Conference on Creative Education
(CCE 2012)

Shanghai, China
20-22 May 2012

Volume 1 of 2

Contents

Part 1
Creative Education

The Study on the Innovation-Driven of Teaching Reform in Higher Vocational Colleges
Yingzi MA

Teaching through Case in Curriculum of Military Equipment Safety in Military Education
Xinchen CUI, Chenliang SUN, Linyu FU, Jian CAO, Xin ZHANG

A Study on an Innovative English Teaching Model by Combining It with Social Needs—Taking the Translation of “The Eyeless in the Mountains” as an Example
Yueming PAN, Xiulian ZHENG

Perceptions of Accounting Students on Peer Evaluation
Jandia Kam-ling POON

Long-Term Effect of a Web-Based Problem-Based Learning in Medical Statistics in China
Jinxiang MA, Yixiong LEI, Yanlan KUANG, Mengjun ZHOU, Xinwang WANG

Construction of Network and Information Security Innovative Experiment Teaching System
Huaqing MAO, Li ZHU

The Reference and Reform from Engineering Education in Animation Major
Zhijun PENG, Shan LI, Xuan DU, Jiansheng QIAO

Research on Learners’ Cognitive Styles and Its Application in College ELT
Wei HONG

An Exploration of “Two Three Four” Practical Teaching Mode in College Political Theory Class
Qingyun ZHOU

A Practical Model of Mentoring Student-Teachers in Internship
Manku GUO, Haijing YU

Research and Practice on the Course Construction of Computer Organization Principle
Hexing WANG, Jingbo YUAN, Xin SONG, Yanjun CHEN

Educational Reform of Electrical and Electronic Engineering Experiment Guiding by Innovation
Yongyu PENG, Kehong ZHANG

The Practice and Research of Experienced Learning Situation Designing
Wenlong LI

Study and Practice on Teaching Reform of Physical Chemistry
Xiaoxia OU, Fengjie ZHANG, Liyan NA, Shubiao ZHANG, Guozhong LV

A Review on the Research of Chinese Top-Notch Talent Cultivation
Yining CHEN, Fangchong TANG, Li QIU

Innovative Design of Comprehensive Practice Curriculum Teaching in Higher Vocational Colleges
Hengya GUO

An Analysis of Interaction Mode in College English Teaching
Xiaqing CUI

Children’s Development on Parenting Styles and Children Engaged in Science and Technology Contests
Yu-Chi Peng, Jon-Chao Hong, Ming-Yueh Hwang, Yi-Ju Chen, Tracy Shu

Research on University Innovative Education Based on Constructing the Innovation-Oriented Nation
Jingzhong MA
The Study of the Entrepreneurship Education Status Based on Survey Data
Yiyang FAN, Xing ZHANG
(73)

A Probe into Training Creative Ability of Undergraduates
Hui ZHAO
(78)

With Scientific Thinking Teaching for Breakthrough, Innovation Teaching Methods
Liping LI, Yafen PAN
(82)

Reflections on the Cultivation for Innovative Talents
Ke MO, Zhen WANG
(85)

The Practice of Industry-University-Research Cooperation for Training Innovative Talents in Local Universities
Weijiu HUANG, Zhiming ZHOU, Xingguo WANG
(89)

The Application of Creative Ability Cultivation in Teaching of Specialized Courses
Tingyue HAO
(93)

The Research on Goal-Setting Theory of the Dig Pass Teaching in University
Bo LU, Lulu ZHANG
(96)

An IT-Based Research on Modern Innovative Education
Yingfeng ZHANG
(99)

Explore How to Carry on the Ability Training in the University Physics Teaching
Xiaolin SHU, Shuo JIN, Ying ZHANG, Hongbo ZHOU, Guanghong LV
(103)

Exploration and Practice of Cultivating the Scientific and Technological Innovation Abilities of Students in Local Normal Colleges
Jianfeng FAN, Erlao ZHAO, Yun PEI
(107)

Strengthens the Young People Education in Respect for the Law Take the School Edition as the Example
Xi WANG
(110)

Discussion on Bilingual Teaching of Accounting
Jing LIU
(115)

Chongqing City Ordinary Teachers Colleges and Universities Adult Higher Education’s Present Situation Analysis
Guoqin WU
(119)

Research on Oakeshott’ Politics—From the View of Text Hermeneutics
Liming ZHENG
(122)

Highlight the Characteristics of “3+1” Teaching Practice, Construct Novel Teaching System of Theory and Practice
Shuli SUN, Wen YU, Yangfang WU, Wei SHAO
(125)

A Tentative Study of Real Situation Teaching in Tourism English
Xingxing YU
(128)

Research on E-Learning Training Mode for Xiamen Maritime Safety Administration
Yilong PAN, Dong WEI
(131)

Teachers’ Use of ICT in Classroom and Curriculum Integration
Ana-Belen Sanchez Garcia, Juan-Jose Mena Marcos, He GuanLin, Joaquín Pinto Escribano
(136)

Research on Web Learning Content’s Adaptive Sequencing
Chun MAO, Xiao HU
(140)

Reform in Experimental Teaching System of Power Electronic Technology Based on Platform Innovation
Xiaqian HU, Shan LI, Lian ZHANG
(144)

Research on Ability-Oriented Vocational Education Teaching Model
Jun WANG, Jianping JI, Yuan WANG
(149)

Study on Methodology and Examination of Practical Course in University—Taking Electrical Control and PLC as Example
Jinhui ZOU, Xiaohong ZHU, Guolin CHE
(153)

Students-Oriented Teaching Method in Law Courses—Based on the Teaching Practice in Military Academies
Yantao CHEN
(157)
A Research on Higher School Cultivation and Development of Science and Technology Innovation Talent
Guangzhong HU ...................................................................................................................(162)

Reformation and Exploration of Practical Teaching of Materials Forming and Control Engineering Specialty
Zhiming ZHOU, Yuanfang CHEN, Weijiu HUANG, Xingguo WANG ..............................................(166)

The Practical Application and Exploration of Multimedia Teaching in the Course of Microcomputer Principle and Programming
Lixia FU, Jiangchun XU, Jianlin MAO .........................................................................................(170)

Reengineering the New Connotation of Fundamental Accounting in Higher Education
Chengmin LIU ..........................................................................................................................(174)

Exploring the Personnel Training Model of the Integration of Teaching, Practice and Service—Teaching Cooperation Practice of Monita Institute, Shanghai Second Polytechnic University
Zheng WANG ...........................................................................................................................(178)

Innovative Research on Practical Teaching Mode in University with Marketing Specialty
Qingling HAN, Zhiling WU ...........................................................................................................(182)

Innovation of College Martial Arts Teaching Mode: Based on Management Theory Perspective
Chuanlong ZHANG ....................................................................................................................(186)

On Principles of Chemical Engineering of Traditional Teaching with Multimedia Teaching
Yunhua HUANG, Jin YANG, Lili GU, Ling YANG ..............................................................................(190)

Application of Project Instruction in Landscape Architecture Teaching in Art Universities and Colleges
Jian ZHANG, Yanhui SUI, Yang ZHENG ......................................................................................(195)

Casey: Pedagogical Chatbot for Case Based Learning in Information Security
Chaithanya Prasad Reddy Meda, Stewart Kowalski, Marihan Ameen ...........................................(203)

The National Stadium (Bird's Nest) Comprehensive Risk Management Research
Peng ZHANG, Shuliang GAO, Quanchen GAO .............................................................................(208)

Using Internet as Second EFL Learning Classroom in Chinese Higher Education
Chunqin ZHANG, Chunjuan ZHANG ...........................................................................................(211)

Education Administration

A Research on the Relationship between Learning-Centered Leadership and Teacher Leadership in Elementary and Secondary Schools
Zhihua LIU ....................................................................................................................................(215)

The Assumption of Entrepreneurship Education
Hailing WANG, Xinhao GUO, Xiaojin MA, Jinzhu PANG, Lei WANG ............................................(219)

The Development of Entrepreneurship Education at Abroad
Hailing WANG, Xinhao GUO, Jinzhu PANG, Xiaojin MA, Lei WANG ............................................(222)

The Teacher Educational Institution Authentication System's Construction Searches Analyzes
Jianhua WANG ...........................................................................................................................(225)

An Research on Stress of Scientific Research and Performance Management for Young Teacher at University—Based on Application Research of Yerkes-Dodson Law
Zhujun XU, Xingchen ZHENG ....................................................................................................(230)

Study in Cultivation and Education of Student Cadres in Higher Education
Li ZENG, Jidong CHEN ..............................................................................................................(235)

“Design of Mechatronic System” Course Teaching Reform and Training Students’ Practice Ability
The Analysis and Countermeasures about the Job Objectives of Students in Professionalized College—Illustrated by the Example of Yanshan University

Jianmin YANG, Shuai LI

The Discussion of the Recessive Moral Education in Incorporation of Student-Classroom-Teacher

Junmin GAO

College Learners’ Fossilization in Listening Comprehension and Its Countermeasures

Su LI, Chunlin JIN

On Second Language Acquisition in the Double Perspectives of Cultural Pattern Reduction

Dan WANG, Bingyan SHI

Teaching Strategies in English Vocabulary

Haojie ZHANG

Research on the Course Teaching Methods of C Programming Oriented Ability Training

Xin SONG, Bin ZHANG, Xiangnan CUI

Reform and Practice of Database Foundation Curriculum Teaching for College Non-Computer Majors

Juan WANG, Quanxi ZHU, Xin SONG

Practice Teaching of Mechanical Design and Innovative Ability Cultivation

Qunzhang TU, Juying DAI, Binfang GU, Anxin LIU, Hongmei ZHANG

Construction and Practice of Engineer Training Model in Local University Base on Engineering Education Accreditation and a Plan for Educating and Training Outstanding Engineers

Lin YANG, Qihua YANG

Teaching Reform: Based on the Brand Image Design Course in Graphic Designing Department

Rong YU, Minghai SUN, Qiong WU

A Novel Scientific and Effective Mechanism of Teaching Performance

Bin ZHAO, Dengjie ZHU, Guoxing JIANG

Research on Cultivating College Students’ Entrepreneurial Qualities

Xiaoan ZHENG, Yansong LIU

Exploration on Training High Quality Innovative Talents in Local University

Licheng JIA, Yidan SU, Weihua HUANG

To Implement Innovative Education in the Course of Principles of Marxism, to Try to Improve Students’ Ability to Innovate

Guizhen XU

Discussion on Teaching Financial Accounting for Higher Education

Chengmin LIU

The Combination of Teaching and Researching to Train Innovative Talents

Huimin SONG, Min JIA

On the Basic Strategy of Management of the University Class Adviser

Mengran CHEN, Li XIONG

Practice CDIO: Mechanical Design Virtual Laboratory Building

Xuesong QIU, Yulin ZHOU

Practice and Exploration of Courses Model on Innovative Education—Taking Anhui University of Technology as an Example

Liming JIA, Huji LENG

Attempts on the Teaching Reforms for Engineering Chemistry

Qun QIAN, Quan XIAN, Zhixuan CHENG, Li FENG, Jiaqiang XU, Xinhua BAO
Reform of Curriculum Evaluation Method Based on the Engineering Quality Training

Hongbin LIU, Xiaobo LIU .................................................................................................(867)

Research on Management Major Curriculum System Innovation in Application-Oriented University

Wan XI, Xianjun HU ........................................................................................................(871)

Empirical Study of Development of Undergraduates’ Creative Ability—An Example of the Undergraduates’ Research Report Competition

Liyu LIU, Ting DONG .....................................................................................................(876)

Strengthening the Education for Students of Public Administration in the West Minority Region of China—Inner Mongolia as an Example

Xi GUO, Songyang WU, Xia GAO ....................................................................................(881)

Students’ Imaginations and Emergence of Creativity through Curriculum—Argument for a New Educational Paradigm for Universities

Stefan Popenici ...............................................................................................................(885)

Discuss on the Functionality of Contemporary College Chinese Language and Literature Course

Junqiu ZHAO, Hong WANG ........................................................................................(893)

Plan of Enhancing Teaching Effect of Chemical Reaction Engineering in Junior College

Shaoyun SHAN, Qingming JIA, Lihong JIANG, Yaming WANG, Kangbi LUO .........................................................(896)

Holistic Education Theory Construction of Campus Culture under the Implementation Way of Thinking

Xi ZHANG .......................................................................................................................(899)

Full Process Guidance to Enhance Students’ Occupational Competence

Weibo WANG, Yaran LIU ............................................................................................(903)

Improvement of College Students’ Citizenship

Zhengyu XIE, Lijie JIANG ...........................................................................................(905)

Innovation and Construction of the Training Patterns of Engineering Talents Composites

Jincheng WANG, Ye XUE, Sihao CHEN ...........................................................................(908)

A Study on Human Resources Quality Measurement and Evaluation System Using in Teaching

Yanhong YU ..................................................................................................................(912)

Analysis of the Health Quotient Difference between Boys and Girls in Guangzhou

Ruoqing XU, Congle CHEN ........................................................................................(916)

Teaching Research of Wireless Sensor Networks

Junxiang GAO, Kang ZHANG .......................................................................................(921)

Teaching Reform and Practice of Theory and Design of Grain Processing Machinery

Zhongying WANG, Mingxu WANG, Bin ZHAO, Jinglan RUAN ..............................................(925)

Reform and Practice of Teaching Method of C Programming Language

Yongfu LIU, Xiaoxia ZHANG, Chao WU .........................................................................(928)

The Balance of Student Appraising Teacher in University

Xiaowu WANG, Qinhui WANG ......................................................................................(932)

An Empirical Study on College Student Satisfaction in the Education Service—To Take a College in West China as an Example

Zongzhi RU ...................................................................................................................(935)

Research on the Professional Development of Undergraduate in Higher Educational Institutions—The Enlightenment of U.S. Five World-Class Universities’ Professional Settings

Fenglian LI ......................................................................................................................(939)

Reformation and Practice of the Teaching Content & Curriculum System for the Material Processing and Control Engineering Specialty

Xiaoming DU, Yonghua LI, Chengdong WU, Ziyu DENG, Gang ZHANG ......................(943)
Discussion on New Practical Teaching System about Material Processing and Controlling Engineering Specialty
Zhixiong CHEN (953)
Research on Scientific Research Service of Local Universities in Region Economic Construction
