2014 International Conference of Educational Innovation through Technology

(EITT 2014)

Brisbane, Australia
27-29 October 2014

IEEE Catalog Number: CFP1445Z-POD
ISBN: 978-1-4799-4229-9

2014 International Conference of Educational Innovation through Technology

EITT 2014

Table of Contents

About EITT 2014.....ix

Preface.....x

EITT 2014 Organization.....xi

Program Committee Members.....xii

Section One: Emerging Technology in Learning and Teaching

Effects of the Mobile Competitive Game Approach on Students' Learning Attitudes and Flow Experience in Field Trips 3
Gwo-Jen Hwang, Chi-Chang Chen, Po-Han Wu, and Nien-Ting Tu

The Analysis of Mobile Learning Resources Construction on Original UGC 9
Chengling Zhao and Jing Du

Design Research and Practice of Augmented Reality Textbook 16
Ling Zhou and Shuyu Zhang

M-learning Course Development and Practice Based on Tutor-Directed Online Teaching 21
Jianjun Hou, Kuiyuan Zhang, Xuexiang Yang, and Hongpeng Gao

The Identification of Grammar Points in International Chinese Language Teaching Materials Based on Sentence-Based Annotation 29
Yan Zhang, Jihua Song, Xue Zhu, and Weiming Peng

Gesture-Facilitated Learning of English Word Stress Patterns 37
Wei Chang, Wei-Chieh Fang, Yu-Lun Lin, and Nian-Shing Chen

Design and Development of a Mobile Library APP System 43
Po-Sheng Chiu, Ying-Hung Pu, Tzung-Shi Chen, Yen-Hung Kuo, and Yueh-Min Huang

The Design of Mobile Learning English Word Memory Management Software Function Module 49
Zhijun Wang, Hong Li, and Feng Liu

Development of a Contextual Decision-Making Game for Improving Students' Learning Performance in a Health Education Course 54
Gwo-Jen Hwang, Han-Yu Sung, and Yi-Fang Yen

Effects of Personal Learning Space on Learners' Online Self-Regulated Learning Capability and Collaborative Learning Level 62
Yun-xiang Zheng and Li-zhen He

League of Learners (LoL)—A Collaborative Subject-Free Learning Game Scheme to Leverage Fun and Meaningful Learning: A Study on Potential and Effect 68
Jun-Ming Su and Kuo-Ming Wu

Cooperative Learning by Location-Based Augmented Reality for an Inquiry Learning Course 75
Tosti H.C. Chiang, Stephen J.H. Yang, Chester J.H. Huang, and Addison Y.S. Su

Design and Implementation of Learning Analytics System for Teachers and Learners Based on the Specified LMS 79
Qian Zhou, Xibin Han, Juan Yang, and Jiangang Cheng

Section Two: Innovative Approaches to Using Information Technology in Learning and Learning Environments

Strategies for Design and Application of Micro-lesson 85
Yichun Zhang

The Applied Research on Interactive Digital Educational Television Program Catalogue 88
Yongpei Ye

Empirical Study on Flipped Classroom Based on Understanding 92
Mingxuan Chen and Shu Chen

Preliminary Research and Development on the Problem-Solving Humanoid Machine for K-12 Education 99
Xinguo Yu, Danfeng Yang, Wan Ding, and Wenbin Gan

Study on Blended Learning Supported by Network Curriculum 105
Xiajuan Shen, Donghuai Gao, Yuwen Ning, and Liyan Pei

The Effects of Association-Based Organizational Formats in Taking Vocabulary Notebooks 111
Ming-Chi Liu, Chia-Hung Lai, and Yueh-Min Huang

How Micro Lecture Videos Trigger the Motivation of Learners of Coursera: A Comparative Study Based on ARCS Mode 117
Hui Deng, Yinjuan Shao, Yingshan Tang, and Zenong Qin

Differences of Reading Processes between And Gate and Or Gate: Evidences from Eye Movement 123
Hong-Fa Ho and Duen-Huang Huang

Theory on Ecological Design of Online Learning Environments 129
Tongtong Li and Fati Wu

Technology-Supported Positive Learning Attitudes in Junior Middle School 135
Wu Chen

Comparison of the Impact of Two Online Learning Promotion Strategies on Group Interaction Activities 143
Jing Ma, Xibin Han, Juan Yang, and Jiangang Cheng

Task-Based Learning in Vocational Education: A Case Study of 3D Parametric Mechanical Design Course with Cloudized Learning Platform 150
Chia-Hung Lai, Shu-Hsien Huang, Ming-Chi Liu, and Yueh-Min Huang

CH-SPOC: A Hybrid Learning Mode and Its Exploration in Zhejiang University 158
Mengmeng Cheng and Jianping Zhang

Section Three: Policy and Literacy of Information Technology in Education

Research on Different Teacher Groups' Levels of Reflection in Teachers' Online Community of Practice 165
Lu Wang

The Latest Development of Education Informatization in North America and Its Implications 170
Junjie Shang, Peijie Cao, and Huan Nie

Group Differences: E-learning Anxiety and Sense of Spatial Orientation—Groups Divided by Felder-Silverman Learning Style 176
Gang-shan Fu and Yun-fu Li

Learning Styles of Distance Students Attending a Pilot E-College in China: Survey Results 184
Hong Zhao and Li Chen

Using Learning Analytics Technologies to Find Learning Structures from Online Examination System 192
Qingtang Liu and Guilin Fan

Designing a Training Program for Information Security Literacy of Undergraduates Based on Ubiquitous Learning 197
Yuwen Ning, Donghuai Gao, Xiajuan Shen, Qing Ye, Hua Cai, and Jia Guo

Effects of Mobile Learning Participation Time on High School Students' 21st Century Core Competences 205
Chiu-Lin Lai and Gwo-Jen Hwang

A Novel Instructional Sequence for Interactive Simulations (ISIS): Developing Conceptual Understanding in Physics Education in China within a Context of Curricular Reform 212
David R. Geelan and Xinxin Fan

To Be or Not to Be: Using Tablet PCs in K-12 Education 220
Sha Zhu, Yinghui Shi, Di Wu, Harrison Hao Yang, Jixin Wang, and Lam-for Kwok

The Analysis of Copyright Protection of Digital Teaching Resources Sharing in Higher Education on the View of Game Theory 225
Qiue Xiong and Weize Ding

Study on Knowledge Management Behaviors in Teachers' Online Communities of Practice 230
Minxia Zhang and Shuang Liu

The Investigation on Kindergarten Teacher's Educational Technology Literacy: Take Kindergarten Backbone Teachers Who Participate in "National Teacher Training Program" in Henan Province for Example 236
Jide Wang and Shuhui Zhu

Current Status and Solutions towards the Construction and Sharing of Digital Educational Resources in Colleges and Universities: A Survey from Guang Dong in China 244
Youru Xie, Rui Yin, Yajie Chang, Wenyan Wu, and Miaoshan Ni

Our CSCL: Impacting or Being Impacted—An Investigation of Computer-Supported Collaborative Learning among High School Students in Shanghai 250
Minyu Wu, Haijun Guo, Chenxi Zhou, Beirong Lu, Huan Liu, and Youqun Ren

From SPOC to MPOC—The Effective Practice of Peking University Online Teacher Training 258
Wenge Guo

Author Index 265
