Conference on Web Based Business Management

(WBM 2012)

Shanghai, China
21-23 September 2012

ISBN: 978-1-62993-266-8
Contents

The Cost Risk Management Research during the Construction Phase .................................................. 1
Zhenzhen XIE, Na WU

The Model Construction of Supply Chain Risk Identification, Risk Evaluation and Incentive Decision .......... 6
Ping JIA, Qiang Wang

Cultural Crisis and Dissolve under Perspective of Risk Society ......................................................... 10
Jia WANG, Yanjing YOUNG

Risk Analysis and Suggestions for Group-buying Websites .............................................................. 14
Huang Wei, Sun Wencui

Analysis and Suggestions on Operation Risk for the Third-party Transaction Platform Provider in C2C Market ................................................................. 18
Huang Wei, XiaMang

The Analysis of Investors’ Risk and Prevention in Urban Rail Traffic Project Based on BT Financing Model ................................................................. 22
Nana ZHANG, Jing LIU

Empirical Research on Business Group’s Credit Risk Based on PNN ................................................. 26
Lei XIAO, Li LI, Jiawen XIAO

Colleges and universities teaching quality control digital management ............................................. 30
Zhong Jixiang

Research on the Ideas of Tumen River Delta Non-sensitive Areas Cooperation ................................... 34
Yuzhi ZHANG, Jiapei HAN

Development of Levels of American Transport Service in Bridges ................................................ 37
Yishun Tian

Study on Plane Intersection Channelization Design Based on Traffic Safety ..................................... 41
Yuxian DING, Ningbo MA, Jingfei YU

Reviews of Emergency Evacuation by Transportation ................................................................. 44
Shou CHEN, Pengfei YANG, Chao MAO

Study on Laid-off Workers Re-employment in the View of Harmonious Society—Based on the Survey in the F Street ................................................................. 49
Ti ZHANG, Bin LI, Duo XU, Shipeng NING

Renewable Energy Production Forecast-Based on the American Production Data ........................... 53
Mingyu LI, Guangsheng ZHANG

Research into Coastal Resources Compensatory from the Perspective of Intergenerational Ethics ...... 57
Si-si LIU, Zheng YANG

On Comparison and Inspiration of Decision –Making Model of Regional and Basin water Management ................................................................. 61
Canghai FAN
Primary Investigation into Management Ethical Thoughts by Lao Tzu

Fengguang Ma

Application of Sunzi's art of war in enterprise management

Xiao Lei

The Compare innovation environment of higher talent on Jinlin Province

LuHong

Analysis on the Game between Large Shareholders under Ownership Concentration

Na Cui, Hanmin Liu

Performance Evaluation of the Enterprise’ ISO9001 Certification

Xiaohong YUN

The Empirical Research to the Level of Voluntariness of Listed Companies to Adopt XBRL Standard to Disclose Information

Hui CAO, Jian SUN

Sensitivity Analysis on Hidden Demand of Banking financial products

Xiaofeng HUI, Lei FAN, YiFei MAO

Study on the brand management of hot spring tourism enterprise-Taking Yunnan as an example

Li Congyuan, Lv Wanqing

Change or Adapt to the environments? -an Evolutionary Game Analysis for decision-making of enterprises

Lianmei Luo, Hanmin Liu

On the Confucian thoughts of management and Its Modern Significance

Xiao Lei

Accounting Credit and Countermeasures Thinking

GUO QING, LIU YUAN,YANG QIU SHI

An Empirical Study of the operating performance before and after the listing of Industrial and Commercial Bank of China- Based on analysis of 2002-2010 Annual Report

GUO QING, XIONG LI MIN, LON TAO

A literature review of entrepreneurial failure

Xiao ZHANG, Lina HU, Lihong SUI

Evolutionary Equilibrium Analysis on the Selection of Technology Strategy for Enterprises based on the Cournot Quantity Competition

Jiaxi MA, Jianli LUO

Research on the Mechanism of Risk Conduction of Network Organization Based On Joint Enterprise Crisis

Zhengyin PENG, Qifan YANG

The Empirical Analysis on Affective Factors of Our Country Commercial Bank Efficiency

YAN Xiao-Ming

Research on Relationship between Corporate Governance Ability and Corporation Value

Wuyi, Yumei He

A Dynamic Game Analysis on Intellectual Property Right and Technology Innovation, Social Welfare

IV
YAN Xiao-Ming

Construction of Enterprise Strategic Performance Evaluation System ----Based on the Integration of the Balanced Score Card and Economic Value Added ............................................................................................................................................. 141
Maohua XIE, Wei WANG, Dan WANG

RESEARCH ON THE IMPLEMENTATION OF INTERNAL CONTROL OF ACCOUNTING BASED ON INFORMATION TECHNOLOGY ............................................................................................................................................. 145
LIU Zhonghua

Analysis on Supply Chain Finance of SMEs based on the theory of Systematic Science ..................................................................................................................................................................................... 149
Xiaomin WANG, Qingjun MENG, Feifei YU

Functions positioning of the Chief Financial Officer in the post-financial crisis era ................................................................................................................................................................................................. 154
HUIYI ZHANG, XIAORONG DU

On the Current Situation and Strategy of Culture Industry Development in Liaoning province .......................................................................................................................................................................................... 158
Hua YANG, Guocong CHANG

An Empirical Study on Board Characteristics and Financial Sustainable Growth: A Panel Data of Chinese A-share Listed Companies ......................................................................................................................................................... 162
Weidong SU

The Analysis of Implementing Platform as a Service in Small and Medium Sized Enterprises Informationization Construction ................................................................................................................................................................................................. 166
Jin Nie, Xueting Liu, Jiajia Han

A Study on Microblog Marketing Strategies for Chinese Small and Medium Sized Enterprises .................................................................................................................................................................................................................. 170
Nie Jin, Han Jiajia, Liu Xueting

Research on the selection of EMU drivers based on competency ............................................................................................................................................................................................................................ 175
Tao Li, Long Ye

Analysis on target and suggestion of structure adjustment of rural human resources training ............................................................................................................................................................................................................................ 179
Guoqin Xue

Organizational Behavior of New Generation Employees: A Literature Review ..................................................................................................................................................................................................................................... 183
Yu-hua XIE, Jia CHEN

The Analysis on how to transfer the training results to the job performance ..................................................................................................................................................................................................................................... 187
TaoLI, KaiCAI

Based on the equalization of public services to explore China’s basic medical insurance .................................................................................................................................................................................................................................... 190
Shuang ZHU

Studies on the Development of Human Resources of the ecological immigrant in Ningxia .................................................................................................................................................................................................................................... 194
Lin ZHU

The mechanism of job insecurity and intervention strategies ................................................................................................................................................................................................................................................... 198
TaoLI

Research on the Negative Effects of Emotional Labor from the Perspective of Huaman Resource Management ................................................................................................................................................................................................................................... 202
Hua Wan, Huaying Wan

Research on standardization of human capital property for CAPF ................................................................................................................................................................................................................................................... 207
Qian Xie, Laixi Jia, Yuan Xie
Research on Emerging Industry Talent Demand Forecast Based on Grey Theory

Nengjin TIAN, Jiangang WANG, Yujie ZHANG, Tingting Liu, Zhidong Li

The Work and Family Conflict Problem of Professional Women and its Balance Strategy

Xiaochun ZHANG, Fang MA

A study on Mechanisms of Performance Management for Mediocre and Lazy Employees in the Public Sector

Yun-Hsiang TIEN

The Gender Study in the field of Technology: Review and Perspective of Researches on Female Human Resources in Technology

Yun-Hsiang TIEN

Effect to Employing Decision-making When Procedure of Recruitment Changes

Yichun ZHANG, kuixi CHEN

Integrated the PZB and HoQ Model to the Quality of Work Life Improvement—A Case Study of the Army Volunteer Soldiers

Yann Fang, Chu

Research on HR Management of Chinese Corporate under the Background of Internet

Huang Wei, Guo Mengfei

Application research on broadband compensation performance evaluation Based on the fuzzy comprehensive evaluation

HUI SUN, Junfeng HE

Research on the Equity Incentive Based on Systems Science Theories

Qingjun Meng, Qinjin Jiang, Feifei Yu

Problems in Enterprises’ Activities of Selecting and Cultivating Innovative Talents and the Ecological Counter-measures

Zhangcui GUO, Qingjin MENG, Yipeng LI, Feifei YU

Empirical research of overseas talents attraction based on game theory and incentive model

Yinghong Zhang, Yichen Chen, Hengjin Cai

Human Resources Development and Usage Application in the Industry of Exhibition -Taking Chongqing as an example

Baowei ZHANG, Daokui JIANG

Research on the Middlemen Management Strategies Based on Its Classification

Dongning LU, Xiaofang LI

Analysis on Network Marketing Strategies of Tourist Attractions Based on Immersion Effect

Yueping LIU

Anhua Dark Tea Brand Positioning Based on the Theory of Niche

Wei FANG, Luqian huang

The innovative marketing strategies of micro-enterprises

huimei Ke, peng Guo

A Study on Marketing Strategies for Adolescent Cellular Phones based on Clustering Segmentation

Liang-Chyau Sheu, Pen-Hsi Liu
LIU Xin
Research on Project Orientation of Commercial Real Estate..........................................................356

Jingjing YIN
Research on the Relationship Between the Government and Developers on the Housing Price........360

Meiting CHEN, Juan Zhao, Jingjuan GUO
The Design Units’ Liability of the Compensation for the Damages on the Construction Project Quality..364

Qi Geqi
Review of Design Structure Matrix Implementation on Architecture Engineering Construction........368

Jianlin JIANG, Jianguo CHEN
Research of Communication Management Mechanism of Informationize Projects(IP) in Across-Area Implementing(AAI).................................................................373

Yuehong Xu
The Current Situation and Enlightenment of Multinational Knowledge Transfer in Holley Group Co.,Ltd.................................................................379

Tianying JIANG, Wei SUN
Research on Sustainable Development of Economy of Knowledge Based on Evolutionary Theory of Industrial Structure.................................................................382

Zhaohui QIN
The Relationships among Innovation Networking, Knowledge Acquisition and Firm Resources........386

Rui YAO, He WU, DaoQin HAN
Sentiment analysis-based decision support system for Chinese media monitoring..........................390

E.W.T. Ngai, P. Y. F. Chai, Y. S. Choi, Ryan Sin
Research on Jiangsu University Knowledge Innovation and Transfer Capability Evaluation Based on Entropy Method.................................................................394

Jie WU, Tingting LIU, Yujie ZHANG
The Constraints and Path of College Students’ Education of Power Concept...................................398

Li Bingshui, Ji Yueru, Zhu Mingyin
Implications of Knowledge Management on College English Teaching........................................402

Rong Yingying
The Governance Path Choice of Dynamic Alliance........................................................................405

Lijuan LU
Business Process Oriented Knowledge Communication and Collaboration....................................409

Guanwei HUANG
Agile process quality control........................................................................................................413

Shang huihua, Dai huichuan
Positive Analysis of Effecting Factors of China’s Grain Yield in Different Periods..........................417

Huiling Song
Empirical Analysis on Income Fairness and Efficiency since the Reform and Open to the Outside World in Our Country.................................................................422

Xu Hai-ping
The Research on Chinese Foreign Language Training Market’s Access Mechanism
Keyu BAO, Cibo ZHOU

426

The Analysis on Regional Disparity of Economic Growth in Fuzhou City based on Shift-Shared Method
Jie HUANG, Yexi ZHONG

429

The Research on the visualization of Enterprise Asset Management Based on WebGIS
Wenjian Zhu, Liping lin

433

Based on BPR association iterative a new generation of i-commerce union mode
Liuxiang JI, Xiaozhi DING, Ge SHENG

436

Minhe ZHANG

440

A Prediction Study of Transactions Based on E-commerce Site Search Data
Bian WANG, Geng PENG, Xin YANG, Shichun HAN

445

A Forecast Study of HIV/AIDS new infections Based on Baidu Search Data
Na LI, Geng PENG, Yajun SU, Yana ZHAO

450

Study on Managerial Mechanisms for Web Services
Zheng YANG, Huiying LI, Cunlin ZHANG, Qingyue WU

455

The ecological environment construction of regional information -- Cobweb model - based inquiry
He Shaohua, Zhaotao

459

Electronic Commerce model innovation of agricultural products in Heilongjiang province
Luda SHI, Xiaomei ZHANG

465

Multifunctional City Smart Card based on M/Chip Advance Technology
Vedat Coskun, Busra Ozdenizci, Fahri Soylemezgiller, Murat Kalender

469

E-commerce credit transparency theory analyses
LI Anyu, Li Hui

473

THE STUDY ON LEGAL SYSTEM OF ELECTRONIC CONTRACT
Shiju ZHANG, Xiaoli Song, Juan Wang

477

The Strategies to the Separation and Development of Productive Service Industry from Manufacturing Industry
Jianhua ZHANG, Kun WANG

481

Analysis on the Path of Financial Support to the Development of Home-based Care Services for the Aged in China Urban
Yuhong WEI

485

Analysis On Open Sutiation and Efficiency In Cultural Industries In China
OuYang Youwang, Xu Yi

489

The Empirical Study on the Interactive Development Relationship between Information Technology and Producer Service Industry
WEI Junying, Ma Lunjiao

494

Analysis of different occupational impact on the perception of economic of Shanghai World Expo

498
Rong Yuan1, Shunyong Yang, Zhongyuan Kou

Research on the Evaluation of Students Venture Service Quality Provided by Universities ...............................502

Zhiqiang MA, Peng SUN

Developing E-governance for Social Management Innovation in Guangxi .........................................................506

Zhi-liu ZENG

Social Management Innovation in the New Era: A Case Study of Shenzhen Taoyuan Model ..............................510

Zhi-liu ZENG

Our Country Community Geriatric Services Development and Strategies ..........................................................514

Yuhong WEI

Study on the Mechanism of the Agglomeration Development of Productive Service ........................................518

Ming-xian WANG, Dong WANG, Yu-xin Li

China's strategic choice on USD’s over-issuing ........................................................................................................522

XIAOGUANG GAO

Research on BOT Financing Mode of the Urban Life Garbage Disposal Project .................................................526

Liying ZHANG

Empirical Analysis on the Relation between RMB Real Effective Exchange Rate and Economic Growth in Zhejiang Province .....................................................................................................................530

Kefang LIU

Controlling shareholders of the financial report of listed companies the influence of robustness empirical research ..................................................................................................................................................534

Chen Weitao, Yang Zhonghai, Cheng Yingchun

Reasons and Solutions for the Low Quality of CPAs Auditing ...........................................................................538

Gu Shusheng

Index Stock Selection: From Network Analysis Perspective ..................................................................................541

Bo Xu, Lu Liu

How to Overcome the Financing Difficulties Brought By Indemnificatory Apartment Construction? ................546

Hongjie BAO, Lianfa RUAN, Haizhen WEN

Research on the Effect of Market Discipline of Commercial Banks in China .....................................................550

Jian WANG, Fenglian WEI

Research of the High Inter-Dependence between the Real Estate and the Banking and the Related Risks ..........................................................................................................................................................554

Juan ZHAO, Meiting CHEN, Jingjuan GUO

A Simulation Study of Social Collapse Based on Asymmetrical Eagle-Dove Games ........................................558

Wenjing ZHA, Yue ZHAO, Yiping WU, H. J. CAI

Study on a Case of Rural Handicraft's Operating Mechanism -From the Survey on Willow Industry in ShanDong ................................................................................................................................................562

Nai-an LIU

MFCA to analysis the influences of enterprise management policy ......................................................................566

Jia Wanjun, Sun Jian

Research on Location and Countermeasures of Development of Biological Industry in JiLin Province ..................570
Outlook for Tidal Power Generation Technology
Li Yuchao, Zheng Jingwen

Status Quo of Research on Wind Power Prediction
Li Yuchao, Zheng Jingwen

Overview of Smart Grid
Zheng Jingwen, Li Yuchao

Analysis on Incentive Function of Enterprise Culture on Employees——Take Central Line China Estate Tenancy Consultant Limited Liability Company as an Example
Xiao Xingzheng, Zhang Ligui, Liu Yan

Enterprise Content Management-A Challenge for Organizational Information Management
Özgür KÜLCÜ, Tolga ÇAKMAK

The research on livestock excreta resource-oriented utilization mode of Anda based on Circular Economy Theory
Yaqi Yang Xiaomei Zhang

The Guidance of China’s Foreign Investment Policy and Countermeasures of Jilin Province Utilizing Foreign Capital
Tao LI, Fang WANG

Study on the Development of Foreign Language Training Market
Chen CHEN, Lin LI

Chinese Economic Miracles under the Protection of the Cognitive Membrane
H. J. Cai, Xue Tian

The Cause of Financial Crises: The Surplus of Self-assertiveness Demands or the Insufficiency of Effective Demands
Di Ai, H. J. Cai

The Research concerning the Improvement of Management System of the Foreign Language Institutions
Xujie FAN, Lin LI

Word-of-Mouth Analysis System of Public Opinion Observation and Analysis-The Case Study of Brand Clothing Market in Taiwan
Shun-Hui Yang

Sources of Crops Lodging Resistance and Optimal Plant Architecture Based on Data Mining
SAI WANG, QUANSHENG GAO, XU WU

Research on Type Selection Decision of Pile Foundation Structure of High-rise Buildings based on BP Neural Network
ZHAO Na, Li Ping

The studying of the powerline home networking system architecture model design
Hai HUANG, Yue LI

Analysis and Control of Investment Risk in China’s Growth Enterprise Market
Fangyi XU, Xiaohong YU
Yunhua Lin, Linxi He

Study about China's securities market functional imbalance based on Institutional Economics
ding hong shu

Value Assessment of the Early Development of Commercial Real Estate
Xinghua Gong, Song Xu

Study on the BOT Financing Mode Adopted by Guangzhou Sewage Treatment Plant
Wenchang LI, Qianshan YE, Qianshan WAN

Construction of China water resources fund monitoring system under the dissipative structure view
Xiaorong DU, Qiaogen FENG, Jie HU

Is the M&A Premium on the State-owned Shares of Listed Companies by Foreign Capital Underpricing?
LI Shuang, YU Jian

The Influence of Competitive Forces on the Results of M&A by Large Enterprises
Lishuang

Application of Value Engineering in E-commerce Logistics
Shasha LV, Changhong TANG

System Dynamics Approach for Analyzing Sustainable Development in Guizhou Province, China
Renwei HE, Shaoquan LIU

Shallow discussion about enterprise information technology strategic planning
Mengxiang Liao, Liping Shao

The Design and Optimization of Port Automotive Business System Based on the Internet of Things
Yuzhen Cheng, Shifeng Liu

The Design and Implementation of the College’s Employment System Based on .NET Framework
Qian Wang, Jinzhen Ping

A Monitor System about Commodity Information Based on the Internet of Things Technology
Yaguang Wang

Research on the Mode and Operation Mechanism for Rural Information Resource Integration in Underdeveloped Region — For Example Xinjiang
Huali WANG, Chunling PU, Zhiqiang WANG

PCA-Based Evaluation System of Micro-blog Influence and an Empirical Analysis of Sina Micro-blog
Qing LIU, Geng PENG, Ping WANG

Design of the information system model frame for virtual Enterprises
Xinhai WANG, Tongji YANG, Hongyu YANG

Business Model of Inventory Management System Based on Object-oriented
Weiping CUI, Lei HUANG

Study on Management of Real Estate Based on Information Disclosure
Yuanhua WANG
Characterizing the Community Structure and its Evolution of Opinion Diffusion Network

Bo YANG

Research on Application of Cloud Computing in Community Health Informatization

Shizhu LIU

Research on How to Develop Information Management about Health Management

Shizhu LIU

Value and Method’s Analysis of Enterprise Private Information Sharing

Lu Fang

The Analysis of Problems in China’s Economic Growth Based on the Econometrics Model

Yi Guo, Wenzhong Yu

Study on the Relationship between Investment, Consumption, Import-Export Trade and Economic Growth

WANG Yu, PAN Haiyin

The Duality of the Self-assertiveness Demands: Impulse to Social Progress and Catalyst for Social Disorders

Zhenggang HU, H. J. CAI

A study of engineering graphics intelligent system based on AutoCAD

Hai HUANG, Yue LI

BSS section structure optimization research

Yue LI
目录

建筑施工阶段的成本风险管理研究………………………………………………………………………………1
        谢真真，吴娜

供应链风险诱因识别、评估及风险决策模型构建……………………………………………………………………6
        贾平，王强

风险社会视域下的文化暗涌与化解………………………………………………………………………………………10
        王佳，杨彦璟

团购网站的风险分析和对策建议…………………………………………………………………………………………14
       黄炜，孙文萃

C2C第三方交易平台提供商的运营风险分析及应对策略……………………………………………………………18
        黄炜，夏莽

城市轨道交通BT融资模式下投资人风险分析与防范……………………………………………………………………22
       张娜娜，刘蕾

基于PNN的企业集团信用风险评估实证研究…………………………………………………………………………26
       肖磊，李丽，肖佳文

高等院校教学质量过程控制数字化管理…………………………………………………………………………………30
       钟吉洲

图们江三角洲非敏感领域合作思路研究………………………………………………………………………………34
       张玉智，韩佳培

Development of Levels of American Transport Service in Bridges……………………………………………………37
       Yishun Tian

基于交通安全的平面交叉口渠化设计研究……………………………………………………………………………41
       丁玉贤，马宁波，于景飞

应急交通疏散研究综述……………………………………………………………………………………………………44
       陈收，杨鹏飞，毛超

Study on Laid-off Workers Re-employment in the View of Harmonious Society—Based on the
Survey in the F Street………………………………………………………………………………………………………49
       Ti ZHANG，Bin LI，Duo XU，Shipeng NING

可再生能源产量预测——以美国数据为例………………………………………………………………………………53
       李明玉，张广胜

代际伦理视角下的岸线资源补偿性研究…………………………………………………………………………………57
       刘思思，杨正

区域与流域水资源管理决策模式比较及启示…………………………………………………………………………61
       范仓海

老子的经营伦理思想初探………………………………………………………………………………………………66
       马风光

论孙子兵法在企业管理中的应用…………………………………………………………………………………………70
       肖磊
吉林省高层次人才创新环境比较分析

鲁虹

74

股权集中条件下大股东制衡问题的博弈分析

崔娜, 刘汉民

77

企业实施ISO9001 体系认证的绩效评价

云小红

81

上市公司自愿采用XBRL标准信息披露的实证研究

曹慧, 孙舰

86

Sensitivity Analysis on Hidden Demand of Banking financial products

Xiaofeng HUI, Lei FAN, YiFei MAO

90

温泉旅游企业品牌化经营研究 ——以云南为例

李聪媛, 吕宛青

94

Change or Adapt to the environments? -an Evolutionary Game Analysis for decision-making of enterprises

Lianmei Luo, Hanmin Liu

99

试论儒家管理思想及其现代意义

肖磊

103

基于会计诚信缺失及对策研究的思考

郭晴, 刘源, 杨秋实

106

An Empirical Study of the operating performance before and after the listing of Industrial and Commercial Bank of China- Based on analysis of 2002-2010 Annual Report

GUO QING, XIONG LI MIN, LON TAO

109

创业失败文献综述

张骁, 胡丽娜, 孙丽红

114

基于Cournot产量竞争的企业技术战略选择演化均衡分析

马家喜, 罗建利

118

我国商业银行效率影响因素的实证分析

严小明

126

公司治理水平与企业价值关系研究

伍艺, 何玉梅

131

知识产权保护和科技创新、社会福利的动态博弈分析

严小明

136

企业战略业绩评价体系构建 ——基于平衡计分卡与经济增加值的整合视角

颜茂华, 王崴, 王丹

141

RESEARCH ON THE IMPLEMENTATION OF INTERNAL CONTROL OF ACCOUNTING BASED ON INFORMATION TECHNOLOGY

LIU Zhonghua

145

基于系统科学理论的中小企业供应链融资分析

149
