TABLE OF CONTENTS

VOLUME 1

AMCIS-1201-2012.R1. Health Diagnosis of Communities of Practices (CoPs) ................................................................. 1
  Suchul Lee, Esuho Sah, Yong Seog Kim

  Elad Moskovitz, Adir Even

AMCIS-1575-2012.R1. Open Source Alternatives for Business Intelligence: Critical Success Factors for Adoption .............. 18
  Zixuan Zhao, Carlos Navarrete, Alicia Iribarri

  Latent Semantic Analysis Approach ................................................................................................................................. 33
  Yibai Li, K. D. Joshi

AMCIS-1409-2012.R2. Identifying Business Process Activity Mappings by Optimizing Behavioral Similarity ........................ 41
  Jörg Becker, Dominic Breuker, Patrick Delfmann, Hanns-Alexander Dietrich, Matthias Steinhorst

  Existence Classification Framework and the Impact on Business Process Analytics Related Research Areas ..................... 50
  Filip Caron, Seppe Vanden Broucke, Jan Vandenbroeck, Bart Bauwens

AMCIS-1069-2012.R1. Measuring the Success of Retention Management Models Built on Churn Probability,
  Retention Probability, and Expected Yearly Revenues ........................................................................................................ 61
  Yong Seog Kim, Sangkil Moon

  Marketing Instruments and Associated Management Costs ................................................................................................. 69
  Yong Seog Kim, Hyeseon Lee

AMCIS-1094-2012.R1. Hanging with the Right Crowd: Matching Crowdsourcing Need to Crowd Characteristics ............... 77
  Mahmood Hajli

AMCIS-1147-2012.R1. Investigating the Non-Linear Relationships in the Expectancy Theory: The Case of
  Crowdsourcing Marketplace ................................................................................................................................................. 86
  Yongqing Sun, Nan Wang, Chunxiao Yin, Tong Che

  Contests: First Findings ......................................................................................................................................................... 97
  Liang Chen, De Liu

  Frederik Von Briel, Christoph Schneider

  Kevin Barton, Carol J. Jeffries-Horner

  Joseph Julik, Tianjun Zuo

AMCIS-1616-2012.R1. The Role of Situation Awareness in Detecting Criminal Intrusions: A Different Perspective
  on Information Security Awareness ........................................................................................................................................ 135
  Bartlomiej Hanus, Yu Wu

AMCIS-1623-2012.R1. Information Security Strategy: In Search of a Role ........................................................................... 144
  Roger Seeholzer

  Irit Askira Gelman

AMCIS-1536-2012.R1. The Bipartite Influence of Information Overload on User Resistance to Knowledge
  Management Systems .............................................................................................................................................................. 175
  Leo Wild, Sven Laumer, Anne Kroenke

  Shankar Praveash, Balaji Padmanabhan

  Generated Test Data .............................................................................................................................................................. 190
  Philip Woodall, Martin Oberhofer, Alexander Borek

AMCIS-1220-2012.R2. Social Commerce: The Role of Trust ............................................................................................ 201
  Suchul Lee, Emad Hajli

  Xiao Zhang, Jan Clark

  Framework ........................................................................................................................................................................... 218
  Mohammad Najjar, Son Bui

AMCIS-1578-2012.R1. Perceived Privacy Breach – the Construct, the Scale, and its Antecedents ................................. 226
  Alaa Ahmed, Peter Mykkyyn

AMCIS-1052-2012.R1. Instant Messaging Privacy in the Clouds ....................................................................................... 235
  Lizbeth Granda Paredes, Sergio Donizetti Zorzo

  Customer Satisfaction ......................................................................................................................................................... 245
  Srikar Velichety, Alexandra Durckova
AMCIS-1494-2012.R2. Managing Online Teaching to Enhance Student Learning: A Paradigm Shift .............................................................. 794
Anil Kumar, Poonam Kumar
Study of Australian Lecturers ......................................................................................................................... 807
Saruya Hamid, Shanton Chang, Jenny Waycott, Sherah Kurnia
Leigh Jin, Sameer Verma, Wen Hao Chuang
AMCIS-1335-2012.R1. Theorizing the Dual Role of Information Technology in Technostress Research ................................. 827
Jignya Patel, Sung Ryoo, William Kettinger

VOLUME 2

Fit Perspective .......................................................................................................................................................... 836
Dinko Bacic, Radha Appan
Service Encounters ................................................................................................................................................ 845
Ofir Turel, Catherine Connelly
Study ........................................................................................................................................................................ 853
Jens Poegelbues
AMCIS-1296-2012.R1. ERP Usability and the Mangle of Practice: Improving Work Processes and Employee
Performance ....................................................................................................................................................... 864
James O'Farrell, Nick Leitch, Sharon Purchase
AMCIS-1151-2012.R1. How the Scale and Consistency of Change Influence the Ease and Benefits of Introducing
Multi-organisation Shared Services ................................................................................................................... 873
Borman, Frank Ulbrich
Katrin Bergener, Maltbender Andrea, Kevin Ortbach, Jörg Becker
Richard Burkhard, Timothy Hill, Shalilaj Venkatsubramanayam, Chang Kim
AMCIS-1624-2012.R1. Understanding the Quality of Informational Health Websites: The Application of the Kano
Model ................................................................................................................................................................... 899
Samar Swaid
John Campbell, Xharmagne Caramdang
Efosa Idemudia
AMCIS-1301-2012.R1. Do Distractions and Interruptions Mitigate Online Impulse Purchasing?: An Empirical
Investigation ......................................................................................................................................................... 925
Snoney Brooks, Christopher Califf, Todd Martin
Responses ............................................................................................................................................................ 935
Pei Xu, Liang Chen, Lijuan Wu, Radhika Santhanam
Soussan Djamashi, Ami Samani, Dhiren Mehta
AMCIS-1716-2012.R1. Individual Relationships with Technology ...................................................................................... 950
Kit Scott
Implementation ....................................................................................................................................................... 955
Chia Ming Sun
AMCIS-1438-2012.R1. Internal Auditors, Managers and the Framing of Continuous Monitoring: a Case Study of
an Australian Wholesale Company .................................................................................................................... 966
Catherine Hardy
AMCIS-1475-2012.R2. Internal Audit Function response to ERP Systems Implementation..................................................... 976
Hany Elbadar, Maged Ali
Artyrge Argyro
Case Study of Hospital Operation Room Scheduling ......................................................................................... 996
Charu Chandra, Jun He, Zhixin Liu, Toni Ruohonen
Mark Borman, Martin Jabirich, Gunnar Dietz, Werner Exeowein
E-prescribing ........................................................................................................................................................ 1014
Nelson King
Study Perspective .............................................................................................................................................. 1025
James (Jim) Ryan, Barbara Doster, Sandra Daily, Carmen Lewis, Rosemary Glass
Enabled Model for Diabetes Self-Care ................................................................. 1035
Ahnad Al-Kadi, Samir Chatterjee

Asha Adeyemi, Rondalynne McClintock, Victoria Kretsek, Yoonmi Lee

Mihail Cocosila, Norman Archer

AMCIS-1188-2012.R2. Cues from Doctor: Role of Media in Reinforcing Life Changing Interventions ...................... 1064
Koushik Ghosh, Sudheer Chavala

AMCIS-1275-2012.R1. Investigating the Reciprocal Relationships Within Health Virtual Communities ................. 1073
Nima Kordzadeh, Charles Liu, Yoris Au, Jan Clark

Vance Wilson, Wei-Yi Wang, Steven Sheetz, James Connolly

Chau Nguyen

Phil Joyce

AMCIS-1401-2012.R1. Emergence and Development of Inter-Organizational Relationships in International Supply Chains: The Macedonian Winery Case ................................................................. 1109
Kristjan Milroevski, Robert Davison, Christoph Schneider

Jonathan Wisner, Peter Ekman, Steve Thompson

AMCIS-1615-2012.R1. Inter-organizational Information Alignment: A Conceptual Model of Structure and Governance for Cooperations ......................................... 1127
Janna Kranets, Karsten Zimmermann

Julia Gallenkamp, Bettina Riedl, Audrey Korngard, Arnold Picot, Isabell Welpe, Rolf Wigand

AMCIS-1469-2012.R1. Exploring the Dynamics of Culture in the Roll-out and Adoption of eCollaboration Technology: A Case Study Comparison ................................................................. 1145
Nadine Vehring, Male Kramer

Xijin Zhong, Savanidh Vattanaskulakul, Chad Aoun

Yineng Deng, Klarissa Chang, Xixing Sha, Bernard Tan

AMCIS-1831-2012.R2. The Role of IT Infrastructure in IS Success Model: Applying the IS Success Model in Low-Income Countries Context ........................................... 1172
Berhanu Berea, Solomon Negash

Boitumelo Nhuelang, Sunday Ojo, Victor Mharika

AMCIS-1311-2012.R3. Towards an Effective Structure of IT Governance for Organizations in Developing Economies ................................................................................................................................. 1189
Joel Somwati, Acklesh Prasad, Peter Green, Jon Hales

Danuvasin Charoen

AMCIS-1135-2012.R1. Breadth and Depth: The Impact of ICT Adoption on Outreach Capabilities of Microfinance Institutions ................................................................. 1211
David Weber, Uday Kulkarni, Frederick Riggins

AMCIS-1324-2012.R1. IT Workforce Competence Development in the Knowledge Society: Challenges and Research Directions ................................................................................................................................. 1224
Guilhermo Rodriguez-Abitia, Luz Jau, Jane Fedorowicz, Geoff Dick

AMCIS-1653-2012.R1. Incorporating Business Impact into Service Offers – A Procedure to Select Cost-Optimal Service Contracts ................................................................. 1228
Axel Kieninger, Björn Schmitz, Detlef Straeten, Gerhard Satzger

Richard Orwig, James Baker, William Flather

Serdar Turedi, Hongwei Zhu

Jason Triche, Qing Cao, Mark Thompson

AMCIS-1168-2012.R1. The Business Value of Knowledge Management ................................................................................................................................. 1273
Sherry Ryan, Gina Harden, Bashorat Ibragimova, John Windsor
