Safety and Health Division

Core Programming Topic at the 2011 AIChE Annual Meeting

Minneapolis, Minnesota, USA
16-21 October 2011

ISBN: 978-1-61839-732-4
# TABLE OF CONTENTS

**Process Hazards Emphasis In the New ABET Chemical Engineering Program Criteria** ................................................................. 1  
Jeffrey J. Sirola

**Promoting Acceptance of Process Safety Curriculum Requirements** ................................................................. 2  
Scott Berger

**Resources, Recommendations and Overcoming Challenges for Integrating Safety Into the Chemical Engineering Curriculum** ............................................................................. 3  
Amy Theis

**Educational Resources On Process Safety At the SaChE Website** .................................................................................... 4  
Thomas O. Spicer

**Continuing Our Journey to Bridge the Process Safety Gaps Between Academia and Industry** ................................................. 5  

**Exposing the Blurry Lines Between Personal Safety and Process Safety Education: Contrasting NIOSH Prevention Through Design (PtD) with CCPS Sache** ......................................................... 18  
Delmar R. Morrison, Ryan J. Hart, Pamela Heckel

**The 3rd Edition of Chemical Process Safety, Fundamentals with Applications** ................................................................. 19  
Daniel Crowl, Joseph F. Louvar

**Affecting Change: Creating a Culture of Safety within a Chemical Engineering Education Program** ......................... 20  
John F. Sandell, David W. Caspary, Anton J. Pintar

**Safety Education throughout the Undergraduate and Graduate Experience At Michigan Tech** ............................ 21  
Faith A. Morrison, Adrienne Minerick

**A Treasure Hunt towards Process Safety In the Unit Operations Laboratory** ................................................................. 22  
Ronald J. Willey, Kathleen Ziemer, Tracy Carter

**The Ohio State University Process Safety Education** ................................................................................................... 45  
Robert W. Johnson

**Implementing Conservation of Life Across the Curriculum** ..................................................................................... 47  
Richard A. Davis, James A. Klein

**Teaching Safety – a British and European Experience** .................................................................................................. 57  
Martin J. Pitt

**Author Index**
