# TABLE OF CONTENTS

Online Instructional Consultation (OICon) Model for Higher Education Institution (HEIs) ................................................................. 1
  Abd Hadi Bin Abdul Razak, Ang Ling Weny, Nur Fadziana Faisal Mohamed

Empowering the Online Education for Rural Community through Correlated Content Development ........................................ 16
  Abdul Hapes Mohammed

e-Learning for Universiti Teknologi MARA Malaysia (UiTM): Campus Wide Implementation and Accomplishments .................................................. 26
  Adora Endut, Posiah Mohd Isa, Siti Rahayu Abdul Aziz, Mohd Nor Hajar Hasroh Jono, Azlan Abdul Aziz

The Use of Facebook as Language Learning Strategy (LLS) Training Tool on College Students' LLS use and Academic Writing Performance .................................................. 36
  Ahmad Ashaari Alias, Nor Ashikin Ab Manan, Johana Yusof, Ambigapathy Pandian

Computer-Aided Self-Access Language Learning: Views of Indonesian, Malaysian & New Zealand Practitioners ........................ 49
  Airil Haimi Mohd Adnan, Zarlima Mohd Zamari

“I am a Techno-Rebel!” Malaysian Academics & their Personal Experiences of Progressing into e-Learning .............................................................. 61
  Airil Haimi Mohd Adnan, Zarlima Mohd Zamari

Avatar Implementation in Virtual Reality Environment using Situated Learning for “Tawaf” ............................................................... 73
  Anita Mohd Yasin, Zeti Darleena, Mohd Ali Mohd Isa

Exploring Malay Student's Commitment in Online Learning - A Case of Business Management Students .............................................. 81
  Anizah Zainuddin, Norlida Kamaluddin, Za Jaran Hassan

Student Awareness Towards E-Learning In Education .................................................................................................................. 93
  Azliza Yacob, Aini Zariyati Abdul Kadir, O. Zainudin, A. Zurairah

Video Conference: Integrated Tool for Identifying CSF in Education Development in UiTM ......................................................... 102
  Bassiil Ahmad Athlak, Prasanna Ramakrisnan, Zaynah S. Hameed, Hamid Reza Mohseni

Plagiarism Detection System Design for Programming Assignment in Virtual Classroom based on Moodle ........................................... 114
  Dewi Tresnawati, Arief Syaichu R, Kusprwianto

  Eko Handoyo, R Rizal Isnantoo, Mikhail Anachiva Sonda

Students’ Experiences on using Blog as Learning Journals ........................................................................................................... 135
  Emelia A. Rahman Sidek, Melor Md.Yunus

Enhancing Student-Centered Learning through usage of Television Commercials via Wiki ....................................................... 144
  Er Ann Nah, T.H. Lim, Mah, Boon Yih

Study of Social Networking usage in Higher Education Environment .................................................................................................. 156
  Falahah, Devi Rosmala

  Hanafi Atan, Zuraidah A. Rahman, Omar Majid, Norzaini Dahlan

The Adoption of Blended Learning among Malaysian Academicians ........................................................................................................... 175
  Haryani Haron, Wan Faezah Abbas, Nor Aini Abd Rahman

Behaviour towards ICT and Library Anxiety .......................................................................................................................... 182
  Haslinda Husaini, Raffidah Abdul Aziz, Che Zainah Abdullah, Yanty Rahayu Rambl

Evaluating Mathematics e-Learning Materials: Do Evaluators Agree with Distance Learners? ......................................................... 189
  Hasmawati Hassan, Fatimah Hassan, Norzaini Dahalan Omar, Zuraini Zakharia, Wan Ansa Wan Mohd Nor

Design and Implementation of Zoopedia: Behaviour of Non Playable Character (NPC) of Tiger Hunting the Prey ................................................................................... 196
  Heri Ahmad Safari, Agung Harsoyo, Kusprwianto

Online Course: Media Empowering in Education Process .................................................................................................................. 203
  Jenny Ratna Suminar, Mira Trisyandi

Using WEDPI Learning Package in Facilitating the Mastering of Information Technology Practice ......................................................... 208
  Johan @ Eddy Luanan, Zaikiljfi Mohamed, Sabarish Sharif

Guided Peer Feedback on Academic Writing Tasks using Facebook Notes: An Exploratory Study ................................................................. 216
  Johana Yusof, Nor Ashikin Ab Manan, Ahmad Ashaari Alias

Making Sense of e-Learning and Simulations: The Misunderstood Perceptions .................................................................................. 229
  Jowati Juhary
A Creative and Literary Writing Digital LMS in Supporting Writers’ Group Learning and Knowledge Sharing among Creative Writers .................................................. 238
Lee Tan Luck, Filoz Hashim, Syaidatul Zarina Mat Din

Regional Teachers and Academics LMS – An Innovative and Collaborative Platform to Support Life Long Learning and Training for Teachers and Academics .................................................. 250
Lee Tan Luck, Nazahah Binti Omar, Wan Haslin Aziah Binti Won Hassan

Model Development of Air Volume and Breathing Frequency in Human Respiratory System Simulation ............................................................................................................................... 260
Lilis Warisah, Arief Syaichu Rohman, Pranoto Hidayat Rusmin

Let's Wiki in Class ........................................................................................... 269
Lim Teck Heng, Rusaya Marimuthu

Computer Anxiety: Data Analysis ............................................................................................................................... 275
Maimunah Mohd Shah, Roshidi Hassan, Roslani Embi

SLIM: A Template-based Second Language Instruction Management System ............................................................................................................................... ................................................ 287
Mohamed Amin Embi, Afendi Hamat

Virtual Applications and Real Problems: Education and Higher Education in Iran ............................................................................................................................... .................................................. 297
Mohamed Tavakol

Generational Differences in Satisfaction with E-Learning among Higher Learning Institution Staff ............................................................................................................................... 304
Mohd Amin Ahmad, Shafee Md Tarmudi

Leadership Development for Sustainability of E-Learning ............................................................................................................................... .................................................. 312
Mohd. Majid Konting

UPSI Learning Management System (MyGuru2) in the Cloud Computing Environment ............................................................................................................................... .................................................. 322
Mohd Nazri Md Saad, Ahmad Wiraputra Selamat

Instructional Design and Learning Theory on the Development of C++ Programming Multimedia Content ............................................................................................................................... .................................................. 335
Mohd Nor Hajar Hasrol Jon, Azlan Abdul Aziz, Mohamad Ibrahim, Norsaniah Md Noh

The Development of Technical English Multimedia Interactive Module to Enhance Student Centered Learning (SCL) ............................................................................................................................... .................................................. 345
Mohd Shafeirul Zaman Bin Abd Majid, Mohamad Musab Bin Azmat Ali, Azwan Arif Bin Abdul Rahim, Nor Yazi Binti Khamis

Examining user Acceptance of E-Syariah Portal Among Syariah users in Malaysia ............................................................................................................................... .................................................. 349
Mornizan Yahya, Feridah Nadzar, Baharom Abdul Rahman

A Design and Development Approach to Researching Online Arabic Vocabulary Games Learning in HUM ............................................................................................................................... .................................................. 360
Mohammad Sabri Sabri, Nor Aziah Alias

Emerging Roles in Scripted Online Collaborative Writing in Higher Education Context ............................................................................................................................... .................................................. 370
Nani Sri Handayani

Distance Learning for Pepper and Corn Breeding and Seed Production ............................................................................................................................... .................................................. 380
Neni Rostini, Reginawanti Hindersah

Replacing Face-To-Face Classes by Synchronous Online Technologies: The HOU Experience ............................................................................................................................... .................................................. 386
Nguyen Thanh Trung, Tran Thi Lan Thu, Lai Minh Tan

M-learning in Malaysia: Challenges and Strategies ............................................................................................................................... .................................................. 393
Nik Mastura Nik Mohammad, Mohd Nor Matam, Posiah Mohd Isa

The Effects of Web-based Language Learning on University Students’ Grammar Proficiency ............................................................................................................................... .................................................. 402
Nor Ashikin Yusof, Norkamruzaizat Saadon

E-Learning Continuance Intention Among Higher Learning Institution Students’ in Malaysia ............................................................................................................................... .................................................. 409

Evaluation of an Open Source Learning Management System: Claroline ............................................................................................................................... .................................................. 416
Norkhushaini Binti Awang, Mohamad Yusof B Darus

The Role of Cognitive Styles in Influencing the users’ Satisfaction on E-Learning System ............................................................................................................................... .................................................. 427
Norol Hamizah Zamzuri, Melissa Shahrom, Erne Suzila Kasim, Hazira Mohd Nasir, Mohd Nor Matam

Establishing an Organisational e-learning Culture to Motivate Lecturers to Engage in e-Learning in UiTM ............................................................................................................................... .................................................. 436
Norsaniah Md Noh, Posiah Mohd Isa, Siti Akmar Abu Samah, Norzaidah Md Noh, Mohd Ali Mohd Isa

Investigating Students’ Acceptance Towards Blog ............................................................................................................................... .................................................. 444
Norulhuda Tajuddin, Musramaini Mustapha, Azniza Ahmad Zaini, Mohd Norafizal Abd Aziz

Intelligent Tutoring System using Rule-based And Case-based: A Comparison ............................................................................................................................... .................................................. 454
Norzaidah Md Noh, Azlin Ahmad, Shamimi Ab. Halim, Azliza Mohd Ali

Student Engagement in Online Learning: Learners Attitude Toward E-Mentoring ............................................................................................................................... .................................................. 464
Norziani Dahalan @ Omar, Hasmavati Hassan, Hanafti Atan
