2010 International Conference on Education and Management Technology

(ICEMT 2010)

Cairo, Egypt
2-4 November 2010
# TABLE OF CONTENTS

Emerging Next Generation Communication Technology: Unveiling the Ubiquitous Society ........................................ 1
   Rodger L. Nkumbwa

Technology Transfer (TT) and Technology Exchange (TE) in Malaysia .............................................................. 6
   Omar, R. Takin, R. Nawawi, A. H. Hassan, F. Omar, M

Diagnosing Organizational Culture Elements for Successful TQM Implementation, Case Study in Libya .................. 13

Quality Control and Risk Mitigation: A Comparison of Project Management Methodologies in Practice ..................... 19
   Shakeel A. Khaja, B. S. Chowdhary, Lubna L. Dhirani, Qurantulan Kalhoro

Cultivated Land Market in Rural China: A Case Study in Hebei Province, China ...................................................... 24
   Yan Wen, K. K. Klein

The Impacts of Structural and Infrastructural Elements to Service Operations Flexibility: The Influence of Technology .......................................................... 27
   F. Idris, M. E. M. Hassan, N. M. N. A Rahman

Framework for Long-life Education Professional Learning Communities ............................................................. 32
   Marie Josee Berger, Renee Forgette-Giroux

   Philemon Kazimil Meze, Yan Chen, Taoying Li

Supply Chain Collaboration: The Mediating Role between Embeddedness and Corporate Performance .......................................................... 41
   Bei Zhao, Zhenghui Yuan

Effective Governance through Simultaneous Use of COBIT and Val IT ..................................................................... 46
   Parwanah Afsali, Ensieh Azmayande, Ramin Nassiri, Gholamreza Latif Shagbahi

Elearning Model for the Higher Education Based on Web 2.0 ..................................................................................... 51
   Victor Hugo Medina Garcia, William Ricardo Zambrano

E-Learning and Quality in Scientific Education ........................................................................................................ 55
   Silvia Moraru, Ioana Stoica

Graining and Filling Understanding Gaps for Novice Programmers ........................................................................ 60
   Dinh Dong Phuong, Yussake Yokota, Fumiko Harada, Hiroimitsu Shimakawa

Review of Misfit Issues between ERP Principles and Organisations ................................................................. 65
   Yu-Chun Pan, Yinshan Tang

The Significance of Non-financial Information Flows in Risk Management ........................................................ 70
   Josip Arneric, Elza Jurun, Ante Rozga

Suggestion of Web 2.0 Mashups for Human Resource Management ........................................................................ 74
   Necmettin Otekan, Wardah Zainal Abidin

Evaluating Discussion Boards on BlackBoard© as a Collaborative Learning Tool: A Students’ Survey and Reflections ................................................................. 79
   Abdel-Hameed A. Badawy, Michelle M. Hugue

The ERP Investment: An Evaluation Model ............................................................................................................. 83
   Liang-Chuan Wu, Fang-Ming Liou

Students’ Attitudes Towards EureKit Exhibition and Mathematical Games: Case Study ........................................... 87
   Florbela Fernandes, Paula O. Fernandes, Maria F. Pacheco, Ana I. Pereira

Development of Electronic Forms and a Java Parser for Processing Data about University Teaching .......................... 92
   Irena Odzic, Jelica Protic

Statistical Comparison of Greek and Russian Students’ Interest in Studying Abroad Results of the Pilot Study .......... 97
   Karel Hrach, Helena Vomackova

The Application of AHP In The Project Risk Analysis From The Perspective Of Chinese Contractor ............................ 102
   Wu Taoxing, Chen Zhenghui

Benefits of the European Higher Education Area for Czech Students. Perceived by Currant and Former Students ................................................................. 107
   Kamila Tislerova, Helena Vomackova

TQM Implementation: An Investigation of Critical Success Factors ........................................................................ 112
   Gholamreza Jamali, Mehran Ebrahimi, Mohammad Ali Abbaszadeh
A Living Lav Micro Innovation Strategy to Improve the Co-design Process of E-services ................................................................. 117
Josep Monguet, Joaquin Fernandez, Josep Aguilà, Marco Ferrarra

Using Importance-Performance Analysis in Evaluating Institutions of Higher Education: A Case Study ................................................................. 121
Fatima Silva, Paula Fernandes

Boosting Confidence in Malaysian Industry to Utilise Local University Expertise through Intellectual Property ................................................................. 124
Nasibah Ramli, Zinatul A. Zainol, I. A. Aziz

Refining Programming Education Course with Absolute Measures .................................................................................................................. 128
Hirotsuki Shimakawa, Dinh Dong Phuong

Visualizing Multiple Text Readability Indexes .................................................................................................................................................. 133
Saurav Karmakar, Ying Zhu

Discussion and Consideration on Teaching Reform of Landscape Architecture .................................................................................................................. 138
Lei Feng, Xiaodan Zhao, Yan Liu

Country Risk Premium Development – Case Study Croatia ................................................................................................................................. 142
Ajinovc Zdravka, Errcegovc Roberto, Marasovic Branka

Using Audio to Enhance Learner Feedback .................................................................................................................................................. 148
Chris Evans, Luis Palacios

Focuses Shift of the Investment of Taiwan Businessmen in Mainland China: Stages and Influencing Factors .................................................................................................................. 152
Wang Youli, Hu Yongshhi, Wang Jian

Green Learning: An E-learning Success Saga in a Large IT Multinational .................................................................................................................. 156
V. P. Gultati, Shilpa Srivastava

Lean Implementation as a Source of Ensuring Continuous Improvement at Airports .................................................................................................................. 161
Tareq Almehareb, Jasper Graham-Jones

Investigating Learner Perceptions, Preferences and Adaptation of E-Learning Services in Egypt .................................................................................................................. 167
A Hegazy, Nouran M. Radwan

Accounting Disposal of Mutual Transform Between Cost Method and Equity Method in Long-term Equity Investment .................................................................................................................. 173
Xianghe Li

Sohrab Delangizan

A Case Study of Applying Critical Thinking in Teaching and Learning Computer Visualization and Communication .................................................................................................................. 183
Li Han

GATE Framework Based Metadata Extraction from Scientific Papers .................................................................................................................. 188
Tin Haynh, Kien Hoang

A Study on English Teaching Quality Assessment of Non-English Postgraduates in Universities of Science and Technology in Hebei Based on Fuzzy Matter-element Model .................................................................................................................. 192
Yanhong Zhang, Wang Nan, Zhao Hongyu

An Efficient Approach for Web-Log Mining Using ART .................................................................................................................................................. 196
Shantanu Sharma, Manish Varshney

Introspection on China’s Curriculum Reform .................................................................................................................................................. 200
Cui Qi’En, Zhang Xiaoxia, Shang Huping

Diaa E. Fawzy, Yasar Guneri Sahin

The Effect of the Healthcare Professional - Hospital Relationship on Accepting New Clinical IT: A Modified Technology Acceptance Model from a Relational Perspective .................................................................................................................................................. 210
Pouyan Esmaeelzadeh, Muradi Sambasivan, Naresh Kumar

Computer Aided Assessment as a Self Management Tool for Understanding Organic Chemistry Concepts .................................................................................................................................................. 218
Othman Talib, Tengku Putri Norishah, Tengku Shariman

Efficiency of Blended Learning Environments – Bridging the Gap .................................................................................................................. 223
Edita Butrime, Daiva Vitkaute-Adzgauskiene, Arturas Mickus, Antanas Videzunas

Using an Edutainment Approach of a Snake and Ladder Game for Teaching Jawi Script .................................................................................................................................................. 228
Hairul Aysa Abdul Halim Shitiq, Rohana Mahmud

Blended Learning at National University of Rwanda .................................................................................................................................................. 233
Pavalam S. M., M. Jawahar, Felix K. Akorli

Cyber Stalking: The Social Impact of Social Networking Technology .................................................................................................................................................. 237
Haryani Haron, Farahidah Bt. Mohd Yusof

Malaysian Masculinity Identity Representation through Men’s Editorial

Zahuali Akmal Ismail

A Study on Application of Communicative Approach in ELT

Cui Haiying, Wang Jing, Ji Yapin

New Methodologies for the Teaching of the New Degrees in Statistics in the University of Granada

A. Arcos, M. Rueda, E. Alvarez, J. Quinterilla

A Study of Equating of Computer-Based College English Placement Test

Jiangying Liu, Yunnan Xiao, Haiying Cui, Jing Wang

Improvement of Financial Efficiency and Cost Effectiveness in Energy Sector: A Case Study from Indian Thermal Power Plant

S. Ghosh, S. C. Basu, P. P. Sengupta

The Orientation of Teaching Management Reform of Higher Education in the Context of Innovative Education

Ma Ai-Lin, Ning Yong-Hong, Su Zhen-Li

The Application of Theory of Constraints and Problem Hierarchy Analysis for the Promotion of Multiple Vocational Certificates

Chia-Nan Wang, Jinq-Min Hong, Chih-Hong Wang

E-Training for Private Bus Preventive Maintenance

P. Chardsuttith, K. Achariyasombat, S. Adsavakulchaisri

A Study on Mass Higher Education in the World—Based on Comparative Perspectives

Yan Gao

The Relationship of Knowledge Management Practices, the Performance of Government Departments and Administrative and Diplomatic Officers in Malaysia

Raja Suzana Raja Kasim

Application of TOPSIS Method Based on Combinational Weights in Resources Competitiveness Evaluation of Power Plants

Niu Dongxiao, Tian Jie, Ji Ling

A Smart Card Based Single Sign-On and Password Management Solution as a Browser Extension

Emin Erdem, K. Orcun Kucukkurt, Kadir Samurkas, Ertug Kanargi, Ufuk Celikkan

A Study on College English Writing Instructions for Non-English Majors

Cui Haiying, Han Qingshan

A Research on Comprehensive Evaluation for HOV Lane Based on Analytic Hierarchy Process

Zhao Ronglong, Ding Jianming, Zhang Xiaojun

The Development Knowledge Construction Model Based on Constructivist Theories to Support Ill-Structured Problem Solving Process of Industrial Education and Technology Students

Sakesun Yampinij, Sumalee Chaijaroen

The Benefits of Using Head Mounted Displays and Wearable Computers in a Military Maintenance Environment

Robert Thomson, John Lynn

Human Resource Management and Technology Advancement in Education in Pakistan

Uzma Rana Shamsi, Umera Imtinan, Anma Imtinan

A Research on China’s E-government Strategy in View of Administrative Cost Control

Zheng Xiao-Dong

The Problems and the Countermeasures of College English Writing Teaching

Ji Yapin, Cui Haiying, Wang Yukuo

Interactive Teach-Yourself Resource

A.M. Lara-Porras, L. Lozano-White

Research on the Efficiency of Human Resources Development and Utilization Based on Data Envelopment Analysis

Da Yanwei

A TOWS Analysis of Wireless Telecommunication Industry for Global Market Expansion Strategies—A case study

Sreenivasan Jayashree, Mohammed Elfath Alabdeelah, Sahal Ali

A Research on the Extension Model of ISO14001 Standard —Based on Implicit Marketing

Wang Xinjun

People Attitude towards Telecenter Utilization in Roi Et Province of Thailand

Mohamed Ahmed Alasow, Janmongrak Udomsade, Sarin Niyamangkoon

NLP for Stress Mitigation in Employees

D. H. Rao, D. G. Kulkarni

The Status of Research Teaching in China

Haifeng Chen, Miao He, Yi Fan, Shuangchun Yang
