Contents

0001  Exploitation vs. Exploration: Choosing Keywords for Search-Based Advertising Services  
LI Yi-jun, CHEN Li-gang, AI Wen-guo, Harbin Institute of Technology ..............................................................3

0002  Key Factors Influencing Enterprise to Improve IT Application Level: Stage Difference Research  
—An Empirical Research on 165 Enterprises through Field Study  
XIAO Jing-hua, XIE Kang, WAN Xiao-wei, Sun Yat-sen University .................................................................9

0003  Toward a Systematic Methodology for Developing Business Performance Management Systems  
LI Dong, CAI Jian, Peking University .................................................................................................................. 24

0004  Herding Behavior in C2C E-Commerce: Empirical Investigation in China  
LI Hui-ying, Harbin Institute of Technology, Hong Kong Polytechnic University; YE Qiang, Gajendra Sharma, Harbin Institute of Technology ...............................................................33

0005  Petroleum Reservoir and Non-reservoir Discrimination Analysis Based on Data Mining Algorithm  
LI Ai-hua, Central University of Finance and Economics; SHI Yong, Chinese Academy of Science, College of Information Science and Technology University of Nebraska at Omaha .................................................................40

0006  The Impact of Brand Acquisition on the Focal Brand Equity: Based on Consumers’ Viewpoint  
CHANG Ya-ping, XIAO Xuan, Wuhan Textile University .....................................................................................45

0007  Research on Post-Bidding Bundle Strategy for Online Reverse Auction  
HU Da-yong, FENG Yu-qiang, Harbin Institute of Technology .........................................................................51

0008  Empirical Research on the Factor of ERP’s User Customer Satisfaction  
Based on Triadic Reciprocal Determinism  
WANG Bin, Sun Yat-sen University; ZENG Chu-hong, Guangdong University of Foreign Studies; HUANG Qiong-ju, Sun Yat-sen University; LIAO Zhen-peng, China Tobacco Corporation ........................................58

0009  Research on Supply Chain Information Sharing Value Creation Mechanism and Sharing Contract  
CHENG Zhao- lin, Guangdong Ocean University, Sun Yat-sen University; ZENG Meng-jia, Guangdong Ocean University .........................................................................................................................67

0010  The Effect of Material Incentives on Web Survey Completion: Evidence from Three Meta-analyses  
FANG Jia-ming, SHAO Pei-ji, University of Electronic Science and Technology of China .............................75

0011  Analysis of Information Technology Implementation Barriers and Coping Strategies  
in Chinese Construction Enterprises  
ZHOU Jia, Harbin Institute of Technology; WANG Min, Northeast Agriculture University .............................82

0012  Optimal Design of Reserve Price in Online Auction  
CHEN Shen-li, LIU Xiao-dong, KANG Ping, Xian University of Finance and Economics ....................................89

Part Two  The Theories, Methodology and Application of System Engineering and Operational Research

0013  Evaluating the Influence of Consumer Preference in Embroidery Industry——An Integrated Forecasting Model  
WANG Tien-you, Tainan University of Technology ............................................................................................97

0014  A Value-function-based Model for Evaluating the Passenger Satisfaction in the Flexible Community Bus Problem  
HU Xiang-pei, WU Li-rong, WANG Wen-juan, LIU Lin-lin, Dalian University of Technology .........................104

0015  A Method Based on Possibility Degree for Interval-Valued Intuitionistic Fuzzy Decision Making  
YUAN Yu, Harbin Institute of Technology; LI Yi-jun, National Natural Science Foundation of China; JIANG Wei, WANG Zu-hui, Harbin Institute of Technology ..............................................................110

0016  A Novel Binary Decision Diagram Variable Ordering Approach on Phased Mission System  
DU Su-guo, WANG Nan, Shanghai Jiao Tong University ..................................................................................116
Multi-Resource Constrained Discrete Time/Cost Trade-off Problem and Its Improved Genetic Algorithm
ZHANG Jing-wen, SHAN Hui-fang, Northwestern Polytechnical University ........................................123

Multiple Kernel Support Vector Regression for Economic Forecasting
ZHANG Xiang-rong, Harbin Institute of Technology; Heilongjiang Institute of Technology;
Huang Long-ying, WANG Zhi-sheng, Harbin Institute of Technology ........................................................129

Airline Inventory Control of Callable Tickets Based on Real Option
ZHONG Zhi-yang, LI Jin-lin, RAN Lun, Beijing Institute of Technology .....................................................135

Evaluation Method of System-of-systems Architecture Using Knowledge-based Executable Model
XIONG Jian, GE Bing-feng, ZHANG Xiao-ke, YANG Ke-wei, CHEN Ying-wu, National University of Defense Technology .................................................................141

Dynamic Financial Distress Prediction Modeling Based on Slip Time Window and Multiple Classifiers
HAN Jian-guang, HUI Xiao-feng, Harbin Institute of Technology; SUN Jie, Zhejiang Normal University .................................................................148

An Agent-Based Hydrogen Vehicle System Simulation
NING Fu-jin, MA Tie-ju, LI Ying, CHEN Jun, CHI Chun-jie, East China University of Science and Technology .............................................................156

Study on Uniform for Ten Types of Preference Information in Multi-attribute Group Decision Making
ZOU Hong-xi, FAN Fu-yun, ZHANG Ying-kui, Beijing University of Chemical Technology ..........................162

Multi-Periods Disruption Management for a Capacity Injured System
BAO Xing, XIAO Di, Zhejiang Gongshang University .................................................................169

Prediction Method and Empirical Study of Pharmaceutical Industry Technology Innovation
Based on TRIZ Theory
LIU Yan, Harbin University of Science and Technology; Harbin Engineering University;
WANG Hong-qi, WANG Wan, Harbin University of Science and Technology .............................................175

Analysis on the Evolutionary Stability of Enterprises Implementing Supply Chain Responsibility
WANG Zhen-chen, CHEN Gong-yu, LI Wei-na, Sun Yat-sen University ..................................................183

Dynamic Pricing of Perishable Products with Random Fuzzy Demand
LI Gen-dao, Jilin University; LI Wei, Chongqing University of Posts and Telecommunications ...............191

On the Value Composition and Pricing Model of Renewable Energy Source
LIU Yan, YU Bo, Harbin Institute of Technology; JIANG Li, Heilongjiang Institute of Science and Technology .................................................................200

Measurement of the Automobile Industry Security Degree in China
WANG La-fang, WEN Wen, LAI Ming-yong, XIE Rui, LIU Jun, Hunan University .................................205

Time-Cost Trade-off Problem in Construction Supply Chain: A Bi-level Programming Decision Model
CHEN Jian-hua, TANG Wan, Wuhan University of Technology ........................................................212

The Innovation and Applied Study on Timing Dynamics Performance Evaluation Index System
in Electric Power Enterprises
YU Shun-kun, WU Yi-qun, North China Electric Power University ..........................................................218

Continuous Ant Algorithm Based on Cooperation in Radar Network Optimization
HU Chong-hai, JIANG Wei, WANG Tie-jun, Harbin Institute of Technology .............................................224

An Inventory Model with Trapezoidal Type Demand and Deteriorating Items for Instant Customization
SONG Cai-ping, LI Jia-jia, Northeast Forestry University .................................................................234

Identification of the Influence Factors of Enterprise Informatization Construction and Empirical Study
Basing on Grey Relational Theory
GUAN Shou-cheng, ZHU Mei-rong, Harbin Engineering University .....................................................240

Risk Integrated Assessment of the Project Schedule and Cost
Based on Maximum Entropy and the Random Network
WANG Hua, TIANjin University; Shenyang University of Technology;
ZHOU Li-ming, TIANjin University; WANG Yun-gang, Shenyang University of Technology ....................247

The Integrated Model of Airline Fleet Assignment and Aircraft Routing Based on Flight Cycle
MOU De-yi, ZHANG Zong-xian, Civil Aviation University of China ....................................................252

Translog Model Based on the Analysis of China's Auto Industry Returns to Scale
QIU Ji-zhou, Harbin Institute of Technology; YANG Zhuo-quin, MA Ming, Harbin Institute of Technology at Weihai ..................................................257
Part Three  Industrial Engineering, Supply Chain Management, Management Innovation

0046  Process Improvement Framework Evaluation
ERICSSON Evelina, GUSTAFSSON Pia, HÖÖK David, MARCKS VON WÜRTEMBERG Liv, ROCHA FLORES Waldo, Royal Institute of Technology ................................................................. 319

0047  The Moderating Effect of Manufacturing Capability on the Relationship between Strategic Situation Cognition and Manufacturing Strategy
YANG Yang, Harbin Institute of Technology; LI Dong-shu, Harbin Institute of Technology at Weihai; TIAN Ye-zhuang, JIA Yong, Harbin Institute of Technology ................................................................. 327

0048  The Fuzzy Integrative Evaluation Model and Empirical Study of Enterprise Strategy Risk Based on AHP-Entropy Combination Weight Method
SHANG Hua, BAO Ling, Dalian University of Technology ................................................................. 334

0049  Knowledge-based Enterprise Logistics Risk Early Warning System
ZHAO Qing, Northwestern Polytechnic University, Xi'an University of Post and Telecommunications ...... 342

0050  Study on the Supporting System of Process Innovation in Manufacturing Enterprises under the Information Condition
BI Ke-xin, Harbin University of Science and Technology, Harbin Engineering University; WANG Xiao, GAO Wei, Harbin University of Science and Technology ................................................................. 348

0051  An Empirical Study on the Relationship between Job Satisfaction, Organizational Commitment and Efficiency of Firm Networks
XU Bi-lin, Tianjin University of Finances and Economics; WANG Xi, Tianjin University of Finances and Economics, Tianjin University; LI Tao, Tianjin University of Finances and Economics ................................................................. 356

0052  The Study of Supply Chain Competition Model and Cooperative Innovation between Supply Chains
TENG Chun-xian, HU Yin-xia, ZHOU Yan-shan, Harbin University of Science and Technology .......... 363

0053  A Game Analysis on the Application of Low Carbon Technology (LCT) in the Supply Chain
CHEN Da-peng, WANG Guo-hong, MA Hui, Dalian University of Technology ................................. 369

0054  The Interactive Mechanism of Human Capital and Innovative Strategy on Corporate Performance & Its Empirical Analysis
TIAN Li-fa, Hebei University of Technology; GAO Su-ying, Hebei University of Technology, Nanjing University; ZHAO Shu-ming, Nanjing University ................................................................. 375
Part Four  Market Establishment and Development
Modern Enterprise System and Business Process Re-engineering

0070  Luxury in the Information and Communication Technologies Industry
TENG Wei-chen, Chinese Culture University .................................................................. 491

0071  Consumer Attitude and Intention to Buy Organic Food as a Result of Brand Extension:
An Experimental Approach
NASUTION, Reza Ashari, TARIGAN, Mila Miranda, Institut Teknologi Bandung;
DHIEWANTO, Wawan, Monash University .................................................................... 503

0072  Changes of the Correlation Structure, Market Improvement and Crisis Contagion
SU Hai-jun, OUYANG Hong-bing, Huazhong University of Science and Technology ............... 512

0073  Customer Equity Promotion Strategies for Commercial Banks Based on Four-Dimensional Drivers
SHAO Jing-bo, WU Xiaojing, TANG Gui, Harbin Institute of Technology .................................. 520

0074  Asymmetric Price Adjustment between Gasoline Market and Crude Oil Market When Price Is Up and Down
LV Wen-dong, PAN Hui-feng, University of International Business and Economics ............... 527
Impact of Loyalty Programs on Relationship Benefits and Customer Loyalty: A Customer Perspective  
FENG Ning, ZHANG Ming-li, TANG Sai-li, Beihang University ................................................................. 533
Evolution of Consumer Trust in B2C E-business: A Longitudinal Exploration  
LUO Han-yang, Harbin Institute of Technology, Shenzhen University;  
LIN Xu-dong, Shenzhen University ........................................................................................................ 539
A Dual Local-extra Development Pattern for Knowledge Intensive Business Services  
within Industrial Cluster of China: Empirical Studies from Zhejiang Province  
ZHU Hai-yan, WANG Meng-jiao, YUE Ran, Capital University of Economics and Business ................. 546
An Empirical Study on the Service Quality’s Impacts on Relationship Quality in B2B Context  
ZHANG Su-xian, Xi’an University of Architecture and Technology, Xi’an Jiaotong University;  
SU Qin, SONG Yong-tao, CUI Yan-wu, Xi’an Jiaotong University ............................................................ 556
Chief Emotional Officer and Succession of Family Enterprises: A Review Based on Relational Governance  
WU Meng-yun, XU Yan, LI Wen, Jiangsu University .............................................................................. 564
Emergency Logistics Management and Its Operations Reference Model  
YANG Chang, Shenzhen University;  
YAN Xiang-bin, Harbin Institute of Technology ......................................................................................... 570
Consumer’s Attitude to Brand Spokesperson: A Perspective of Balance Theory  
ZOU Peng, YU Bo, LI Hong-wei, Harbin Institute of Technology .............................................................. 576
Study on the Third Party Logistics Service Providers’ Performance Evaluation  
Based on the Weighted Entropy and Analysis Process of Grey Relation  
ZHANG Ying, ZHANG Ru-chao, Wenzhou University ............................................................................. 582
Research on Basic Modes and the Selecting Thread in the Public-Private Partnerships Projects  
HU Zhen, QIAO Jing-yi, LIU Hua, Xi’an University of Architecture & Technology ............................ 588
Construction and Testing of Customer Value Identification Model  
JIN Dai-wei, Harbin University of Commerce;  
WANG Chun-xia, Harbin Institute of Technology ...................................................................................... 595
Measurement Model of Corporate Strategy System Order Degree  
ZHANG Hao, CUI Li, YANG Hao-xiong, HOU Han-po, Beijing Technology and Business University;  
ZHANG Tie-nan, Harbin Engineering University;  
CHENG Bao-yaan, Beijing Youth Politics College .................................................................................. 602
A Simulation Model for Dual Pipeline Replenishment in Cluster Supply Chain Network  
HUANG Hua-ye, Huazhong University of Science and Technology, Wuhan University ........................ 608
The Evaluation of Customer Potential Value Based on Prediction and Cluster Analysis  
BI Xing, WANG Xin-feng, Tianjin University ............................................................................................ 613
Research on the Relationship between VC/PE and Invested Enterprises Growth  
JIANG Lei, Zhejiang University ................................................................................................................. 619
The Influence of Real World on Virtual World: An Investigation of Virtual Land Price in Second Life  
WANG Xiao-lin, Harbin Institute of Technology, Heilongjiang Institute of Science and Technology;  
YE Qiang, LU Qi, Harbin Institute of Technology ...................................................................................... 625
Research on Stability of Competitive Strategic Alliance by Analytic Hierarchy Process(AHP)  
JI Hong, Jilin University, Changchun University of Science and Technology;  
ZHANG Shao-jie, Jilin University; HUANG Yu, Changchun University of Science and Technology ......... 631
Analysis of Logistics Delivery Time’s Influence on the Gross Profit of TV-shopping Enterprises  
SHEN Yan, NIE Qing, YUAN Qing-da, YANG Xiao-yu, Shanghai Institute of Foreign Trade .................. 636
An Empirical Research on Soybean Oil Consumption Based on Perceived Value  
LI Dong, ZHAO Zheng, Harbin Institute of Technology .............................................................................. 641
Research on Enterprises’ Green Marketing Competence Promotion Based on the PSR Model  
XU Jian-zhong, LU Jun, LENG Dan, Harbin Engineering University ........................................................... 647
Mechanism of Impacts of Store Image Dimensions on Customer’s Cross-buying Intentions  
YANG Yi-miao, XIA Chun-yu, MA Xiao-hui, Dongbei University of Finance and Economics .................. 654
Property Theory in Infant Formula Products Market Prediction  
LIU Yu-shan, LI Meng, Harbin Institute of Technology ............................................................................... 669
An Empirical Study on the Effect of Corporate Image upon Corporate Attractiveness for Talents in China  
SONG Hong, ZHANG Pei-li, MA Yong, Hubei University ........................................................................... 674
Research on the Effects Evaluation of Logistics Management Patterns in Automobile Manufacturing Enterprises  
SONG Jia-sheng, XU Yao-wen, Harbin University of Science and Technology ......................................... 682
Part Five  Macroeconomic Management

International Trade and Technology Exchange

0100 Measurement and Improvement of Offshoring Effectiveness
   Dip Biswas,  San Jose State University......................................................................................709

0101 Financial Deregulation, Trade and Co-movements among the GDP Growth Rates: Evidence from South Asian Countries
   Piyadasa Edirisuriya, Monash University..................................................................................719

0102 Study on the Impact of Institutional Environment in Host Countries on the Outward FDI of China
   ZHOU Jian,  XIAO Shu-ju,  CUI Sheng-chao,  FANG Gang,  Nankai University........................730

0103 Modularity and Discontinuous Innovation: A Patent Data Analysis in Automobile Industry
   WANG Hai-long,  HUANG Ming,  Dalian University of Technology.........................................737

0104 What Induced the Decline of Water Intensity in Chinese Industries: 1996 to 2006?
   CHEN Wen,  ZHU Shu-jin,  LAI Ming-yong,  Hunan University.................................................745

0105 Chinese Firms’ International Expansion and Performance: Based on the View of Industry Risk Perception and Enterprises’ Ownership as Moderator
   XU Hui,  JI Chun-li,  Nankai University....................................................................................752

0106 International Comparison of TFP Level Based on TT Index between China and Japan
   ZHENG Hai-tao,  REN Ruo-en,  Beihang University..................................................................760

0107 Openness of Agriculture Market, Trade-induced Adjustment Cost and China’s Agriculture Trade Policy after WTO
   ZHANG Shu,  ZHU Jing,  CAO Li-juan,  Nanjing Agricultural University..................................771

0108 Synergy Mechanism and Measurement of Ice and Snow Tourism Resources Value
   WU Wei-wei,  LU Yan-qi,  Harbin Institute of Technology;
   ZHANG Chun-yan,  Heilongjiang Province Tourism Agency ..................................................779

0109 Determinants and Potential of China–Africa Agricultural Trade: An Empirical Study Based on Gravity Model
   ZHANG Hai-sen,  University of International Business and Economics;
   XIE Jie,  Zhejiang Gongshang University;
   ZHENG Jian-ming,  University of International Business and Economics.........................787

0110 Dynamic Adjustment of Capital Structure in Macroeconomic Fluctuations
   YANG Yan,  Hunan University.................................................................................................793

0111 Empirical Research on the Backward Technology Spillover Effects of Foreign Direct Investment Based on Global Value Chain
   YANG Hui-li,  JIANG Zhen-huan,  Harbin Institute of Technology;
   GONG Xiao,  Shandong University.........................................................................................798

0112 Study on Yangtze River Delta City Network Based on Complicated Network
   LV Kang-juan,  WANG Juan,  ZHANG Rong-rong,  Shanghai University.................................804

0113 International Trade, Technology Spillover, and Skill Demand in Developing Countries
   YU Mei-ci,  South China Agricultural University.....................................................................812

0114 FDI Technology Spillover Effects under Reform and Opening-up: Evidence from China
   HE Qing-song,  WANG Dong-mei,  Harbin Institute of Technology;  CAI Lin,  Shandong University......819

0115 Competitive Strategy of Port Regionalization Based on Hotelling Model
   DONG Gang,  Shanghai Maritime University,  Fudan University...........................................825

0116 Preliminary Study on the Relationship between Land Finance and the Fiscal Deficit
   —To Take J Province as an Example
   KUANG Xiao-qing,  LU Xiao-qing,  Jiangxi University of Finance and Economics.....................831

0117 A Cointegration Analysis on the Relationship between Energy Consumption and Economic Growth in Hebei Province of China
   LIANG Yi-gang,  WANG Ying-chun,  Shijiazhuang Tiedao University.........................................836
0118 Evolution of Chinese Regional Economic Development Path
WANG Yan-zhen, ZHANG Ben, Harbin Institute of Technology..................................................842

0119 An Empirical Study on University R&D and Regional Economic Growth
PANG Wen, Harbin Institute of Technology, Northeast Forestry University;
CUI Hong-guo, Harbin Institute of Technology.................................................................850

0120 An Empirical Study on Regional Influencing Factors of FDI and Countermeasures in Liaoning Province
LU Shi-chang, MU Xin, Liaoning Technical University..........................................................859

0121 Research on Shenzhen University-Industry Cooperation Based on Patent Data Analysis
XU Hui, WANG Su-sheng, LI Zhi-chao, Harbin Institute of Technology Shenzhen Graduate School ........865

0122 The Impact of Government Investment on Business Cycle
LIU Jun-rong, Leshan Normal University.............................................................................871

Part Six Human Resource Management

Information Economy and Knowledge Economy

0123 Subjective Well-being, Personality and Environmental Satisfaction in Urban China
ZHAI Qing-guo, Liaoning Shihua University, Monash University;
Bob O'Shea, Mike Willis, University of Ballarat;
YANG Yu-wen, Dalian Nationalities University........................................................................879

0124 Exploring the Moderating Effects of LMX Quality and Differentiation on the Relationship between Team Coaching and Team Effectiveness
LIU Chin-Yun, Tainan University of Technology;
LIN Long-Sheng, National SunYat-Sen University;
HUANG Ing-Chuang, National University of Kaohsiung;
LIN Kuo-Chin, Tainan University of Technology................................................................886

0125 Venture Business in the Knowledge Economy: Russian Experience
LEONOVA Tatiana N., State University of Management..........................................................893

0126 The Potential of Social Networks in Resolving Corporate Knowledge Management Objectives
ALTUKHOVA, Natalya, State University of Management.......................................................896

0127 Abusive Supervision and Team Effectiveness: The Mediating Role of Team Efficacy
WU Wei-ku, Tsinghua University; WANG Wei, LIU Jun, Renmin University of China.................903

0128 Licensing to a Durable-good Duopoly in Patent Litigation
XUE Ming-gao, SU Li-li, Huazhong University of Science and Technology................................909

0129 Knowledge Application Process and Assimilation of Inter-Organizational Information Systems: An Empirical Study
HE Ming-ming, WANG Tie-nan, XIAO Xuan, Harbin Institute of Technology..........................916

0130 The Influence Mechanism of Modularization on Enterprises’ Knowledge Innovation and Relative Management Strategies
SUN Xiu-xia, ZHU Fang-wei, Dalian University of Technology...............................................923

0131 Communicating Explicit and Tacit Knowledge within and across Organizational Borders: Their Impact on Absorptive Capacity and Competitive Advantage
CHEN Yin, Beijing Foreign Studies University; XU Er-ming, Renmin University of China...............929

0132 Research on Entrepreneurial Team Members’ Personality Traits Influence on Group Risk Decision-Making
ZHU Su-li, XIE Ke-fan, Wuhan University of Technology......................................................937

0133 Study on the Effect of Job Insecurity on Emotional Exhaustion: An Example of Foxconn Jumping Incidents
ZHANG Li, ZHANG Lin, Harbin Institute of Technology; WAN Fang, University of Manitoba........943

0134 The Influence of Incubating Firm’ Social Capital on Knowledge Acquisition and Knowledge Exploitation
SUN Kai, Harbin Engineering University, Harbin University of Science and Technology;
BI Ke-xin, Harbin Engineering University;
QI Liang-juan, Harbin University of Science and Technology..................................................950

0135 Examining Knowledge Exchange in an Organization: A Game Theory Perspective
ZHANG Lin-gang, Shanghai Institute of Technology, Shanghai Jiao Tong University..................958

0136 Employee Turnover and Perception of Incentive: A Cross-cultural Comparison between China and Australia
XIE Yu-hua, GUO Yong-xing, WANG Rui, Hunan University..................................................964
0137 Research on Stability of Knowledge Transfer in Virtual Technology Innovation Team
WANG Xiao-hong, ZHANG Bao-sheng, Harbin Institute of Technology;
WANG Wen-jing, Bei Hang University.................................................................969

0138 Intention to Leave or Remain: Testing the Different Effects of Perceived
Organizational Support and Job Satisfaction
MENG Xiang-ju, Henan University of Technology..............................................976

0139 Research on the Mechanism of Human Capital to Regional Industrial Structure
—Empirical Analysis Based on Jilin Province
WANG Wen-jing, LV Kang-yin, ZHANG Li, Northeast Normal University....................982

0140 The Correlations between High Performance Work Systems,
Human Resource Flexibility and Organizational Performance
XING Hui, GAO Su-ying, ZHANG Yan-li, ZHANG Jin, Hebei University of Technology...........989

0141 The Theoretical Framework of Knowledge Sharing in Wireless Organizational Memory Systems
CHEN Tao, WANG Tie-nan, HE Ming-ming, Harbin Institute of Technology................996

0142 A Study on Psychological Contract Breach, Equity Sensitivity
and Turnover Intention of Knowledge Workers
ZHANG Hao-min, MA Jun, LIAO Si-yan, WANG Su-ting, Shanghai University................1002

0143 Validity of Job Satisfaction Survey Scale in Chinese
LUAN Xiu-yan, Liaoning Shihua University;
ZHAI Qing-guo, Liaoning Shihua University, Monash University;
YANG Yu-wen, Nankai University;
WANG Zhi-hong, Liaoning Technical University;
ZHAI Yu-bo, Melbourne University.................................................................1008

0144 Research on the HRD of State-Owned Forest Enterprises in Heilongjiang Province
Based on Interface Management
GENG Yu-de, ZHANG Zhao-hui, Northeast Forest University...............................1014

0145 The Study of DEA Method in Performance Evaluation of Project Human Resource Management
CHENG Yan-jie, FAN Xiao-ming, Harbin Institute of Technology............................1022

0146 Research on Comprehensive Evaluation of Enterprises Knowledge Management Capabilities
QI Rong-quan, LIU Shi-ji, Shijiazhuang Railway University.................................1031

0147 Strategies for Virtual Human Resource Management in Modern Enterprises
YANG Zhen-guo, Chongqing University of Posts and Telecommunications................1037

0148 Effects of Perceived Risk and Trust in Subordinate on Leader Empowering Behaviors in China
PAN Qing-quan, Guangxi University of Technology;
WEI Hui-min, Guangxi University.................................................................1043

0149 An Investigation into the Facilitators of Knowledge Management in Practice:
A Case Study from a New Zealand Governmental Department
YE Guan-yu, YE Guo-can, Shaoxing University................................................1049

0150 How to Price Knowledge Goods
CHEN Bo, Dongguan Polytechnic.................................................................1056

Part Seven Fiscal, Investment Banking, Financial Engineering and Financial Mathematics under Market Economy

0151 Malaysian Monetary Transmission Mechanism: Evidence from the Pre- and Post-Asian Financial Crisis Periods
Mala Raghavan, Param Silvapulle, George Athanasopoulos, Monash University...............1065

0152 Joint Rating Announcements by the Three Leading Agencies:
An Analysis of Realized Volatility in Asian FX Markets
BISSOONDoyal-BHEENICK Emawtee, BROOKS Robert
HUM Samantha, TREEPONGKARUNA Sirimon, Monash University.........................1076

0153 Stock Market, Tax Revenue and Economic Growth: A Case-Study of Malaysia
Roshiaza Taha, Sirsira R.N. Colombage, Svetlana Maslyak, Monash University..............1084

0154 State Monetary Policy: Modeling in Russia
AFANASEY Valentin Y., ZHILKINA Anna N., State University of Management...............1106

0155 Organization of Financial Monitoring Activity at an Enterprise of Real Sector of Economy
ZHILKINA Anna N., State University of Management.............................................1111
0156  Marketing Foundation of Branding of a Freight-Forwarding Company  
STEPANOV Alexey Alexeevich, TETTSEOVA Ekaterina Muratovna, State University of Management ........................................... 1115

0157  Fund Ownership and Executive Compensation: From the Perspective of Entrepreneurship  
LI Zhong-hai, ZHANG Di-xin, WU Xue-yue, MA Long-fei, Nanjing University ........................................... 1118

0158  Research on Predicting Stock Price by Using Fuzzy Rough Set  
HUI Xiao-feng, LI Song-song, Harbin Institute of Technology ........................................... 1124

0159  Intervals Design for Economic Variable’s Range and Its Application in the Survey of Household Finance  
LIAO Li, ZHANG Jin-bao, Tsinghua University ........................................... 1131

0160  The Information Sharing in Banking Regulation and Accounting Regulation: A Case Study on the Regulatory Rules of Loan Loss Allowances  
ZHOU Hua, KUANG Wei-da, Renmin University of China ........................................... 1137

0161  Study on the Relationship between the Independent Board Directors’ Allowance-Incentives and the Illegal Activities of Listed Companies in China  
CHEN Wei-zheng, CAO Lan, LI Lin, Sichuan University ........................................... 1146

0162  Relation between Operating Cash Flow and Accrual-Based Earnings Quality  
SUN Jing, JI Xiao-feng, PENG Yan-min, SHAO Hai-hong, Harbin Institute of Technology ........................................... 1152

0163  Pricing Longevity Risks under the Multivariate Stochastic Process with Tranche Techniques  
SHANG Qiu, QIN Xue-zi, Dalian University of Technology ........................................... 1158

0164  Controlling Shareholders’ Propping or Tunneling: A Choice of Earnings Management —— Evidence from Target Firms in China  
LI Shan-min, Sun Yat-sen University; MAO Ya-juan, Sun Yat-sen University; South China Agricultural University ........................................... 1164

0165  Exchange Rate Dynamics of the Dollar  
WANG Ai-jian, LIN Nan, Tianjin University of Finance and Economics ........................................... 1179

0166  Stochastic Beliefs Learning and Commodity Futures Price Dynamics  
LI Tan, QI Zhong-ying, Harbin Institute of Technology; NIU Hong-yuan, Harbin Bank ........................................... 1186

0167  An Analysis on Stock Market Evolution Based on Birth-Death Process  
ZHANG Yi, ZHANG Wei-hua, Harbin University of Technology ........................................... 1192

0168  Empirical Research on the Listed Companies’ Excessive Equity Financing Based on Pyramid Structure  
YAO Zhenhui, HUANG Qiong-si, TANG Yan-feng, Zhejiang University ........................................... 1198

0169  Does Information Leak before Merger Announcement?  
SUN Jian, LIU Jun-yong, LU Chuang, Central University of Finance and Economics ........................................... 1205

0170  Economic Analysis and Empirical Study on Factors Affecting Short-term Capital Flows of China  
MA Hui, Harbin Institute of Technology; MA Long-fei, Harbin Institute of Technology;  
HUI Xiao-feng, Harbin Institute of Technology ........................................... 1211

0171  Ownership Arrangement, Risk of Tunneling and Investor Protection ——Based on the Empirical Evidence of Listed Company Financing  
LI Lai-fang, ZHANG Wei-hua, CHENG Yu, Renmin University of China ........................................... 1218

0172  The Performance of Conditional Hedging RMB for International Portfolios  
YE Xin, ZHANG Lu, LIU Ming-ming, Tongji University ........................................... 1233

0173  An Empirical Study of the Relationship between Financial Performance and Enterprise Stakeholders’ Demand under the Social Man Precondition  
HAN Dong-ping, WANG Ming-ming, WANG Ya-ming, Harbin Institute of Technology ........................................... 1239

0174  Research on Mutual Guarantee System of SMEs Based on Self-organization Theory  
YANG Yi, YAN Hong-yuan, YANG Ze-yun, Beijing Union University ........................................... 1264

0175  Empirical Research of Relationship between the Level of Diversification and Corporate Performance on China Listed Company  
SHI Fang, WANG Yu, YU Jun-yi, Zhejiang University of Technology ........................................... 1270

0176  Financial Restatement and the Risk Adjustment of Audit Fee ——The Incidental Analysis of New Auditing Standard’s Effect  
HU Nan-wei, China University of Mining & Technology; CAO Qiang, Central University of Finance and Economics ........................................... 1277
0177 Improvements of Risk Measure and Its Application to the Risk Management
LI Yong-li, China Aerospace Engineering Consultation Center, Harbin Institute of Technology;
YUAN Wen-juan, Harbin Institute of Technology;
WANG Kun-sheng, China Aerospace Engineering Consultation Center ........................................ 1284
