# Table of Contents

**Leveraging Entity Linking and Related Language Projection to Improve Name Transliteration**  
Ying Lin, Xiaoman Pan, Aliya Deri, Heng Ji and Kevin Knight .......................... 1

**Multi-source named entity typing for social media**  
Reuth Vexler and Einat Minkov ................................................................. 11

**Evaluating and Combining Name Entity Recognition Systems**  
Ridong Jiang, Rafael E. Banchs and Haizhou Li ........................................ 21

**German NER with a Multilingual Rule Based Information Extraction System: Analysis and Issues**  
Anna Druzhkina, Alexey Leontyev and Maria Stepanova ............................... 28

**Spanish NER with Word Representations and Conditional Random Fields**  
Jenny Linet Copara Zea, Jose Eduardo Ochoa Luna, Camilo Thorne and Goran Glavaš 34

**Constructing a Japanese Basic Named Entity Corpus of Various Genres**  
Tomoya Iwakura, Kanako Komiya and Ryuichi Tachibana ............................. 41

**Linguistic Issues in the Machine Transliteration of Chinese, Japanese and Arabic Names**  
Jack Halpern .................................................................................................. 47

**Whitepaper of NEWS 2016 Shared Task on Machine Transliteration**  
Xiangyu Duan, Min Zhang, Haizhou Li, Rafael Banchs and A. Kumaran ............ 49

**Report of NEWS 2016 Machine Transliteration Shared Task**  
Xiangyu Duan, Rafael Banchs, Min Zhang, Haizhou Li and A. Kumaran .......... 58

**Applying Neural Networks to English-Chinese Named Entity Transliteration**  
Yan Shao and Joakim Nivre ........................................................................... 73

**Target-Bidirectional Neural Models for Machine Transliteration**  
Andrew Finch, Lemao Liu, Xiaolin Wang and Eiichiro Sumita ..................... 78

**Regulating Orthography-Phonology Relationship for English to Thai Transliteration**  
Binh Minh Nguyen, Hoang Gia Ngo and Nancy F. Chen ............................... 83

**Moses-based official baseline for NEWS 2016**  
Marta R. Costa-jussà ..................................................................................... 88
