2013 2nd International Workshop on User Evaluations for Software Engineering Researchers

(USER 2013)

San Francisco, California, USA
26 May 2013
## Contents

Foreword

**Empirical Evaluation of Research Prototypes at Variable Stages of Maturity**  
Omar Badreddin — *University of Ottawa, Canada* ................................................................. 1

**Surveying Developer Knowledge and Interest in Code Smells through Online Freelance Marketplaces**  
Aiko Yamashita and Leon Moonen — *Simula Research Laboratory, Norway* .......................... 5

**How to Evaluate a Conflict Minimizing Task Scheduler through a User Study**  
Bakhtiar Khan Kasi and Anita Sarma — *University of Nebraska-Lincoln, USA* ....................... 9

**On Planning an Evaluation of the Impact of Identifier Names on the Readability and Quality of Smalltalk Programs**  
Mircea Lungu and Jan Kurš — *University of Bern, Switzerland* ............................................ 13

**A Proposed Recommender System for Eliciting Software Sustainability Requirements**  
Kristin Roher and Debra Richardson — *UC Irvine, USA* .................................................... 16
