# TABLE OF CONTENTS

Message from the Guest Editors .................................................................................................................. 1

Sustainable and Economical Open-Ended Project for Materials Technology Course Laboratory Work .......................................................... 3
   Roszilah Hamid, Shahrizan Baharom, Mohd Raheen Taha, Ahmad Afiq Abu Kasim

Development of a Problem based Learning in Concrete Technology Laboratory Work .............................................................................. 8
   Shahrizan Baharom, Roszilah Hamid, Noraini Hamzah

Lateral Thinking through Black Box Experiment among Engineering Students .................................................. 14
   Norhana Arsad, Hifli Sale, Rosadah Abd Majid, Manisah Mohd Ali, Hafiza Hsnin

Students’ Feedback on Integrated Project after 5-Years Implementation in Chemical and Biochemical Engineering Programme ........................................................................................................................................ 21
   Siti Rozaimah Sheikh Abdullah, Mohd Sobri Takrijj, Abu Bakar Mohammad, Noorhisham Tan Kofli, Rahaiza Misson, Manal Ismail, Nurina Anuar, Sharifah Najihah Badar

Learning in Architecture Design Studio ................................................................................................................. 30
   Nik Lukman Nik Ibrahim, Nangkula Utaberta

Introduction to Environmental Engineering: A Problem-based Learning Approach to Enhance Environmental Awareness among Civil Engineering Students .................................................................................. 36
   Noor Ezlin Ahmad Basri, Shahrom Md. Zain, Othman Jujah, Hassan Basri, Fatihah Sujja

JKKP Experience in Conducting Integrated Project since Session 2006/2007 .................................................................................. 42
   Siti Rozaimah Sheikh Abdullah, Nurina Anuar, Manal Ismail, Shuhaida Harun

Relating basic Courses to Engineering Problems ........................................................................................................... 52

The Effectiveness of basic Design Project (Cornerstone) in Students’ Competency Development .................................................. 56

UKM Teaching-Learning Policies ................................................................................................................................. 61
   Riza Atiq Abdullah O. K. Rahmat

Students’ Perception on Lecture Delivery Effectiveness among the Faculty of Health Sciences Lecturers ................................................................................................................. 67
   Ahmad Rohi Ghazali, Ismarulysuda Ishak, Nur Zakiah Mohd Saat, Rijina Arlin Zainal Arifin, Asmah Hamid, Yanti Rosli, Zainora Mohammed, Mohd Sham Othman, Firdaus Kamarulzaman

Does Reflective Practice Enhance Clinical Competency in Medical Imaging Undergraduates? .................................................. 73
   Kanaga Kumari Chellia, Zena Arumugam

Diagnosing the Problem of Traditional Model of Teaching and Learning Medical Science Subjects in a Nursing Program of UKM ........................................................................................................... 78
   Hamidah Hassan, Maziah Marzuki, Noor Azura Abdullah, Samshah Mat, P. Santhi Letchimi, R. D. Ruth Packisathay, Furiah Hj. Suhaime

An Exploration of Issues Relating to Medical Science Subjects: Nursing Students’ Perception and Experience in Universiti Kebangsaan Malaysia Medical Centre .............................................................................. 85
   Rozli Packisathay Rajen Durai, Hamidah Hassan, Noor Azura Abdullah, Santhini Letchimi Pandurangan, Samshah Mat

Learning Outcome Measurement for Environmental and Sustainable Development Component in the Field of Civil Engineering ................................................................................................................. 90

Programme Outcomes Assessment for Civil & Structural Engineering Courses at Universiti Kebangsaan Malaysia ................................................................................................................................. 98
   Isahk Arshad, Siti Fatin Mohd Razali, Zawawi Samba Mohamed

The Course Outcomes (COs) Evaluation For Civil Engineering Design II Course .................................................................................. 103
   Siti Aminah Osman, Othman Jaafar, Wan Hamidon Wan Badarussamran, Riza Atiq Abdullah O. K. Rahmat

Analysis on Electrical and Electronics Engineering Students’ Academic Achievement .................................................................................. 112
   Hafiza Hsnin, Norhabiah Misran, Norhana Arshad, Wan Mimi Diyana Wan Zaki, Sarifah Nurhanum Syed Sahuri

Evaluation of Students’ Achievement in the Final Exam Questions for Microelectronic (KKKL3054) using the Rasch Model ................................................................................................................. 119
   Huda Abdullah, Norhana Arsad, Fazilah Hanim Hashim, Norazreen Abdul Aziz, Nowshad Amin, Sawai Hamid Ali

The Measurement of Program Outcomes through Research Project in the Department of Chemical and Process Engineering, UKM ................................................................................................................. 124
   Nurina Anuar, Siti Rozaimah Sheikh Abdullah, Abu Bakar Mohammad
