2013 1st FME Workshop on Formal Methods in Software Engineering

(FormaliSE 2013)

San Francisco, California, USA
25 May 2013
Contents

Preface
Foreword

Keynote
Though This Be Madness, Yet There Is Method in It? (Keynote)
  Alan Wassyng — McMaster University, Canada .................................................. 1

Specification
Do You Speak Z? Formal Methods under the Perspective of a Cross-Cultural Adaptation Problem
  Andreas Bollin — University of Klagenfurt, Austria ............................................. 8

Verification
Functional SMT Solving with Z3 and Racket
  Siddharth Agarwal and Amey Karkare — Facebook, USA; IIT Kanpur, India ........... 15
Trace Based Reachability Verification for Statecharts
  Kumar Madhukar, Ravindra Metta, Ulka Shrotri, and R. Venkatesh — Tata Consultancy Services, India ................................. 22
An Integrated Data Model Verifier with Property Templates
  Jaideep Nijjar, Ivan Bocic, and Tevfik Bultan — UC Santa Barbara, USA ............... 29

Application of Formal Methods
Towards a Formalism-Based Toolkit for Automotive Applications
  Rainer Gmehlich, Katrin Grau, Felix Loesch, Alexei Iliasov, Michael Jackson, and Manuel Mazzara — Bosch, Germany; Newcastle University, UK .......................................................... 36
Recommendations for Improving the Usability of Formal Methods for Product Lines
  Joanne M. Atlee, Sandy Beidu, Nancy A. Day, Fathiyeh Faghih, and Pourya Shaker — University of Waterloo, Canada .......................... 43
Lightweight Formal Models of Software Weaknesses
  Robin Gandhi, Harvey Siy, and Yan Wu — University of Nebraska at Omaha, USA ........................................................................ 50

Timed Systems
Automatic Validation of Infinite Real-Time Systems
  Thomas Göthel and Sabine Glesner — TU Berlin, Germany ................................. 57
A Framework for the Rigorous Design of Highly Adaptive Timed Systems
  Maxime Cordy, Axel Legay, Pierre-Yves Schobbens, and Louis-Marie Traonouez — University of Namur, Belgium; INRIA, France ........................................................................................................... 64
