9th International Conference on Environmental Science and Technology 2005

(CEST2005)

Rhodes, Greece
1-3 September 2005

Volume 1 of 3

ISBN: 978-1-62748-422-0
### TABLE OF CONTENTS

**VOLUME 1**

**THE N-NITROSOMETHYLETHYLAMINE (NMEA), NEW DISINFECTION BYPRODUCTS, FORMATION DURING WATER DISINFECTION WITH CHLORINE** ................................................................. 1

Andrzejewski P, Kasprzyk-Hordern B, Nwarrocki J

**REDUCTIVE DECOMPOSITION OF WASTE GYPSUM IN FE-SI-AL MULTI-COMPONENT SYSTEM** ................................................................. 8

**RADIOACTIVE IODINE IN TERRESTRIAL ECOSYSTEMS** ................................................................. 14

Mimides T, Katharios L

**THE APPLICATION OF FRACTALS IN HYDROLITHOLOGICAL SYSTEMS ANALYSES** ................................................................. 22

Mimides T, Katharios L

**PHOTOOXIDATIVE DEGRADATION OF MALACHITE GREEN (MG) BY UV/H2O2: INFLUENCE OF OPERATIONAL PARAMETERS AND KINETIC MODELING** ................................................................. 30

Modirshahla N, Behnajady M A

**COST ANALYSIS OF THE MANAGEMENT OF ELECTRICAL AND ELECTRONIC PRODUCTS AT THE END OF THEIR USEFUL LIFE** ................................................................. 36

**COMPARISON OF EXPERIMENTAL RESULTS AND MODEL SIMULATIONS AND COST-EFFECTIVENESS ASSESSMENT OF PHOTOCATALYTIC COVERING TECHNIQUES** ................................................................. 42

Moussiopoulos N, Barmpas Ph, Vlachokostas Ch, Ossantis I

**MERLIN: THE STUDY OF URBAN AIR QUALITY IN 20 EUROPEAN CITIES** ................................................................. 48

Moussiopoulos N, Dozon I, Reis S, Friedrich R

**EFFECT OF SONICATION ON REMOVAL OF NATURAL ORGANIC MATTERS** ................................................................. 54

Naddeo V, Belgiorno V, Napoli R M A

**EUROPEAN PROCEDURES TO RIVER QUALITY ASSESSMENT** ................................................................. 62

Naddeo V, Zarras T, Belgiorno V

**REMISSION AND RECYCLING LEAD MINING WASTE IN OKLAHOMA: THE USE OF PASSIVE TREATMENT AND ROAD PAVEMENT APPLICATIONS TO MITIGATE ENVIRONMENTAL HAZARDS** ................................................................. 69

**EFFECT OF ASH CONSTITUENT ON SEPARATION CHARACTERISTICS OF HEAVY METALS FROM MOLTEN FLY ASH BY CHLORIDE-INDUCED VOLATIZATION** ................................................................. 77

Nakayama K, Mizuno S, Tajima Y, Kawachi T, Kojima Y, Watanabe F, Matsuda H, Takada M

**ANALYSIS OF CHLORINATED VOLATILE ORGANIC COMPOUNDS IN WATER AND WASTEWATER BY MEANS OF HEADSSPACE-SPME-GC** ................................................................. 84

Antoniou C V, Koukousakis E E, Diamadopoulos E

**THE INFLUENCE OF BIOCLIMATIC FACTORS TO THE HOSPITALIZATIONS FOR CHILDHOOD ASTHMA IN ATHENS (1978-2000)** ................................................................. 89

**TOWARDS A MORE ENVIRONMENTALLY FRIENDLY PROCESS FOR GOLD: MODELS ON GOLD ADSORPTION ONTO ACTIVATED CARBON FROM AMMONIACAL THIOSULFATE SOLUTIONS** ................................................................. 96

Navarro P, Vargas C, Alonso M, Alguacil F J

**WIND-FIELD AND POLLUTION-DISPERSION SIMULATION IN A STREET CANYON IN HELSINKI WITH ADREA-HF CODE** ................................................................. 102

Neofytou P, Venetsanos A, Bartzis J G

**A ONE-YEAR SURVEY OF ORGANOTIN COMPOUNDS IN THE RESERVOIRS SUPPLYING THE DRINKING WATER TREATMENT PLANTS OF ATHENS** ................................................................. 108

Nikolaou A D, Katharios N, Efthymiopoulos M, Leventis N, Vlachogiannis M, Meletis T D

**ENHANCED BIOREMEDIATION OF CRUDE OIL UTILIZING LIPOPHILIC FERTILIZERS COMBINED WITH BIOSURFACTANTS TO COMBAT OILSPILLS** ................................................................. 114

Nikolaou A, Kalogerakakis N

**ECOLOGICAL AND ECONOMIC EFFECTS OF APPLYING FUNGICIDE IN SHADED CACAO SYSTEMS IN THE FIRST YEAR OF REHABILITATION** ................................................................. 123

Norgia J, Hauser S

**MATHEMATICAL MODELING OF SEQUENCING BATCH REACTORS** ................................................................. 129

Noutsopoulos N, Andreou K, Gontou M, Andreou P G

**ROUTE OPTIMIZATION FOR SOLID WASTE COLLECTION: TRABZON (TURKEY) CASE STUDY** ................................................................. 137

Apaydin O, Talha-Gonullu M

**HYDROGEN PRODUCTION FROM SWEET SORGHUM BIOMASS USING RUMINOCOCCUS ALBUS** ................................................................. 143

Ntaikou I, Gavala H N, Kornaros M, Lyberatos G

**WASTEWATER MANAGEMENT FOR A SOFT DRINK INDUSTRY** ................................................................. 149

Oktay S, Eremektar G, Germerli-Babuna F, Kuthay F, Orhon D

**MULTI-SPECIES TOXICITY MONITORING IN A CHROMIUM-BASED LEATHER TANNERY** ................................................................. 155

Oval R, Meric S, Puney G, De Nicolae, Petruzelli D, Pagano G
DEVELOPMENT OF A NEW PASSIVE SAMPLER FOR NO2 AND FIELD EVALUATION IN THE URBAN AREA OF ESKISEHIR, TURKEY ................................................................................................................................. 162

APPLIED PILOT-SCALE STUDIES ON CERAMIC MEMBRANE PROCESSES FOR THE TREATMENT OF WASTEWATER STREAMS ........................................................................................................ 168

AN AUTOMATED CLASSIFICATION METHOD OF DAILY CIRCULATION PATTERNS FOR SURFACE CLIMATE DATA DOWNSCALING BASED ON OPTIMIZED FUZZY RULES ........................................................................................................ 174

COKE OVEN WASTEWATER TREATMENT BY TWO ACTIVATED SLUDGE SYSTEMS .................................................................................................................. 181

MODELING THE SALWATER INTRUSION PHENOMENON IN THE INDUSTRIAL ZONE OF HERAKLEIO, CRETE ................................................................................................................................. 187

A VISUAL BASIC TOOLBAR FOR EVAPOTRANSPIRATION ESTIMATION IN A GIS APPLICATION .................................................................................................................. 193

ADSORPTION OF CU (II) ON CERAMIC STRUCTURES MADE FROM GREEK FLY ASH .................................................................................................................. 199

AN ALTERNATIVE WATER BALANCE METHOD OF ESTIMATING GROUNDWATER ABSTRACTION .................................................................................................................. 206

SLEAG AND ASH CHEMISTRY AFTER HIGH-CALCIUM LIGNITE COMBUSTION IN A PULVERIZED COAL-FIRED POWER PLANT .................................................................................................. 212

GROWTH AND BIOMASS ALLOCATION IN ARUNDO DONAX L. UNDER HEAVY METAL APPLICATION .................................................................................................................. 218

EVALUATION OF TOXIC RESPONSE OF HEAVY METALS AND ORGANIC POLLUTANTS USING THE MICROTOX ACUTE TOXICITY TEST .................................................................................................. 224

THE HYDROLOGICAL REGIME OF THE EAST BASIN OF THESSALY, GREECE .......................................................................................................................... 230

WATER RESOURCES, INTERREGIONAL CONFLICTS AND REGIONAL DEVELOPMENT: THE CASE OF ACHEROOS RIVER ................................................................................................................................. 238

WILL ALTERNATIVE FUELLED VEHICLES CONTRIBUTE TO SOLVING THE SUSTAINABILITY PROBLEM? A FRAMEWORK FOR ASSESSING FUTURE VEHICLE DEMAND .................................................................................................. 246

SOCIO-ECONOMIC AND ENVIRONMENTAL COVARIATES OF RESPIRATORY HEALTH IN GREECE .......................................................................................................................... 252

BIO-SURFACTANT PREPARATION FOR OILY SLUDGE TREATMENT .......................................................................................................................... 258

EFFECT OF SYSTEM PARAMETERS, ON THE DECOLORIZATION KINETICS OF PROCIION HEXL DYES. COMPARISON OF H2O2/UV, FENTON AND TiO2/UV-A PROCESSES .................................................................................................. 265

INDUCTION OF AIR QUALITY IN THE OLD AND NEW AIR TRAFFIC CONTROL TOWERS OF THE ATHENS INTERNATIONAL AIRPORT .................................................................................................. 271

PGES IN ROADSIDE SOILS FROM ATHENS METROPOLITAN AREA (Greece) .......................................................................................................................... 279

REMOVAL OF METHYLENE BLUE IN A PHOTOCATALYTIC REACTOR USING POLYMETHYLACRYLATE SUPPORTED TiO2 FILM .......................................................................................................... 288

INTEGRATION OF RISK ASSESSMENT INTO ENVIRONMENTAL IMPACT ASSESSMENT PROCEDURE - CASE STUDY FOR STEEL PROCESSING .................................................................................................. 294

REMOVAL OF NATURAL CONTAMINANTS FROM WATER SUPPLIES INTENDED FOR HUMAN CONSUMPTION .......................................................................................................................... 300

ASSESSMENT OF THE MICROBIAL POLLUTION OF THE OLYMPIC ROWING AND CANOEING CENTER AT SCHINIAS THROUGH MATHEMATICAL MODELING .................................................................................................. 306

RECYCLING OF AN ELECTRIC ARC FURNACE FLUE DUST TO OBTAIN HIGH GRADE ZNO .......................................................................................................................... 314

PHOTODEGRADATION STUDY OF THE ANTIFOULING AGENT DIURON IN AQUEOUS MEDIA UNDER SIMULATED SOLAR IRRADIATION .................................................................................................. 320

STRUCTURAL INVESTIGATIONS OF AQUATIC HUMIC SUBSTANCES FROM DIFFERENT WATERSHEDS .......................................................................................................................... 326
AN INCINERATOR AIR QUALITY IMPACT ASSESSMENT FOR METALS, PAH, DIOXINS AND FURANS BY USING MM5-CMAQ: SPAIN CASE STUDY ..........................................................................................................................333

Sam-Jose B, Perez J L, Gonzalez R M

BALKAN ENDEMIC NEPHROPATHY AND GENETIC VARIANTS OF XENOBIOTIC METABOLIZING ENZYMES ...........................................................................................................................339

CADMIUM, COPPER, LEAD AND ZINC IN SARONIKOS GULF IN 2004 ..............................................................................................................................344

Saroulla S, Giannopoulos K, Sakellaris A, Paraskevopoulou V, Dassenakis M

OZONE PRE-OXIDATION OF A TEXTILE INDUSTRY WASTEWATER FOR ACUTE TOXICITY REMOVAL.................................................................................................350

Selcuk H, Rizzo L, Nikolaou A D, Meric S

PILOT STUDY OF THE REMOVAL OF THMS, HAAS AND DOC FROM DRINKING WATER BY GAC ADSORPTION .............................................................................356

Babi K G, Kounendes K M, Nikolaou A D, Makri C A, Tsoumerkas F K, Lekkas T D

DBPS FORMATION AND TOXICITY MONITORING IN DIFFERENT ORIGIN WATER TREATED BY OZONE-ALUM/PAC COAGULATION ...........................................................................365

Selcuk H, Rizzo L, Nikolaou A D, Meric S

DIATOMITE PRECOATING FILTRATION OF MICROPOLLUTED WATER BY COMBINATION WITH BENTONITE ADSORPTION PROCESS .............................................................................371

Shao Z, Zhou M, Qiao S, Lei L

EXPERIENCE OF LONG-TERM INTERNATIONAL COLLABORATION IN THE FIELD OF REMOTE SENSING OF THE EARTH: EXAMPLE OF JOINT RUSSIA-UKRAINE-USA-NETHERLANDS SCIENTIFIC COLLABORATION IN MICROWAVE RADIOIMETRY OF LAND SURFACE .........................................................................................................................377

DEVELOPMENT OF A PHYSICO-CHEMICAL AND BIOLOGICAL PROCESS FOR THE TREATMENT OF PINK WATER AND PERCHLORATE ........................................................................382

ELECTRIC ARC FURNACE DUST AS RAW MATERIAL FOR POWDER PRESSED CERAMICS ..................................................................................................................389

Sikalidis C, Mitrokas M

ROLE OF ACTIVATED CARBON STRUCTURAL PROPERTIES AND SURFACE CHEMISTRY IN MERCURY ADSORPTION ..................................................................................................................395

Skodore G, Diamantopoulou I R, Sakellaropoulou G P

EFFECTS OF PYROLYSIS TEMPERATURE, RESIDENCE TIME ON THE REACTIVITY OF CLEAN COALS PRODUCED FROM POOR QUALITY COALS ..................................................................................401

Skodore G, Nanas P, Bastias P, Sakellaropoulou G P

BIODEGRADATION EFFECTS OF WASTE TRANSFORMER OIL POLLUTED OF PCBs IN VARIOUS CULTURE CONDITIONS ..........................................................................................................407

Sobiecka E, Cezynska K

INTEGRATED SURFACE/SUBSURFACE WATER MODELLING ..............................................................................................................................412

Spanoudaki K, Nanou A, Stamou A I, Christodoulou G, Sparks T, Beckmann B, Falconer R A

DESCRIPTION OF PHYTOPLANKTON COMMUNITY STRUCTURE IN THE AEGEAN SEA: A COMPARATIVE ANALYSIS OF THE LOG SERIES AND LOGNORMAL STATISTICAL MODELS ....................................................................................418

Spanouxi A, Turrini S, Turrini G

THE IMPORTANCE OF DAM BREAK ANALYSIS IN ENVIRONMENTAL IMPACT STUDIES FOR DAMS ..................................................................................424

Stamou A, Politis M, Xanitopoulos I

THE DECAY EFFECTS OF SEA-SALT AEROSOL ON THE SURFACE OF HISTORIC BUILDINGS ..................................................................................432

Stefanis A, Theoulakis P, Pilinis C

INVESTIGATIONS ON DISPOSAL OF LOW-CALORIFIC LANDFILL GASES BY A SMALL SCALE FLUIDISED BUBBLING BED COMBUSTION PLANT ..................................................................................438

THE EFFECTIVE USE OF TECHNOLOGY AND PROSPECT MUNICIPAL WASTEWATER HET ENERGY IN CHINA ..........................................................................................................................446

Zi-Hui S

THE USE OF ECONOMIC INSTRUMENTS FOR THE REDUCTION OF NOISE FROM CIVIL AVIATION AIRCRAFT. A NOISE CHARGE FOR ATHENS INTERNATIONAL AIRPORT ..........................................................................................................................451

Synodinos D, Koutogianni A, Skaros M

THE SPONTANEOUS COMBUSTION OF SEEMINGLY INERT PLASTICS - PROBLEM, RESEARCH, - PROBLEM SOLUTION ..........................................................................................457

Ballin G, Hartmann P, Steinhbrech D, Spillmann P

BALANCED BENEFIT SCORE CARD (BBSC) FOR DECISION SUPPORT IN DEVELOPING ENVIRONMENTAL COMPETITIVENESS IN THE FRAME OF NEW AGRICULTURAL POLICY ..................................................................................463

Szarka N, Wolfbauer J

BIOLOGICAL TREATMENT OF WATER CONTAMINATED BY HYDROCARBONS IN THREE-PHASE GAS-LIQUID-SOLID FLUIDIZED BED ..................................................................................469

Tahar N, Touni L, Salem Z, Allia K

DRY SORPTION OF HCL IN PYROLYSIS GAS FROM PVC WASTE WITH COAL FLY ASH-BASED SORBENT ..........................................................................................................................................476

Tanahashi N, Kojima Y, Matsuba H

Onal M K, Topcuoglu B

IMPACT OF PAST INDUSTRIAL ACTIVITY ON THE CONTENT OF HEAVY METALS IN THE SOIL/GRASS SYSTEM IN SIBENIK (CROATIA) ............................................................................. 2389
Orescanin V, Mikelic L, Lalic S, Barisic D, Lovrencic I, Rubic M, Rozman-Mucefat M

DISTRIBUTION OF 137CS ACTIVITY IN THE ECO SYSTEM OF PINE FOREST AS A KEY FOR CALCULATION OF DOSES OBTAINED BY MAN FROM FOREST PRODUCTION IN UKRAINE ........................................................................................................ 2394
Orel O, Kolodnytska M

IMPLEMENTATION OF RESOURCES MANAGEMENT AND ENERGY SAVING SYSTEM USING NEW TECHNOLOGIES IN FABRIC DYING INDUSTRY .......................................................................................... 2400
Pagonzetti E, Asimakopoulos V

APPLICABILITY OF THE SLUDGE BIOTIC INDEX (SBI) TO MUNICIPAL AND INDUSTRIAL ACTIVATED SLUDGE PLANTS ................................................................................................................ 2405
Papadimitriou Ch, Papadopoulou A, Papadopoulos G P

REFERENCE CROP EVAPOTRANSPIRATION AND AGRICULTURAL RAINFALL INDEX .................................................................................................................. 2412
Papaisoannou G, Kitsara G, Mitropoulos A, Markopoulos P

SHORT AND LONG PERIOD DROUGHT INDICES OVER GREECE .............................................................................................. 2418
Papaisoannou G, Mitropoulos A, Kalamaras N, Michalopoulos H

GREEK ANHYDRITE (CASO4) ACTIVATION .......................................................................................................................... 2425
Papandreu A, Bakeas E, Stournaras C

CONSTRUCTED WETLANDS - A NEW APPROACH FOR MUNICIPAL WASTEWATER TREATMENT IN RURAL AREA OF SERBIA .............................................................................................................. 2429
Belic A, Loncar L
ENVIRONMENTAL AND SOCIAL ACCOUNTING ASSISTS FINANCIAL MARKET TO CONTRIBUTE TO SUSTAINABLE DEVELOPMENT ................................................................. 2618
SEPELIO P, Nikolaou I, Sophoulis C M

EFFECTS OF IMPROPER LAND-USE IN INCREASING FLOOD DAMAGES IN KARAJ RIVER FLOODPLAIN (NORTH CENTRAL IRAN) AND DAMAGE CONTROL STRATEGIES ......................................................... 2625
Seyfi L, Ghafoor F

COMPARISON OF TYPICAL LTO-CYCLE EMISSIONS WITH AIRCRAFT ENGINE- AND AIRPORT- SPECIFIC EMISSIONS FOR GREEK AIRPORTS ......................................................... 2630
Sidiropoulos C, Ikonominopoulos A, Stratistis A, Stalingridis G

COMPOSTING AS AN INTEGRATED SOLID WASTE MANAGEMENT TOOL - LESSONS LEARNED FROM ASEAN - EUROPEAN CO-OPERATION: THE EXAMPLE OF PIERIA, GREECE ................................................................. 2636
Bilitewski B, Karagiannidis A, Theodosi M, Malamakis A, Reichenbach J, Janz A

CHEMICAL-LOOPING COMBUSTION WITH INHERENT CO2 SEPARATION IN AN ANNUAL CIRULATING FLUIDIZED BED REACTOR ......................................................... 2642
Son S B, Kim S D

A MANAGEMENT, MONITORING SCHEME IN THE VALLEY OF BUTTERFLIES, RHODES: PROPOSED REVISION TO THE INITIAL MANAGEMENT PLAN ......................................................... 2648
Spanou S, Tsegennidi K, Kolezaki M, Georgiadis Th

SULPHUR DIOXIDE EMISSIONS DUE TO ELECTRICITY GENERATION IN THE AEGEAN ISLANDS: REAL THREAT OR OVERESTIMATED DANGER? ................................................................................. 2654
Tzanou E A, Oikonomou E K, Guitonas A G

INDOOR AIR QUALITY STUDY OF DIFFERENT ATHLETIC HALLS IN GREECE ......................................................................................................................... 2660
Stathopoulos O I, Assimakopoulos V D, Helmis C G, Flocas H A

IMPLEMENTATION OF ADVANCED GLAZING IN BUILDINGS FOR THE REDUCTION OF GREENHOUSE GAS EMISSIONS ......................................................................................................................... 2666
Syrroukou E, Papastefinimous S, Yianoulis P

EFFECTS OF TREATED MUNICIPAL WASTEWATER INJECTION WITH DIFFERENT IRRIGATION METHODS IN SOIL QUALITY PARAMETERS ................................................................................. 2672
Tabatabai S H, Najafi P

INTERACTION OF ANIONIC POLLUTANTS WITH SOILS - SORPTION OF AS(III), AS(V), SB(III), SB(V), AND SE(VI) IONS BY SIX SOILS, ......................................................... 2680
Tokanaga S

THE RESIDUAL EFFECTS OF MSW COMPOST APPLICATIONS ON THE HEAVY METAL CONTENTS OF TOMATO AND TOTAL AND BIOAVAILABLE HEAVY METAL STATUS OF THE GREENHOUSE SOIL ......................................................................................................................... 2686
Topcuoglu B

THE USAGE OF MSW COMPOST AS PARTIAL SUBSTITUTES FOR PEAT ON THE GROWTH OF POINSETTIA (EUPHORBIA PULCHERRIMA) ......................................................................................................................... 2692
Topcuoglu B

AIR QUALITY MAPPING SYSTEM FOR RESIDENTIAL AREAS, USING DISTRIBUTED MEASUREMENTS AND GRS TECHNOLOGY ......................................................................................................................... 2698
Trandabat A, Branziola M, Doncic C, Ciobanu R

INFLUENCE OF OFFSET INKS COMPOSITION ON THE RECYCLING PROCESS OF WASTE PAPER ......................................................................................................................... 2704
Balcanzi L, Bolanca Z

E-SURVEY INSTRUMENTS BASED ON REMOTE MEASUREMENTS, DEDICATED TO PECULAR AREAS WITH INCREASED RISK FOR ENVIRONMENT SAFETY ......................................................................................................................... 2710
Trandabat A, Piscaru M, Schreiner C, Ciobanu R

DETERMINATION OF POLYCYCLIC AROMATIC HYDROCARBONS IN SEAWATER BY HIGH PERFORMANCE LIQUID CHROMATOGRAPHY WITH PHOTO DIODE ARRAY AND FLUORESCENCE DETECTION ......................................................................................................................... 2716
Tzountzfakis S, Dassenakis M, Phaouridakis N

TRENDS OF THE DAILY MAXIMUM TEMPERATURES IN RELATION WITH THE CLIMATIC CHANGE AND THE URBANIZATION IN THE ATHENS BASIN ......................................................................................................................... 2722
Tzanakou M, Deligiorgi D

COMPARISON AND EVALUATION OF CURRENT AND INNOVATIVE TECHNOLOGIES FOR INDUSTRIAL WASTEWATER TREATMENT ......................................................................................................................... 2728
Tsangou E A, Oklonimou E K, Guitonas A G

SOIL WATER BALANCE USING FUZZY CALCULATION ......................................................................................................................................................................................... 2734
Tzimopoulos Ch D, Chalkiadis I N, Moustopoulos K N, Sakellarinos M, Yannopoulos St, Evangelides C H

WATER RESOURCES MANAGEMENT IN THE WATERSHED OF VOLVI LAKE ......................................................................................................................................................................................... 2740
Tsimoopoulos C, Zeibekis A, Giomdi P, Evangelidis C

DIESEL-WATER EMULSION EMISSIONS AND PERFORMANCE EVALUATION IN PUBLIC BUSES ......................................................................................................................... 2746
Tzrakis E V, Karavelakis G, Schinas P, Korres D M, Karomis D, Stournas St

AN ACTIVATED SLUDGE TREATMENT PLANT FOR INTEGRATED REMOVAL OF CARBON, NITROGEN AND PHOSPHORUS ......................................................................................................................... 2752
Tzimopoulos E, Kapogiannidis A G, Melidis P, Ayiasidis N

PERFORMANCE EVALUATION OF THE WASTEWATER TREATMENT PLANT OF KALAMATA, PELOPONNESUS - GREECE ......................................................................................................................... 2758
Broustis P, Paraskevas P A, Lekkas T D
