2012 Third International Conference on Emerging Applications of Information Technology

(EAIT 2012)

Kolkata, West Bengal, India
30 November – 1 December 2012
# 2012 Third International Conference on Emerging Applications of Information Technology

## EAIT 2012

### Table of Contents

- Preface .................................................................................................................................................... xv
- Message from Mr. John W Walz, President, IEEE Computer Society ................................................xvii
- About Cover Photo and Photographer .................................................................................................xviii
- Committee Lists..................................................................................................................................... xix
- Program Committee and Additional Reviewers .....................................................................................xx
- Sponsors...............................................................................................................................................xxiii

### Keynote Talk

**Autonomic Cloud Computing: Open Challenges and Architectural Elements** ........................................3
  
  *Rajkumar Buyya, Rodrigo N Calheiros (The University of Melbourne, Australia) and Xiaorong Li (Institute of High Performance Computing, A*STAR Institute, Singapore)*

### Artificial Intelligence and Soft Computing

- **A Distributed Algorithm for Computation of Exact Voronoi Cell in a Multi-Robotic System** ..................13
  
  *K R Guruprasad (National Institute of Technology Karnataka (NITK), Surathkal, Karnataka) and Prithviraj Dasgupta (University of Nebraska, Omaha, USA)*

- **Single Document Extractive Text Summarization Using Genetic Algorithms** ...................................19
  
  *Niladri Chatterjee, Amol Mittal and Shubham Goyal (Indian Institute of Technology Delhi)*

- **A New Self-Tuning Fuzzy Proportional-Derivative Controller for High-Order Systems** ....................24
  
  *Rajani K Mudi (Jadavpur University, Kolkata) and Ritu Rani De (Maity) (Dr. B C Roy Engineering College, Durgapur, West Bangal)*

- **Predicting Annotated HIV-1–Human PPIs using a Biclustering Approach to Association Rule Mining** ....28
  
  *Sumanta Ray, Anirban Mukhopadhyay (University of Kalyani, West Bengal) and Ujjwal Maulik (Jadavpur University, Kolkata)*

- **A Self-Tuning Fuzzy PID Controller with Real-Time Implementation on A Position Control System** ..........32
  
  *Chanchal Dey (University of Calcutta, Kolkata), Rajani K Mudi (Jadavpur University, Kolkata) and Pubali Mitra (Calcutta Institute of Engineering and Management, Kolkata)*
A Practical Part-of-Speech Tagger for Bengali

Kamal Sarkar and Vivekananda Gayen (Jadavpur University, Kolkata)

Bio-Informatics and Bio Inspired Computing

IIR System Identification Using Particle Swarm Optimization with Improved Inertia Weight Approach

S K Saha, D Mandal, R Kar, Mallika Saha and S P Ghoshal (National Institute of Technology (NIT), Durgapur, West Bengal)

Mutation Effects on BBO Evolution in Optimizing Yagi-Uda Antenna Design

Satvir Singh and Gagan Sachdeva (Shaheed Bhagat Singh State Technical Campus, Ferozepur, Punjab)

Gravitational Search Algorithm in Digital FIR Low Pass Filter Design

S K Saha, S Mukherjee, D Mandal, R Kar and S P Ghoshal (National Institute of Technology (NIT), Durgapur, West Bengal)

Modified Roaming Optimization for Multi-modal Optima

Chakravarthi Jada, Harish Yenala, Kranthi Kumar Rachavarapu, Naveen Kumar Chittipolu (Rajiv Gandhi University of Knowledge Technologies, Basar, Andhra Pradesh) and S N Omkar (Indian Institute of Science, Bangalore)

A Novel Pairwise Sequence Matching Technique With Genetic Algorithm

Gautam Garai (Saha Institute of Nuclear Physics, Kolkata) and Biswanath Chowdhury (DOEACC society, Jadavpur, Kolkata)

Particle Swarm Optimization Based Technique For Network-on-Chip Testing

Kanchan Manna, Paras Khaitan, Santanu Chattopadhyay and Indranil Sengupta (Indian Institute of Technology, Kharagpur)

Biomedical Applications

A Simulation-oriented Channel Modeling Methodology for Human on-body Channel Communication

Yan-qing Ai, Wen-yan Tao and Chiu-sing Choy (The Chinese University of Hong Kong, Hong Kong, China)

Cancer Classification through Feature Selection and Transductive SVM Using Gene Microarray Data

Debasis Chakraborty and Shibu Das (Murshidabad College of Engineering and Technology, Berhampore, West Bengal)

A Low Cost Instrumentation System for determining Stability of Dental Implants

Madhushree Baruah, Paramita Banerjee, Atish Nandy, Bhaswati Goswami and Ratna Ghosh (Jadavpur University, Kolkata)
Automated Detection of Apnea and Hypopnea Events

Bijoylaxmi Koley (Dr. B. C. Roy Engineering College, Durgapur, West Bengal) and Debangshu Dey (Jadavpur University, Kolkata)

Application of Crosswavelet Transform and Wavelet Coherence for classification of ECG patterns

Swati Banerjee and M Mitra (University of Calcutta, Kolkata)

Object-Shape Classification and Reconstruction from Tactile Images using Image Gradient

Garima Singh, Anwesha Khasnobish, Arindam Jati, Saugat Bhattacharyya, Amit Konar, D N Tibarewala, R Janarthanan

Brain Tumor Detection From MR Images: Image Processing, Slicing and PCA Based Reconstruction

Rupsa Bhattacharjee and Monisha Chakraborty (Jadavpur University, Kolkata)

A Real Time Cough Monitor for Classification of Various Pulmonary Diseases

Ranjani S, Santhiya V and Jayapreetha A (Rajalakshmi Engineering College, Chennai)

Study of Inter-Session Variability of Long Term Memory and Complexity of EEG Signals

Somsirsa Chatterjee, Saugat Bhattacharyya, Anwesha Khasnobish, Amit Konar, D N Tibarewala and R Janarthanan (Jadavpur University, Kolkata)

Automated Detection of Air Embolism in OCT Contrast Imaging: Anisotropic Diffusion and Active Contour based Approach

Kausik Basak, Rusha Patra, Manjunatha M and Pranab Kumar Dutta (Indian Institute of Technology, Kharagpur)

Computer-Assisted Approach to Anemic Erythrocyte Classification Using Blood Pathological Information

Maitreya Maity, Prabir Sarkar and Chandan Chakraborty (School of Medical Science and Technology, Indian Institute of Technology, Kharagpur, West Bengal)

Detection of ECG Characteristic Features Using Slope Thresholding and Relative Magnitude Comparison

Deboleena Sadhukhan (College of Engineering and Management, Kolaghat, West Bengal) and Madhuchhanda Mitra (University of Calcutta, Kolkata)

Cloud, Grid and Distributed Computing

Comprehensive Testing Methodology for the Operational National Grid Computing Infrastructure – GARUDA

Mangala N, Abey Jacob, Prahlad Rao BB and Subrata Chattopadhyay (Center for Development of Advanced Computing (C-DAC), Bangalore)

Achieving Integrity and Confidentiality in Cloud Data Storage Using Cryptographic Techniques

Krunal Suthar (S P College of Engineering, Visnagar, Gujarat)
On efficient health-care delivery using Sensor-Grid

Suman Sankar Bhunia, Sarbani Roy and Nandini Mukherjee (Jadavpur University, Kolkata)

Optimal Scheduling of Computational Task in Cloud using Virtual Machine Tree

Raghavendra Achar (St. Joseph Engineering College, Mangalore), P. Santhi Thilagam (National Institute of Technology Karnataka (NITK), Surathkal, Karnataka), Shwetha D, Pooya H, Roshni and Andrea (St Joseph Engineering College, Mangalore)

Computer Vision and Pattern Recognition

Wavelet Versus Contourlet Features for Automatic Defect Detection on Hot Rolled Steel Sheet

Santanu Ghorai, Rahul Singh (Heritage Institute of Technology, Kolkata) and M Gangadaran (Steel Authority of India Ltd, Ranchi, Jharkhand)

Similar looking Gujarati printed character recognition using Locality Preserving Projection and Artificial Neural Networks

Mandar Chaudhary (Leelaben Dashrathbhai Ramdas Patel Institute of Technology and Research (LDRP-ITR), Gandhinagar, Gujarat), Gitam Shikkenawis, Suman K Mitra (Dhirubhai Ambani Institute of Information and Communication Technology (DA-IICT), Gandhinagar, Gujarat) and Mukesh Goswami (Dharmsinh Desai Institute of Technology (DDIT), Nadiad, Gujarat)

Retinal Vessel Segmentation Using Gabor Filter and Artificial Neural Network

Mahua Nandy (Pal) (MCKV Institute of Engineering Liluah, Howrah, West Bengal) and Minakshi Banerjee (RCC Institute of Information Technology, Kolkata)

Improving the Locality Preserving Projection for Dimensionality Reduction

Gitam Shikkenawis and Suman K Mitra (Dhirubhai Ambani Institute of Information and Communication Technology (DA-IICT), Gandhinagar, Gujarat)

Holistic Recognition of Handwritten Tamil Words

Thadchanamoorthy Subramaniam (Trincomalee Campus, Eastern University, Sri Lanka), Umapada Pal (Indian Statistical Institute, Kolkata), H Premaretne and N Kodikara (University of Colombo, Sri Lanka)

Expressions Invariant Face Recognition Using SURF and Gabor Features

Barun Kumar Bairagi (ARC India Pvt. Ltd, Kolkata), Samir Chandra Das (University of Kalyani, West Bengal), Arpitan Chatterjee and Bipan Tudu (Jadavpur University, Kolkata)

A Novel Hyperstring Based Descriptor for an Improved Representation of Motion Trajectory and Retrieval of Similar Video Shots with Static Camera

Chiranjoy Chattopadhyay and Sukhendu Das (Indian Institute of Technology Madras, Chennai)

Pattern Recognition for Damage Detection in Aerospace Vehicle Structures

Sanjay Goswami (Narula Institute of Technology, Kolkata) and Partha Bhattacharya (Jadavpur University, Kolkata)
Region Selection in Handwritten Character Recognition using Artificial Bee Colony Optimization ............... 183

Abhinaba Roy, Nibaran Das, Ram Sarkar, Subhadip Basu, Mahantapas Kundu and Mita Nasipuri (Jadavpur University, Kolkata)

Text Extraction from Scene Images using Statistical Distributions ................................................................. 187

Ranjit Ghoshal (St Thomas’ College of Engineering & Technology, Kolkata), Anandarup Roy and Swapak K Parui (Indian Statistical Institute, Kolkata)

Data Mining

TweetSmart: Hedging In Markets Through Twitter .......................................................................................... 193

Tushar Rao (Netaji Subhas Institute of Technology (NSIT), New Delhi) and Saket Srivastava (Indraprastha Institute of Information Technology (IIIT), Delhi)

Discovering Non-Redundant Association Rules using MinMax Approximation Rules ............................... 197

R Vijaya Prakash (Kakatiya University, Warangal, Andhra Pradesh), A Govardhan (JNT University, Hyderabad) and SSVN Sarma (Vaagevi College of Engineering, Warangal, Andhra Pradesh)

Association Rule Mining Algorithms and Genetic Algorithm: A Comparative Study ................................. 202

Soumadip Ghosh (Academy of Technology, Aedconagar, Hooghly, West Bengal), Susanta Biswas, Debasree Sarkar and P P Sarkar (University of Kalyani, West Bengal)

A Novel Algorithm for Enumerating Maximal Bicliques from a Symmetric Matrix ........................................... 206

M Dominic Savio, A Sankar (PSG College of Technology, Coimbatore, Tamilnadu) and R V Nataraj (Bannari Amman Institute of Tech, Sathyamangalam, Tamilnadu)

Pruning Based Method for Outlier Detection .................................................................................................. 210

Rajendra Pamula, Jatindra Kumar Deka and Sukumar Nandi (Indian Institute of Technology Guwahati)

Materialized View Construction Using Linear Regression on Attributes ......................................................... 214

Partha Ghosh, Soumya Sen and Nabendu Chaki (University of Calcutta, Kolkata)

e-Governance, GIS and Disaster Management

Lautoo Ram Yadav, Naveen Kapoor and Ram Sharik Singh (National Informatics Centre, Lucknow, Uttar Pradesh)

Labor Grid: for Effective Labor Migration ....................................................................................................... 227

Vishal Dave, Rahul Bhadouriya, Nikunj Darji (Leelaben Dashrathbhai Ramdas Patel Institute of Technology and Research (LDRP-ITR), Gandhinagar, Gujarat), Sanjay Chaudhary (Dhirubhai Ambani Institute of Information and Communication Technology (DA-IICT), Gandhinagar, Gujarat) and Gunvantsinh Gohil (Leelaben Dashrathbhai Ramdas Patel Institute of Technology and Research (LDRP-ITR), Gandhinagar, Gujarat)
Information system analysis for monitoring of air quality in peri-urban Howrah .................................................. 231

Sreemoyee Roy and Abhik Mukherjee (Bengal Engineering and Science University, Shibpur, West Bengal)

An Environment Monitoring Interface Using GRASS GIS and Python .......................................................... 235

Ajanta De Sarkar, Neha Biyahut, Sneha Kritika and Narendra Singh (Birla Institute of Technology Mesra, Kolkata)

Fuzzy Min-Max Neural Network for Satellite Infrared Image Clustering .................................................. 239

Barnali Goswami (Narula Institute of Technology, Kolkata), Gupinath Bhandari (Jadavpur University, Kolkata) and Sanjay Goswami (Narula Institute of Technology, Kolkata)

Enterprise Applications

Application of Expert System for Heating Control of Annealing Furnaces in a Cold Rolling Mill
– A Case Study at Bokaro Steel Plant ................................................................. 245

Somnath Mitra, Subrata Kumar Saha (Steel Authority of India Ltd, Ranchi, Jharkhand) and Nabendu Kumar Ghosh (Steel Authority of India Ltd, Bokaro, Jharkhand)

Embedded DSP Software Optimization-Strategies and Techniques .................................................. 250

Ranjan Dasgupta (Tata Consultancy Services, Kolkata)

GSM based Condition Reporting System for Power Station Equipments .................................................. 256

Jinia Datta (Das) (Birbhum Institute of Engineering & Technology (BIET), Suri, Birbhum, West Bengal), Soumyajit Datta, Sumana Chowdhuri and Jitendranath Bera (University of Calcutta, Kolkata)

A Two-Phase Constrained Chaotic Bee Colony Approach Towards Managing Coopetition in Supply Chain .................................................. 260

Mukesh Patel (Indian Institute of Technology, Kharagpur), Anirban Kundu and Vipul Jain (Indian Institute of Technology, Delhi)

Four C’s in Supply Chain Management: Research Issues and Challenges .................................................. 264

Vedpal, Vipul Jain and Naresh Bhatnagar (Indian Institute of Technology Delhi)

Genetic Based Bounded Knapsack for Column Generation in 1-D Cutting Stock Problem .................................................. 268

Jaya Thomas and Narendra S Chaudhari (Indian Institute of Technology, Indore, Madhya Pradesh)

Image Processing

Reconnecting broken ridges in Fingerprints ................................................................................................. 275

Suman K Mitra (Dhirubhai Ambani Inst of Information and Communication Technology, Gandhinagar, Gujarat) and Paridhi Munshi (Tata Consultancy Services, Hyderabad, Andhra Pradesh)
Combination of Fuzzy Clustering Algorithms for Change Detection in Remote Sensing Images .................................................. 279

Niladri Shekhar Mishra (Netaji Subhash Engineering College, Kolkata), Susmita Ghosh (Jadavpur University, Kolkata) and Ashish Ghosh (Indian Statistical Institute, Kolkata)

Evolutionary Algorithms and Cellular Automata Towards Image Reconstruction ................................................................. 283

Franciszek Seredyński (Cardinal Stefan Wyszyński University in Warsaw, Poland) and Jaroslaw Skaruz (Siedlce University of Natural Sciences and Humanities, Poland)

A (n, n) Secret Image Sharing Scheme Based On Array Scrambling .................................................................................. 287

Tapasi Bhattacharjee (Techno India, Salt Lake, Kolkata), Jyoti Prakash Singh (National Institute of Technology (NIT), Patna, Bihar) and Samar Bhattacharyya (Jadavpur University, Kolkata)

Text Detection from Camera Captured Images Using a Novel Fuzzy-based Technique ..................................................... 291

Ayatullah Faruk Mollah, Subhadip Basu and Mita Nasipuri (Jadavpur University, Kolkata)

Novel Methods for Slope and Slant Correction of Off-line Handwritten Text Word .............................................................. 295

Jija Das Gupta (University College of Technology, University of Calcutta, Kolkata) and Bhabatosh Chanda (Indian Statistical Institute, Kolkata)

Virtual Restoration of Old Mural Paintings using Patch Matching Technique ........................................................................ 299

Bhabatosh Chanda (Indian Statistical Institute, Kolkata), Dhruv Ratra and B L S Mounica (Indian Institute of Technology, Guwahati)

Two-stage Skew Correction of Handwritten Bangla Document Images .................................................................................. 303

Samir Malakar, Bhagesh Seraogi (MCKV Institute of Engineering Liluah, Howrah, West Bengal), Ram Sarkar, Nibaran Das, Subhadip Basu and Mita Nasipuri (Jadavpur University, Kolkata)

Realization of Orthogonal Codes in Optical Information Processing ......................................................................................... 307

Goutam Kumar Maity and Santi P Maity (Bengal Engineering and Science University, Shibpur, West Bengal)

A novel approach to nose-tip and eye corners detection using H-K Curvature Analysis in case of 3D images .......................................................... 311

Parama Bagchi (MCKV Institute of Engineering Liluah, Howrah, West Bengal), Debotosh Bhattacharjee, Mita Nasipuri and Dipak Kumar Basu (Jadavpur University, Kolkata)

Retinal Vessel Segmentation Using Morphological Angular Scale-Space .................................................................................. 316

Anirban Kundu (National Informatics Centre, Kolkata) and Rohit Kamal Chatterjee (Birla Institute of Technology Mesra, Kolkata)

Reversible Image Watermarking using Modified Difference Expansion .................................................................................. 320

Hirak Kumar Maity (College of Engineering and Management Kolaghat (CEMK), West Bengal) and Santi P Maity (Bengal Engineering and Science University, Shibpur, West Bengal)
Machine Learning

Channel Allocation In a Cognitive Radio Network Using Non Deterministic Q learning Algorithm ........................................................................................................... 327

Subhasree Bhattacharjee, Anirban Bhar and Rajib Saha (Narula Institute of Technology, Kolkata)

Ensemble based Active Annotation for Named Entity Recognition .............................................................. 331

Asif Ekbal, Sriparna Saha and Dhirendra Singh (Indian Institute of Technology Patna)

Mention Detection and Classification in Bio-chemical Domain using Conditional Random Field .............. 335

Asif Ekbal, Sriparna Saha and Kasha Ravi (Indian Institute of Technology Patna)

SahiBol: A Suite of Mobile Applications for Home Based Agents .............................................................. 339

Ahmed Imran, Meghna Pandharipande and Sunil Kumar Kopparapu (Tata Consultancy Services Limited, Thane (West), Maharashtra)

Concept of Applying Universal Hashing and Open Addressing for Performance Enhancement of Lazy Learning Method ........................................................................... 343

Chitrita Chaudhuri, Atal Chaudhuri and Sumangal Mandal (Jadavpur University, Kolkata)

Gesture Classification with Machine Learning using Kinect Sensor Data .................................................. 348

Sambit Bhattacharya, Bogdan Czejdo and Nicolas Perez (Fayetteville State University, Fayetteville, North Carolina, USA)

Mobile Computing

Transmission-Efficient Group-key Generation in Large Dynamic MANET Environments ......................... 355

Haimabati Dey and Raja Datta (Indian Institute of Technology, Kharagpur, West Bengal)

Mobility Management Protocol in Dual-homed UMTS Networks ............................................................... 361

Samir K Sadhukhan (Indian Institute of Management (IIM) Calcutta, Kolkata), Utkarsh Tiwari, Vishal Agarwal, Vivek Agrawal and P Venkateswaran (Jadavpur University, Kolkata)

ACO Variants in Solving Mobile Ad Hoc Network Routing ........................................................................ 366

Debasmita Mukherjee (Techno India, Salt Lake, Kolkata) and Sriyankar Acharyya (West Bengal University of Technology, Salt Lake, Kolkata)

An Advanced Uplink Scheduling at Subscriber Station for Real Time Services in WiMAX ....................... 372

Divya Saxena (GLA University, Mathura, Uttar Pradesh), Aditya Trivedi (Atal Bihari Vajpayee Indian Institute of Information Technology and Management (ABV-IIITM), Gwalior, Madhya Pradesh) and Tarun Kulshrestha (Devi Ahilya Vishwavidyalaya (DAVV), Indore)
Reputation Based Trust Management System for MANET

Arijita Banerjee, Sarmistha Neogy and Chandreyee Chowdhury (Jadavpur University, Kolkata)

Detection of Selective Forwarding Attack in Wireless Ad hoc Networks using Binary Search

Saswati Mukherjee, Matangini Chattopadhyay, Samiran Chattopadhyay, Prince Bose and Agniswar Bakshi (Jadavpur University, Kolkata)

Networking Technologies

Aditi Chatterjee (Dr. B C Roy Engineering College, Durgapur, West Bengal), Asish K Mukhopadhyay (Bengal Institute of Technology and Management (BITM), Santiniketan, West Bengal) and Debaprasad Mukherjee (Dr. B C Roy Engineering College, Durgapur, West Bengal)

Queen Bee Inspired Scheme for Gateway Node Selection in WSN

Bithika Mahata and Kalyan Mahata (Government College of Engineering & Leather Technology, Salt Lake, Kolkata)

Channel-Aware Key Management in MANET with Artificial Noise Forwarding

Haimabati Dey and Raja Datta (Indian Institute of Technology, Kharagpur)

Dynamic Load Balancing of Network Traffic Using Multiobjective Optimization

Sriparna Saha, Ashok Singh Sairam, Asif Ekbal and Shaik Zakir Hussain (Indian Institute of Technology Patna)

Packet Size Optimization for Multi Hop CDMA Wireless Sensor Networks with Nearest Neighbors Based Routing

U Datta (Council of Scientific & Industrial Research, Central Mechanical Engineering Research Institute (CSIR-CMERI), Durgapur, West Bengal) and S Kundu (National Institute of Technology (NIT), Durgapur, West Bengal)

DMODL -Distributed Multi-hop On-Demand Localization Using Virtual Anchor Nodes in Wireless Sensor Networks

Roopa C M and R Sumathi (Siddaganga Institute of Technology (SIT), Tumkur, Karnataka)

Security and Privacy

Authentication Technique for Gray Images Using DCT (ATGIDCT)

Anirban Goswami, Dipankar Pal (Techno India, Salt Lake, Kolkata) and Nabin Ghoshal (University of Kalyani, West Bengal)

An Improved Certified Email Protocol using an Offline TTP

Ranadeep Mukherjee and Ambar Dutta (Birla Institute of Technology Mesra, Kolkata)
CSRP: A Centralized Secure Routing Protocol for Mobile Ad Hoc Network ................................................................. 429

Sourav Kumar Bhoi, Imran Hossain Faruk and Pabitra Mohan Khilar (National Institute of Technology, Rourkela, Orissa)

Trusted Checkpointing Based on Ant Colony Optimization in MANET ................................................................. 433

Suparna Biswas, Priyanka Dey (West Bengal University of Technology, Kolkata) and Sarmistha Neogy (Jadavpur University, Kolkata)

A Formal Approach to Information Security Metrics ................................................................. 439

Agniswar Chakraborty, Anirban Sengupta and Chandan Mazumdar (Jadavpur University, Kolkata)

Resolving Conflicts between Role-hierarchy and Concept-hierarchy in a Digital Library Ontology .... 443

Subhasis Dasgupta and Aditya Bagchi (Indian Statistical Institute, Kolkata)

VLSI and Embedded Systems

High Speed Digital Filter Design Using Register Minimization Retiming & Parallel Prefix Adders ............ 449

Deepa Yagain and Vijaya Krishna A (People’s Education Society Institute of Technology, Bangalore, Karnataka)

High-Speed Comparator Architectures for Fast Binary Comparison ................................................................. 454

Suman Deb and Saurabh Chaudhury (National Institute of Technology (NIT), Silchar)

Low Jitter Hybrid Phase Locked Loop ......................................................................................................................... 458

R Prithivi Raj (Easwari Engineering College, Chennai), S Balaji (Anna University, Chennai), K S Srinivasan and S Senthilnathan (Easwari Engineering College, Chennai)

A 500 kS/s 8-bit Charge Recycle Based 2-bit per Step SAR-ADC ................................................................. 462

Pankaj Shrivastava, Kalpana G Bhat, Tonse Laxminidhi and M S Bhat (National Institute of Technology (NITK), Surathkal, Karnataka)

Design of Low Power Fault Tolerant Reversible Multiplexer Using QCA ................................................................. 467

Moumita Maity, Prasun Ghosal (Bengal Engineering and Science University, Shibpur, West Bengal) and Bishwarup Das (West Bengal University of Technology (WBUT), Kolkata)

Network-on-chip Routing Using Structural Diametrical 2D Mesh Architecture ................................................................. 471

Prasun Ghosal and Tuhin Subhra Das (Bengal Engineering and Science University, Shibpur, West Bengal)

Author Index ..................................................................................................................................................................... 475
