International Forum on Bioinformatics and Medical Engineering 2015 (BME 2015)

Advances in Engineering Research Volume 25

Qingdao, China
4 – 5 September 2015

Editors:

Chenhao Guo
Peilong Xu

ISBN: 978-1-5108-1202-4
# TABLE OF CONTENTS

SIMULATION OF AIDS SPREAD MODEL BASED ON CELLULAR AUTOMATA ................................................. 1
   Jiatai Gang, Sisi Liu, Jian Lu, Zhiwei Zhao, Xinxin Tan

ANALYSIS OF THE CLINICAL SIGNIFICANCE OF THE BLOOD LIPID TEST IN PATIENTS WITH DIABETES ................................................................. 8
   Yongcun Huang, Wentao Huang, Ling Yu

THE STUDY ON THE NURSING INTERVENTION OF THE PEDICLE FLAP TRANSPOSIION REPAIRING TRAUMATIC TISSUE DEFECT IN THE HANDS ......................................................................................... 14
   Ning Jia, Xiaoting Zhou, Fenge Wang, Yeben Wang, Yan Zhao, Jian Wang

CHARACTERIZING DYNAMIC PRESSURE IN CYCLING WITH MUSCLE ACTIVATION .............................................. 20
   Shunhua Luo, Jianping Wang, Hui Shi, Yang Yang

THE CLINICAL ANALYSIS ON ACUTE ORAL CAVITY MUCOSITIS CAUSED BY THE RADIOTHERAPY FOR THE HEAD AND NECK CANCER .............................................................................................. 24
   Hongying Lin, Min Ma, Shengcun Zhang

ANALYSIS OF THE CURATIVE EFFECT OF THE TREATMENT OF THE THREE-DIMENSIONAL CONFORMAL RADIOTHERAPY COMBINATION WITH THE INDUCTION CHEMOTHERAPY IN THE MIDDLE-LATE NASOPHARYNGEAL CARCINOMA .......................................................... 30
   Min Ma, Hongying Lin, Shengcun Zhang

THE STUDY ON THE IMPACT OF THE EARLY REHABILITATION AND NURSING INTERVENTION ON THE OPPOSITION INJURY HAND FUNCTION RECOVERY .............................................................. 36
   Yan Ma, Yan Zhao, Jianhua Cheng, Yeben Wang

REINSTAMENT OF CUE-INDUCED METHAMPHETAMINE-SEEKING BEHAVIOUR ................................................. 42
   Baomiao Ma, Kai Yue, Junqiao Xing, Xiaokang Gong, Lin Chen, Qin Ru, Qi Xiong, Xiang Tian, Rihai Wu,
   Yongping Gan, Daosong Wang, Daosong Wang

ANALYSIS ON THE TREATMENT OF TRIMETAZIDINE JOINTED WITH METOPROLOL IN THE CORONARY HEART DISEASE WITH THE HEART FAILURE ................................ 46
   Lingdong Meng, Yuntao Cheng

ANALYSIS ON THE EFFECT OF THE COGNITIVE THERAPY ON THE RECOVERY OF THE AFFECTIVE DISORDER ................................................................................................................................. 52
   Jinling Qi, Lihong Zhang

HYPOGLYCEMIC AND HYPOLIPIDEMIC EFFECTS OF MELASTOMA DODECANDRUM ETHANOL-EXTRACT ON TYPE 2 DIABETIC RATS .......................................................................................... 58
   Chang-Lei Li, Bao-Miao Ma, Xiao-Qing Chen, Yu-Wei Liu, Xi-Ji Shu

STUDY ON THE APPLICATION OF INTEGRATED SIMULATION TECHNOLOGY IN THE FIRST AID SKILLS TRAINING ......................................................................................................................... 63
   Zhaomin Qin, Qinhai Shen, Ruixue Kong

STUDY ON PROTECTION FUNCTION OF QUERCETIN ON ISCHEMIA-REPERFUSION INJURY OF LIVER AND ITS MECHANISM .................................................................................................................. 68
   Qinhai Shen, Zhaomin Qin, Ruixue Kong

THE CLINICAL ANALYSIS ON THE POSTOPERATIVE COMPLICATIONS OF THE ELDERLY PATIENTS WITH THE ORAL AND MAXILLOFACIAL TUMOURS ............................................................. 73
   Guangping Sun, Junchun Huang, Zhongyan Li

ANALYSIS ON THE CURATIVE EFFECT OBSERVATION OF ENDOMETRIAL POLYPS’ RESECTION UNDER THE HYSTEROSCOPY ........................................................................................................ 79
   Xingyun Sun, Yansia Xue

THE APPLICATION OF MEDICAL VIRTUAL SIMULATION TECHNOLOGY IN MEDICAL EDUCATION ................................................................................................................................. 85
   Xiaoping Zhu, Xiaohong Li, Ke Yu

ANALYSIS ON THE CURATIVE EFFECT OF MINIMALLY INVASIVE PERCUTANEOUS RENAL PUNCTURE STONE EXTRACTION ON THE PATIENTS WITH URINARY CALCULI WITH TUBERCULOUS ......................................................... 90
   He Tian, Yancheng Di, Jixiang Bai

ANALYSIS ON THE SURGERY EFFECT OBSERVATION OF THE BLUNT FROM MIDDLE FINGER REPLANTATION ......................................................................................................................... 96
   Xin Wang, Yan Zhao, Yeben Wang, Liang Zhao

ANALYSIS ON THE CLINICAL OBSERVATION OF FENTANYL COMBINED WITH IMIDAZOLE VALIUM AUXILIARY INTRA-SPINAL CANAL ANESTHESIA EFFECT ........................................... 102
   Meijing Wang, Yong Fang
