## Contents

A Word from the Conference Editor
F. Naselli ................................................................. 1

Food, Health and Society: The Town meets the Countryside
P. Columba ............................................................... 5

Green Urbanism in Medieval India, Agra Fort: A Sustainable Eco-City
F. Zubiri .................................................................. 12

Eco City Challenge and Opportunities in Transferring a City in to Green City
A. Mersal ................................................................. 22

Eco-districts: Development and Evaluation. A European Case Study
C. Fluri .................................................................. 34

Virtualization of Mae Wong National Park with Respect to CHONG YEN for Publishing Conservation Green Natural
R. Rattanachai, S. Sane .................................................. 46

New Urban Indicators for Evaluating Urban Polices in Egypt. City Capacity and Capability (Capa²)
R.S. Mohamed, A.F. Bakr, Y.M. Anany ........................................ 53

The Potential of Unbuilt Ground: Green Ways in the South Area of Palermo as a Drive of Urban Transformation
V. Spanò ................................................................. 68

Efficiency of Ground Cover Types under *Samanea saman* on Reducing Outdoor Thermal Environment in Urban Parks of Bangkok, Thailand
T. Utarasakul ............................................................ 78

Measuring the Urban Biodiversity of Green Spaces in a Highly Urbanizing Environment and Its Implications for Human Settlement Resiliency Planning: The Case of Manila City, Philippines
L.P. Gonzales, D.C. Magnaye ............................................ 83

How to Preserve Landscape Quality – Second Home Paradox
S. Urošić, R. Mišetić, A. Mišetić ........................................ 101

Evaluation of the Energy Impact of Green Area Surfaces and Vegetation Cover in Forested Urban Environments with Dry Climates. Case: Mendoza Metropolitan Area, Argentina
M. Arboit, E. Betman .................................................. 112

Productive Landscape
H. Ali Abbasi ........................................................... 131

Greening the Urban Environment Using Geospatial Techniques, A Case Study of Bangkok, Thailand
N. Kamal, M. Imran, N.K. Tripati ........................................ 141

Street Vendors’ Roles in Main Squares Utilization as a Type of Tactical Urbanism Application in G.C.R. “A Criticism Review on Ramses Square”
M.A. El Fayoumi ........................................................ 153

Water and Sustainable Development in Misratah
I. Maarouf, M. Abd-Alkarim Girrieow ................................... 164

The Nature of Urban Household Water Demand and Consumption in Makhado Local Municipality: A Case Study of Makhado Newtown
L. Ramulongo, N.S. Netshengwe, A. Muyako ................................ 182

Social Sustainability of Urban Waterfront- The Case of Carter Road Waterfront in Mumbai, India
S. Shah, A.K. Roy ........................................................ 195

Urban and Social Impacts of Waterfronts Development, Case Study: Jeddah Corniche
L.A. Mostafa ............................................................. 205

Health System Planning: A Methodology to Locate Social and Health Structures in Developing Countries
D. Chizzoniti ........................................................... 222

Evaluation of Hopa’s Rural Tourism Potential in the Context of European Union Tourism Policy
H. Kutay Ayuğ, M. Mikaeli ............................................. 234

The Pursuit of Social Sustainability in Çiftlikköy
B. Özmen, S. Su Yaran ................................................ 246

Who Gains and Who Loses in the Shift to Electric Vehicles: Impact Assessment through Multi-criteria Multi-stakeholder Analysis
A. Talantsev ............................................................ 257

Examining the Challenges of Bicycle Use in Jeddah City
M. Aljoufie .............................................................. 269

doi:10.1016/S1878-0296(17)30154-8
Wastewater and Rainwater Management in Urban Areas: A Role for Constructed Wetlands

Water Management in a Self-managed Low-income Housing Development in South Brazil

Will the Saudi’s 2030 Vision Raise the Public Awareness of Sustainable Practices?

A Complex Approach to the Development of Green Infrastructure of Armenia’s Cities

Revitalisation Practices for Resilient Cities: Creative Potential of Heritage Regarding Revitalisation and Renewal of Cities

Up-grading Illegal Building Settlements: An Urban-planning Methodology

Understanding the Livability in a City through Smart Solutions and Urban Planning Toward Developing Sustainable Livable Future of the New Cairo’s Urban Dynamics: Redefining Gentrification as a Main Actor of Social Resilience

Tracing the Importance of Safety Audit in Making Inclusive Cities: A Step Towards Smart Cities

Green Architecture as a Concept of Historic Cairo

Open Museums as a Tool for Culture Sustainability

Sustainable Approach for Developing Local Mixed-Use Streets Case Study Beit Al Maqdis Street in Jeddah

Study the Vegetation as Urban Strategy to Mitigate Urban Heat Island in Mega City Cairo

Organic Urbanism: Human-oriented Design for Metropolises

More Attractive More Identified: Distinctiveness in Embedding Place Identity

The Impacts of Environmental Practice Characteristics on Its Implementation in Construction Project

School Site Selection Process
M. Moussa, Y. Mostafa, A.A. Elwafa

Mobility on Modern Urbanism: A Study of Brasilia’s Plano Piloto
M. do Caromo Bezerra, M. Madsen, M. de Mello

Street Networks between Traditional and New Egyptian Developments, Problems and Learned Lessons
A. Ibrahim, A. Alattar

Affordable and Common Modes of Transportation in Developing Cities and Their Effect on the Sustainability of Streets
N. Mohareb, M. Felix

Jeddah City as A Contemporary Gateway: New Vision for City Smart Growth Management
S. Badawi, A. Nayer

From a Crossroad to a Gateway City: Case of Setif and its Connections, Algeria
A.M. Abd El-Rahman Shehata, M.M. Ibrahim Mostafa

Sustainable Approach for Developing Local Mixed-Use Streets Case Study Beit Al Maqdis Street in Jeddah
S. Badawi

Study the Vegetation as Urban Strategy to Mitigate Urban Heat Island in Mega City Cairo
A.A. AbdElfattah AboElata

Organic Urbanism: Human-oriented Design for Metropolises
O. Galychyn, K. Üstundag

More Attractive More Identified: Distinctiveness in Embedding Place Identity
N. Ginting, A.D. Nasution, N.V. Rahman

Tracing the Importance of Safety Audit in Making Inclusive Cities: A Step Towards Smart Cities
P. Mitra, S. Bardhan

New Cairo’s Urban Dynamics: Redefining Gentrification as a Main Actor of Social Resilience
R.A. Mahmoud

Understanding the Livability in a City through Smart Solutions and Urban Planning Toward Developing Sustainable Livable Future of the City of Skopje
E. Sofeska

Up-grading Illegal Building Settlements: An Urban-planning Methodology
C. De Biase, S. Losco

Revitalisation Practices for Resilient Cities: Creative Potential of Heritage Regarding Revitalisation and Renewal of Cities
G. Quattrone

A Complex Approach to the Development of Green Infrastructure of Armenia’s Cities
H.A. Hovhannisyan, G.S. Nersisyan

Unlocking the Human Dimension of Energy Efficiency and Conservation: The Case of Tourist Accommodation Providers in Coron, Palawan in the Philippines
G.S. Tunamao-Guitta, Ma. Sheilah G. Napalang

Sustainable Performance of Diverse Regional Vernacular Architecture of India – Case Study of I. G. R. M. S. Bhopal, INDIA
S. Mitra, S. Bose

Will the Saudi’s 2030 Vision Raise the Public Awareness of Sustainable Practices?
M.S. Al Surf, L.A. Mostafa

Water Management in a Self-managed Low-income Housing Development in South Brazil

Wastewater and Rainwater Management in Urban Areas: A Role for Constructed Wetlands
T. Dou, S. Troesch, A. Petitjean, P.T. Gábor, D. Esser

The Simulation of Binary Component Sorption Kinetics from the Data of Single Component Sorption
R. Apiratikul

The Impacts of Environmental Practice Characteristics on Its Implementation in Construction Project
N. Yusof, M. Iramanesh

Evaluation of Iron and Manganese-coated Pumice from Sungai Pasak, West Sumatera, Indonesia for the Removal of Fe (II) and Mn (II) from Aqueous Solutions
S. Indah, D. Helard

Device for Using Hydrogen Gas as Environmental Friendly Fuel for Automotive Engine (GREEN & ECO H2)

The Applicability of LEED of New Construction (LEED-NC) in the Middle East
R.A. Mousa, A.A. Farag

Sustainable Socio-cultural Guidelines for Neighborhood Design in Jeddah
K. Fatani, M. Mohamed, S. Al-Khateeb
Analyzing Carsharing “Public” (Scraped) Data to Study Urban Traffic Patterns
   A. Trentini, F. Losacco .......................................................... 594
Using the Architectural Style of Heritage Buildings as a Tool to Avoid Health Risks-An Analytical Study of Rowshan in Traditional Houses in the City of Jeddah
   A. Alawad .......................................................... 604
Applying Building-integrated Photovoltaics (BIPV) in Existing Buildings, Opportunities and Constrains in Egypt
   H. Samir, N. Ahmed Ali .......................................................... 614
Assessing the Cooling Effects of Different Vegetation Settings in a Hong Kong Golf Course
   C.K.W. Fung, C.Y. Jim .......................................................... 626
From Void to Opportunity
   L. García, Esmeralda .......................................................... 637
Experimental Characterisation of Concrete Containing Different Kinds of Dielectric Inclusions Through Measurements of Dielectric Constant and Electrical Resistivity
   M.A. Bouhamla, A. Beroual .......................................................... 647
Green Strategies for Flood Resilient Cities: The Benevento Case Study
   A. Galderisi, E. Treccozzi .......................................................... 655
Landscape Urbanism and Architecture of the Voids
   M. Sbacchi .......................................................... 667
Farm Cultural Park: An Experience of Social Innovation in the Recovery of the Historical Centre of Favara
   G. Faraci .......................................................... 676
Sustainable Urban Street Design: Evaluation of El-Moaz Street in Cairo, Egypt
   H.G. El-Shimy, R.A. Ragheb .......................................................... 689
Peripheral Centralities: An Integrated Approach
   G. Di Benedetto, M.L. Germanà, F. Trapani .......................................................... 699
