2009 International Conference on Engineering Education

(ICEED 2009)

Kuala Lumpur, Malaysia
7-8 December 2009
# TABLE OF CONTENTS

## SESSION 1-1 ACCREDITATION AND EVALUATION: INDUSTRY AND EDUCATION COLLABORATION

Modern Measurement Paradigm in Engineering Education: Easier to Read and Better Analysis Using Rasch-based Approach ................................................................. 1
   Hamzah A Ghulman, Mohd Saidfudin Mas'odi

Joint Accreditation on Engineering Education for a Foreign University Campus in Malaysia ............... 7
   Lau Hieng Ho, Ahmad bin Tamby Kadir

Evaluation of an Engineering Program: A Survey to Assess Fulfillment of Industry Requirements .......... 13
   Mahanijah Md Kamal, Kama Azura Othman, Norlida Buniyamin

Continual Improvement and Assessment Plan for Mechanical Engineering Programme in UNITEN ........ 19
   Adzly Anuar, Norshah Hafeez Shuaib, Khairul Salleh Mohamed Sahari, Izham Zainal Abidin

University-Industry Collaboration through Industrial Training Program ........................................... 25
   Norihan Abdul Hamid, Nurmala Irdawaty Hassan, Mazree Ibrahim

Enhancing Student’s Hands-On Learning Experience through Final Year Project in Industry: Implementations and Challenges .......................................................... 29
   Zaimah Hasan

Realizing a University’s Mission and Vision through Integration of Evaluation Method and University – Industry Collaboration ................................................................. 34
   Norlida Buniyamin, Zuhaina Zakaria, Zainuddin Mohamad

## SESSION 2-1 NEW TECHNOLOGIES IN EDUCATION

Teaching Introductory Level VLSI Design Course to UNITEN Undergraduate Students ......................... 40
   Azrul Ghazali, Fazrena Azlee Hamid

Teaching Power System Analysis Courses using MATPOWER .......................................................... 45
   Mudathir F. Akorede, Hashim Hizam

An Online Attendance Record System (OARS) .................................................................................. 52
   H. C. Ting, T. O. Ting

Xilinx ISE Software Teaching Aid for Diploma’s Students ................................................................. 56
   Nor Fadzilah Mokhtar, Afaf Rozan Mohd Radzol, Suzana Ab. Rahim

IR-based Framework of Free-response Mathematics Assessment Marking Engine ......................... 60
   Arsmah Ibrahim, Zainab Abu Bakar, Nurul ‘Izzah Othman

A Novel Approach on Teaching Network Security for ICT Courses .................................................. 66
   Mohd Najwan Md Khambari, Mohd Fairuz Iskandar Othman, Mohammad Radzi Motsidi, Mohd Faizal Abdollah

A Virtual Simulation Package for Embedded System Training and Education ....................................... 72
   Sang-Young Cho

## SESSION 2-2 LINKING ACADEMIC KNOWLEDGE WITH THE INDUSTRIAL NEEDS: WOMEN IN ENGINEERING EDUCATION

Bridging the Computer Science Skill Gap with Free and Open Source Software .................................. 77
   V.Sumithi Rekha, V. Adinarayanan, Anurag Maharchandani, Sneha Aswani

Employers Selection Skills in Recruiting Fresh Engineering Graduates .............................................. 83
   Yazeenee Md Yusoff, Azami Zaharin, Mohd Zaidi Omar, Azah Mohamed, Norhamidi Muhamad, Ramlee Mustafa

A Preliminary Study on the Learning Style of Civil Engineering Students in Malaysia ......................... 87
   K. M. Ismail, M. Puteh, S. Mohamed

Case Study of a Smart Collaboration: FEE-UiTM & Cisco Network Academy Experience .................. 92
   Ruhani Ab Rahman, Norhayati Ahmad, Murizah Kassim, Cik Ku Haroswati Cik Ku Yahaya

Tendency of Women in Engineering Program Offered by UTeM ...................................................... 97
   Norihan Abdul Hamid, Syafieeza Ahmad Radzi, Zarina Mohd Noh, Mazree Ibrahim

Women in Technical Fields: Career Decision Process ........................................................................ 102
   Ramlee B. Mustapha, Azami Zaharin, Norhazizi Lebai Long, Fonziah Mohd
SESSION 2-3 CHANGES AND CHALLENGES IN ENGINEERING EDUCATION:
NEW TECHNOLOGIES IN EDUCATION

Soft Skills Development of Engineering Undergraduate Students through Formula Varsity ................................................................. 106

Prospect for Nuclear Engineering Education in Malaysia .......................................................... 111
Nahrul Khair bin Alang Md Rashid, Ainul Hayati Haji Daud

Design Based Tutorials for System-on-Chip Teachings ................................................................. 117
Mouna Nakkar

Problem Based Learning in Engineering Education at Malaysian Polytechnics: A Proposal ......................... 122
Murrugan Krishnan, Ruhtizan Muhammad Yassin

Study the Role of Web Services in Adoption of E-Research Process ...................................... 125
Vahid Khatibi, Gholam Ali Montazer

An EV-Simulator for Electric Vehicle Education .............................................................................. 131
G. N. Reddy

Providing Differentiated Learning Experiences through e-Learning on Solid State Devices Course .............................................................................. 138
A. S. Zoolfakar, F. Sulaiman

Information Literacy of Engineering Students: A Case Study .......................................................... 143
Rosmah Ali, Norihan Abu-Hassan, Mohd Yusof Md Daud

SESSION 1-4 OUTCOME BASED EDUCATION

Analysis of Programme Outcomes Achievement for Electrical Engineering Programmes in UNITEN ................................................................. 148
Ungku Anisa Ungku Amirulddin, Mizzaina Osman, Fazrena Azee Hamid

Outcome Based Education Performance Evaluation on Electrical Engineering Laboratory Module .............................................................................. 153
Hasna Zainol Abidin, Norlaila Omar, Hazdli Hashim, Mohd Fuad Abdul Latip, Muhammad Muradha Othman, Nazilah Suzilawati Mohamed, Nani Fazlina Naim, Zahaila Mat Yasin

A Strategy to Evaluate Programme Level Outcomes .............................................................................. 159
Norshah Hafeez Shuaib, Adzly Anuar, Hanim Salleh, Mohd Hafiz Hasan

Implementation of OBE in Engineering Education: Are We There Yet? .................................. 164
Ali Askar Sher Mohamad

An Outcome Based Approach to Delivery and Assessment of a Course in Control System Design .............................................................................. 167
Y. K. Lee, A. A. A. Rahim, N. M. Thamrin, A. J. Nor’aini, Nik Mohd Asrol Alias, N. Omar

Emphasizing OBE in UTeM Subjects to Develop Human Capital .................................................. 173
Zaiton Binti Abdul Mutalip, Norihan Binti Abdul Hamid, Nurwala Irdawaty Binti Hassan

Examinable Course Assessment Tool Based on Outcome Based Education .................................................. 177
Mahanijah Md Kamal, Hadzli Hashim Mohd Fuad Latip

SESSION 2-4 ENGINEERING EDUCATION REFORMS

Innovation of College Speciality Experimental Instruction ................................................................. 183
Xudong Pan, Guanglin Wang, Tongfei Ma

Designing Learning Material for Engineering Course using Practice and Application Oriented Approach .............................................................................. 186
Azrita bt Alias, Aina H. Nur bt Haunfi, Sahazati bt Md. Rozali, Ahmad Ismail bin Man

Development of Learning Object for Engineering Courses in UTeM .................................................. 191
Ummi Raba’ah bt Hashim, Aida Fazlina Abdul Kadir, Azrita Alias, Elia Erwani Hassan

The Function of Production Practical Training in Engineering Education and Teaching Method Reform .............................................................................. 196
Xudong Pan, Guanglin Wang, Tongfei Ma, Dongxiang Shao

Nurturing Personal Skills Development: Model of Monitoring and Assessment of Student Centred Learning .............................................................................. 199
Ali Askar Sher Mohamad

Reengineering the Engineering Education: The Need for Management and Accounting Courses .............................................................................. 203
Zuraidah Mohd Sanusi, Normah Haji Omar

Cases of Higher Education Changing Impacted by Information Technology .................................................. 207
Yamin Li, Jinwu Qian
SESSION 3-4 RESEARCH AND DEVELOPMENT IN ENGINEERING EDUCATION

Attendance Taking Based on Seating Plan Method (SPM) ................................................................. 209
T. O. Ting, H. C. Ting

Math-Oriented Critical Thinking Skills in Engineering ...................................................................... 212
Napisah Mohd Radzi, Mohd Salleh Abu, Shahrin Mohamad

An Ontological Approach to Curriculum Development ...................................................................... 219
Adelina Tang

Measuring Critical Thinking Skills in Engineering Mathematics using Online Forums ...................... 225
Seibu Mary Jacob, Betsy Lee, Gillian Rosemary Lueckenhansen

Implementation of a New Preference Based Final Year Project Title Selection System for
Undergraduate Engineering Students in UNITEN ........................................................................... 230
M. H. Hasan, K. S. Mohamed Sahari, A. Anuar

Practical Approach for Design of Flip-Flops and Transparent Latches ............................................. 236
Duarte L. Oliveira, Lidia Shibuya, Osamu Saotome

Assessing Students’ Knowledge in First-Year Electronic Engineering Laboratory ............................ 242
Kamilah Radin Salim, Salwani Mohd Daud, Marlia Puteh

SATEDU the Didactic Satellite, from On-the Job Classroom Training to Space Experimentation ....... 247
Esau Vicente-Vivas, Fatima Mountadi, Claudia Alvarez-Bernal, Julio Delgado

Ingredients for High Citation Index .................................................................................................. 250
Hu Sze Yi, Rajendran Parthiban

Preliminary Specifications and Operations of a Networking Model for a Virtual Radio Frequency
Laboratory ........................................................................................................................................... 256
Fatima Mountadi, Isabel Reza, Esau Vicente-Vivas, Julio Delgado
