2015 IEEE/ACM 2nd International Workshop on Rapid Continuous Software Engineering

(RCoSE 2015)

Florence, Italy
23 May 2015
# Second International Workshop on Rapid Continuous Software Engineering (RCoSE 2015)

## Table of Contents

- Rapid Continuous Software Engineering Continued ............................................................... vii
- Committees and Reviewers ........................................................................................................ ix
- Sponsors and Supporters .............................................................................................................. x

### Continuous *

- Build Waiting Time in Continuous Integration—An Initial Interdisciplinary Literature Review .................. 1  
  *Eero Laukkanen, Mika Mäntylä — Aalto University, Finland; University of Oulu, Finland*

- Introducing Continuous Delivery of Mobile Apps in a Corporate Environment: A Case Study .................. 5  
  *Sebastian Klepper, Stephan Krusche, Sebastian Peters, Bernd Bruegge, Lukas Alperowitz  
  — Technische Universität München, Germany; Capgemini, Germany*

- Continuous Experimentation in the B2B Domain: A Case Study ..................................................... 12  
  *Olli Rissanen, Jürgen Münch — University of Helsinki, Finland*

### Techniques

- Supporting Continuous Integration by Code-Churn Based Test Selection ........................................... 19  
  *Eric Knauss, Miroslaw Staron, Wilhelm Meding, Ola Söder, Agneta Nilsson, Magnus Castell  
  — University of Gothenburg, Sweden; Ericsson, Sweden; Axis Communications, Sweden*

- Mashing Up Software Issue Management, Development, and Usage Data ........................................... 26  
  *Anna-Liisa Mattila, Timo Lehtonen, Henri Terho, Tommi Mikkonen, Kari Systä  
  — Tampere University of Technology, Finland; Solita Plc., Finland*

- Continuous API Design for Software Ecosystems ............................................................................. 30  
  *Imed Hammouda, Eric Knauss, Leonardo Costantini — University of Gothenburg, Sweden*

### Processes

- Towards Post-Agile Development Practices through Productized Development Infrastructure ............... 34  
  *Marko Leppänen, Terhi Kilamo, Tommi Mikkonen — Tampere University of Technology, Finland*
Rolling Out a Mission Critical System in an Agilish Way. Reflections on Building a Large-Scale Dependable Information System for Public Sector

Aapo Koski, Tommi Mikkonen — Insta DefSec Oy, Finland; Tampere University of Technology, Finland
