SPE International Conference and Exhibition on Oilfield Corrosion 2014

New Challenges for a New Era

Aberdeen, United Kingdom
12-13 May 2014
Table of Contents

OTC-24983-RPT
Corrosion in Formate Brines - 20 Years of Laboratory Testing and Field Experience  1
S.K. Howard, Cabot Specialty Fluids; M. Chrenowski, Robert Gordon University

SPE-169599-MS
Corrosion Management - It's All Gone Holistic  16
P. Stokes, D. Sandana, L. Jones, MACAW Engineering Ltd

SPE-169601-MS
Time-domain Magnetic Defectoscopy For Tubing And Casing Corrosion Detection  22
A. Aslanyan, I. Aslanyan, TGT Oil & Gas Services; A. Arbusov, B.A. Zagidullin, TGT Prime; T.A. Al-Rahawi, S. Prosvirkin, TGT Oil & Gas Services; M.F. Al-Ajmi, M.O. Awad, S.S. Sharma, M. Das, Kuwait Oil Company

SPE-169602-MS
Corrosion Prevention, Control and Management: Asset Integrity Measures in Downstream Process Facilities  39
B.O. Bassey, Northwest Petroleum and Gas Company Limited; O.E. Bassey, Cranfield University; A. Ogedengbe, British Petroleum

SPE-169603-MS
Internal Corrosion Assessment of the Otter Oil Production Spool  63
E. Rodigues, TAQA Bratani; R. Akid, University of Manchester

SPE-169604-MS
Corrosion Inhibitor Squeeze Treatments - Misconceptions, Concepts and Potential Benefits  78

SPE-169607-MS
Inching Towards Complete Well Integrity Management  86

SPE-169611-MS
Internal Corrosion Monitoring Experience in a Multi-Product Pipeline of Oil India Limited - A Case Study 95
M.C. Nihalani, S. Purohit, P. Sarma, Oil India Limited

SPE-169612-MS
New Insights into Synergetic Effect of Halides Ions and a Diamine-Containing Corrosion Inhibitor for HCl Acid 104
A.A. Al-Taq, Saudi Aramco; S. Ali, KFUPM; J. Saleem, H. Al-Haji, Saudi Aramco

SPE-169613-MS
Understanding the Impact of Field Development and Changing Fluid Compositions on Corrosion 118
Inhibitor Selection and Performance
A.J. Kirkpatrick, M.A. Reid, D. Machray, A.A. Adelusi, Clariant Oil Services

SPE-169614-MS
Corrosion Inhibition under FeCO₃-Forming Conditions at Elevated Temperatures 126
A. Palencsár, IFE; E. Gulbrandsen, IFE; currently DNV GL; K. Kosoru, IFE; currently Intecha, Ltd.
# Table of Contents

**SPE-169615-MS**  
The Challenges Associated with the Development and Application of Oil and Gas Corrosion Inhibitors 140  
A. Jenkins, M-I SWACO, a Schlumberger company

**SPE-169618-MS**  
Downhole Corrosion/Scaling Operational Experience and Challenges in HPHT Gas Condensate 153  
Producers  
J.I. Al-Tammar, Saudi Aramco; M. Bonis, Total; H. Choi, Samsung C&T Corporation; Y. Salim, Saudi Aramco

**SPE-169620-MS**  
Passivation of Titanium Alloy with Aminopolycarboxylic Acid-Based HF Fluid 168  
N. Pascarella, E.A. Reyes, Halliburton

**SPE-169623-MS**  
Managing Internal Corrosion of Mild Steel Pipelines in CO₂ Enhanced Oil Recovery Multiphase Flow Conditions182  
J. Zhang, Z.M. Wang, Sinopec Petroleum Engineering Corporation

**SPE-169626-MS**  
Chemical Treatments Practices and Philosophies in Oilfields 198  
M.A. Awan, S.M. Al-Khaledi, Kuwait Oil Company

**SPE-169627-MS**  
New Generation of Sour Service Drill Pipe Allows Addressing Highly Sour Field Challenges 212  
V. Flores, R. Rodrigues, Vallourec Drilling Products; A. Thomazic, F. Thebault, Vallourec Research Center

**SPE-169628-MS**  
New Generation of High Strength Sour Service Drill Pipe: A Breakthrough Innovation to Address 221  
Ultradeep and Extended-Reach Drilling Challenges Combined With H₂S Environments  
V.P. Flores, R. Rodrigues, K. Godeke, Vallourec Drilling Products; A. Thomazic, F. Thebault, Vallourec Research Center

**SPE-169629-MS**  
Numerical Prediction of Reservoir Souring Based on the Growth Kinetics of Sulfate-reducing Bacteria 229  
Indigenous to an Oilfield  
Y. Sugai, Y. Owaki, K. Sasaki, Kyushu University; F. Kaneko, T. Sakai, Japex Offshore Ltd.

**SPE-169630-MS**  
Multi-faceted Approaches for Controlling Top of Line Corrosion (TLC) in Pipelines 243  
W.W. Frenier, Frenier Chemistry Consultants; D. Wint, T. D. Williamson, Inc.

**SPE-169631-MS**  
High Resolution Real-Time Thickness Measurement of Internal and External Casing Anomalies with 269  
Ultrasonic Scanner Tools  
L. Tello, D. Azuaje, D. Tran, Weatherford International
Table of Contents

SPE-169632-MS
Corrosion Management - An Overview of the Corrosion Control Process in OMV Petrom 277
I. Nicolae, L.S. Firu, OMV Petrom

SPE-169633-MS
A Selection Methodology for 13Cr-Type Alloy Oil Country Tubular Goods 293
E. Caldwell, J. Zhang, L. Goodman, GATE, Inc.

SPE-169637-MS
Application of Plant Extract for Inhibiting Corrosion in Acidic Environments 308
R. Belakshe, L. Salgaonkar, Halliburton

SPE-169638-MS
Use of Molecular Methods (Pyrosequencing) for Evaluating MIC Potential in Water Systems for Oil 315 Production in the North Sea
J. Mand, H. Park, T.R. Jack, G. Voordouw, University of Calgary; H. Hoffmann, Intertek Production & Integrity Assurance

SPE-169639-MS
Investigation of Noninvasive Healing of Damaged Piping System Using Electro-Magneto-Mechanical Methods 326
D. Mukherjee, Z. Zaky, T. Zohdi, Univ. of California, Berkeley; A. Salama, S. Sun, King Abdullah Univ. of Science & Technology

SPE-169640-MS
The Use of Computational Fluid Dynamics to Troubleshoot Excessive Metal Loss in a Carbon Steel 341 Flowline: A Case History
E. Marinou, V. De Souza, L. Djayapertapa, K. Watson, Senergy Ltd; C. Moor, F. Chalmers, Centrica UK
