Conference on Web Based Business Management 2010

(WBM 2010)

Chengdu, China
24-25 September 2010

Volume 1 of 2
Contents

1. Enterprise Management

1.1. Decision Making System

A Study of Gender Differences in English Learning Strategies of Middle School Students
Xiyiing Fan...........................................................................................................................(1)

A Multiattribute Decision Making on the ERP System Selection
Yuwei Zhang.........................................................................................................................(6)

The Application Study of Analytic Hierarchy Process in Bidding Decision of Engineering Project
Xinzheng Wang, Ping He......................................................................................................(11)

An Empirical Study for Core Competence Identification of a Construction Contractor
Yin Guo, Fuzhou Luo, Yu Lai................................................................................................(15)

The Design and Realization of Decision Analysis Tool
Zhengli Liang, Jinfeng Sun...................................................................................................(20)

Research on Core Competitiveness Identification of Construction Enterprises
Fuzhou Luo, Peng Xue, Yaopu Li, Xiaoting Zhu...................................................................(25)

Analysis on X-Efficiency of China’s Agricultural Listed Companies and Relative Factors
Zongbing Deng.....................................................................................................................(29)

The Foundation and Prospect of Innovative Urban Districts in Tianjin Binhai New Area
Jian Zhang...........................................................................................................................(35)

1.2. Enterprise Management

Researching on Debt Optimization of Resources using Financing Theory—Evidence from the Three Gorges Region
Bo Mei.........................................................................................................................................(39)

The Analysis of Game and Search between Employer and Employee under Fear of Unemployment in Financial Crisis
Zhe Liu, Yuhui Ge, Haiqing Chen...........................................................................................(43)

Theoretical Basis of Staff’s Ethical Management and Its Dual Effects
Xumei Xia........................................................................................................................................(47)

Characteristic Industrial Cluster
Shanqing Liu, Xiaolan Ye......................................................................................................(51)

Study on the Influence of Military Factor on the Formation and the Evolution of Jingdezhen Ceramic Characteristic
Industrial Cluster
Shanqing Liu, Xiaolan Ye......................................................................................................(56)

Sedrin Brand Marketing Research
Hui Huang, Ying Yan, Qunhong Zhang......................................................................................(60)

Culture Productivity Promotion and Private Enterprise Development
Guoqin Xue...........................................................................................................................(63)

The Use Financial Strategy in the Development of Private Enterprises
Hongmei Zhang.....................................................................................................................(67)

</table>
1.3. Environment Management

The Study of Project Cost Management Base on the Whole Procedure Control
Feng Lin, Xin Shi

Sustainable Consumption and Green Production; an Innovative Approach to Firms Competitiveness
Edun Femi

Management Innovation Based on Network Economy
Lu Hou, Qingzhu Qi

Study on the Charitable Activities of Chinese Enterprises
Juan Wang, Kai Xiong

The Financing Obstacles of the Rural SMEs in China and Countermeasures in the Post-crisis Era
Qiang Miao

The Development Process of Agglomeration Economy and Its Inspiration
Jiena Chen, Lijun Deng, Qiuming Wu

Environmental Cost Study Frame of Resource-Enterprises in Inner Mongolia
Yujie Luo

Corporate Culture Construction and Development of Firm Competitiveness
Changfeng Wang

1.4. Human Resource Management

1.3. Environment Management

Based on Matter-element Analysis to Evaluate the Water Environment Quality of a River
Yixin Lu, Wenlai Xu, Hao Su

Japan, Korea and China’s Energy Security Strategy of the Enlightenment
Tao Li

Research on Designment of Ecological Service in Qing Baijiang District
Lei Jiang, Wenlai Xu

Study on the Jet Flow Ventilation Pressurization Technology
Liying Xing

China’s Industrial Carbon Dioxide Emission Statistical Report Forms and Information System Based on WebGIS
Wei Zhou, Xiaobo Ge, Wenfu Dong

Study on the Efficiency and Fairness in Sustainable Utilization of Natural Resources
Min Zhang, Zhenggang Chi

Study on the Energy-Saving and Emission-Reducing Index System of Coal Enterprise
Zhongwen Liu, Baoyu Mu

1.4. Human Resource Management

The pressure and solutions of Top Managers in the Financial Crisis based on Work-life Integration
Haiqing Chen, Yuhui Ge, Zhe Liu

Status Analysis and Countermeasure Research of Henan Universities Student P.E. Association
Yong Qin

Analyzing to Improve Postdoctoral Innovation Capability Strategy
Wenwu Shao, Xiumei Lin

Establish Cultivation Mechanism of Skilled Talents Under the Background of Post-Industrial Period
Xiangkui Geng
On the Construction of Impression Management Strategy of Tour Guide
    Taoyan An, Haitao Rong

Study on the Competency Structure of Leisure Sports Club Instructors
    Benxu Zou

    Qingyun Ren

The Study of Strategic Human Resource Management for Coal Enterprises
    Xiaochi Gao

Automatic Resume Filter Model Based on Analytic Hierarchy Process
    Chunxia Zhang, Xudong Li, Hongmei Wang

Studies on Incentive Issues in Private Sci-Tech Enterprises
    Zhihong Yin, Guangge Lv

A Study on Competency of the Management in Small-and-Medium-Sized Enterprises
    Zhihong Yin, Guangge Lv

Research on Structural Unemployment Question of Regular College Graduates
    Aiyun Wang

Instance Analysis on Incentive Strategy of Knowledge Employees
    Nianjing Huang, Liping Lin

Research on the Improvement of Salary System in Company D
    Haifeng Wang, Ying Zhao

Study on Relationship between Job Satisfaction and Performance of Apparel Foreign Trade Enterprises
    Min Li, Jie Liu, Chuanchao Zhao

The Existing Problems and Development Trend of Professional Commitment
    Guangchun Li

Study on the Work Team’s Method of Intrinsic Motivation
    Xingle Teng

Women Human Resource Development and Management in Building the New Countryside Construction
    Cuilian Fu, Songzhu Tao

On Optimal Allocation as well as Development and Management of Sports Human Resource in Local Colleges
    Yujiang Guo

The Study on Sports Human Resource Development from the Perspective of New Countryside Construction
    Lei Chen

1.5. Logistics Management

Study on Evolution Mechanism of Logistics System Based on Multi-Agent
    Jia You

Research on the Coupled Relation between Logistics Rationalization and City Environment in Huizhou
    Min Zhang, Qinbing Zheng, Xuejun Dai

Study on the Optimal Selection and Evaluation System of Enterprises’ Key Product
    Xiuqing Yin, Kebo Wang

Study on the Building of Performance Evaluation Index System for the Third Party Reverse Logistics Enterprise under Low-Carbon Economy
    Guangqian Xin
1.6. Marketing Management

Analysis on the Business Models of the China’s Real Estate Intermediaries
   
   Wang lin

Creating Local Brand Names in Chinese Market

   Shengdong Lin, Shengliang Lin

The Influence of Categorical/Relational Thinking on Brand Extension Evaluation

   Shengdong Lin, Xue Ke

Study on Enterprise’s Strategies of Cause-Related Marketing Based on Consumer Perception

   Juan Wang, Kai Xiong

Research on Perceived Risk in Online Shopping and the Enterprise’s Marketing Strategy

   Li Liu

Does Ease or Difficulty of Acquiring Lottery Information Affect Risk Preference?

   Xue Ke, Shengdong Lin, Xiaoqing Cai

Study on Construction of Film Core Product Based on Marketing Perspective

   Jiandi Liu

Review of the Brand Community

   Yihan Wang

The Network Reputation Analysis of Economy Hotels Based on the Identification of the Emotion Inclinations

   Heng Wu, Mi Yuan, Mengru Li

Problems and Countermeasures in the Network Advertisement of China

   Xingle Teng

Customer Participation in Network Environment: Literature Review

   Shi Qiao, Tang Yao
1.7. Project and Quality Management

Security Control of Construction Site Based on the Hazard Source Management
Tianyong Niu............................................................................................................................ (413)

Investigation on the Business Ability Testing Status of Some Zhengzhou University P.E. Teachers under the Appointment System
Yong Qin........................................................................................................................................ (417)

Status Quo Survey and Countermeasure Research of Community Sports in Zhengzhou
Lei Zhang........................................................................................................................................ (421)

Research on Relationship between College Sports Facilities and Mass Sports
Hui Zhou........................................................................................................................................ (425)

Investigation and Countermeasure Research of the Status of Henan Ordinary University Students Intramural Sports Competition and
Yong Qin........................................................................................................................................ (429)

Research on the Rapid Predicting Model for the Engineering Cost Estimation Based on Fuzzy Mathematic
Xinzheng Wang, Ping He................................................................................................................ (433)

An Experimental Investigation of the Influence of Affect on Capital Budgeting Decision
Lianghua Wu.................................................................................................................................... (437)

Design and Implementation of Simulation System for Mining Production Process
Yaodong Zhou, Yiqing Zhao, Xiuqiang Hao.................................................................................... (441)

The Research and Management of Patient Expectations of Medical Service Quality
Lulin Zhou, Ying Chen.................................................................................................................... (446)

Statistical Analysis of Surface Settlements Laws Induced by Construction of Subway Shallow Tunnel
Ye Zhou........................................................................................................................................... (451)

The Study on Sustainability of the Project of Returning Farmland to Forest
——A Case Study of the Project of Returning Farmland to Forest of Zhijin County in Guizhou Province
Ling Zhi, Jianglong Yu, Huili Xu, Yan Liu....................................................................................... (455)

The First Research for Correctness Proofs under Software Engineering’s Application
Yiqun Dai........................................................................................................................................... (460)

An Economic Study of Construction Safety
Jiajia Sun, Shan Gao...................................................................................................................... (465)

Information Management Research on the Cost Control of Real Estate Development Project
Rui Chen, Hailin Yuan..................................................................................................................... (469)

Supply Chain Finance: Risk and Evaluation
Meilin Zhang.................................................................................................................................... (473)

Analysis on Sustainable Development Paradigm using ANP Approach in Construction
Feng Xu, Guanguan Hua.................................................................................................................. (477)

Implicit Quality Cost Estimation Research Based on Taguchi Method in Construction Project
Bilin Shao, Jieqiong Wu.................................................................................................................. (481)

The Study on Domestic Management Mechanism of Community Sports Based on Self-Organization Theory
Wang Hua......................................................................................................................................... (486)

1.8. Risk Management

The Analysis of the Role that the Mass Media Plays in Solving Public Crisis
Huiyan Yao.......................................................................................................................................... (491)
Quantitative Risk Research of Multimodal Transport of Goods
Zailiang Ma, Zhenjun Jia

A Research of Financing Risk Management in Small and Medium-Sized Enterprises
Yede Huang, Lixia Jia

Using Knowledge Management to Manage Credit Risks in Banking
Zhen Liu

Research on Analysis Method of Emergency Plans Based on Multiple Views Framework
Yaohong Zhang, Yanjun Qiao

The Application of Fair Value Accounting in Banking Industry and Government Audit Involved
Zhigang Zuo

The Analysis about Stakeholder Management and Enterprise Crisis Management
Dupeng Wang, Qiujian Jiang

Risk Identification and Dynamic Risk Management of Deep Excavation Engineering
Jianmin Yu, Cuihong Feng

Analysis on Enterprise Risk Management in China
Jungang Shao, Rui Lv

Research on the Risk Management of Auditor
Nanwei Hu, Qiang Cao

The Research on the Credit Risk of the Consumer Perceived E-Commerce Based on the Intuitionistic Fuzzy Information Integration Theory
Rong Du, Guowei Liu

Analysis on Venture Capital Management in China
Rui Lv, Jungang Shao

Potential Risk Factors and Financing Vulnerabilities of the New E_Payment Vectors
Jia An, Xin Liao, Shan Zhang

Political and Economic Risk Analysis-Case Study of Macedonia
Misko Dzidrov, Marjan Dzidrov

On the Public Participation Mechanisms in Environmental Disaster Risk Management
Lili Chen

On the Construction of Public Crisis Management System
Gao Meng

On Risk Management of Large-scale Sport Events
Liu Jie

On the Governmental Public Relations under Public Crisis
Li Baiqi

On the Issues and Improving Measures of Administration Complaint Visits
Gao Meng

1.9. Service Science

Research in University Students’ Acquaintance in Using Methods and Capability of the Path Appliance
Yong Qin

Study on College Libraries Serving Regional Economic Construction
Aiyun Wang, Chunying Zheng, Junyun Ma
Study on the Influence of Information and Communication Technologies on the Services Industry Productivity
Junying Wei.................................................................................................................. (587)
Research on the Source and Content of the Unique Customer Experiences in the Service Process
Lizhang Zhang.............................................................................................................. (591)
Research on Sustainable Development of Ecological Tourist Resources of Zhoushan Islands
Shuhua Ren, Sheng Wang, Li Wang.............................................................................. (595)
A Study of Service Innovation in Modern Manufacturing Firms
Guangyan Liang, Ming Xia........................................................................................... (602)
Customer Satisfaction of Laptops in China
Xiaojing Li, Jianjing Sun.............................................................................................. (607)
Evaluation on Competitiveness of Chinese Provinces’ Service Industry with Factor Analysis Method
Xiaolin Zhang, Guang Li.............................................................................................. (612)
Assumption of Networking of Motor Vehicle Insurance Claim Service
Wei Zhang...................................................................................................................... (616)

2. Finance and Knowledge Management

2.1. E-Commerce & E-Government

Analysis of China’s E-Commerce and Economic Development by VAR Model
Xiaobing Le.................................................................................................................. (621)
Case Analysis of Competitive Intelligence E-Commerce Website based on the SWOT
Wenyun Liu, Xiaohong Han......................................................................................... (625)
The Analysis on Cultivation of Customer Loyalty in the Environment of Internet Marketing
Jiashun Liu, Lin Jiang................................................................................................... (629)
The Design of Electronic Commerce Terminal Based on Android
Hanmi Lin, Yan Qian.................................................................................................... (633)
Research on the Construction and Application Strategy of E-Commerce Credit Mechanisms
Zhiguang Guo, Na Zhang............................................................................................ (636)
Faceted Search Navigation Visualization of E-Commerce Websites
Yiqing Liu..................................................................................................................... (640)
The Data Exchange on XML and JSP based E-Commerce platform
Yuechuan Luo, Jiafeng Yu.......................................................................................... (644)
Study on College Students’ Online Shopping by Using TAM
Yong Zhang, Zhigang Zhao......................................................................................... (648)
Analysis of Digital Products Consumer Purchase Behavior
Yan Sheng..................................................................................................................... (652)
Study of Predicting Intention of Shopping Online for Cosmetics Based on TPB
Fengxia Liu, Ying Huang, Xue Li................................................................................ (656)
An Study of the Effects of Negative Online Reviews on Consumer Purchase Decision
Mingchu Fang, Runde Lu............................................................................................ (661)
The Literature Review of User Experience in Website
Fangfang Li, Meimei Chen.......................................................................................... (666)
E-business Method for Sustainable Development of Rural-Integration with Urban

Shujun Zhang, Martin Wynn, Kevin Hepashi

Instructing the Students to Doing the International Trade Practice with the Help of Russian Internet Platform:

A Case of Teaching Practice of International Trade in the School of Business & Management, Shaoxing University

Jixin Wu

Mobile Service Adoption: A Literature Review

Feng Hu, Xixi Zhou, Yong Liu

E-Commerce Pricing Strategies under Costs Structures Different with Traditional Retailers

Yang Huang, Ya Zhou, Keqiang Li

Research on Travel Agency Operation Mode in Travel E-Commerce Times

Yuhai Wang

Fractionized Digital Service Model in Information Economy

Xingshou Yang

Research on the Development and Countermeasures of Campus E-Service

Xixi Zhou, Feng Hu, Bin Xu

Study on School-Enterprise Cooperation Based on Witkey pattern

JuFang Wang, Feng Hu, Ke Yu

A Study of the Jurisdiction of International Air Transportation in the background of E-Commerce

Yupeng Dong

Foreign Trade Settlement Changes in Global Banking Network Environment

Genrong Shen, Dapeng Zhou

Study on the Value and Utility of E-CRM

Kai Xiong

Study on Enhancing E-Satisfaction through Web Functionalities across the Customer Service Life Cycle in E-Commerce Environment

Jing Pan, Ming Yi

Research on Critical Factors of Online Consume Decision-Making based on R-System Clustering

Yi Zhou, Meimei Chen

Strategic Investment Decisions of the E-Commerce Platforms in Switching Barrier

Fusen Wang, Jing Shi, Tiaojun Xiao

Countermeasures Analysis in Chain Convenient Store Developing E-Commerce Shanghai Business School

Yanhai Yin

Security Issues Associated with Material Flow in Supply Chain of Manufacturing Industry

Shujun Zhang, Kevin Hepashi, Martin Wynn

A Study on the Supply Chain of E-commerce Transaction in the Banking Industry

Liang-Chyau Sheu, Pen-Hsi Liou

Using Electron Commerce to Develop Service Convergence in Pearl River Delta Areas

Huidian Long, Haiyan Zhang

A Review of Social Network Sites: Definition, Experience and Applications

Yili Liu, Xiangxiang Ying

E-Government and Administration Management Innovation of China in the Post International Finance Crisis

Cuilian Fu
The Construction for System of Education Electronic Government Affairs (SEEGA) Based on XML
Hairui Zou, Xueyuan Du

An Information Integration Method of E-Government Based on the BizTalk
Weixia Gui, Yongwu Meng

On the Civic Internet-Based Political Participation
Lili Chen

The Discussion of Electronic Government Innovation and Route Choose
Lili Chen

On Value Orientation and Objective Model for the Change of Governmental Functions in the New Period in the Context of Public Governance
Xuefeng Zhou

Based on E-Government to Build Service-Oriented Government Management Model
JianMei Chen

Theoretical Analysis of the Optimal Decision of Information Sharing in E-Government Based on Public Economics
Ya Zhou, Yang Song, Keqiang Li

An Outlier Detection Algorithm for Incremental Data and Its Application in Auditing of Social Security
Shaobin Huang, Tianyang Lv, Ronghua Chi, Yong Xia

State Prediction of Policy-Holder of Basic Endowment Insurance for Urban Employees Based on Markov Chain
Tianyang Lv, Yuhui Qiu, Shaobin Huang, Qi Pang

2.2. Financial Analysis

Modified Estimation Method of Fractal Parameter and Its Application in Analysis of Stock Market Fluctuation
Guangxi Cao

The Growth Enterprise Market and Our Current Strategies
Xinke Li

Research on Innovative Ways of Rural Financial Services
Xiaoli Li

The Financial Risk Evaluation of Non-Life Insurance Company Based on Set Pair Analysis
Qingbiao Deng, Zijia Pu

Empirical Study on Herd Behavior of QFII in China’s Stock Market
Jun Zhao

Fortune Plan Institutional Change in China
Hongmei Zhang

Financial Warning for Listed Insurance Companies Based on Radial Basis Function Neural Network
Qingbiao Deng, Zijia Pu, Hui Wen

A Cointegration Analysis on the Dynamic Relationship between RMB’s Exchange Rate and the Stock Prices in China
Xiaoming Yan

Sensitivity Analysis on Invisible Demand of Insurance Products
Xin Zhao, Hongbin Chen

Qingbiao Deng, Mingjing Sui
An Empirical Study of the Impact of Institutional Investors on Corporate Governance and Corporate Performance, Base on Samples of Familial Listed Companies in China
Yingzhao Li, Min Huang

Research on Medium and Small Enterprise Relationship Loan Mode of Web-based Debt Financing System
Guangren Lv, Yu Cheng

An Analysis on the Effect of Rural Credit on the Income Progress of China’s Farmers and Enlightenments
Zhaoyang Xie

Real Exchange Rate, Capital Account, and Current Account—An Positive Analysis-Based on China’s Data
Shihua Hu, Wei Liu

Analysis of the Impact of Current “Ten State Regulations” on Sino-German Bausparkasse in China
Chunmei Xu, Zhenglie Sun

How to Plan and Construct Village and Town Banks in Yellow River Delta
Jinfeng Sun, Xuesheng Zhou, Qinzi Liu

Development and Innovation of Intermediary business in Commercial Bank of China
Wenhuaxu

The Effect of Futures Market on the Constructing of Shanghai International Financial Center
Weifeng Ma, Hailin Huang

2.3. Information Security

Application of Genetic Algorithm in Cellular Network Reliability of Dead Spots Communication
Ying Zhang, Miao Li, Fengjun Wang

Design of Disaster Recovery Project about Tracking Telemetering and Command System based on Cluster
Hui Yan, Weijie Han, Yu Wang, Xiaodan Gu

Research about Theory and Key Technology of Disaster Recovery
Weijie Han, Hui Yan, Yu Wang, Xiaodan Gu

Research on Disaster Tolerance Strategy for Important IT System
Xiaodan Gu, Yu Wang

Characteristics Sharing Based Spam Filtering Method
Chengzhi Long, Jie Zhou

Pilot Study on Disaster Tolerance Technology in Soft-Switch Framework for Mobile Communication Core Network
Fan Zhang, Xiaodan Gu

The Improvement of MWM Multiple Pattern Matching Algorithm
Qiang Zheng

Network Security Survey
Xiaoli Jia, Yixian Wen

A New Security Architecture for Cognitive Radio Networks
Li Zhu, Huaqing Mao

Research on Security Issues of Cognitive Radio Networks
Li Zhu, Huaqing Mao

XIII
2.4. Information System

Fuzzy Comprehensive Evaluation of Regional Technological Innovation Ability Based on AHP
—Taking Hunan Province for Example
   Qian Yuan, Rui Yang, Jie Zhou, Junzeng Wang ......................................................... (927)

China’s Population Growth Model Based on Grey System Theory and Logistic Model
   Shiqiang Zhang, Salan Zhang, Zheng Jiang ................................................................. (931)

Platform Design for Web Publishing of Virtual Urban Landscape
   Changlin Yin, Qingming Zhan, Wengiang Xu, Honghui Zhang .................................. (935)

Analysis to Cultivating Rural Area Consumer Market and Expand the in the Homeland Consumer Demand
   Jianping Yang ........................................................................................................... (939)

Analysis on the Land use Types of Haizhu District, Guangzhou Province During 10 Years (1993-2002) by VCM Curve Method
   Yong Wu, Qichun Zhang ......................................................................................... (943)

The Constructing of Digital Mining City Model Based on Sustainable Development
   Xiaoqian Song ............................................................................................................. (948)

Analysis of the Land Use Types of Haizhu District, Guangzhou Province by VCM and Correlation Based on Traffic Network
   Qichun Zhang, Yong Wu ......................................................................................... (953)

Analysis of Influencing Factors of Demand to Community Health Service
   Shizhu Liu, Lulin Zhou ............................................................................................. (957)

Study Small and Medium-Sized Cities Housing Price Impacted in Urban Integration
—For Example by Zhengzhou and Kaifeng
   Fuqzhou Luo, Chen Lu ............................................................................................... (961)

Networked Industrial Agglomeration of Electronic Equipment Manufacturing Industry in Guangdong Province
   Han Zhang, Jia An...................................................................................................... (965)

A Model of Clustering Uncertain Data
   Zengfang Yang, Hewen Tang .................................................................................... (969)

Applications of “3S” Technology for China’s Tourism Planning and Management
   Xie Ting, Chen Qiao .................................................................................................. (973)

An Empirical Study of Supply Factors Affecting on the Housing Price
   Yanfeng Han, Ying Chen ........................................................................................... (977)

A Comparative Study on Land-Use System Simulation Model
   Huaqing Mao, Li Zhu, Ming Huang .......................................................................... (982)

Statistic Measurement and Evaluation of Transformation of Economy development Mode in China
   Shuru Liu, Yang Li .................................................................................................... (986)

Empirical Analysis on Operation Efficiency of Commercial Bank in China Based on Data Envelopment Analysis
   Rui Yang, Junzeng Wang, Jie Zhou, Qian Yuan ......................................................... (990)

County-Level Economic Regionalization Based on Open DMSP/OLS Data—A case Study in Xixia
   Mingyang Li, Milan Liu, Chuan Xu ........................................................................... (995)

Wireless Sensor Network and its Application Conception in Mine
   Wang Man ................................................................................................................... (1001)

Research on the Construction Framework of Innovative city in Tianjin Binhai New Area
   Zhang Jian .................................................................................................................. (1005)
Online Learner Demand Analysis based on Activity Classification Framework

Zehui Zhan

The Research on the Ray Tracing Algorithms Base on GPU

Huaqing Mao, Li Zhu

2.5. Investment Analysis

Research on the Effect of Corporate Layer Setting in M & A on the Ultimate Controlling Shareholder’s Financing Capabilities

Jian Zhuang, Qiusheng Zhang

Based on Recycling Economy of the Steel Industrial Project’s Investment Decisions

Fuzhou Luo, Meng Sun, Tingyang Gu

Research on the Influence of the Degree of Openness to Economic Growth of Liaoning Province

Xiangmin Li, Xiaohong Yin, Yajun Zhou

The Empirical Analysis on the Relationship between S & T Progress and Company Performance of the Listed Companies in Pharmaceutical Industry in China

Ru Zhang, Runhong Muo

The Executive Compensation Incentive and the Non-efficient Investment of the Listed Company

Ru Zhang, Xiangyi Du

Debt Financing and Investment Behavior of Listed Companies in the Empirical Analysis

Ru Zhang, Yawen Yao

Corporation Value Analysis in China Second Board Market

Linan Wang, Xiaohong Yu

Research of Real Estate Investment Decision Based on Multi-Objective Programming

Jinbo Qian, Maosheng Yang

Co-Movements of Shanghai, Shenzhen, H.K., and Taiwan Stock Markets

Wu Liguang, Zhen Huang

An Empirical Study of the Impact of Effective Corporate Income Tax Rate on Corporate Debt Financing and Investment Decisions

Yingzhao Li, Min Huang

Analyst following, Ownership property and Financing constraints

Gong Yifei

Comparative Analysis of Resource Flow Caused by Merger and Acquisitions and Greenfield Investment

XueYing Yuan, QiuSheng Zhang

OLS-based Analysis of Factors for FDI Location of Bulk Commodities

Kai Hao, Huaying Shang

The Increase of Investment on Capital Asserts and Revenue’s Adjustment

Yingzhao Li, Ting Wang

Specification of the Real Estate Cycle in China from 1986 to 2008—Based on the Diffusion Index Method

Lei Feng, Xueqin Tan, Wei Li

Macroeconomic Factors and Housing Market Cycle: An Empirical Analysis Using National and City Level Data in China

Lei Feng, Wei Lu, Weiyan Hu, Kun Liu

2.6. Knowledge Management

Researching on the Social Dissociation Individual Innovation of the Shaanxi Pharmaceutical Manufacturing

Junfeng Liu
Solving Algorithm of Knapsack Problem Based on HDEA

Yongfu Xiong, Chao Yu, Mengting Yuan

P2P Stream Data Allocation Algorithm

Ruifeng Shao

Study on Cultivation of Enterprise’s Core Competence Based on Knowledge Management

Kai Xiong

Curriculum Management in China’s Tertiary Education in the Network Era

Xiao Yihu, Pan Cuiqiong, Correspondence Author

Vehicle Sales Management System Based on Struts Architecture

Dongyang Xing, Quansheng Gao, Xiaodong Mao

A Brief Analysis of the Application of Knowledge Management in Construction Supervision Industry

Hong Gao, Jianyou Ni

Study on Assembling Ability Evaluating for Virtual Maintenance System of Complex Products

Siqun Ma, Linfeng Li, Wenzhong Zhao, Xiaoqiang Mi, Shaoze Zhou, Yan Jin, Yongwei Guo, Shujing Zhang,

Jian Li, Ran Tao

Research on the System Framework of Knowledge Innovative Platform based on Knowledge Management on Internet

Weimeng Dai

The Role of Knowledge Management in the High-Tech Virtual Enterprise

Bo Sun, Ming Huang

Theoretical and Empirical Study on Knowledge Sharing Behaviors, knowledge learning Orientation and Social Exchange of Knowledge

Jing Pan, Yang Sui

Supply Chain Management Research Based on Data Mining

Shuanghong Liu, Jianguo Yu

The Construction and Management of College Financial Info-System Based on Internet

Yongzhi Chen

Congestion Division Problem in a Trees of Rings

Qi Wang, Xiaoshan Liu

Analysis of the Development Effect of the Private Capital on the Agglomeration of High-Tech Industry

Qi Yuan

Study on Principles of Knowledge Translation

Xiangwen Sun, Yongyan Feng

Research on Construction Projects Integration Knowledge Management Model Based on Collaboration Theory and Non-Linear Polya Processes

Xin Dong, Jiming Cao

On Disclosure of Environmental Information

Xiaomei Guo

Exchange of Product Structure Data between CAD and PDM

Yongjun Jiang

Discussion about Practice Teaching Method of Information Management and Information System Specialty

Yaguang Wang
The Applied Research of an ITIL-based IT Service Management Model for University

Xinyu Lin.......................................................................................................................... (1178)

Building and Application Study of Knowledge Map in Teaching Resources Navigation

Xiaona Feng, Wenyuan Liu.................................................................................................. (1181)

Enterprise Knowledge Management Applied Research Based on WEB2.0

Yanping Xu, Feng Hu, Liqing Chen...................................................................................... (1185)

Research on Knowledge Creative Mechanism, Path and Countermeasures for Chinese Enterprises

Ze Tian, Zhen Shi............................................................................................................... (1190)

Online Community Construction and Business Model Innovation of Internet Banking

Kang Zhao.......................................................................................................................... (1195)

2.7. Other Topics Related to Management

Can Product Market Competition Substitute Internal Governance Structure?

Gongfu Zhang..................................................................................................................... (1199)

Evaluation of Regional Technical Efficiency and Its Influence Factors

——Based on China’s Provincial Data From the Years 2000—2007

Hang Wu, Lingling Shao.................................................................................................... (1204)

Research on the Choice of the Public Debt and Private Debt: An Empirical Study Based on the Cost and Demand

Yanhui Wang, Qiuhua Zhang............................................................................................ (1209)

The Application of Network Coding in P2P Streammeida Technology

Ping Li................................................................................................................................... (1213)

Web Advertising Breaching Competition Law and its Legal Regulation

Liu Meng, Jun Tong............................................................................................................. (1217)

The Research Interactive Teaching Mode Based on Network

Mingli Liu, Dan Mu............................................................................................................. (1221)

Xinjiang Production and Construction Group (XPCC) the Income of Agricultural Production Analysis of Influencing Factors

Haixia Wang, Li Wang......................................................................................................... (1225)

The Economic Analysis of Urban Traffic Congestion

Yinglin Liu.......................................................................................................................... (1229)

A Discussion on the Talents Cultivation Mode of Higher Vocational Hotel Management Profession Based on Work-Study Combination

Haitao Rong, Taoyan An.................................................................................................... (1233)

The Empirical Research of the Competitiveness Based on the Informationization of China’s Textile & Clothing Industry

Yanshu Jiang, Qiangian Zhang, Jing Chai........................................................................... (1237)

Analysis of the Relative Benefit of Industrial Enterprises and Its Improvement

Zhanying Ma, Zhanxin Ma................................................................................................. (1241)

Grey Incidence Analysis of Influencing Factors on Urban Traffic Congestion

Shiyong Ma, Shi An........................................................................................................... (1245)

Low-Carbon Living Populations of Mode of Travel Mode

目     录

1. 企业管理

1.1. 决策系统

A Study of Gender Differences in English Learning Strategies of Middle School Students…………………………Xiying Fan (1)

多属性决策于 ERP 系统厂商选择之研究…………………………………………………………………………张育维 (6)

层次分析法在投标报价决策中的应用研究…………………………………………………………………………王新征, 贺萍 (11)

建筑工程承包企业核心竞争力识别方法实证研究………………………………………………………………郭寅, 罗福周, 来雨 (15)

决策分析工具的设计与实现………………………………………………………………………………………………梁郑丽, 孙金凤 (20)

建筑企业核心竞争力识别研究—基于 BP 神经网络与信息熵的方法……………………………………罗福周, 薛鹏, 李耀朴, 朱晓婷 (25)

中国农业上市公司 X-效率及影响因素的实证研究………………………………………………………………邓宗兵 (29)

天津滨海新区创新型城区创新基础与展望…………………………………………………………………………………张健 (35)

1.2. 企业管理

基于融资理论的优化企业债务资源研究——以三峡库区企业为例………………………………………………………梅波 (39)

金融危机失业恐惧下的劳资博弈分析以及劳资合作制度的探索………………………………………………刘哲, 葛玉辉, 陈海卿 (43)

员工管理伦理的理论依据及其双重效应…………………………………………………………………………夏绪梅 (47)

中国政府政策对景德镇陶瓷产业集群形成、演变的影响研究………………………………………………刘善庆, 叶小兰 (51)

军事因素对景德镇陶瓷产业集群形成、演变的影响研究……………………………………………………刘善庆, 叶小兰 (56)

雪津啤酒的品牌营销研究………………………………………………………………………………………………黄辉, 严静, 张群洪 (60)

文化力提升与民营企业成长………………………………………………………………………………………………薛国琴 (63)

The Use Financial Strategy in the Development of Private Enterprises……………………………………………Hongmei Zhang (67)

Study on Sustainable Development of Enterprise Information Resources Management…………………………………Yifang Wang (71)

大连软件和服务外包业存在问题及对策研究…………………………………………………………………………杨华, 纪东恺 (74)

日本纺织企业多角化扩张的方向……………………………………………………………………………………曾荣平 (77)

红色旅游经典景区管理体制比较研究——以井冈山和韶山为例………………………………………………方世敏, 赵金金 (82)

从漂流主题检索看旅游文献的归类………………………………………………………………………………于锦华, 吴庆功 (88)

Research on Relationship between Competence for Entrepreneurial Teams and its Performances
........................................................................................................................................................................Zhenhua Zhang, Wenchao Liu, Yuling Li (92)

面向电信产业链的合作机制设计……………………………………………………………………………………苗兰波, 张铁军, 唐加福 (96)

浅析资源视角下的中国新能源汽车产业价值链的构成……………………………………………………严良, 王小洁 (100)

The Extended of the Life Cycle Assessment on Corporate Environmental Performance
........................................................................................................................................................................Xuan Chen, Weide Chun (104)

基于层次分析法的中国建筑企业发展战略 SWOT 分析……………………………………………………宋芹芹, 罗福周, 钟贵园 (108)

基于商业企业拉动的绿色供应链战略联盟研究………………………………………………………………曹海英 (112)

我国企业知识型员工薪酬激励对策研究………………………………………………………………………………宋志强, 葛玉辉, 陈悦明 (116)

Comparative Study in the Competitiveness of ship Manufacturing Industry in Shandong Province
.......................................................................................................................................................................Jiwei Liu, Jinying Huang (121)
Existing Possibility Analysis of Chinese Listed Companies' Earnings Management under the New Accounting Guidelines

……Shuqiang Cheng, Na Yang (126)

公司特征和上市公司自愿性信息披露

…………殷枫 (132)

A Study on Element Market Competitiveness of Power Generation Group

…………Zhitan Liu, Liwen Tan (137)

创业团队有效发展模式的研究与应用探讨

…………邓丽芳, 慕丽伟 (142)

我国化肥行业上市公司竞争力因子分析

…………刘泽汀, 林丽萍, 廖晶晶 (145)

中国 OEM 企业的 SWOT 分析与对策研究

…………王凤洲, 孔丰, 齐慧 (149)

Organizational Restructuring and Job Losses in Professional/Managerial Classes: Causes, Consequences, Remedies

…………Chunhua Chen, Bin Ma (154)

The Enterprises Performance Evaluation Based on Analytic Hierarchy Process (AHP) and Entropy Value Mode

…………Feng Lin, Xin Shi (159)

The Study of Project Cost Management Base on the Whole Procedure Control

…………Feng Lin, Xin Shi (163)

Sustainable Consumption and Green Production; an Innovative Approach to Firms Competitiveness

…………Edun Femi (167)

基于网络经济下的企业经营管理创新

…………侯璐, 齐庆祝 (172)

中国企业慈善活动研究

…………王娟, 熊凯 (175)

后危机制农村中小企业融资障碍与对策研究

…………苗强 (180)

块状经济的发展及启示

…………陈捷娜, 邓丽君, 吴秋明 (184)

内蒙古自治区资源性企业环境成本研究框架

…………罗宇洁 (188)

企业文化建设与企业竞争力培育

…………王长峰 (192)

1.3. 环境管理

基于物元分析法的广安农业生态园某河流水环境质量评价

…………陆一新, 许文来, 苏昊 (197)

日、韩能源安全战略对中国的启示

…………李涛 (202)

青白江区服务业循环经济建设

…………姜磊, 许文来 (206)

Study on the Jet Flow Ventilation Pressurization Technology

…………Liying Xing (209)

China’s Industrial Carbon Dioxide Emission Statistical Report Forms and Information System Based on WebGIS

…………Wei Zhou, Xiaobo Ge, Wenfu Dong (212)

自然资源可持续利用的效率与公平问题研究

…………张敏, 迟正刚 (217)

煤炭企业节能减排评价指标体系研究

…………刘中文, 穆宝玉 (222)

1.4. 人力资源

金融危机下企业高管压力和应对措施探析——基于工作—生活整合理论

…………陈海卿, 葛玉辉, 刘哲 (227)

河南省高校学生体育社团现状分析与对策研究

…………秦勇 (231)

博士后创新能力提升策略分析

…………郭文武, 林秀梅 (235)

健全后工业化时期高技能人才的培养机制

…………耿相魁 (239)

旅游导游印象管理策略的构建

…………安艳艳, 荣海涛 (244)

Study on the Competency Structure of Leisure Sports Club Instructors

…………Benxu Zou (248)

日本大学生就业现状及日本政府就业促进政策分析

…………任青云 (252)
煤炭企业战略性人力资源管理研究……………………………………………………………………………………高晓芹 (256)
基于 AHP 的简历自动筛选模型……………………………………………………………………………………张春霞, 李旭东, 王红梅 (261)
私营科技企业激励问题探究……………………………………………………………………………………………殷智红, 吕广莘 (265)
中小企业职业经理胜任特征模型研究………………………………………………………………………………殷智红, 吕广莘 (268)
普通高校毕业生结构性失业问题研究………………………………………………………………………………王爱云 (272)
对知识型员工激励策略的实例分析……………………………………………………………………………黄乾善, 林丽萍 (276)
改善 D 公司薪酬制度的研究………………………………………………………………………………………汪海凤, 赵英 (280)
服装外贸企业员工满意度与工作绩效的关系研究………………………………………………………李敏, 刘洁, 赵传超 (284)
The Existing Problems and Development Trend of Professional Commitment……………………………………Guangchun Li (289)
Study on the Work Team's Method of Intrinsic Motivation…………………………………………………………Xingle Teng (292)
新农村建设中女性人力资源的开发与管理………………………………………………………………付翠莲, 陶松珠 (295)
地方高校体育人力资源优化配置与开发管理研究………………………………………………………………郭玉江 (299)
新农村建设视阈中的体育人力资源开发研究……………………………………………………………………………陈磊 (304)

1.5. 物流管理

基于 Multi-agent 的物流系统演化机制研究……………………………………………………………………………游佳 (309)
城市环境与物流合理化的耦合关系分析—以惠州市为例………………………………………………………张敏, 姚冬冰, 戴学军 (313)
Study on the Optimal Selection and Evaluation System of Enterprises' Key Product…………………………Xiuqing Yin, Kebo Wang (319)
Study on the Building of Performance Evaluation Index System for the Third Party Reverse Logistics
Enterprise under Low-carbon Economy…………………………………………………………………………………………Guangqian Xin (323)
Logistics Service Quality Evaluation………………………………………………………………………………………Chaohe Zhang, Lijie Zhang (328)
区域物流公共信息平台建设模式研究…………………………………………………………………………何新华, 邹生 (333)
A Study of the Real-time Monitoring System for Chemical Logistics Based on Internet of Things
……………………………………………………………………………………………………………………………………Hehua Li, Yahui Liu (337)
我国 14 个农业大省农村物流水平的综合评价………………………………………………………………顾丽琴, 文美辉, 任荣英 (341)
Research on Logistics Outsourcing Risk Management in E-commerce Enterprise Based on Agency Theory
……………………………………………………………………………………………………………………………………Pingping Xiao, Dianyu Wang (345)
物联网环境下北京市物流信息化发展策略研究………………………………………………………………………………阎方, 刘军, 杨玺 (349)
基于云计算的连锁企业物流信息化建设模式研究………………………………………………………………马天义, 胡巧多, 张新谊, 唐正方 (353)
模块化条件下的产品绿色设计和制造研究…………………………………………………………………………郭琴 (357)
Supply Chain Permissible Delay in Payments Dependingon on the Order Quantity in Vendor-buyer Relationship Inventory Model
……………………………………………………………………………………………………………………………………Li-Hsing Ho, Shun-Lai Lai (362)

1.6. 营销管理

Analysis on the Business Models of the China’s Real Estate Intermediaries………………………………………Lin Wang (367)
西方品牌在中国市场创建中文名称的研究……………………………………………………………………林升栋, 林升梁 (371)
属性/关系分类思维对品牌延伸评价的影响……………………………………………………………………林升栋, 梁学 (375)
基于消费者感知的企业善因营销策略研究…………………………………………………………………………王娟, 龙凯 (379)
网络购物中的感知风险与企业营销策略研究……………………………………………………………………………刘莉 (384)
1.7. 项目管理与质量控制

Security Control of Construction Site Based on the Hazard Source Management
Tianyong Niu (413)

The Network Reputation Analysis of Economy Hotels Based on the Identification of the Emotion Inclinations
Heng Wu, Mi Yuan, Mengru Li (399)

浅析网络广告中存在的问题和对策
滕兴乐 (405)

网络环境中的顾客参与：文献综述
乔时，姚唐 (409)

1.8. 风险管理

对大众传媒在解决公共危机过程中的角色分析
姚会彦 (491)

A Research of Financing Risk Management in Small and Medium-Sized Enterprises
Yede Huang, Lixia Jia (500)

Using Knowledge Management to Manage Credit Risks in Banking
Liu Zhen (505)

The Analysis about Stakeholder Management and Enterprise Crisis Management
Dupeng Wang, Qijun Jiang (518)

深基坑工程风险识别与动态风险管理
余建民，冯翠红 (524)

浅议我国企业风险管理
邵俊岗，吕锐 (528)
1.9. 服务科学

大学生对“路径”器械使用方法与性能了解方式的研究………………………………………………………………………秦勇 (579)
普通高校图书馆服务区域经济建设的探讨…………………………………………………………………………………………王爱云，郑春颖，马俊云 (583)
信息与通讯技术对服务业生产率的影响研究…………………………………………………………………………………………魏君英 (587)
顾客独特的服务体验形成来源和内容研究…………………………………………………………………………………………张立章 (591)
Research on Sustainable Development of Ecological Tourist Resources of Zhoushan Islands
…………………………………………………………………………………………………………………………………………………………Shuhua Ren, Sheng Wang, Li Wang (595)

2. 金融管理和知识管理

2.1. 电子商务和电子政务

Analysis of China’s E-Commerce and Economic Development by VAR Model………………………………………………………Xiaobing Le (621)
Case Analysis of Competitive Intelligence E-commerce Website based on the SWOT………………………………………………Wenyun Liu, Xiaohong Han (625)
网络营销环境下顾客忠诚的培养分析…………………………………………………………………………………………………刘家顺，江琳 (629)
基于 android 的电子商务终端设计……………………………………………………………………………………………………林莉莉，钱言 (633)
电子商务信用机制与构建策略研究……………………………………………………………………………………………………郭志光，张娜 (636)
电子商务网站多面搜索导航的可视化……………………………………………………………………………………………………刘逸青 (640)
The Data Exchange on XML and JSP Based E-Commerce Platform……………………………………………………………………Yuechuan Luo, Jiufeng Yu (644)
Study on College Students’ Online Shopping by Using TAM……………………………………………………………………………Yong Zhang, Zhigang Zhao (648)
数字产品的消费者购买行为分析……………………………………………………………………………………………………杨立军 (652)
基于计划行为理论的消费者网上化妆品购买倾向研究……………………………………………………………………………刘凤霞，黄英，李雪 (656)
负面评价对网络消费者购买意向影响的研究…………………………………………………………………………………………方明珠，卢润德 (661)
网站用户体验研究综述…………………………………………………………………………………………………………………………李方方，陈梅梅 (666)
E-business Method for Sustainable Development of Rural-Integration with Urban
2.2. 财务分析
2.3. 信息安全

遗传算法在蜂窝网盲区中通信可靠性的应用.......................................................... 张颖，李淼，王凤君 (881)
基于集群技术的检测系统容灾方案设计................................................................ 阎慧，韩伟杰，王宁，顾晓丹 (886)
容灾理论及关键技术研究......................................................................................... 韩伟杰，阎慧，王宁，顾晓丹 (890)
Research on Disaster Tolerance Strategy for Important IT System .......................... Xiaodan Gu, Yu Wang (894)
基于特征共享的电子邮件过滤方法........................................................................ 郭承志，周杰 (899)
软交换架构下移动通信关键网络容灾技术方案.................................................... 张帆，顾晓丹 (904)
MWM 多模式匹配算法的改进.................................................................................. 郑强 (908)
网络安全管理概论.................................................................................................... 贺晓丽，温卫娴 (912)
一种新的认知无线网络安全体系结构研究............................................................. 朱丽，毛华庆 (915)
认知无线网络安全问题研究................................................................................... 朱丽，毛华庆 (921)

2.4. 信息系统

基于 AHP 法的区域技术创新能力模糊综合评价—以湖南省为例........................... 袁倩，杨瑞，周杰，王俊增 (927)
基于灰色系统理论与 logistic 模型的中国人口增长模型...................................... 张世强，张飒岚，蒋峥 (931)
Platform Design for Web Publishing of Virtual Urban Landscape ............................. Changlin Yin, Qingming Zhan, Wenqiang Xu, Honghui Zhang (935)
培育农村消费市场与扩大内需分析......................................................................... 杨建平 (939)
广州市海珠区 10 年间（1993-2002）土地利用 VCM 分析....................................... 吴勇，张启春 (943)
基于可持续发展的数字矿山模型构建………………………………………………………………………………宋晓倩 (948)
基于交通网络的广州市海珠区土地利用 VCM 及相关分析………………………………………………………………………………张启春，吴勇 (953)
社区卫生服务需求影响因素分析……………………………………………………………………………………………刘石柱，周绿林 (957)
城市一体化对中小城市住宅价格影响的研究——以郑开一体化为例……………………………………………………………罗福周，卢晨 (961)

Networked Industrial Agglomeration of Electronic Equipment Manufacturing Industry in Guangdong Province
…………………………………………………………………………………………………………………Han Zhang, Jia An (965)

一种不确定性数据聚类模型………………………………………………………………………………………………杨增芳，唐合文 (969)

Applications of “3S” Technology for China’s Tourism Planning and Management……………………………………………………………Xie Ting, Chen Qiao (973)

An Empirical Study of Supply Factors Affecting on the Housing Price………………………………………………………………………Yan feng Han, Ying Chen (977)

土地系统模拟模型对比研究……………………………………………………………………………………………………毛华庆，朱丽，黄明 (982)

基于科学发展观的我国经济增长方式转变测评研究……………………………………………………………………………………刘淑茹，李杨 (986)

基于数据包络法的我国商业银行运营效率实证研究……………………………………………………………………………………杨瑞，王俊增，周杰，袁倩 (990)

基于空间数据的基础设施与经济区划方法研究——以西峡县为例……………………………………………………………………李明阳，刘米兰，徐剑 (995)

无线传感器网络及其在矿山中的应用构想……………………………………………………………………………………………满旺 (1001)

Research on the Construction Framework of Innovative City in Tianjin Binhai New Area…………………………………………Jian Zhang (1005)

基于活动分类框架的在线学习者需求分析…………………………………………………………………………………………詹泽慧 (1008)

基于 GPU 的光线追踪算法的研究……………………………………………………………………………………………………毛华庆，朱丽 (1012)

2.5. 投资分析

并购中层级结构设置对终极控股股东融资能力影响研究………………………………………………………………………庄健，张秋生 (1017)

基于循环经济的钢铁工业项目投资决策研究…………………………………………………………………………………………罗福周，孙萌，谷婷洋 (1021)

辽宁省对外开放度对经济增长的影响研究……………………………………………………………………………………李向民，殷晓红，周亚君 (1026)

The Empirical Analysis on the Relationship between S & T Progress and Company Performance of the
Listed Companies in Pharmaceutical Industry in China………………………………………………………………………………Ru Zhang, Runhong Muo (1030)

上市公司高管薪酬与非效率投资相关性的实证研究……………………………………………………………………………………张如，杜相宜 (1036)

负债融资与上市公司投资行为的实证性分析……………………………………………………………………………………张如，姚雅文 (1042)

Corporation Value Analysis in China Second Board Market…………………………………………………………………………………………Linan Wang, Xiaohong Yu (1047)

基于多目标规划的房地产投资决策研究………………………………………………………………………………………………钱金波，杨茂盛 (1051)

中国沪深港台股市联动性分析………………………………………………………………………………………………………吴立广，黄珍 (1057)

实际所得税率对企业融资及投资决策影响关系研究……………………………………………………………………………………李映照，黄敏 (1061)

分析师跟踪、所有权性质与融资约束………………………………………………………………………………………………宫义飞 (1065)

并购与新建投资引起的资源流动的对比分析……………………………………………………………………………………………袁学英，张秋生 (1070)

基于 OLS 的大宗商品对外投资区位的影响因素分析……………………………………………………………………………………郝凯，尚会英 (1075)

固定资产投资增长与税收的调节作用………………………………………………………………………………………………李映照，王婷 (1080)

Specification of the Real Estate Cycle in China from 1986 to 2008………………………………………………………………………………Lei Feng, Xueqin Tan, Wei Li (1084)

Macroeconomic Factors and Housing Market Cycle: An Empirical Analysis Using National and City Level Data in China
………………………………………………………………………………………………………………………………Lei Feng, Wei Lu, Weiyuan Hu, Kun Liu (1088)

2.6. 知识管理

陕西医药制造行业社会游离个体创新研究——基于李克特量表的统计分析……………………………………………………刘军峰 (1093)
2.7. 其他相关主题

产品市场竞争能替代公司内部治理吗？................................................................. 张功富 (1199)

区域技术效率评价及其影响因素分析——基于我国 2000-2007 年省际面板数据 ...................... 吴航, 邵玲玲 (1204)

债务布置结构选择：一个基于成本与需求的实证研究 ..................................................... 王艳辉, 张秋华 (1209)

网络编码在 P2P 流媒体技术的应用 .............................................................................. 李平 (1213)

Web Advertising Breaching Competition Law and Its Legal Regulation ................................ Liu Meng, Jun Tong (1217)

基于网络的交互教学模式研究 ....................................................................................... 刘明理, 穆丹 (1221)

新疆兵团团场职工农业生产性收入增长的影响因素分析 .............................................. 汪海霞, 王力 (1225)

城市交通拥堵的经济学分析 ............................................................................................ 刘英林 (1229)

工学结合背景下高职酒店管理专业人才培养模式探讨 ................................................... 刘会涛, 安桃艳 (1233)
The Empirical Research of the Competitiveness Based on the Informationization of China’s Textile & Clothing Industry
Yanshu Jiang, Qianqian Zhang, Jing Chai (1237)

工业企业相对效益与总体增长状况分析………………………………………………………………………………………………………………马占英，马占新 (1241)

城市交通拥堵影响因素的灰色关联分析………………………………………………………………………………………………………………马诗咏，安实 (1245)

低碳生活人群出行方式的模式研究…………………………………………………………………………………………………………………罗福周，杨虎峰，马瑞 (1249)

A DEA-Based Approach for Equitable Allocation of Fixed Cost……………………………………………………………………………………………Ruiyue Lin, Xiaomin Chen (1255)

浙江省区域科技进步贡献效益的实证研究……………………………………………………………………………………………………………林瑞跃 (1259)

The Development of Demand Responsive Transport Services in Taiwan
Chien-Yen Chang, Yuh-Jen Cho, Li-Feng Chen (1263)

基于复杂科学理论的武汉市突发事件应急管理研究……………………………………………………………………………………………………赵伟 (1268)
