### Research Papers

**Regulation-Based Dimensional Modeling for Regulatory Intelligence**  
Omar Badreddin, Gunter Mussbacher, Daniel Amyot, Saeed Ahmadi Behnam, Rouzbahan Rashidi-Tabrizi, Edna Braun, Mohammad Alhaj, and Gregory Richards — *University of Ottawa, Canada; Carleton University, Canada*  

**Mapping Legal Requirements to IT Controls**  
Travis D. Breaux, David G. Gordon, Nick Papanikolaou, and Siani Pearson — *Carnegie Mellon University, USA; HP Labs, UK*  

**Eros: An Approach for Ensuring Regulatory Compliance of Process Outcomes**  
Quanjun Yin, Nazim H. Madhavji, and Mahesh Pattani — *University of Western Ontario, Canada; BestCare, UK*  

**Toward Benchmarks to Assess Advancement in Legal Requirements Modeling**  
Ivan Jureta, Travis D. Breaux, Alberto Siena, and David G. Gordon — *University of Namur, Belgium; Carnegie Mellon University, USA; University of Trento, Italy*  

**Transforming Regulations into Performance Models in the Context of Reasoning for Outcome-Based Compliance**  
Rouzbahan Rashidi-Tabrizi, Gunter Mussbacher, and Daniel Amyot — *University of Ottawa, Canada*  

**Towards a Process for Legally Compliant Software**  
Waël Hassan and Luigi Logrippo — *Privacy in Design, Canada; University of Quebec at Outaouais, Canada; University of Ottawa, Canada*  

**Legal Requirements Analysis and Modeling with the Measured Compliance Profile for the Goal-oriented Requirement Language**  
Rouzbahan Rashidi-Tabrizi, Gunter Mussbacher, and Daniel Amyot — *University of Ottawa, Canada*  

**Preserving Traceability and Encoding Meaning in Legal Requirements Extraction**  
Travis D. Breaux and David G. Gordon — *Carnegie Mellon University, USA*  

**Applying CoReL to an Excerpt of HIPAA: A Critical Discussion**  
Marwane El Kharbili — *University of Luxembourg, Luxembourg*  

**Applying GaiusT for Extracting Requirements from Legal Documents**  
Nicola Zeni, Luisa Mich, John Mylopoulos, and James R. Cordy — *University of Trento, Italy; Queen’s University, Canada*  

**Modeling Laws with Nomos 2**  
Silvia Ingolfo, Alberto Siena, Angelo Susi, Anna Perini, and John Mylopoulos — *University of Trento, Italy; Fondazione Bruno Kessler, Italy*  

### Special Session on Convergent Challenges in Legal Requirements Analysis and Modeling

**Legal Requirements Analysis and Modeling with the Measured Compliance Profile for the Goal-oriented Requirement Language**  
Rouzbahan Rashidi-Tabrizi, Gunter Mussbacher, and Daniel Amyot — *University of Ottawa, Canada*  

**Preserving Traceability and Encoding Meaning in Legal Requirements Extraction**  
Travis D. Breaux and David G. Gordon — *Carnegie Mellon University, USA*  

**Applying CoReL to an Excerpt of HIPAA: A Critical Discussion**  
Marwane El Kharbili — *University of Luxembourg, Luxembourg*  

**Applying GaiusT for Extracting Requirements from Legal Documents**  
Nicola Zeni, Luisa Mich, John Mylopoulos, and James R. Cordy — *University of Trento, Italy; Queen’s University, Canada*  

**Modeling Laws with Nomos 2**  
Silvia Ingolfo, Alberto Siena, Angelo Susi, Anna Perini, and John Mylopoulos — *University of Trento, Italy; Fondazione Bruno Kessler, Italy*
