NETWORK VISUALIZATION OF UMLS SOURCE VOCABULARIES USING SEMANTIC GROUPS ........................................................................................................... 90
T. Le, B. Rance, O. Bodenreider

PROTECTING PERSONAL INFORMATION WITH SECURE EXECUTION TECHNOLOGY ................................................................. 91
R. Bauer, H. Kum, M. Reiter

NEED FOR AN AUTOMATED EMR LINKED GENETICS REFERRAL TOOL .......................................................................................... 92
L. Baumgart, K. Vogel, M. Modi, P. Halick, W. Cohn, W. Knaus

GERIATRIC TELEREHABILITATION: CAN OLDER ADULTS HANDLE THE TECHNOLOGY? .......................................................... 93
M. Bedra, M. McNabney, D. Stiassny, J. Nicholas, J. Finkelstein

ASSESSING THE PERFORMANCE OF LOINC® AND RADLEX FOR COVERAGE OF CT SCANS ACROSS THREE SITES IN A HEALTH INFORMATION EXCHANGE .............................................................................................................. 94
A. Beitia, G. Kuperman, B. Delman, J. Shapiro

ON-TIME CLINICAL PHENOTYPE PREDICTION BASED ON NARRATIVE REPORTS ................................................................................... 103
C. Bejan, L. Vanderwende, H. Evans, M. Wurfel, M. Yetisgen-Yildiz

ADVERSE CHILDHOOD EXPERIENCES AND ADULT ILLNESS IN GULF WAR VETERANS .......................................................... 111
A. Ben-Ari, K. Hammond

APPLYING DISTANCE HISTOGRAM TO RETRIEVE 3D CARDIAC MEDICAL MODELS ................................................................................... 112
L. Bergamasco, F. Nunes

INFORMATICS INFRASTRUCTURE FOR ROUTINE PERSONALIZED MEDICINE .......................................................................................... 122
E. Bernstam, K. Chen, H. Xu, F. Meric-Bernstam

THE IMPACT OF AN AUTOMATED EARLY WARNING SYSTEM FOR SEPSIS .......................................................................................... 125
J. Betesh, C. Vanzandbergen, B. Fuchs, G. Tait, A. Hanish, N. Fishman, B. French, C. Unscheid

HOW FIRST RESPONDERS USE DECISION-SUPPORT TOOLS DURING CHEMICAL EMERGENCIES: THE NEXUS OF CULTURE, CONTEXT, AND COGNITION .............................................................................................................. 126
S. Bhavani, B. Dang, K. Zheng, C. Weber

ACCELERATING TRANSLATIONAL INSIGHTS THROUGH VISUAL ANALYTICS .......................................................................................... 127
S. Bhavani, B. Dang, R. Divekar

INTRODUCING THE ELECTRONIC HEALTH RECORD INTO UNDERGRADUATE HEALTH INFORMATICS EDUCATION: DEVELOPMENT OF STUDENT HEALTH INFORMATICS PROFESSIONAL COMPETENCE .......................................................................................... 130
E. Borycki, J. Griffith, P. Reid, A. Kashirnik, M. Kuo

PREVENTING PERIOPERATIVE PERIPHERAL NERVE INJURY IN SURGICAL PATIENTS USING CLINICAL DECISION SUPPORT .......................................................................................... 131
S. Bouyer-Ferullo, P. Dykes, I. Androwich

GOING FURTHER WITH THREE FEDERATED QUERY TYPES .......................................................................................... 132
R. Bradshaw, D. Schultz, R. Madsen, R. Gouripeddi, R. Butcher, B. Lasalle, J. Facelli

FRAME ENGINE: A CDS BRIDGING ARCHITECTURE .......................................................................................... 133
B. Bray

NOVEL PHENOTYPE DEVELOPMENT USING NON-TRADITIONAL MULTILEVEL POPULATION-BASED ATTRIBUTES .......................................................................................... 134
M. Breitenstein, K. Monsen

CULTIVATING IMAGINATION: DEVELOPMENT AND PILOT TEST OF A THERAPEUTIC USE OF AN IMMERSIVE VIRTUAL REALITY CAVE .......................................................................................... 135
P. Brennan, F. Niccolalde, K. Ponto, M. Kinneberg, V. Freese, D. Paz

CREATING A VIRTUAL ELECTRONIC HEALTH RECORD LABORATORY .......................................................................................... 145
J. Brixey

BLOOD CELL DIFFERENTIALS AND STANDARDS .......................................................................................... 146

X. Wang, X. Wei, T. Agresta, M. Pharm, H. Xu

PHENOMETRIC ANALYSIS OF ELECTRONIC HEALTH RECORDS: A NEW APPROACH TO VISUALIZATION OF HIGH DIMENSIONAL BIOMEDICAL INFORMATION

SHARING OF GENOMIC INFORMATION: PERSPECTIVES FROM STAKEHOLDERS

G. Alterovitz, J. Denny, R. Fassett, K. Hughes
UTILIZING THE ELECTRONIC HEALTH RECORD FOR RESEARCH: WORKFLOW DOCUMENTATION AND DEVELOPING EHR TOOLS FOR SUBJECT IDENTIFICATION, TRACKING, AND DATA COLLECTION ................................................................. 1496
T. Winden, J. Krueger, K. Krypel, A. Health

METRICS FOR ASSESSING THE QUALITY OF VALUE SETS IN CLINICAL QUALITY MEASURES ................................................................................................................... 1497
R. Winnenburg, O. Bodenreider

GROUPWARE TO FACILITATE INTERDISCIPLINARY TEAM COMMUNICATIONS ................................................................. 1506
J. Wolfarth, A. Allam, M. Desai, A. Stanley

EVALUATION AND COMPARISON OF TWO COMPUTERIZED IV INSULIN-TREATMENT PROTOCOLS USING PATIENT DATA FROM THE ICU ................................................................. 1511
A. Wong, U. Pielmeier, P. Haug, A. Morris

A LITERATURE-BASED ASSESSMENT OF CONCEPT PAIRS AS A MEASURE OF SEMANTIC RELATEDNESS ............................................................................................... 1512
T. Workman, G. Rosemblat, M. Fiszman, T. Rindflesch

COLORECTAL CANCER PREDICTION FROM FOB-positive SCREEN IN ICHD ................................................................................. 1522
C. Wu

TX CANCER PATIENT LONG TERM FOLLOW UP CARE IN MDACC ................................................................................................. 1523
C. Wu

A PRACTICAL METHOD FOR PREDICTING FREQUENT USE OF EMERGENCY DEPARTMENT CARE USING ROUTINELY AVAILABLE ELECTRONIC REGISTRATION DATA ............................................................................................... 1524
J. Wu, H. Xu, J. Finnell, S. Grannis

EVALUATING CONGRUENCE BETWEEN LABORATORY LOINC VALUE SETS FOR QUALITY MEASURES, PUBLIC HEALTH REPORTING, AND MAPPING COMMON TESTS ............................................................................. 1525
J. Wu, J. Finnell, D. Vreeman

CONSUMER HEALTH VOCABULARY APPLICATION IN DENTAL HYGIENE CLINIC ................................................................................................. 1533
M. Wu, Q. Tang, W. Huang

USING MULTIDIMENSIONAL MUTUAL INFORMATION TO PRIORITIZE MAMMOGRAPHIC FEATURES FOR BREAST CANCER DIAGNOSIS ............................................................................................... 1534
Y. Wu, D. Vanness, E. Burns

BUILDING A LARGE CLINICAL ABBREVIATION SENSE INVENTORY FROM DISCHARGE SUMMARIES ................................................................................................. 1544
Y. Wu, S. Rosenbloom, J. Denny, R. Miller, D. Giuse, H. Xu

NEGATION’S NOT SOLVED: RECONSIDERING NEGATION ANNOTATION AND EVALUATION ................................................................................................. 1545
S. Wu, T. Miller, J. Masanz, M. Coarr, D. Carrell, S. Halgrim, D. Harris, C. Clark

CONTENT ANALYSIS FOR CLINICAL APPLICATION OF NATURAL LANGUAGE PROCESSING ................................................................................................. 1546
K. Yadav, W. Cartwright, P. Hinds

USER-CENTERED DESIGN OF A MODEL-DRIVEN RULE AUTHORIZING ENVIRONMENT ................................................................................................. 1547
D. Yauh, B. Bradley, M. Ebert, D. Sottara, P. Haug, D. Kaufman, R. Greenes

TEXT MINING OF MEDICATION INCIDENTS USING TOPIC MODELS ................................................................................................. 1548
Z. Wong

A DOMAIN SPECIFIC LANGUAGE FOR WEB-BASED REPORTING SYSTEMS ................................................................................................. 1549
D. Yergens, J. Ray, C. Doig

ANALYSIS OF MOTIVATIONAL CONCEPTS IN TWEETS RELATED TO JOGGING ................................................................................................. 1550
S. Yoon, J. Shaffer, J. Momberg, S. Bakken

COMPONENTS OF NURSE CARE COORDINATORS’ COMMUNICATIONS ................................................................................................. 1551
T. Kim, K. Marek, A. Coenen

CLASSIFYING BENIGN AND MALIGNANT LUNG DISEASES BY APPLYING MACHINE LEARNING METHODS TO MICROSCOPIC PATHOLOGY IMAGES ................................................................................................. 1552
K. Yu, S. Tuo, D. Rubin

A PHENOMENOLOGIC STUDY EXPLORING NURSES’ EXPERIENCE WITH HEALTH INFORMATION TECHNOLOGY OVER TIME ................................................................................................. 1553
I. Zadvinskis, E. Chipps, P. Yen

RECALL OF COMPUTER-IllUSTRATED PATIENT INSTRUCTIONS: AN EVALUATION OF THE GLYPH SYSTEM ................................................................................................. 1554
Q. Zeng-Treitler, S. Perri, B. Hill, C. Nakamura, D. Bui, B. Bray

PREDICTING THE NEED FOR PEDIATRIC INTENSIVE CARE UNIT (PICU) TRANSFER FOR NEWLY HOSPITALIZED CHILDREN WITH MACHINE LEARNING ................................................................................................. 1555
H. Zhai, P. Brady, Q. Li, T. Lingren, D. Wheeler, Y. Ni, I. Solti
CREATING A USABILITY TESTING ONTOLOGY FOR BIOMEDICAL INFORMATION RETRIEVAL TOOLS
J. Zhang, R. Walker, H. Kim .......................................................... 1556

AN INTERACTIVE CLINICAL DECISION SUPPORT TOOL FOR HEPARIN-INDUCED THROMBOCYTOPENIA MANAGEMENT
M. Zhang, D. McAllister, S. Johnson, M. Wheeler, P. Proctor, B. Bray, V. Deshmukh .................................................. 1557

ENABLING CROSS-PLATFORM CLINICAL DECISION SUPPORT THROUGH WEB-BASED DECISION SUPPORT IN COMMERCIAL ELECTRONIC HEALTH RECORD SYSTEMS: PROPOSAL AND EVALUATION OF INITIAL PROTOTYPE IMPLEMENTATIONS
M. Zhang, F. Velasco, R. Musser, K. Kawamoto .................................................. 1558

EXPLORING THE RELATIONSHIP BETWEEN DRUG SIDE-EFFECTS AND THERAPEUTIC INDICATIONS
P. Zhang, F. Wang, J. Hu, R. Sorrentino .......................................................... 1568

UNDERSTANDING CONSUMERS' INFORMATION NEEDS ABOUT BREAST CANCER BY ANALYZING ONLINE QUESTIONS
Y. Zhang, H. Xu ................................................................................. 1578

SUPPORTING INFORMATION USE AND RETENTION OF PRE-HOSPITAL INFORMATION DURING TRAUMA RESUSCITATION: A QUALITATIVE STUDY OF PRE-HOSPITAL COMMUNICATIONS AND INFORMATION NEEDS
Z. Zhang, A. Sarcevic, R. Burd ........................................................................ 1579

GAPS IN FUNCTIONALITY: WORK-CENTERED DESIGN OF MEDICATION LIST IN AMBULATORY EHRs
Z. Zhang, M. Walji, A. Franklin, J. Zhang .................................................. 1589

ASLFORM: AN ADAPTIVE SELF LEARNING MEDICAL FORM GENERATING SYSTEM
S. Zheng, F. Wang, J. Lu ........................................................................... 1590

TOWARDS COLLABORATIVE FILTERING RECOMMENDER SYSTEMS FOR TAILORED HEALTH COMMUNICATIONS
B. Marlin, R. Adams, R. Sadasivam, T. Houston .................................................. 1600

INTEGRATION OF AN NLP-BASED APPLICATION TO SUPPORT MEDICATION MANAGEMENT
L. Zhou, A. Shakurova, L. Samal, Q. Her, F. Chang, D. Bates .................................................. 1608

USING STANDARDIZED CLINICAL DATA MODELING AND KNOWLEDGE REPRESENTATION TO COMPUTE PHARMACOGENOMIC DATA ELEMENTS
Q. Zhu, J. Pathak, R. Freimuth, C. Chute .................................................. 1609

DEVELOPING A SYSTEMATIC APPROACH TO MEASURE MEDICATION ADHERENCE
V. Zhu, P. Ryan, M. Overhage, P. Stang, J. Berlin .................................................. 1610

DESIGN AND IMPLEMENTATION STATUS OF AN ANAESTHESIA INFORMATION MANAGEMENT SYSTEM
D. Zagogianu, B. Spyropoulos ........................................................................ 1611
