Session 1. People, Teams, and Organizations

Hiring in the Global Stage: Profiles of Online Contributions .................................................................1
   Anita Sarma, Xiaofan Chen, Sandeep Kuttal, Laura Dabbish, and Zhendong Wang

Organizational Behavior Engineering for Sustainable Global Software Development ...............................................11
   Dharmesh Khara and Debi Prasad Mahapatra

Towards Adopting Alternative Workforce for Software Engineering ..............................................................16
   Alpana Dubey, Gurdeep Virdi, Mani Suma Kuriakose, and Veenu Arora

Communication Challenges and Strategies in Distributed DevOps .................................................................24
   Elisa Diel, Sabrina Marczak, and Daniela S. Cruzes

Enabling Knowledge Sharing in Agile Virtual Teams ......................................................................................29
   Nils Brede Moe, Tor Erlend Fægri, Daniela S. Cruzes, and Jan Edvard Faugstad

Session 2. Collaboration and Crowdsourcing

An Empirical Evaluation of an Activity-Based Infrastructure for Supporting Cooperation in Software Engineering .................................................................34
   Paolo Tell and Muhammad Ali Babar

Breaking Collaboration Barriers through Communication Practices in Software Crowdsourcing .................................44
   Letícia Machado, Josiane Kroll, Sabrina Marczak, and Rafael Prikladnicki
Dynamics of Software Development Crowdsourcing ................................................................. 49
  Alpana Dubey, Kumar Abhinav, Sakshi Taneja, Gurdeep Virdi,
  Anurag Dwarakanath, Alex Kass, and Mani Suma Kuriakose

Communication between Developers and Testers in Distributed Continuous Agile Testing ................................................................. 59
  Daniela S. Cruzes, Nils B. Moe, and Tore Dybå

Agile Workbench: Tying People, Process, and Tools in Distributed Agile Delivery ................................................................. 69
  Vibhu Saujanya Sharma and Vikrant Kaulgud

Session 3. Process Improvement and Agility

Scaling Scrum in a Large Globally Distributed Organization: A Case Study ................................................................. 74
  Maria Paasivaara and Casper Lassenius

Scaling Agile Scrum Software Development: Providing Agility and Quality to Platform Development by Reducing Time to Market ................................................................. 84
  Madan Mohan Jha, Rosa Maria Ferrer Vilardell, and Jai Narayan

How Does Software Process Improvement Address Global Software Engineering? ................................................................. 89
  Marco Kuhrmann, Philipp Diebold, Jürgen Münch, and Paolo Tell

System Testing Optimization in a Globally Distributed Software Engineering Team ................................................................. 99
  Tulasi Anand, Chittoor Reddy, and V. S. Mani

Challenges in Adapting Agile Testing in a Legacy Product ................................................................. 104
  Rajeev Kumar Gupta, Prabhulinga Manikreddy, and Abhinandan GV

Session 4. Architecture and System Development

Understanding Architectural Knowledge Sharing in AGSD Teams: An Empirical Study ................................................................. 109
  Gilberto Borrego, Alberto L. Morán, Ramón Palacio, and Oscar M. Rodríguez

SM2PIA: A Model to Support the Development of Pragmatic Interoperability Requirements ................................................................. 119
  Frâncila Weidt Neiva, José Maria N. David, Regina Braga, Marcos R. S. Borges,
  and Fernanda Campos

A Hub-and-Spoke Model for Tool Integration in Distributed Development ................................................................. 129
  Fabio Calefato and Filippo Lanubile

An Approach for Enabling Effective and Systematic Software Reuse: In a Globally Distributed Software Engineering Team That Uses a Lean Development Methodology ................................................................. 134
  Roopa M. S., V. S. Mani, and Halwas Stefan

Using Architectural Constraints to Drive Software Component Reuse While Adding and Enhancing Features: In a Global Software Engineering Team ................................................................. 139
  Susmita Vaikar, Madan Mohan Jha, and Felix Brunner
Session 5. Models, Definitions, Frameworks, and Taxonomies

Global Software Engineering: Evolution and Trends ................................................................. 144
   Christof Ebert, Marco Kuhrmann, and Rafael Prikladnicki

A Specialized Global Software Engineering Taxonomy for Effort Estimation .............................................. 154
   Ricardo Britto, Emilia Mendes, and Claes Wohlin

Communication in Distributed Software Development: A Preliminary Maturity Model ........................................ 164
   Ivaldir de Farias Junior, Sabrina Marczak, Rodrigo Santos, and Hermano Moura

Shared Knowledge in Virtual Software Teams: A Preliminary Framework ........................................ 174
   Tor Erlend Fægri, Viktoria Stray, and Nils Brede Moe

A Global Teaming Model for Global Software Development Governance: A Case Study ........................................ 179
   John Noll, Sarah Beecham, Ita Richardson, and Clodagh Nic Canna

Poster Session

A State-of-the-Art of Empirical Literature of Crowdsourcing in Computing ........................................ 189
   Talat Ambreen and Naveed Ikram

MONO: A Computer-Supported Cooperative Tool for Digital Content Software Projects ........................................ 191
   Dario Correal, Oscar González-Rojas, Manuel Camargo, and Gilberto Pedraza

Findings on AGSD Architectural Knowledge Sharing ................................................................. 193
   Gilberto Borrego, Alberto L. Morán, Ramón Palacio, and Oscar M. Rodríguez

Scrumconix: Agile and Documented Method to AGSD ................................................................. 195
   Luis Tadeo Portela and Gilberto Borrego

Author Index ........................................................................................................................................ 197
