2015 IEEE 9th International Symposium on the Maintenance and Evolution of Service-Oriented and Cloud-Based Environments (MESOCA 2015)

Bremen, Germany
2 October 2015
Contents

Frontmatter
Message from the Chairs ................................................................. iii

Keynote
Migrating from Legacy to SoA (Invited Talk)
   Harry M. Sneed — SoRing, Germany ........................................... 1

Migration and Evolution in Cloud Environments
Challenges and Assessment in Migrating IT Legacy Applications to the Cloud
   Patrizia Scandurra, Giuseppe Psaila, Rafael Capilla, and Raffaela Mirandola — University of Bergamo, Italy; Rey Juan Carlos University, Spain; Politecnico di Milano, Italy ........................................ 7
Modeling and Evaluation of Mixed Redundancy Strategy with Instant Switching in Cloud-Based Systems
   Pan He, Chun Tan, Xueliang Zhao, and Zhihao Zheng — Chinese Academy of Sciences, China ......................... 15
Evaluating Cluster Configurations for Big Data Processing: An Exploratory Study
   Roni Sandel, Mark Shtern, Marios Fokaefs, and Marin Litoiu — York University, Canada .......................... 23

Emerging Ideas in Cloud Computing Migration, Evolution, and Management (Short Papers)
Sustainability Forecast for Cloud Migration
   Alifah Aida Lope Abdul Rahman and Shareef Islam — National Audit Department, UK; University of East London, UK ............................................................. 31
Architectural Run-Time Models for Operator-in-the-Loop Adaptation of Cloud Applications
   Robert Heinrich, Reiner Jung, Eric Schmieders, Andreas Metzger, Wilhelm Hasselbring, Ralf Reussner, and Klaus Pohl — KIT, Germany; Kiel University, Germany; University of Duisburg-Essen, Germany ......................................................... 36
Cloud Compliant Applications: A Reference Framework to Assess the Maturity of Software Applications with Respect to Cloud
   Juncal Alonso, Leire Orue-Echevarria, and Marisa Escalante — Tecnalia, Spain ............................................. 41
MonSLAR: A Middleware for Monitoring SLA for RESTFUL Services in Cloud Computing
   Shaymaa Al-Shammari and Adil Al-Yasiri — University of Salford, UK ......................................................... 46

Migration and Evolution in Service-Oriented Software
Service-Oriented Toolchains for Software Evolution
   Jan Jelschen — University of Oldenburg, Germany ........................................ 51
Measuring Test Coverage of SoA Services
   Harry M. Sneed and Chris Verhoef — SoRing, Germany; VU University Amsterdam, Netherlands ........................ 59

Author Index .................................................................................. 67
