18th Offshore Symposium

Houston, Texas, USA
7 February 2013

# TABLE OF CONTENTS

## OPENING SESSION PAPERS

- **Ocean Thermal Energy Conversion at SBM**  
  S. Kibbee  
  Page: 3

- **Ocean Engineering Human Powered Submarines: Past, Present and Future**  
  A. Knoll, T. Shipman, G. Whisenhunt  
  Page: 19

## SESSION A PAPERS

- **Advanced Offshore Wind Demonstration Project**  
  H. Schellstede  
  Page: 43

- **A Dynamic Analysis Method for an Offshore Wind Turbine with a Jacket Support Structure**  
  K. Kim, T. Lo, Q. Yu  
  Page: 63

- **Optimization and Preliminary Design of Marine Current Turbines**  
  D. Aran, S. Kinnas  
  Page: 81

## SESSION B PAPERS

- **The Tension Leg Platform - A Retrospective**  
  R. D'Souza, R. Aggarwal, S. Basu  
  Page: 99

- **Presentation of Propulsion Machinery Case Stories from DNV Technical Authority**  
  J. Andersen, T. Arvidsen, O. Alnes, G. Bakken  
  Page: 115

- **Strategic Environmental Assessment in the Offshore Industry: An Economic and Empirical Study**  
  M. Burns  
  Page: 133

## SESSION C PAPERS

- **A Numerical Method for the Performance Prediction of Bow Thrusters**  
  Y. Tian, S. Kinnas  
  Page: 149

- **Predicting Ice Loads on Offshore Structures**  
  D. Molyneux, D. Spencer  
  Page: 157

- **Mitigating Risk in Shallow Water and Arctic Station-Keeping**  
  J. Pasternak, M. Hersley, M. Farrell  
  Page: 173

## SESSION D PAPERS

- **Systems Thinking Approach to Hazard Assessment of Offshore Support Vessels**  
  C. He, G. Reilly, W. Huang  
  Page: 187

- **Comparison of Laboratory and Predicted Motions and Mooring Line Forces for a Container Ship Moored to a Dock**  
  A. Luai, Y. Zhi  
  Page: 201

- **The Use of Integrated Barrier Assessments to Improve Safety and Reduce Risk in Offshore Oil and Gas Exploration and Production**  
  J. Sajdak, W. Cowardin  
  Page: 217

## ALTERNATE PAPERS

- **Installation Engineering for Heavy Float over Topsides - A Case Narrative**  
  P. Suresh, L. Cherian  
  Page: 235
CLOSING SESSION PAPERS

Arctic Design Criteria - Recent Developments

G. Ghoneim

Development of a Dis-Connectable Arctic Floating Platform Concept for Year-Round Drilling and Production in Deep-Water Beaufort Sea

J. Zou

The Safety Case: Where it Came From and Where it is Going

J. Stiff, D. Cusano, E. Taylor
