Study on Senior Staff Retention Challenges in Star Hotels
   Yan SU, Hui CAO, Shengdou YIN ......................................................408
Analysis on the Human Resource Management and Development of Modern Enterprise based on the Value Chain
   Kejing ZHANG, Zhaoyang HUANG .....................................................412
New Thinking about the Regional Talent Management
   Weijin WANG, Jixue YUAN, Xiangjun YU ...........................................417
Research on Talents Cultivation of Landscape Design on the Scope of Outstanding Engineers
   Jie ZHANG, Haiying LI ....................................................................422
Human Resources Management Situation of the Information Industry
   Yuexi ZHANG ..................................................................................427
Study on the Dynamic Mechanism of Enterprise HR Development
   Binxue WANG ................................................................................432
The Current Development and Construction of Highly Skilled Problems and Solutions
   Weituo ZHANG, Lin ZHAO, Dongsheng WANG ....................................437
Studio of Leadership in Human Resource Development-The Perspective of Potential Science and Information Person Theory
   Dechang LI, Shoufeng ZHANG, Pan GUO ..........................................442

Chapter Eight: New Generation of Employees Management
Chapter Nine: Higher Education Research
Evaluation of Doctoral Program in China based on Supervisors Survey: Technology Economy and Management
Shuhai ZHAO, Wei LIANG, Li SHAO ................................................................. 509
Survey on Working Stress in Higher School Teachers
Yuping WANG ................................................................................................. 515
Humanities Qualities Cultivating Based on International Recognition
Cheng SUN ......................................................................................................... 519
Consideration about the Present Situation and Developing of Human Resources in Foreign Languages Institutes
Xiong ZHAO, Xinhua WU .................................................................................. 524
Risk Management on Postgraduate Tutors
Xiguo LIU, Xiangzhen XU .................................................................................. 528
Existing Condition Analysis and Tendency of College Students Employment
Tielin WEI, Shutao SHI .................................................................................... 532
Research on National Defense Students Training Model Based on the Recruitment Will
Xiaopeng TANG, Jia HOU, Dongbin WANG ........................................................ 537
Research on Performance Management of Double-Qualified Teachers in Higher Vocational Schools Based on Balanced Score Card
Guoliang CAO .................................................................................................... 544
Existing Problems and Strategies in Performance Management of Double-qualified Teachers of Higher Vocational College
Guoliang CAO .................................................................................................... 552

Chapter Ten: Organizational Behaviour and Knowledge Management
The Remolding of Government Station in Community Services Field
LI HAO ................................................................................................................ 559
Enable Government Financial Support to Align with Corporate Employment Demand
Lin ZHAO, Weitu ZHANG, Dongsheng WANG .................................................. 564
Dynamic Game Analysis on Cooperation of Knowledge Team
Yue QU, Qingmei ZHU, Tianhe YANG ............................................................... 569
Effect of Prior Specific Procedural Knowledge and Declarative Knowledge on Identification of Entrepreneur Opportunities in Process of Entrepreneurship Creation
Jing PAN, Shu HUANG, Cheng WANG .......................................................... 576
Highlight Your Enterprise’s Subject Position to Innovate HR Management Environment
Yingshan MAO .............................................................................................. 585
The Knowledge Continuity Management under Labor Shortage
Zhanquan SUN ............................................................................................ 590
Regional Economic Development Analysis under Patent Pool
Wei SONG, Jing DAI ..................................................................................... 595
Study on Problems and Countermeasures on Human Resources Management in Traffic Management Office in Guang’an City
Yong DU, Jianying CHEN .......................................................................... 600
Knowledge Transfer, Knowledge Structure and the Formation of Organization Capital
Haifang WANG, Sinian WANG ................................................................. 606
Reform on Middle Manager’s Silence Behavior in Corporations
Li JIN, Fang WANG ..................................................................................... 610

Chapter Eleven: General Human Resources Management
On Investment of Human Capital in Western Region Enterprises
Xin WEI ........................................................................................................... 615
Research on Equalization Construction of Rural Public Cultural Services in Harmonious Society
Yang CHANG, Shangqin YANG ................................................................. 621
The Evaluation Indexes difference of the Degree of Satisfactions from Different Sources of the World Expo Audiences
Shunyong YANG, Wei ZHANG .................................................................... 628
Analysis of decisive factors for scientific and technological companies’ spin-off from a perspective of industrial cluster
Xiaomei CHU, Li MA ..................................................................................... 637
Quality of Human Resource Risks Management Clustering Assessment on Air Traffic Control Agency
Fan LUO, Zhi YANG, Ruihong WANG ........................................................... 641
Research on Prediction Methods of Human Resources Demand
Shan CHEN, Li MA ..................................................................................... 647
Discussion on Avoid the Risk of the Human Capital Investment
Honghui CHEN, Hongbo ZHANG, Jiayu CHEN ........................................ 651
SWOT Analysis of International Development of Agricultural Products in Yunnan Province
Min LUO ........................................................................................................ 655
Research of Recruitment Strategies Based on Employee Contact Point
Xianrui SHI, Sisi LI ....................................................................................... 662
Discussion on the indexes of human resource management
Lei SONG, Qiang LIU, Fengqin XIN ............................................................. 668
The Analysis of Plight on China’s Regional Economic Growth and Human Capital
