TABLE OF CONTENTS

PART 1

Message from the Guest Editors ............................................................................................................................................. 1
International Scientific Boards ...................................................................................................................................................... 3
Learning Styles of Students from Different Cultures and Studying in Near East University .................................................. 5
Nihat Gündüz, Deniz Özcan
Learning Health Through Virtual World: Comparative Between UK and Malaysia ............................................................... 11
Nik Siti Hanifah Nik Ahmad, Tan Ruam Wana, Ping Jiang
Best Practices in University E-learning Centre ..................................................................................................................... 21
Anna Bittarello, Pier Giuseppe Rossi
Examing Turkish and Portuguese Education Systems and Science Curricula ........................................................................ 26
Ali Gönay Balım, Hilal Kılıçık
Alexithymia Among Students of Different Disciplines........................................................................................................... 33
Sérka Halková-Mayerová, Tereza Mokrá
An Adaptive and Personalized Open Source E-learning Platform ......................................................................................... 38
Dimitrios Tsolis, Sofiia Stamou, Paraskevi Christia, Soulihana Kampana, Triseugenri Rapskosouli, Maria Skouta, Athanasios
ICT Policies in Schools and Their Effect on Pedagogical Innovation in the Spain: the Amara Berri Basque School Case Study .................................................................................................................................................. 44
Jose Miguel Corre, Daniel Losad, Hikari Karrer
“Because My Parents Say So”- Children's Monetary Decision Making ...................................................................................... 48
Noi Keng Kok, Chee Beng Lee
A Comparison of Cooperative Learning and Conventional Teaching on Students’ Achievement in Secondary Mathematics .............................................................................................................................................................................. 53
Zahara Azziz, Md. Anwar Hossain
Personality Traits, Religious Orientation and Happiness......................................................................................................... 63
Ghavam Moltafet, Mohammed Mazidi, Somayeh Sadati
Music Education for Children with Autism in Malaysia ........................................................................................................... 70
Chiang Ee Fong, Zalizan Mohd Jelas
A New Step in Turkish Higher Education System: Program Outcomes ..................................................................................... 76
İsıl Kabakçı, Kerem Kılıçyer, Gürkay Birinci, M. Can Sahin, H. Ferhan Odabasi
Prospective Teachers’ Knowledge Level and Knowledge Needs About Children Rights Issue ...................................................... 81
Ahmet Örmen, Sana Kaynak Örmen, Tuğba Yalcın
Physical and Psychosocial Aspects of Science Laboratory Learning Environment ........................................................................... 87
Che Nizdam Che Ahmad, Kamisah Osman, Lilia Halim
Learning Improvement by Using Matlab Simulator in Advanced Electrical Machinery Laboratory ........................................... 92
Seyed Zeinobedin Moussavi, Morteza Fazly
A Triarchal Instruction Model: Integration of Principles from Behaviorism, Cognitivism, and Humanism .................................. 105
Chang-Chung Guay, Ying-Ying Cheng, Seiji Shibata
The Determinants of Recycling Intention Behavior Among the Malaysian School Students: an Application of Theory of Planned Behaviour ........................................................................................................................................................................ 119
Siti Nur Diyana Mahmud, Kamisah Osman
Attitudes and Opinions of Turkish Language Teacher Candidates on the Usage of Basic Language Skills .................................. 125
A. Halim Ulas, Emine Kolaç, Cahit Erciçan, Oguzhan Sevim
The Associations Between University Students’ Transformational Leadership Characteristics and Dysfunctional Limitation Perceptions .................................................................................................................................................. 132
Yasar Barut, Murat Gökalp, Mursel Akdenk, Temel Karafat, Sabit Mentese
Relationships Between Assertiveness and the Power of Saying No with Mental Health Among Undergraduate Student .................................................. 137
Fariba Pourjafari, Maryam Zarnaghchash
Development and Validation of a Test of Integrated Science Process Skills ........................................................................... 142
Eda Hazıçan Mohd Shabali, Lilia Halim
Assessing Turkish Language Books Used for the First and Second Echelon in Primary Education in Terms OS Principles of Creative Writing ...................................................................................................................... 147
A. Halim Ulas, Emine Kolaç, Banu Yaman, Oguzhan Sevim
Collaborative Design of Instructional Sequences: Teacher Developed Support for Formative Assessment .................................. 153
David C. Webb
The Aspiration for Educational Rights in Educational Policies for National Integration in Malaysian Pluralistic Society ........................................................................................................................................................................ 158
Hazri Jamil
Development of Instrument Measuring the Level of Teachers’ Pedagogical Content Knowledge (PCK) in Environmental Education ......................................................................................................................................................... 174
Sharifah Intan Sharina Syed Abdullah, Lilia Halim
Skills development and disempowerment: Unraveling workplace skills transfer in trying economic times! .................................. 179
Salim Aksoyee
Readiness of Preparing Postgraduate Students in Pursuit of Their Doctoral Programme ......................................................... 184

A Neuro-Fuzzy Approach for Student Module of Physical Activity ITS .................................................................................. 189

Francesco Sgroi, Pietro Mango, Salvatore Pignato, Alessandra Lo Piccolo, Simona Nicolosi, Rosaria Schembri, Mario Lipoma

Performance Analysis As a Tool to Support the Teaching Didactic ......................................................................................... 194

Pietro Mango, Francesco Sgroi, Salvatore Pignato, Alessandra Lo Piccolo, Simona Nicolosi, Rosaria Schembri, Mario Lipoma

Learning Styles of the Gifted Students in Turkey ...................................................................................................................... 198

Fatma Abun, Hikmet Yaziçi

Pre-school Education and the Effects of the Relations Between Parents and Teachers on Pre-school Age Children (Ordu Centrum) .................................................................................................................. 203

Murat Gökalp, Yasar Barut, Sabit Mentese

Profiles, Skills and Visions of the Teachers in Euro-Mediterranean Contexts ........................................................................ 213

Giroloamo D’Alleo, Maria Carta

Postgraduate Students’ Attitudes Towards Distance Learning (The Case Study of Gazi University) ........................................... 218

Ali Hakan Isik, Rukiye Karakılıç, Gihan Giller

Facilitating the Process of Learning Social Skills Through Humanistic Physical Education ...................................................... 223

Norlena Salamuddin, Mohd Taib Harun

Cultivating Personality Development Through Outdoor Education Programme: The Malaysia Experience .................................... 228

Mohd Taib Harun, Norlena Salamuddin

The Effect of Computer Aided Teaching Method on the Students’ Academic Achievement in the Science and Technology Course .............................................................................................................................. 235

Beyza Karaçaniz Bayrak, Hale Bayram

Self and Physical Activities in Early Adolescence: An Action Research with Middle-school Students ........................................... 239

Sahabat Ozmazı, Rosaria Schembri, Viviana Nicolosi, Salvatore Pignato, Francesco Sgroi, Mario Lipoma

Development of Web-Based Assessment in Teaching and Learning Management System (c-ATLMS) ........................................... 244

Hamsiah Mohd Dahan, Raja Maznah Raja Hussain

Learning in 3D Virtual Worlds and Current Situation in Turkey .................................................................................................. 249

Mehmet Firat

Pre-school Teachers’ Implications About the Rhythm Applications in Music Lessons ............................................................... 255

Sahabat Ozmazı

Achievement Level of Cross-curriculum Competences in Science Education Program ................................................................. 260

Munise Seçkin, P. Dilek Güzetuk

On Human Capital and Economic Development: Some Results for Africa ................................................................................. 266

E. Colantonio, R. Marianacci, N. Mattoscio

Gender Representation in EFL Materials: An Analysis of English Textbooks of Iranian High Schools ........................................ 273

Masoumeh Bahrami, Ali Rahimi

Constructing a Philosophy: Prospective Teachers’ Opinions About Constructivism ................................................................. 278

Cevide Demirci

Some Examination of the Education Perception of Teachers Working in Primary Education ...................................................... 286

Selva Kemanlar, Muammer C. Musta

Teacher’s Perspective on Infrastructure of Special Education’s Classroom in Malaysia ............................................................. 289
