Contemporary Innovation and Development in Management Science
- Conference Proceedings of The 5th International Institute of Statistics & Management Engineering Symposium

Table of Contents

Welcome Message from the General Chair......................................................... I
Conference Committee ...................................................................................... II
Keynote Speakers............................................................................................. IV

Session 1: Financial Management
Reverse of Amortization for Financial Instruments with Fixed Compound Interest where the Principal and Interest are Repaid at the Same Time
   CHANG Lihua, TAN Lixia, HUANG Jiangquan, DENG Houping............................................. 1
The Incentive Mechanism of Venture Capital under Horizontal Fairness Preference
   GUO Sidai, YANG Peng............................................................................................................ 6
Debt-Based Executive Compensation Design and Implementation Improvement in China
   XU Lu, HU Xuwei.................................................................................................................... 12
Mechanism Construction of Small Loan Credit Risk Management of Commercial Bank
   FANG Dedong, CHEN Lin...................................................................................................... 18
Stock Equity, Audit Opinion and Debt Maturity Constraints
   XIAO Xiang, YUE Yao, XUE Feng...................................................................................... 24
Option Pricing Model with Transaction Cost in the Jump-Diffusion Environment
   ZHANG Yuansi .................................................................................................................... 29
Study on Influence of Different Research Fund-Raising Channels on China's High-Tech Industrial Technological Innovation Efficiency
   DUAN Xiaohua, YIN Zhongmin ......................................................................................... 35
A Study on the Validity of Money Supply as the Intermediate Target of Our Monetary Policy - the Empirical Study Based on Data from 1998 to 2011
   WANG Shifen, WU Limin ..................................................................................................... 41
An Empirical Research of the Influence of Related Party Transactions in State-owned Listed Companies on Corporate Value
  XU Wei, ZHAO Xiaofang .................................................................46
Which Mergers and Acquisitions Can Improve the Production Efficiency, Foreign Capital or Domestic Funded? - based on Experienced Evidence of Manufacturers’ Mergers and Acquisitions
  WANG Zechun...........................................................................53
An Empirical Study on Factors of Executive Compensation in Financial Listed Companies
  XU Suqi, WANG Qinghua.............................................................60
Engineering Project Information Portal in The Construction Project of DB Mode Applied Research
  JIANG Dongmin, JIANG Shubin....................................................68
Case Analysis of Micro-Credit Risk Evaluation in Commercial Bank
  YANG Xiuyan, YU Fei.................................................................73
Measure of Default Loss Based on Mixed Copula Model
  WANG Qin, ZHENG Haitao, WANG Jianpeng...............................81
Analysis on Foreign Capital Utilization Efficiency in Suzhou
  CHEN Xianfen.........................................................................88
The Investment Decision Based on Incomplete Information Game Theory
  YAN Jiating, LU Qingchu............................................................95
Study on the Investment Decision and Strategy Adjustment of Venture Capital
  ZHU Konglai, LIU Xiaofeng, ZHANG Xiao..................................100
The Study on the Approaches of Policy Introduced Fund of Venture Investment Based on the Enterprise Life Cycle Theory
  ZHU Konglai, LIU Xiaofeng, ZHANG Linna, LI Junjie .....................109
The Problems and Countermeasures during Implementing the Women’s Small Secured-loan’s Fiscal Subsidized-interest Policy
  LI Shujie, TANG Hongjuan, GUO Xiaoli ....................................117
Investigate the Challenges and Its Countermeasures of Financial Management Based on the Changes of Current Economic Environment
  ZHANG Xiao, MU Shaoxia.........................................................124

Session 2: Enterprise Management

Analysis and Improvement on Measurement of Management Efficiency
  DU Jingyi..................................................................................129
A Study on Competitiveness of Industry Cluster Based on “GEMS” Model - Taking Jiangmen Motorcycle Industry Cluster as an Example
  CHEN Hui, WU Shujuan............................................................134

Research on Partner of Supply Chain Selection

FU Lan.........................................................................................................................333

The Study about Accounting Informatization and Accounting Information Quality Based on Cloud Computing

GU Wenlin, ZHANG Ling...........................................................................................338

From Periphery to Core: Innovation Pathway Study of Products of Chinese Software Enterprises

CAO Ying, SONG Xilian, GU Yu, CHEN Qian ...........................................................343

Session 4: Regional Economy and Urbanization

The Study of Present Developing Situation and Countermeasure about Xinjiang Bole’s Tourism

XIONG Jihong ..................................................................................................................351

Contrast Analysis on 3G Strategy of Chinese Telecom Operators

SHA Jing .........................................................................................................................357

Designing of A Tourism Destination mobile Business Marketing Model Based on Customers and Their Locations

TANG Yinghan................................................................................................................364

A Study about the Role of Jilin Province’s Municipal Facilities Construction Investment on the Economic Development

LIU Guangjie..................................................................................................................369

The Performance Evaluation of the Rise of Central China Strategy Based on the Analysis of Regional Disparities

WANG Wenqing ..........................................................................................................374

The Efficiency of Land Use and Government Behavioral Approach under The Perspective of Public Administration

WANG Haitao, CHEN Yaowen, YANG Lei.......................................................................379

Local Innovation Capability, Transnational Capital Technology Spillovers and Industrial Chain Upgrading in the Yangtze River Delta--Based on Electronic and Communications Equipment Manufacturing Industry

ZHAO Hongyan, TIAN Xia............................................................................................384

Dietary Astragalus Polysaccharide Enhanced Innate Immunity of Epinephelus Malabaricus

CHEN Chengxun, WANG Qingkui, XING Kezhi............................................................392

Dietary Copper on The Growth Performance, Digestive Enzyme and Antioxidant Ability of Epinephelus Malabaricus

WANG Qingkui, YU Wenwen, XING Kezhi.....................................................................397

Establishing of Marketing and Customer Relationship of Service Industry

WANG Gang, NING Fengyan .........................................................................................405

Analysis on the Regional Development in Pudong New Area

ZHENG Jiaqing .............................................................................................................409

JIA Dongchao, LI Linlin .......................................................... 514
Research on Environmental Cost Control Research Based on The Product Life Cycle.

HUANG Jing ................................................................. 520
Research on Mental Health Disparities of Junior High School Students in Different Groups in PDS

WEN Yali ........................................................................ 525
A Review and Commentary of the Studies on Student Information-Seeking Behavior

GAO Jin, GAO Yan ........................................................... 529
Analysis of Educational Institutions’ Image in the Conditions of Project Management

MA Feng ........................................................................ 536
The Usage of Frost Multidimensional Perfectionism Scale in Junior Middle School Students

SUN Huichao, WEN Yali .................................................... 546
Who Wins on Wage Decision? An Empirical Study of the Effects of Bargaining Power on Wages in China

SONG Zhan, MU Junlin ...................................................... 551
A Study on The Effects of Career Development on The Knowledge Workers’ Perception of Employment Relationship: Based on The Perspective of Psychological Contract

BAI Yan Li ...................................................................... 559
Constructing a Teacher-Oriented Mode of Educational Management

WANG Lun, SUN Jingyi, YU Xiaoping .................................. 566
Analysis on The Anti-corruption of Education System and Reformation and Innovation of Education Development

WU Jianfeng, WANG Shuping ............................................. 570
Impact of the Urban Unemployment Rate

HUANG Xin, ZHAO Qiang ................................................ 575
The Influence of Labor Intensive Export on China’s Economic Growth

KANG Zengkui, Stober Emmanuel Olusegun ...................... 580
Analytical Study on the Capita Operation in China of International Management Group as One of the World’s Top Sports Management Corporations

LI Yuan .......................................................................... 586
The Development and Research of Knowledge Sharing among Integrated Innovation Network(IIN) Members

NIU JinHu .................................................................... 590
Training Investigation and Training System Construction of Liaoning Migrant Workers

KONG Wei, LI Chengfeng, BIAN Zijian .............................. 595
Identifying Cross-Cultural Training Needs of Chinese Government Employees: Exploring and Reporting from a Field Training Program in the U.S

GAO Yan, Lee W. Lee, Margaret E. Mitchell ....................... 600
The Research on the Regional Talent Vitality Based on the Upgrading of Economic Vitality

CAO Yanling ................................................................. 608
Research on Status Quo and Countermeasures of Career Planning Capacity

JIANG Caixia, ZHAO Shuang .................................................................615

The Construction Socialism Harmonious Society Needs to Strengthen the Moral Reconstruction

HUANG Ying Qiong .................................................................620

An Empirical Analysis on Factors Affecting the Cooperation Effect of Enterprises, Universities and Institutions in Shandong Province

WU Haifeng, LI Fengyan ...............................................................624

The Research on the Development Of the Integration of Industry, Education, and Academy in China

LI Fengyan, WU Haifeng ...............................................................631

Analysis on the Training Experience and Training Requirement of Rural Laborers under the Perspective of Group Differentiation— Based on a Survey in Liaoning Province

MA Yunqi, TAO Peijun, YANG Xiaoli. ........................................637

Study on the Construction of University Education Quality Management System under the Framework of ISO9000 Standards

ZHAO Shuang, JIANG Caixia ............................................................643

The Gender and Major Differences Regarding College Students' Bounded Rationality and The Relationship Between It and College Students' Personality Trait

YU Peng, LIU Yujie .................................................................647

Session 6: Marketing Management

The Impact of Interposable Algorithms on Machine Learning

MA Jinzhu, LIANG Wei, Li Junjie .........................................................652

The Mediating Effect of Brand Community Network Structure Between Participation motivation and Brand Loyalty

ZHANG Yurong .................................................................657

An Analysis of Multinational Marketing Ethics: The Perspective of Cultural Difference

JIANG Aiqing .................................................................663

Analysis of Value Creating Innovation of Group- purchasing Websites-Based on Value-creating Network Model

WANG Sai-fang .................................................................667

Discussion on Co-branding Strategy for Shanghai Textile and Garment Industry.

HU Hongyan, HU Shouzhong .........................................................672

Environmental Change and WTO Enterprise Marketing Strategy to Explore

LI Yansong, JIANG Wenqin ...........................................................679

Research on Interaction Effect of Product price and Online Veview Valence on the Usefulness of Online Review

SUN Wenjun, ZHANG Liping ...........................................................684
The Analysis of Foshan Service Outsourcing Industry Based on the investigation from manufacturing and service industries

DONG Junwu, HE Weijin

Development Status and Problems of the Processing trade in Shandong Province

CHI Xulei

Empirical Research of Area Differentiation of Consumption Function in China: Provincial panel data analysis

LI Liren, HE Zhaoming, XUE Hanbing

Discussion of The Value Marketing of Brand Garment

LIANG Shuaitong, HU Shouzhong, HU Hongyan

On The Commercial Values And Operational Patterns of Corporate Microblog Marketing

LI Qingquan, XU Ai, CONG Guo

The Study of the Relationship between Personal Consumption Loans and Consumption Structure’s Upgrading

YU Yanping, LIU Liuh, QIAN Zhengming

Learning form “Selling”: An innovative marketing model in e-bank targeting mainly to university students

LI Jiangyu, YU Haibo

Study of China International Contractors Entering into the European and American Building Markets

LI Yu, ZHANG Yi, LI Wei

A System Dynamics Modeling Approach for Corporate Profit with Product Reliability

CHANG Wenbing, JIN Jing, ZHOU Shenghan

The Research on E-marketing Strategy Based on Consumer’s Perceived Risk

LI Baoling, HUI Sili

Session 7: Energy Policy and Low Carbon Economy

Preliminary Research on Necessity and Countermeasure of Reasonably Control Coal Output during the Twelfth-Five-Year Period

CONG Wei, SUN Qinglei

China’s Energy Consumption and Economic Growth : A Study based on the Cointegration Analysis and Error correction model

ZHU Xinfang, ZHENG Mingru

Study on EPE and the Scientization of Regional Environmental Management

WU Lan, LIU Min

The Thinking of Water Enterprise Monetary Fund Internal Control System Design

JI Qian, GU Wenlin

Fuzzy Hierarchical Structure Model for the Human Error Factors in Electricity Enterprises

ZHANG Ying, WU Shengsheng
Study on the Construction of Chinese Carbon Financial System

YIN Li, YAN Kun .............................................................................................................. 774

Renewable Energy Power Project Financial Evaluation - Take H Enterprise Wind Project As an Example

LIU Guangbin, ZHAO Hang .............................................................................................. 779

Session 8: Organization Administration and Social Network Management

The Dynamic Analysis on Wuhan Different Teenagers Entertainment

QIAN Jianlong, LIU Ting .................................................................................................. 785

Imputed Empirical Likelihood for Partially Linear Models with Covariate Data Missing at Random

YANG Yiping, ZHOU Yousheng ..................................................................................... 790

Study on Hypothesis of Gold Mean Man and Construction of Chinese Organizational Behavior Model

ZHU Xiaoming, ZHANG Zhen ....................................................................................... 796

Survey on Implementation Effect of Reservoir Immigrant Later Stage Support Policy

SUN Haibing ..................................................................................................................... 802

Analysis on the Effection of Flexible Delay Retirement Policy of Shanghai - Base on Co-ordination Fund of Social Pension Insurance

LIU Caiyun, WANG Yuming, GAO Yanjie ........................................................................ 807

The Impact Factors Analysis of the City Personnel Innovative Vitality in Jinan City

ZHANG Lei, ZHOU Yong .................................................................................................. 812

Researching The Development of The Network Technology’s Influence on University Students’ Socialization

CUI Limin, JIANG Dongmin, ZHANG Xiaofeng ................................................................ 821

Analysis on Public Cultural Service Equalization of Zhejiang Province in China

HU Shuigen, WU Yunyun ............................................................................................... 827

Measure of Shandong’s Soft Power and Its Impact on Economic Development

JIANG Qingming .............................................................................................................. 836

Deficiencies, Innovative Ideas and Suggestions of the Government's Social Management

YAN Yan .......................................................................................................................... 844

The Research of Government Affairs Outsourcing Situation, Development Motivation And Perfect Paths

YANG Baojian ................................................................................................................. 848
