2016 1st International Workshop on Decision Making in Software ARCHitecture (MARCH 2016)

Venice, Italy
5 April 2016
2016 1st International Workshop on decision Making in Software ARCHitecture

MARCH 2016

Table of Contents

MARCH 2016 Committees

Session 1
Inclusion of Ethical Aspects in Multi-criteria Decision Analysis
Gaetana Sapienza, Gordana Dodig-Crnkovic, and Ivica Crnkovic

A Context Model for Architectural Decision Support
Jan Carlson, Efi Papatheocharous, and Kai Petersen

Architectural Decision-Making in Open-Source Systems — Preliminary Observations
Neil B. Harrison, Erich Gubler, and Danielle Skinner

Session 2
Towards Software Assets Origin Selection Supported by a Knowledge Repository
Antonio Cicchetti, Markus Borg, Séverine Sentilles, Krzysztof Wnuk, Jan Carlson, and Efi Papatheocharous

DecDoc: A Tool for Documenting Design Decisions Collaboratively and Incrementally
Tom-Michael Hesse, Arthur Kuehlwein, and Tobias Roehm

SECO Patterns: Architectural Decision Support in Software Ecosystems
Kilian Telschig, Nikolai Schöffel, Klaus-Benedikt Schultis, Christoph Elsner, and Alexander Knapp
