2015 IEEE Workshop on Just-In-Time Requirements Engineering (JITRE 2015)

Ottawa, Ontario, Canada
25 August 2015
# Contents

Foreword  ................................................................. iii

Quality Criteria for Just-in-Time Requirements: Just Enough, Just-in-Time?
   Petra Heck and Andy Zaidman — Fontys University of Applied Sciences, Netherlands; Delft University of Technology, Netherlands  ........................................ 1

Time-Constrained Requirements Elicitation: Reusing GitHub Content
   Roxana Lisette Quintanilla Portugal, Julio Cesar Sampaio do Prado Leite, and Eduardo Almentero — PUC-Rio, Brazil; Federal Rural University of Rio de Janeiro, Brazil  5

Smart RE: Using Smart Devices to Support Face-to-Face Meetings
   Natalia Mannov and Walid Maalej — University of Hamburg, Germany  9

   Wentao Wang, Arushi Gupta, and Yingbo Wu — University of Cincinnati, USA; Chongqing University, China  13

Resolution Trend of Just-in-Time Requirements in Open Source Software Development
   Tanmay Bhowmik and Sandeep Reddivari — Northwest Missouri State University, USA; University of North Florida, USA  17
