TABLE OF CONTENTS

THE MODEL OF LOCALIZED BUSINESS COMMUNITY ECONOMIC DEVELOPMENT UNDER LIMITED FINANCIAL RESOURCES: COMPUTER MODEL AND EXPERIMENT .............................................. 1

Berg Dmitry, Davletbaev Rustam, Zvereva Olga, Nodjenko Dmitry

RESEARCH OF ECOLOGY-FRIENDLY TECHNOLOGY FOR ELIMINATION OF AMMONIUM FROM WASTE WATER THROUGH THE USE OF FLOATING BED ................................................................. 8

Makisha Nikolay

HUMANIZATION OF THE RUSSIAN HOUSING MODEL IN THE POSTMODERN SPACE ................................................................. 15

Leonova Leyla, Alpatova Elena, Kowalczyk Stefan, Rutkauskas Tatyana

URBAN MANAGEMENT: ADDRESSING THE HOUSING AND UTILITY CHALLENGE .................................................................................. 22

Leonova Leyla, Alpatova Elena, Shershneva Elena, Rutkauskas Konstantin

IMPACT OF ANTHROPOGENIC FACTOR ON URBEOECOLOGICAL SPACE DEVELOPMENT ................................................................. 30

Kuprina Tamara, Sergeeva Lyubov

MUNICIPAL SOLID WASTE MANAGEMENT IN A NEW LEGISLATION: COMPREHENSIVE APPROACH .................................................................................................................. 38

Berezyuk Maria, Rumyantseva Alena, Lapina Alena

POTENTIAL OF SVERDLOVSK OBLAST AND YEKATERINBURG ENVIRONMENTAL SECTOR.......................................................................................... 48

Belik Irina, Starodubets Natalia

FORMING THE SOCIAL OPTIMUM OF PASSENGER FLOWS IN URBAN AGGLOMERATIONS IN RUSSIA .................................................................................. 55

Maybarov Igor, Leontyeva Yulia

GREEN ECONOMY AS A VECTOR OF BUILDING AND DEVELOPMENT OF SMART CITIES .................................................................................. 61

Anufriev Valery, Anufrieva Elena, Petrunko Lidia, Kaminov Aytkali

Shakurov Ilhomjeon, Eamin Ahmed, Zebilila Mohammed

ROLE OF THE UNIVERSITY IN CITY AGGLOMERATIONS SUSTAINABLE DEVELOPMENT .................................................................................. 73

Kortov Sergey, Terlyga Alexandra, Terlyga Nadezhda

REGULATORY SUPPORT OF SUSTAINABLE INTERMODAL TRANSPORT TRANSIT HUB SYSTEM DEVELOPMENT .................................................................................. 82

Vlasov Denis

ADAPTATION OF URBAN ROADS TO CHANGING OF TRANSPORT DEMAND .................................................................................. 89

Ertman Sergey, Ertman Juliya, Zakharov Dmitry

ICSC PROBLEMS AND PERSPECTIVES OF HIGH-CALCIUM FLY ASH FROM HEAT POWER PLANTS IN THE COMPOSITION OF “GREEN” BUILDING MATERIALS .................................................................................. 96

Domanskaya Irina, Oleynik Valentina, Minyazev Denis

INTERMODAL SYSTEM FOR MOBILITY DEMAND IN THE REALITIES OF THE RUSSIAN FEDERATION: REALITY AND FORECAST .................................................................................. 103

Danilina Nina

MEASUREMENT STRATEGY TO STUDY RADON SOURCE, ENTRY AND DILUTION RATES IN ENERGY-EFFICIENT BUILDINGS IN RUSSIA .................................................................................. 110

Vasilyev Aleksey, Yarmoshenko Ilia, Zhukovsky Michael

IMPROVING VEHICLE ADAPTABILITY TO THE OPERATING CONDITIONS OF «SMART» CITIES IN THE NORTHERN REGIONS .................................................................................. 116

Anisimov Ilya, Magaril Elena, Magaril Romen, Chikishev Evgeniy, Chainikov Denis, Gavaev Aleksandr, Ertman Sergey, Ertman Yuliya, Ivanov Andrei

ENSURING SUSTAINABILITY OF THE CITY TRANSPORTATION SYSTEM: PROBLEMS AND SOLUTIONS (ICSC) .................................................................................. 125

Makarova Irina, Khabibullin Rihat, Shubenkova Ksenia, Boyko Aleksey

UNIVERSAL COMPUTER VISION SYSTEM FOR MONITORING THE MAIN PARAMETERS OF WIND TURBINES .................................................................................. 134

Korzhavin Sergey, Shcheklein Sergey, Zavyalov Alexey, Purtov Konstantin, Kublanov Vladimir

FUEL QUALITY: CHALLENGES TO THE SUSTAINABLE DEVELOPMENT OF AUTOMOBILE TRANSPORT AND APPROACH TO SOLUTION .................................................................................. 140

Magaril Elena, Magaril Romen
