First ACL Workshop on Ethics in Natural Language Processing

Held at the 15th Conference of the European Chapter of the Association for Computational Linguistics (EACL 2017)

Valencia, Spain
4 April 2017

# Table of Contents

*Gender as a Variable in Natural-Language Processing: Ethical Considerations*
  
  Brian Larson ................................................................. 1

*These are not the Stereotypes You are Looking For: Bias and Fairness in Authorial Gender Attribution*
  
  Corina Koolen and Andreas van Cranenburgh ................................ 12

*A Quantitative Study of Data in the NLP community*
  
  Margot Mieskes .............................................................. 23

*Ethical by Design: Ethics Best Practices for Natural Language Processing*
  
  Jochen L. Leidner and Vassilis Plachouras .................................. 30

*Building Better Open-Source Tools to Support Fairness in Automated Scoring*
  
  Nitin Madnani, Anastassia Loukina, Alina von Davier, Jill Burstein and Aoife Cahill .......... 41

*Gender and Dialect Bias in YouTube’s Automatic Captions*
  
  Rachael Tatman ........................................................................ 53

*Integrating the Management of Personal Data Protection and Open Science with Research Ethics*
  
  Dave Lewis, Joss Moorkens and Kaniz Fatema .................................. 60

*Ethical Considerations in NLP Shared Tasks*
  
  Carla Parra Escartín, Wessel Reijers, Teresa Lynn, Joss Moorkens, Andy Way and Chao-Hong Liu 66

*Social Bias in Elicited Natural Language Inferences*
  
  Rachel Rudinger, Chandler May and Benjamin Van Durme ...................... 74

*A Short Review of Ethical Challenges in Clinical Natural Language Processing*
  
  Simon Suster, Stephan Tulkens and Walter Daelemans .......................... 80

*Goal-Oriented Design for Ethical Machine Learning and NLP*
  
  Tyler Schnoebelen .................................................................... 88

*Ethical Research Protocols for Social Media Health Research*
  
  Adrian Benton, Glen Coppersmith and Mark Dredze ............................ 94

*Say the Right Thing Right: Ethics Issues in Natural Language Generation Systems*
  
  Charese Smiley, Frank Schilder, Vassilis Plachouras and Jochen L. Leidner .............. 103
