2nd International Conference on Social Science and Higher Education (ICSSHE 2016)

Advances in Social Science, Education and Humanities Research Volume 53

Sanya, China
23-24 July 2016

Editors:

Xiaonan Xiao
Ruchang Feng
Sang-Bing Tsai

ISBN: 978-1-5108-2809-4
# TABLE OF CONTENTS

## ECONOMY AND MANAGEMENT

<table>
<thead>
<tr>
<th>Title</th>
<th>Page</th>
</tr>
</thead>
<tbody>
<tr>
<td>Discussion on the Feasible Path of Intelligent Community Participatory Governance in New Media Context</td>
<td>1</td>
</tr>
<tr>
<td>Research on the Role of High-tech Industry in Jilin Province's Regional Economic Growth</td>
<td>5</td>
</tr>
<tr>
<td>Product Innovation Efficiency of Russian Electronic Industry: DEA Approach and Cluster Analysis</td>
<td>9</td>
</tr>
<tr>
<td>Redefinition and Reclassification of Literature Review Under the Big Data Environment</td>
<td>13</td>
</tr>
<tr>
<td>Research on the Dilemma of Taxi Management in China from the Perspective of Game Theory</td>
<td>17</td>
</tr>
<tr>
<td>Learners' Attitude to a Reformed Evaluation in CALL Context</td>
<td>20</td>
</tr>
<tr>
<td>A Study on Phenomenon of &quot;Bad Money Drives out Good&quot; in Jilin Province Labor Market from Perspective of Complex Man</td>
<td>24</td>
</tr>
<tr>
<td>A Study of Influences of Endowment Effect upon Peasant Household's Farmland Transfer Willingness in the Perspective of Property Rights Economics</td>
<td>28</td>
</tr>
<tr>
<td>Analysis on Improvement of Service Quality in China's Domestic Worker Market from the Perspective of Psychological Ownership</td>
<td>33</td>
</tr>
<tr>
<td>Review and Enlightenment of Financial Restatement</td>
<td>37</td>
</tr>
<tr>
<td>Research on the Selection of Career Anchor Types for Graduates in Colleges and Universities</td>
<td>41</td>
</tr>
<tr>
<td>Research on Academic Human Resources Management in Universities</td>
<td>45</td>
</tr>
<tr>
<td>Research on the Communication Effects of Government New Media</td>
<td>49</td>
</tr>
<tr>
<td>Private Colleges Market-Oriented Incentive Mechanism of Teacher Compensation Characteristics Research</td>
<td>53</td>
</tr>
<tr>
<td>Research Incentive Mechanism of Knowledge Staff Based on the Psychological Contract</td>
<td>58</td>
</tr>
<tr>
<td>Comprehensive Cost Analysis and Comparison of Thermal Power, Hydropower and Wind Power in China</td>
<td>63</td>
</tr>
<tr>
<td>A SWOT Analysis of General Aviation Industry Development in Shandong Province</td>
<td>67</td>
</tr>
<tr>
<td>Research on Construction of Evaluation Index System of Internet Public Sentiment for Chinese University</td>
<td>71</td>
</tr>
<tr>
<td>Research of Teaching Model for Public Security Information Management Course based on Network Learning Community</td>
<td>75</td>
</tr>
<tr>
<td>Product Innovation Design Method Based on Case Reasoning</td>
<td>79</td>
</tr>
<tr>
<td>On Factors Affecting the WeChat Design Based on Neural Network</td>
<td>84</td>
</tr>
<tr>
<td>Social Recognition Research in Foreign Marriage for Transnational Groups in China-Vietnam Border</td>
<td>88</td>
</tr>
<tr>
<td>Research on the Recycling Strategy of Used Textbooks in Colleges and Universities</td>
<td>91</td>
</tr>
<tr>
<td>Literature Review on the Impact of Education on Individual Income</td>
<td>96</td>
</tr>
<tr>
<td>Study on the Integrating Strategy of Market Resources in a University Community by Micro-Blog Platform</td>
<td>100</td>
</tr>
<tr>
<td>Ireland's Diaspora Strategies and Economic Development</td>
<td>104</td>
</tr>

Bing Liu, Fan Wang, Fu Liu, Hongtao Zhou
Assessing the Competitive Performance of National and International Higher Education Institutions ................................................................. 111

Research of Teaching Reformation Based on PBL and Resources Sharing in Digital Signal Processing ................................................................. 115

Research on Safety Management System of University Laboratory .................................................................................................................. 119

Research on Training Mode of Improving College Students’ Innovative and Practice Ability ................................................................. 123

Research on Problems and Countermeasures of “Double Type” Teachers Team Construction in Applied Undergraduate Universities ........................................................................................................ 127

Xuehai Zeng, Yan Wang

Learner Autonomy and the English Language Independent Learning Center in Mainland China .......................................................................... 130

Xi Zhang

The Teaching Reform of Practical Training for Agricultural Mechanization and Automation Engineering under the Background of Robot Substitutions .................................................................................................................. 134

Xin Song, Yu Shi, Yancong Li, Huiyong Shen

A Novel Teaching Mode of Mechanical Engineering Based on Compatibility Mode of Guidance and Giving Lecture ........................................................................................................................................ 138

Xia Zhang

Construction of Four-levels Practical Teaching System Based on the Excellent Engineers Education Mode in the Energy and Power Engineering Specialty .................................................................................................................. 142

Bin Zheng, Yongyi Li, Daichang Guo, Peng Sun

Application and Practice of MOOCs in the Teaching of Primary and Middle Schools .................................................................................................................. 146

Ming Dong, Yangcan Cao

Study on the Teaching Model of Intercultural Business Communication .................................................................................................................. 150

Dongjin Wang

Output-driven EAP Teaching for Chinese College Students Based on Blended Learning ................................................................................................. 153

Xian Tang

Exploration on the Professional Practice Curriculum of Electronic Information Engineering under the Perspective of the Higher Engineering Education Accreditation .................................................................................................................. 157

Teaching Reform and Practice of the Course of Analytical Instrument for Agriculture .................................................................................................................. 160

Yawei Zhang, Jinfeng Dong, Hua Liu, Yu Shi

The Compilation of the Cost Accounting Textbook Respecting to Six Key Points .................................................................................................................. 164

Yanli Li

Construction and Practice of Experimental Demonstration Center for Agricultural Electrification and Automation ........................................................................................................................................ 168

Hua Liu, Chunlin Li, Weiye Zhang, Yu Shi

Preparing Teaching Materials for Engineering Disciplines with Markdown .................................................................................................................. 172

Tongxin Jiang, Xuying Liu, Lin Tang

Problems and Measures of Undergraduate Final Year Projects in Higher Engineering Education .................................................................................................................. 176

Zhenshan Yang, Wenjiao Yue

Experiment Test Design of Consumption Accompanying Behavior in VR Environment .................................................................................................................. 181

Chunying Cui, Yunqian He

Problems and Reflections in the Elementary Level of International Chinese Teaching .................................................................................................................. 185

Wenlong Wang

Research on the Development Strategy of Private Universities ........................................................................................................................................ 191

Yuanyuan Xu, Weizhi Wang, Ying Li

Research on College Oral English Teaching Based on Whole Language Approach .................................................................................................................. 195

Wei Zhang

The Characteristics and Methods of Adult Learners ........................................................................................................................................ 199

Jing Shen, Shujian Xue, Lin Zha

Construction of Quality Monitoring System in Postgraduate Education .................................................................................................................. 203

Yeong Huang, Shudong Xia, Guangxi Xu

Design of Information Teaching in Higher Vocational Education ........................................................................................................................................ 207

Wenjun Su, Haitao Chen

The Application Exploration of Lexical Chunks Teaching Method in College English Writing Driven by Language Consciousness ........................................................................................................................................ 210

Wei Zhang

On China’s College Entrance Examination System and Its Future Orientation .................................................................................................................. 214

The Features of Workshop on Friedrich-Alexander-University Erlangen-Nuremberg of Germany – Discussion on the Development of Laboratory Reform on Mechanical Engineering Department of Shanghai University ........................................................................................................................................ 219

Yingchong Tian, Lianxiang Peng, Jie Luo, Wei Li, Long Li

The Teaching Model Research of Class-Selection System for Zhejiang High School .................................................................................................................. 223

Huaichang Zhang, Binbin Wang, Huaichang Xi

Research on Problems and Countermeasures of "Double Type" Teachers Team Construction in Applied Undergraduate Universities ........................................................................................................................................ 227

Yan Li, Jiangbo Chen, Yuanyuan Xu

Research on the Postgraduates' Quality Assurance Based on Cultivation of Innovative Ability ........................................................................................................................................ 230

Guoping Chen, Xuan Luo
Whether and How Does Entrepreneurship Education Influence Entrepreneurship of College Students in China ......................................................... 235
Li Miao
Practical Exploration on Constructing Efficient VFP Program Design Course classroom in Higher Vocational College ................................................................. 239
Yong-chun Jiang, Yuan-yan Xu
An Exploratory Study on the Easibility of Reading Tests for English Majors Band 4 (TEM-4) and Band 8 (TEM-8) ................................................................. 242
Shang-chun Zeng, Ying Shen
The Course Of The Development On Vocational And Technical Education In Britain And Reference To China ................................................................. 246
Yahong Liang, Lianshun Liu, Junzheng Wang, Xianglan Zhao
A Comparative Study of Vocational Education for Teachers in China and Foreign Countries ................................................................. 249
Yahong Liang, Junzheng Wang, Jianzhong Zhou, Dongquan Han
An Investigative Study on the Listening Comprehension Strategies Employed in International English Language Testing System (IELTS) ................................................................. 252
Shang-chun Zeng, Ying Shen
The Intensive Reading Course of Cultural Introduction in The Foundation Stage of College English ................................................................. 256
Meijing Li
Importance of Central Task in Universities under the Big Data Environment: Taking Research Synthesis of Hong Kong as an Example ............ 260
Chenxi Fan, Songyang Han
Theme-based Teaching Model Design in College English Teaching ................................................................. 264
Weiwei Zheng
Research on the Evaluation Model of Electronic Commerce Innovation Ability of College Students Based on Analytic Hierarchy Process ................................................................. 268
Liang Luo, Yao Liu, Tao Hu
Investigation and Countermeasure of Problems in Teaching Public Basic Courses of College Mathematics ................................................................. 272
Xiongwei Liu, Xiaojun Wang
Study on the Integration Reform of Teaching and Research about the Situation and Policy Course in Chinese Colleges and Universities ................................................................. 276
Chenxi Fan
Research on Project Construction Cost Major Talent Training Mode Based on Management Science and Engineering ................................................................. 279
Yin Yang, Tong Xu, Lifeng Zhang, Zongxin Gong
Research on Application of Comprehensive Teaching Design into the Teaching of Cold Stamping Forming Technology and Die Design ................................................................. 283
Hongxing Dong
Status of Multimedia Courseware Design Analysis in Vocational Colleges and Course ware Analysis Review ................................................................. 287
Yahong Liang, Lianshun Liu, Yan Wang
Blended Learning Approach to Spoken English Teaching in M-learning ................................................................. 290
Shixiang Liu, Bingyuan Zhu
English Textbooks Compilation and Innovation from Perspective of Vocational Education Overpass ................................................................. 294
Bingyuan Zhu, Shixiang Liu
A Study on Construction Strategy of Formative Evaluation in Higher Vocational English Teaching ................................................................. 298
Tianyi Li
A Study on Vocational College English Teaching Based on Working Process ................................................................. 302
Xin Lei
Role Positioning for College Oral English Teachers ................................................................. 306
Xin Lei
Job Burnout of English Teachers in Colleges and Universities and Its Countermeasures ................................................................. 310
Lei Wang
An Investigation on Construction of Cultivating Modes for Critical Thinking Skills in College English Learning ............ 314
Lei Wang
Discussion on the Bilingual Teaching Staff Construction of College Language Training Course (IELTS) ................................................................. 318
Lei Wang
Research of Talent Training Mode for Cooperation between Colleges and Enterprises of Professional Masters Guide by the “Excellent Program” ................................................................. 322
Zhihua Yuan, Haibin Li, Yuhai Hu, Guifan Zhou
Reform of Experiment Teaching for Fundamental Computer Course ................................................................. 326
Lianghao Yang
OPME (Objectives-Process-Methods-Evaluation) Method for Lesson Planning ................................................................. 330
Yong Wei, Hua Liu, Haiyun Wu, Ruokai Chang
An Analysis of Problems of Culture Guided in the Process of English Major Teaching ................................................................. 334
Hongbin Dai, Xiying Liu
Innovation and Practical Exploration on Professional Training Mode of Engineering Cost — A Case Study of Wuhan Textile University ................................................................. 338
Lifeng Zhang, Hua Zhao, Yin Yang, Xing Li
Analysis of Signal Words in Chinese College Students’ Argumentative Writings ................................................................. 342
Dongmei Sheng
Analysis of College Students’ Sex Differentiation in English Sound ................................................................. 346
Dongmei Sheng
The Application and Regeneration of Multiple Teaching Resources in the Course of Ocean Hydrological Instrument
Ling Zhang, Song Ye, Shudan Zhou
Jingjing Cui
Exploration of the Impact of Teacher Training on Teacher Professional Development
Jingjing Cui
The Reanalysis about College Students' Autonomous Learning and Its Influence Factors
Weiwei Meng, Yang Li, Han Du
Teaching Guidance in Programming Courses from Procedure-oriented to Object-oriented
Yanmei Liu, Min Sun, Yadie Chen
Studies on Relevant Problems in Reading and Writing Teaching of College English Major
Hongbin Li
On the Basis of the Program Design Teaching and Research of Cultivation of Computational Thinking Ability
Aiyue Xia
Inspirations of ESP to English Teaching
Jingjing Cui
On the Methods of College English Teaching Reform
Jingjing Cui
Reform in the Teaching of College English Writing by Using Big Data
Yi Lu, Mu Sun
A Discussion of New Test-type Reform of CET-4 and College English Teaching
Yi Lu, Mu Sun
The Exploratory Research of Chinese College Students' Leadership Trait
Yufang Chao, Yue Li
Problems and Solutions in the Work of College Graduate Teaching Management
Meiwei Zhang
The Teaching Reform Guided by the Basic Conception of Engineering Education Professional Certification
Yuping Zhang, Chen Li
Comparative Study on Citizenship Education Between China and America —An Analysis of the Primary School Textbooks
Fei Wang
Flipped Classroom Teaching Optimization of College English under Blending Learning Theory
Meiying Li
How to Construct the Ecological Classroom of College English under Network Information Environment
Hongbin Li
Brief Discussions on How Make-Believe Play Influences Children’S Development
Jin-xian Jin, Meng-qi Jin
Analysis on the Teaching Mode of College English Teachers' Turnover
Meiying Li
Research of Music Talent Cultivation Based on Practice Education
Yumeng He
The Training Pattern of Undergraduate Application-Oriented Talents for Tourism Management in Local Colleges
Minggui Cao
Subject Superiority Developing Composition Talents Cultivation Mode Based on Comprehensive Safety Discipline
Dan Mei, Xiaoxuan Tao, Meng Wen, Futang Xing
How Private Universities Rely on Graduate Education to Improve the Quality of Undergraduate: Take Xijing University as an Example
Jing-feng He, Dong Zhang
Exploration of Platform Construction for Innovation Talents Cultivation of Information Science
Kewen Liu, Hongxia Xiong, Zhiqiang Guo, Qingsong Ai, Rong Zhou
Exploration Teaching Method of "Communication Engineering” Technical Talent
Lanxin Hu
A Survey of Motivation Strategies in College English Classroom and the Selection of Effective Teaching Strategies
Jin Xiao, Zhang Cao, Wei-min Qi
College English Classroom Teaching Model from the Perspective of MOOC
Xiaoyi Liu
Correlation Research on College Oral English Teaching and Interpretation
Xiaoyi Liu
The Application of Project-Based Teaching Mode in Curriculum Teaching of Computer Application Foundation in Higher Vocational Colleges
Yuhua Li
Undergraduate Tutorial System Based on Game Model
Hengwei Zhang
Research on the Evolution and the Current Situation of Chinese Secondary School Education
Kangyin Lu, Manxue Chen, Fenghua Zou
Study on the Speech Processing Strategies of Bi-sentences of Thai Native Speakers
Baiqiang Wang
The Research and Practice of "U-Learning+CDIO" Model
Yuejian Sun, Chunchu Qi, Liqiong Yang
The Approach of Cultivation College Students Safety Culture Based on the Academic Advantage
Dan Mei, Meng Wen, Long Ruan, Xiaoxuan Tao
Study on Social Media in Public Self-regulated Learning ........................................................................................................... 483

Construction of Analytical Chemistry Experiment Network Course .................................................................................................................. 487

Xiaojing Zhang

The Research on Co-authorship Network in Medical Information Education in China ................................................................. 491

Li Bian, Xiaoli Wang, Zhen Zhao

The Inheritance and Development of Chinese Culture in College English Teaching ........................................................ 497

Weiwang Zhong

Study on the Construction of Featured Education Resource Database in the National Universities of China ......................... 501

Jue Mia

TPACK: A New Dimension to Chinese as a Second Language Teacher Training .......................................................... 505

Wu Cai

Educational Reform of Car Marketing Teaching Based on Project-driven Method ............................................................ 511

Xuan Chen, Huijin Zheng

A Study on the Relationship Between the Score of Teachers and the Ratio of Grade A ......................................................... 515

Jianjun Yin

Research and Exploration of College Talent Cultivation System under Innovation 2.0 ......................................................... 518

Zhiping Wan, Weilin Li, Weichuan Ni, Shaojum Liu, Zemin Qu, Huaqing Zhao, Shitong Ye

A Critical Thinking of the Researches on Writing Self-Efficacy in Second Language Learning .............................................. 522

Rong Zhan

Design and Realization of FERP Experimental Teaching Platform Based on Synergy Innovation ................................................................. 525

Juan Ruan, Xiaoyan Wang, Yan Hu

Cognitive Linguistics Theoretical Support to the Application of Flipped Classroom Mode—With a Focus on English for Cabin Service Course ............................................................................................................ 530

Chenxin Zhou

Research on the Multiple Knowledge Ecological Education System of MOOCs Learning Platform in Independent Colleges ........................................ 535

Weilin Li, Zhiping Wan, Feng Wang

Analysis of the Reform of Rural Sociology in Agriculture Universities ........................................................................................................... 539

Yan Wang

Study on the Effectiveness of Question-answer Small-class Teaching Mode in the Science and Engineering Education ............................................................................................................................... 542

Lili Li, Yulong Wang

The Effective Attempt of the Course for Applications of Resonance .................................................................................. 546

Jianjun Yin

Strengthen the Country by Political and Educational Reformation or Culture Inheritance—Talk with College Party Members about Two Approaches of Modern Neo-Confucianism ........................................................................................................... 550

Fang Zheng, Huijin He, Zhen Xu

Cultivation of College Students’ Intercultural Communication Competence ............................................................. 553

Lei Wang

The Embodiment of Cross-cultural Content in the College English Teaching Textbook ................................................................. 557

Xiaoqi Liu

Application of Interaction Teaching Method in College English Listening Teaching ................................................................. 561

Yiqun Xu

The Investigation of “1+N+N” Management Mode in the Admission of Undergraduate CCP Member —Taking Wuhan Polytechnic University as an Example ......................................................................................................................... 565

Xiangru Wang, Hanxu Liang, Xiaoxia Shen

Exploring the Relationship Between Employability and College’s Curriculum from the Perspective of Graduates ........................ 569

Jing Wang

Research on the Teaching Design of the Flipped Classroom Based on the Automobile Insurance Claim ........................................... 574

Ying Han, Yanyan Shi

The Connotation, Necessity and Practical Strategies of Children’s Dietary Education .............................................................. 578

Jiayi Zhang

Oral Fossilization of College Students in English Acquisition .................................................................................................................. 582

Yiqun Xu

The Research on Chinese College English Teaching Effects .................................................................................................................. 586

Xiaojing Zhang

Building the Core Concepts for Biology Teaching in the Middle School ................................................................. 590

Bo-Qing Yao, Zhe-hua Zhang, Rong He, Yu Wen, Gang Hu

A Study of Constructing Ecological English Education .................................................................................................................. 593

Lei Sun

The Inclusion of Cultural Elements in College Japanese Teaching ................................................................................................. 596

Shanshan Wang

Design and Application of Reading & Writing Integration Teaching Mode in College English Majors .................................... 600

Miejing Li

The Applicability Analysis of Pragmatics in College English Teaching .................................................................................. 603

Xiaoqi Liu

Vocational Schools Business Japanese Curriculum Reform and Integration Analysis ................................................................. 607
