# TABLE OF CONTENTS

## FEATURED COUNTRY

**IBC-11- KOREA – 01 THE NATIONAL BRIDGE POLICY - FOCUSED ON UNIFIED REMOTE MONITORING SYSTEM AND SEISMIC RETROFIT PROGRAM** ................................................................. 1  
Ungjin Na, Jang-Won Lee  

**IBC-11- KOREA – 02 RECENT MAJOR BRIDGES IN KOREA** ................................................................. 14  
Dong-Ho Choi, Hyun-Moo Koh, Young Suk Park, Woo-Jong Kim  

**IBC-11- KOREA – 03 R&D ACTIVITIES OF BRIDGES IN KOREA** ................................................................. 27  
Youngseong Harry Koo, Byung-Suk Kim  

**IBC-11- KOREA – 04 INCHEON BRIDGE, NEW LINK TO INCHEON INTERNATIONAL AIRPORT** ................................................................. 35  
Duk Ki Im  

**IBC-11- KOREA – 05 MOKPO BRIDGE: DESIGN AND CONSTRUCTION** ................................................................. 46  
Young-Jun Hong, Byoung-Jin Kim, Kyoung-Hoon Leem  

**IBC-11- KOREA – 06 YEONGDUK 1st BRIDGE : DESIGN AND CONSTRUCTION OF CABLE-STAYED BRIDGE** ................................................................. 54  
Seung-Rok Lee  

**IBC-11- KOREA – 07 INTRODUCTION TO MARINE-CROSSING BRIDGES: JABER CAUSEWAY, ULSAN HARBOR, AND GEOGEUM BRIDGE** ................................................................. 62  
Eu-Kyeong Cho, Kyung-Ho Park, Chan-Soo Park, Jong-Hwa Park, Joong-Ho Song, Yung-Mook Na  

**IBC-11- KOREA – 08 INNOVATIVE AND AESTHETIC CHALLENGES IN SUSPENSION BRIDGES** ................................................................. 73  
Jae-Hong Kim, Min-Jae Lee, Jae-Ho Jung, Hyun-Sok Choi  

**IBC-11- KOREA – 09 GUM-GA EXTRADOSED BRIDGE** ................................................................. 80  
Young-Tae Choi, Dong-Keun Kim, Se-Hoon Choi, Dong-Ho Lee, Yang Kwang Ahn  

**IBC-11- KOREA – 10 BUSAN GEOJE FIXED LINK : BRIDGES AND IMMERSED TUNNEL** ................................................................. 86  
Sangkyoon Jeong, Jechun Kim, Bohyun Yang

## PROPRIETARY SESSION

Chair: Rachel Stiffler  

**IBC 11-01 AN ORTHOTROPIC STEEL BRIDGE DECK FOR MULTIPLE LONGITUDINAL GIRDER BRIDGES** ................................................................. 94  
Richard B. Vincent  

**IBC 11-02 NON-DESTRUCTIVE EVALUATION OF BRIDGE CABLES AND STRANDS USING THE MAGNETIC MAIN FLUX METHOD (MMFM)** ................................................................. 106  
Masamichi Sugahara, Tassuyuki Kai, Kazuhiko Tsukada  

**IBC 11-03 ZAMBIA’S NEW STRUCTURE INSPECTION AND MANAGEMENT SYSTEM A VITAL STEP TOWARDS IMPROVING SAFETY** ................................................................. 112  
Jeremy K. Shaffer, Michael C. Schellhas

## REHABILITATION SESSION

Chair: Lisle E. Williams  

**IBC 11-04 EXTENDING THE LIFE OF THE I-80 BRIDGE OVER THE MISSISSIPPI RIVER** ................................................................. 119  
David W. Petermeier, John M. Kulicki, Thomas P. Murphy, David M. Barrett, Philip R. Ritchie, Scott R. Eshenaur  

**IBC 11-05 REPLACEMENT AND RELOCATION OF KELLER’S COVERED BRIDGE** ................................................................. 130  
Daniel A. Rogers, David E. Hoggland  

**IBC 11-06 THE NEXT 100 YEARS: COST EFFECTIVEDESIGN AND REHABILITATION OF MASONRY ARCH BRIDGES** ................................................................. 138  
Michael J. Cuddy, Henry Berman, Peter Berg, Narayana Velaga  

**IBC 11-07 REHABILITATION OF THE JACKS RUN ARCH BRIDGE** ................................................................. 149  
Gary L. Gardner Jr., Daniel W. Willis, Michael J. Dillon  

**IBC 11-09 REHABILITATION OF NORTHBOUND 14TH STREET BRIDGE OVER THE POTOMAC RIVER IN WASHINGTON DC** ................................................................. 155  
Wagdy Wassef, Nick Theofanis, Daniel Irwin, Martin Smith, Konjit Eskender

</table>
IBC 11-49 BRIDGING BOOTHBAY WITH HCB..............................................................................................................491
John R. Hillman, Nathaniel Benoit

DESIGN: PART 2 SESSION
Chair: Thomas G. Leech

IBC 11-50 CALIBRATION OF AASHTO LRFD FOR FILLED GRID DECKS BASED ON HISTORICAL PERFORMANCE .........................................................................................................................498
Christopher Higgins, O. Tugrul Turan, Mark Kaczinski, Phil Gase

IBC 11-51 PEDESTRIAN BRIDGES WITH HYBRID STAINLESS STEEL-GFRP STRUCTURE ..........................................................507
Juan A. Sobrino

IBC 11-52 BRIDGE LESSONS LEARNED FROM THE CHILE EARTHQUAKE IN 2010 ........................................................................515
Wen-Huei Phillip Yen, Genda Chen, Ian Buckle, Tony Allen, Jeff Ger, Daniel Alzamora, Juan Arias

IBC 11-53 I-40 MISSISSIPPI RIVER BRIDGE SEISMIC RETROFIT PROJECT ........................................................................527
Robert Schamber, Fred Stephenson, Mark Christensen, Anand Kalidindi

IBC 11-55 A SYNERGY FOR INCREASED SEISMIC PROTECTION OF BRIDGES ........................................................................535
Roy A. Imbsen, Anoop S. Mokha

ABC SESSION
Chair: Louis J. Ruzzi

IBC 11-56 MOVING THE CAPILANO RIVER BRIDGE TO USE AS A CONSTRUCTION DETOUR ...............................................................................543
Murray Johnson, David Queen, Nick Sandhu

IBC 11-57 REHABILITATING NEW HAMPSHIRE’S INTERSTATE BRIDGES 60 HOURS AT A TIME ..........................................................................................557
Thomas T. Kendrick, Ronald L. Kleiner Jr.

IBC 11-58 CONSTRUCTION OF CURVED TRUSS BRIDGE USING ILM AND INCLINED CLIMBING SYSTEM ........................................................................567
Sung Man Yang, Kyung-Ho Park, Youn-Chul Shin, Hee-Hong Kim, Sung-Ryong Park

IBC 11-59 ACCELERATED BRIDGE SUPERSTRUCTURE WIDENING & REPLACEMENT ........................................................................573
Khosrow Babaei, Amir M. Fouladgar, Claude S. Napier Jr.

IBC 11-60 ACCELERATED APPROACH BRIDGE CONSTRUCTION USING PRECAST SUPERSTRUCTURE COMPONENTS ........................................................................582
Jong-Young Song, Young-Sun Kim, Jong-Ho Yang

IBC 11-61 FOUR INFORMATIVE PLUS ENTERTAINING MOVIES ON DVD’S THAT EXPLAIN ABC SOLUTIONS TO THE GENERAL PUBLIC ................................................................................588
Alfred R. Mangus, Craig Copelan

IBC 11-62 OVERNIGHT DECK REPLACEMENT OF THE I-190 GRAND ISLAND BRIDGE ........................................................................597
Mark G. Horschel, Christian S. Hulse

INSTRUMENTATION/INSPECTION SESSION
Chair: Gary Runco

IBC 11-63 INSPECTION AND EVALUATION OF NON-COMPOSITE PRESTRESSED CONCRETE ADJACENT BOX BEAM BRIDGES ..................................................................................................608
Leon Lung-Yang Lai, Clay Naito, Peter Kim, Tony Jen

IBC 11-64 UNDERWATER INSPECTION AND ACOUSTIC IMAGING OF SUBMERGED PIERS AND DEEP WATER ROCK ANCHORS AT BLUE MESA RESERVOIR, COLORADO ........................................................................618
David R. Reser

IBC 11-65 NEW TOOLS FOR INSPECTION AND EVALUATION OF STEEL TRUSS BRIDGE GUSSET PLATES ..........................................................................................622
Christopher Higgins, O. Tugrul Turan

IBC 11-66 LRFR RATINGS ON EXISTING BRIDGE INVENTORIES – A CASE STUDY ..........................................................................................628
Daniel L. Whittemore, Prasad Nallapaneni

IBC 11-67 MEASUREMENTS AND ANALYSES OF CABLE TENSILE FORCES IN A CABLESTAYED BRIDGE USING LASER VIBROMETER ..................................................................................635
Jin Taek Jun, Cheol-Hwan Kim, Hyun-Bae Kim, Dong-Geun Ahn

IBC 11-68 ASSESSMENT OF PIER CAP RETROFIT P-T BARS USING TAUT CABLE VIBRATION MEASUREMENT (TCVM) METHOD ..........................................................................................640
Y. Edward Zhou, Brett Commander, Mark Gazda, Peter Daloni
CONSTRUCTION SESSION
Chair: Donald W. Herbert

IBC 11-70 DESIGN AND CONSTRUCTION OF THE FULTON ROAD PRECAST CONCRETE ARCH BRIDGE............................................................................................................................... 644
Jeff W. Broadwater, Christopher D. Cummings, Daniel Baxter

IBC 11-71 HUEY P. LONG BRIDGE TRUSS LIFT MONITORING............................................................................................................................... 653
Thomas L. Weinnmann

IBC 11-72 LARGE-SCALE GROUND ANCHORAGE SYSTEM WITH HIGH PERFORMANCE MATERIALS............................................................................................................................... 659
Mingxian Chen, Guoqing Chen, Zhi Fang, Kuangyi Zhang, Jianhua Hu, Rong Liu, Xiangzheng Zhou

IBC 11-73 DESIGN, PRODUCTION AND ERECTION OF FULL SPAN PRE-TENSIONED PRE-STRESSED CONCRETE BOX-GIRDERS IN INCHEON BRIDGE VIADUCT............................................................................................................................... 665
Kyoung-Lae Park, Chung-Hee Lee, Jong-Ho Yang, Hyun-Yang Shin

IBC 11-74 THE TAXIWAY R BRIDGE, TAKING THE SKY TRAIN OVER THE PLANES............................................................................................................................... 673
David Burrows, Mark Stark, David Hensley, Tim Muller

IBC 11-75 PILE INSTALLATION CLOSE TO ADJACENT BRIDGE STRUCTURE: A CASE HISTORY............................................................................................................................... 682
Aravinda Ramakrishna, Raymond Mankbadi, Yong Chen, Gang Shen

RAIL SESSION
Chair: James Dwyer

IBC 11-76 REPLACEMENT OF SEPTA BRIDGE 20.25 – LANSDALE/DOYLESTOWN LINE ............................................................................................................................... 689

IBC 11-77 PADUCAH AND LOUISVILLE RAILROAD BRIDGE............................................................................................................................... 702
John E. Harms

IBC 11-78 DESIGN AND CONSTRUCTION OF THE NORTH SHORE CONNECTOR AERIAL STRUCTURE............................................................................................................................... 710
Christopher T. Vollmer, Keith A. Wargo

IBC 11-79 STRUCTURAL MODELING AND DESIGN OF THE DENVER I-225 LRT CORRIDOR BRIDGE OVER I-225 ............................................................................................................................... 718
Daniel Baxter, David Nemovitz

IBC 11-80 METRIFICATION AND EVALUATION OF GUSSET PLATES ON THE ROUTE 100 VIADUCT............................................................................................................................... 730
William C. Farrow III, Christopher Higgins, O. Tugrul Turan, Chris Carnes

TRENDY TOPICS/SUSTAINABILITY SESSION
Chair: Ronald D. Medlock

IBC 11-81 STATE OF SUSTAINABLE BRIDGE DESIGN PRACTICES IN THE UNITED STATES ............................................................................................................................... 737
Allison B. Halpern, Sigrid Adriaenssens

IBC 11-82 SUSTAINABLE BRIDGE SOLUTIONS USING RECYCLED PLASTICS ............................................................................................................................... 744
Vijay Chandra, John S. Kim, Tom Nosker

IBC 11-83 TESTING OF A FIBERGLASS REINFORCED POLYMER BRIDGE IN HURON COUNTY, OHIO ............................................................................................................................... 755
Douglas Nims, Edward T. Baznik, Michael G. Endredi, John Snyder

IBC 11-84 HEALTH MONITORING OF PRECAST GFRP-REINFORCED BRIDGE DECK PANELS ............................................................................................................................... 764
Chris P. Pantelides, Jim Ries, Rebecca Nis

POSTER SESSION

IBC Pos 11-01 INNOVATIVE UHPC PEDESTRIAN CABLE STAYED BRIDGE IN KOREA ............................................................................................................................... 772
Changbin Joh, Won-Jong Chin, Eun-Suk Choi, Sung Yong Park, Young Jin Kim, Byung-Suk Kim

IBC Pos 11-02 DETAIL DESIGN OF 3-PYLON SUSPENSION BRIDGE WITH TWO MAIN-SPANS IN KOREA ............................................................................................................................... 773
Do Gun Kim, Jae Ho Jung, Jae Hong Kim

IBC Pos 11-03 CABLE SUPPORTED BRIDGES OF DAELIM INDUSTRIAL COMPANY ............................................................................................................................... 774
Young Jae Seo, Jae Hong Kim, Gyoung Jae Lee, In Ho Hwang

IBC Pos 11-04 HYBRID STRUCTURAL TESTING CENTER ............................................................................................................................... 775
Nak-hoon Shim, Chul-young Kim, Young-suk Park, Won-yong Choi, Jeong-hoon Kim
