. The Dissimilar Effects of Fairness on Knowledge Sharing in Distributed Workgroups: A Social Network Perspective
   Zhi Wei Ho, Klarissa Chang .......................................................... 1364

88. Virtual Communities and Democratice Debates: A Case Study on Institutional Influences
   Magda Hercheui, ....................................................................... 1381

PANEL: SENIOR SCHOLARS PANEL

146. Senior Scholars Panel: What Do We Like About The IS Field?
    John L. King, Michael D. Myers, Suzanne Rivard, Carol Saunders, Ron Weber .... N/A

DATA AND WEB MINING

147. A Network-Based Approach to Mining Competitor Relationships from Online News
    Zhongming Ma, Gautam Pant, Olivia Sheng .................................... 1398

    Kaiquan Xu, Stephen Shaoyi Liao, Raymond Lau, Shanshan Wang .......... 1414

149. Avoiding the Blind Spots: Competitor Identification Using Web Text and Linkage Structure
    Gautam Pant, Olivia Sheng ....................................................... 1431
ECONOMICS AND INFORMATION SYSTEMS III

150. How Do Social Media Shape the Information Environment in the Financial Market? ........................................ 1444
Sean Xu, Xiaoquan Zhang

151. The Market Is Flat (Or Is It?) The Effect of Electronic Trading on Buyer Reach, Geographic Transaction Activity, and Geographic Price Variance ................................................................. 1460
Eric Overby, Chris Forman

152. Multi-Channel Sequential Search with Application to Piracy ................................................................. 1477
Xianjun Geng, Young-Jin Lee

GLOBAL INFORMATION AND COMMUNICATION TECHNOLOGIES & E-BUSINESS II

Yuanyuan Chen, Anandhi Bharadwaj

154. The Impact of Firm Learning on Financial Value in Strategic Outsourcing Relationships ..................................... 1508
Deepa Mani, Anitesh Barna, Andrew Whinston

155. Learning from E-Learning: Emerging Constructive Learning Practices ................................................................. 1524
Annika Andersson, Karin Hedström, Ake Gronlund

INFORMATION SYSTEMS SECURITY AND PRIVACY II

156. Disintegrating Information Technology in Corporate Divestitures: Implications for Regulatory Compliance Risks and Costs ............................................................................................................. 1541
Huseyin Tanriverdi, Kui Du

Xia Zhao, Ling Xue, Andrew Whinston

Qiu-Hong Wang, Seung Hyan Kim

KNOWLEDGE MANAGEMENT

159. Knowledge Management Capability: A Resource-Based Comparison of Public and Private Organizations ................................................................................................................................. 1590
Loo Geok Pee, Atreyi Kankanhalli

160. Managing External Information Sources in Digital Extended Enterprises: The Roles of IT-enabled Business Intelligence Competence and Network Structure Strength ......................................................... 1609
Lih-Bin Oh

161. Unified Enterprise Knowledge Representation with Conceptual Models - Capturing Corporate Language in Naming Conventions ................................................................................................................. 1622
Patrick Delfmann, Sebastian Herwig, Lukasz Lis

PANEL: DOING IT

162. Doing IT Research that Matters to Practice: Perspectives on Propositions ................................................................. 1638
John Mooney, Blake Ives, Jeanne Ross, Vallabh Sambamurthy, Leslie Willcocks

DESIGN SCIENCE II

163. An Event-Ontology-based Approach to Constructing Episodic Knowledge from Unstructured Text Documents ................................................................................................................................. 1641
Ting-Peng Liang, Dongsong Zhang, Ming-Yu Lee

164. Risk Statement Recognition in News Articles ................................................................................................. 1658
Hsin-Min Lu, Nina Huang, Shi-Hsing Li, Tsai-Jyh Chen
165. Matching Mechanisms to Situation Through the Wisdom of the Crowd ................................................................. 1674
Jeffrey Nickerson, Doris Zahner, James Corter, Barbara Tversky, Lixiu Yu, Yun Jin Rho

ECONOMICS AND INFORMATION SYSTEMS IV

166. Quality and Price Effects on Technology Adoption ........................................................................................................... 1689
Jacomo Corbo, Yevgeniy Vorobeychik
167. Electronic Procurement of Pharmaceuticals and Medical Devices in Chile: An Initial Empirical Investigation ............................................................................................................................... 1705
Pedro Raventos, Sandro Zolezzi
168. CEO Compensation and Information Technology ..................................................................................................................... 1721
Heekyung Kim, Erik Brynjolfsson

INFORMATION TECHNOLOGY IN HEALTHCARE/DATA AND WEB MINING

169. Migrating to Integrated Electronic Medical Record: An Empirical Investigation of Physicians' Use Preference ......................................................................................................................... 1738
Yu Tong, Hock-Hai Teo
170. Online Health Consultations: Demand and Channel Management ................................................................................................................................. 1754
Kim Normann Andersen, Rony Medaglia
171. Automatic Domain Ontology Extraction for Context-Sensitive Opinion Mining ............................................................................................................................... 1765
Raymond Lau, Chapmann Lai, Jian Ma, Yuefeng Li

SOCIAL AND ORGANIZATIONAL ASPECTS OF INFORMATION SYSTEM/HUMAN BEHAVIOR AND INFORMATION TECHNOLOGY

172. Distributed Communication as Collective Socio-material Sensemaking in Global Software Work ........................................ 1783
Simeon Vidolov, Seamus Kelly
173. Transition During Offshore Outsourcing: A Process Model .............................................................................................................. 1800
Vinay Tiwari
174. Investigating Vendors' Decision to Terminate IT Outsourcing Contracts ............................................................................................................................... 1816
Cheng Suang Heng, Wenyu Du, Yuanyue Feng

WEB-BASED INFORMATION SYSTEMS AND APPLICATIONS III

175. Consuming Bits: An Exploratory Study of User Goals for Virtual Consumption ......................................................................................... 1834
Yoonhyuk Jung, Suzanne Pawlowski
Wenqi Zhou, Wenjing Duan
177. The Role of Social Capital in People-to-People Lending Marketplaces ............................................................................................... 1864
Martina Greiner, Hui Wang

RESEARCH-IN-PROGRESS

89. Assessing the Business Value of IT Investments: Combining the Market and Organizational Perspective ................................................................................................................................. 1881
Fouad Nagm, Dubravka Cecez-Kecmanovic
90. Reflecting the Past Decade of ICIS, ECIS and AMCIS Proceedings: A Design Science Perspective ................................................................................................................................. 1890
Sebastian Olbrich
91. Computer-Mediated Friendship Networks ................................................................................................................................. 1898
Timothy Jacks, Al Salam
92. Delivering Value Beyond Efficiency with Visualized XBRL ................................................................................................................................. 1909
Byron Marshall, Kristian Mortenson, Amy Bourne, Kevin Price, Andrew Marshall
93. Stakeholder Oriented Analysis for Information Intensive Applications A Case Study ................................................................................................................................. 1918
Gianmario Motta, Giovanni Pignatelli, Paolo Roveri
94. Identifying Cohesive Local Community Structure in Networks ................................................................................................................................. 1928
Jennifer Xu

PANEL: RETURNS ON IT INVESTMENT

178. Returns on IT Investment: Could We Do Better? ................................................................. 2435
   Robert Hodgkinson, Rajiv Kohli, Robert Kauffman, Laurence Brooks, Sean Worthington, Bob Zukis

GENERAL TOPICS III

179. A Linguistic Analysis of Group Support Systems Interactions for Uncovering Social Realities of
   Organizations ................................................................................................................................. 2441
   Feng-Yang Kuo, Chun-Po Yin

180. A Seven-Layer Model of Collaboration: Separation of Concerns for Designers of Collaboration
   Systems ........................................................................................................................................... 2456
   Robert Briggs, Gwendolyn Kolfschoten, Gert De Vreede, Conal Albrecht, Douglas Dean, Stephan Lukosch

181. Trust in Partially Distributed Teams ...................................................................................... 2470
   Linda Plotnick, Starr Hiltz, Rosalie Ocker

INFORMATION SYSTEMS CURRICULUM AND EDUCATION II

182. The UK National Identity Card .............................................................................................. 2487
   Paul Beynon-Davies

   Peter Reynolds, Philip Yetton, Rose Trevelyan

184. Real Commerce in Virtual Worlds ......................................................................................... 2511
   Sascha Vitzthum, Abhishek Kathuria, Benn Konsynski

SERVICES COMPUTING AND PROCESS MANAGEMENT

185. Firm-Level Productivity Analysis for Software-As-A-Service Companies ................................. 2523
   Ke-Wei Huang, Mengqi Wang

186. Reconciling Semantic Heterogeneity in Web Services Composition ........................................ 2540
   Xitong Li, Stuart Madnick, Hongwei Zhu, Yushun Fan

   Chen Zhang, Thomas Meservy, E. Ted Lee, Jasbir Dhaliwal

WEB 2.0 AND SOCIAL MEDIA ANALYTICS

188. Are You Finding the Right Person? A Name Translation System Towards Web 2.0 .................... 2573
   Yilu Zhou

189. The Impact of Online Social Network on Consumer Loyalty: An Empirical Study of an Online
   Dining Community ....................................................................................................................... 2590
   Calvin Xu, Xianghua Lu, Khim Yong Goh, Jack Jiang, Xinyu Zhu

190. Discovering Determinants of Project Participation in an Open Source Social Network ............... 2608
   Daning Hu, J. Leon Zhao

(THEME) DOING IT RESEARCH THAT MATTERS/WEB-BASED INFORMATION SYSTEMS AND
APPLICATIONS

   Elisa Gagnon, Alain Pinsonneault

192. Integrating Management Information Systems Following Organizational Mergers or
   Acquisitions ............................................................................................................................... 2643
   Fred Niederman, Elizabeth Baker

193. Open Innovation: An Empirical Study of Online Contests ..................................................... 2659
   Yang Yang, Pei-Yu Chen, Paul Pavlou
BREAKTHROUGH IDEAS/GENERAL TOPICS

194. The Avatar-Self Relationship: Enacting Presence in Second Life ................................................................. 2674
   Ulrike Schultze, Matthew Michael Leahy

195. Aversion to Loss and Information Overload: An Experimental Investigation ................................. 2690
   Joseph Davis, Shayan Ganeshan

196. A Longitudinal Model of Perspective Making and Perspective Taking Within Fluid Online Collectives .................................................................................................................................. 2703
   Gerald Kane, Ann Majchrzak, Jeremiah Johnson, Gloria Chen

ECONOMICS AND INFORMATION SYSTEMS/KNOWLEDGE MANAGEMENT

197. Paying for Content or Paying for Community? The Effect of Social Involvement on Subscribing to Media Websites .................................................................................................................................. 2719
   Gal Oestreicher-Singer, Lior Zalmanson

198. Attracting Whom? -- Managing User-Generated-Content Communities for Monetization .................. 2736
   Liye Ma, Onur Kesten, Tridas Mukhopadhyay

199. An Investigation into Contribution I-Intention and We-Intention in Open Web-Based Encyclopedia: Roles of Joint Commitment and Mutual Agreement .......................... 2753
   Aaron X. L. Shen, Matthew Lee, Christy Cheung, Huaping Chen

HUMAN BEHAVIOR AND INFORMATION TECHNOLOGY III

   Robin Williams, Neil Pollock

201. A Threesome Dance of Agency: Mangling the Sociomateriality of Technological Regimes in Digital Innovation .................................................................................................................. 2789
   Fredrik Svahn, Ola Henfridsson, Youngjin Yoo

202. Distributed Work Display: A Representation for Analyzing Enacted Distributed Operational Work ................................................................................................................................. 2807
   Anne Quaadgras, George Wyner

HUMAN COMPUTER INTERACTION/KNOWLEDGE MANAGEMENT

203. Designing Emergency Response Applications for Better Performance ......................................................... 2823
   Anna McNab, Traci Hess, Joseph Valacich

204. The Antecedents of Customer Self-Disclosure to Online Virtual Advisors .................................................... 2841
   Sameh Al-Natour, Izaak Benbasat, Ron Confetti

205. Bridging Knowledge Boundaries in Cross-Functional Groups: The Role of a Transactive Memory System ................................................................................................................................ 2858
   Julia Kotlarsky, Bart Van Den Hooft, Marleen Huysman
