The Curvilinear Relationship between Proactive Diversity and Team Performance: Taking Team Life Cycle as a Moderator Role
Mingjian Zhou, Yunsheng Wang

Service quality measure of B2C company based on customer complaints
Xinghong QIN

Evaluation of the Public Service Efficiency Based on DEA in Mountainous Areas in the Southwest Sichuan Province
Song Xueqian, Deng Wei

A Consumer Choice Behavior Model for the Substitutable Products
Xiong Yi, Huo Jiazhen

Channel Coordination with Fairness Concerns and Consumer Rebate
Lijun Ma, Qinghua Zeng, Songshan Dai

Option Contract Ordering and Pricing Policy of the Sea Cargo Forwarders with Empty Container Reposition
Xiangzhi BU, Jinjin Jiang, Xiaojun XU
Forwarder’s Option contract Ordering and Pricing Policy with Option Trade.................................63
Xiangzhi BU, Xiaojun XU, Jinjin Jiang

How to Deal with Consumer Resistance to Negative Publicity: The Importance of Information Source.....................................................................................................................67
Fang Yu, Hongyan Yu

An Overview on Service Operations Management.................................................................71
Benzarti Emna, Sahin Evren, Dallery Yves

The Moderating Effect of Personality in the Relationship between Speciality Identity and Creative..........................................................................................................................77
Zhu Shu, Xin Hong

The Impact of Relational Embeddedness, Knowledge Sharing on Service Innovation Performance.........................................................81
JIAN Zhaoquan, WANG Chen

The Supply Chain Coordination with Buy-back Contracts Considering the Different Salvage Value.....................................................87
Deng Zheng-hua

The Influence Mechanism Study of Word of Mouth on the Phone Purchase Intention of Migrant Workers........................................................................................................90
Wei Li, Xinpeng Yang

The Emergency Decision-Making: How to Trigger the Level of Emergency Response Plan with Forecast Updates................................................................................................................................94
YU Hui, LIU Guanmei, LIU Yang

An Empirical Analysis on the Contribution Rate of Scientific and Technological Services to Economic Growth in Jiangsu Province From 1980 to 2010.........................................................98
Guoqing Han, Hui Wang

Evaluation of Science Popularization Talents Based on GIOWA Operator..................................102
Ren Rongrong, Zheng Nian, Sun Hongxia

A simple method on Staff Scheduling in Multi-skill Call Center................................................106
Tao Dai, Junxiang Li

Design and Implementation of the Flexible Form Based on Strategy Pattern.............................................110
Changgen Jiang

A Method of Service Quality Monitoring in Contact Centers with Impatient Customers....................114
Junxiang Li, Tao Dai, Jiazhen Huo, Qiang Su

PART II-Service System Design, Operations, and Management

Considerations for successful enterprise information systems deployment ---The case of the Greek School Network................................................................................................................118
Michael Kalochristianakis, Emmanouel Varvarigos, Kostas Vassilakis, Michael Paraskevas
Research on Component Design Method of Inventory Management Based on Business Model and Cluster Algorithm
Siqi LIU, Linna LUO, Shifeng LIU
123

Simulation modeling and analysis for ordering decision of manufacturer with supply, demand and exchange rate risks
Yanchun Pan, Ming Zhou, Wei Yang, Zhimin Chen
129

A novel modeling method of team organization structure in E-business
YAN LI
134

Challenges and Problems in Product Portfolio Release and Deployment Management: A Case Study
Kristo Jokela, Marko Jäntti
138

Event driven Video Observation Information Service
Ling Ye, Jianhua Mao
142

Follow Me: An Analysis of Self-trait, Motivation, Microblog Usage and Attractiveness of One’s Microblog
Yinan Yu, Yan Zhu
148

Research and Design of the Credit Management of Retail Management System: with the UFIDA Chain Retail Management System as an Example
Zhuang Yufeng, Wang Yarong
154

Research On Websphere sMash And CICS TS Integrated Development
ZHUANG Lei, GAO Zhen, LI Guoqiang, HUANG Jie, WANG Min
158

Research on Self-organization Evolution for Public Crisis Governance Network of Urban Agglomeration
Yu Liying, Wang Ying
162

Design of An Education Cloud Based On Mainframe
HUANG Dingwei, GAO Zhen
167

Research on evaluation index system of mixed-model assembly line based on ANP method
Zhong Jinyuan, Hou Kaihu, Yanglin, Hou Rui, Zhu Xiaoli
171

System of Requisite Knowledge for Service Engagement Transformation
Veerendra K Rai
175

A Flexibile Support System For EIS Implementation
Jian WANG, Yuanxun GU
181

PART III - Supply Chain Management for Service
Outsourcing Logistics Channel Coordination with Revenue-sharing Contracts for Low Value Perishable Product
Qing Wu, Yu Qian
185
A fuzzy multi-objective supply chain production planning model: A case of the network product manufacturing industry in Taiwan

Huan-Neng Chiu, Chien-Te Lee, Deng-Kui Huang, Wen-Hong Chiu

A Review of Modelling Approaches for Supply Chain Planning Under Uncertainty

Morteza Lalmazloumian, Kuan Yew Wong

Financial Hedging in a Three-echelon Global Supply Chain in Presence of Spot Market

Yinping Mu, Li Huang, Haibin Wang

The Research on a Three-Dimensional Model for Resolving Supply Chain Conflict, from the perspective of organizational behavior

Yan Zhou

Incentive Contract Design in Distribution Supply Chain With the Overconfident Retailer

CHEN Wu, ZHOU Yong-wu, XIAO Dan, LIU Zhe-rui

Optimization Model of Refrigerated Food Transportation

Wang Ying, Yu Li ying

Study on the Determining and Importance Sequence of Factors affecting GSCM

Zhu-jiance, Yu-liying

Research on Two-stage Supply Chain Revenue Sharing Contract with Loss-Aversion under Disruption

Guohong Shi, Yueqian Fan, Yuefeng Zeng, Jia Wang

Supply Chain Wholesale Price Contract and Risk Hedge Strategy under Risk of Demand and Exchange Rate

DU Juan

E-waste Deposit System Under EPR in China: A view from closed-loop supply chain

Hua ZHONG, Chen Zhao

Ordering and Pricing Model of Risk-Averse Retailer under Exchange Rate and Demand Uncertainties

Fanghua Bao, Jingming Pan, Xiaowo Tang

SMEs’ Financing Decision: Based on the Supply Chain Finance

Yingjing Wu, Yongjian Li, Ping Li

A Study on Division of Cooperative Profit in Supply Chain Based on R&D and Promotion Investment

XiaoFengxian, Guo Honglian

Industrial Field Service Network Planning: Existing methods in Supply Chain Planning and Modeling and their applicability for field services

Philipp Hertz, Gandolf R. Finke, Paul Schönsleben
The Application of Logistics Center Location Based on Fuzzy BP Neural Network

Jingsong LIN

Coordination of a supply chain under energy price uncertainty

M. I. M. Wahab, L. Zhu

Research on the Optimization of Retailer Inventory Strategy Based on System Dynamics Simulation

Yang Lin, Hou Kaihu, Zhong Jinyuan

Pricing Decisions in a Dual-Channel Supply Chain with Dominant Manufacturer

Ma Lidan, Liu Bin

A logistics service cost sharing model based on customers’ perceived value

Haifeng Zhao, Ping Shen, Guanwei Huang

PART IV- Service Marketing and Financial Management

Analysis for Drivers of Stock Market Volatility When Rare Disasters Strike

Xudong Lin, Shuhui Gao, Quan Wang

Empirical Study on Customers' Perception of Psychological Contract Violation Influenced by Service Management

Lin YANG, Haili ZHOU

Dynamic Pricing for E-tailers With Two B2C Platform Online-Stores

Daoquan Liu, Bocheng Chen

The research to customer satisfaction factors of commercial bank: A case study of Shaoxing branch of Industrial and Commercial Bank of China

Li Xiaoming, Chen Jingliang

Market orientation, customer loyalty and company performance: From the SEM research of service firms in China

Dai Zhi-min, Guo Lu

A study on selection of logistics park investment program based on the combination of the DEA and the Entropy Method

XUE Wei

Optimal Pricing in the Presence of Strategic Consumer Behavior Risk

LI He, ZHANG Yu-lin

Needs-Focused Innovation Strategy and Business Performance

Stephen In-Ho Kim, Michael Byung-Yoon Lee, Daniel Tae-Yong Ku

Research on relationship of gratification sought, gratification obtained and microblogging user behavior
