SPE/ICoTA Coiled Tubing and Well Intervention Conference and Exhibition 2017

Houston, Texas, USA
21 - 22 March 2017

TABLE OF CONTENTS

3 \frac{3}{2} in. Coiled Tubing Telemetry System Saves Time and Improves Operational Efficiency during a Multi-Well Campaign in Norway ................................................................. 1
Blanco, Diego; Sach, Manfred; Livescu, Silviu

The 30,000 Lbs Extreme Pull Wireline Conveyance System and the Highest Pull Ever Help Gulf of Mexico Operator Save 5 MUSD by Avoiding Drill Pipe Conveyance and Tool Fishing Operations in the Most Challenging Deepwater Well .................................................................................. 14
Sarian, Serko; McManus, Dacey; Lake, Patrick; Babin, Chris; Varkey, Joseph; Hackett, DJ

Advanced Live Well Deployment System Enables Remedial Sand Control Solution ........................................................................................................ 26
McClellan, Charlie; Hillis, Parry; Zaklic, Stephen; Ross, Colby; Kidd, Peter

An Alternative Method for Cement Squeeze in North Kuwait: Case Study .................................................................................................................. 40
Al-Houti, Nasr; Al-Othman, Mohammad; Al-Qassar, Khalid; Al-Elahal, Ahmed; Matar, Hamed; Al-Hamad, Abdul

Best Practices in Pre-Fracturing Coiled Tubing Intervention Operations Increase Success Rate of Hydraulic Fracturing Treatments ........................................................ 52
Guizada, Pablo; Rahim, Zillur; Al-Kanaan, Adnan; Al-Rashed, Ahmed; Kayumov, Rifaat; Arifin, Mohammad; Al-Jalal, Ziad

Big Bore Balanced Sand Cleanout in HP/HT Gas Well: An Amalgamation of an Innovative Fluid System and Engineering ....................................................................... 61
Khandelwal, Nakul; Chandak, Raj; Makkar, Archit; Pathak, Himanshu

Coiled Tubing Advancements Enable Multistage Stimulation and Production Profiling in an Exploration Well in Eastern Siberia ........................................................................ 88

Coiled Tubing Cementing Best Practices for Successful Permanent Well Abandonment in Deepwater Gulf of Mexico .................................................................................. 101
Giam, David; Santapichhi, Jorge; Bogaerts, Martijn; Herrington, Darby

Consistent, Systematic Approach to Deepwater Coiled Tubing Efficiency Improvement Substantially Reduces Operational Time, Gulf of Mexico ................................................................. 111
Weiland, Peter; Rudnik, Alexander; Gagen, Eric

Cost and Value of a Dissolvable Frac Plug ........................................................................................................ 129
Walton, Zachary; Porter, Jesse; Fripp, Michael; Vargus, Greg

Al-Houti, Nasr; Al-Matrook, Y.; Al-Othman, M. R.; Al-Mehanna, H. S.; Al-Haddad, M. N.; Mahmoud, Wael A.; Ramondenc, P.; Chaabouni, H.

The Critical Flaws of Current Well Control Drills .......................................................................................... 149
Sookdeo, Terrance; Craig, Steven; Fernandes, Mary; Liles, Charles

Development and Compatibility Testing of Coiled Tubing with 140-ksi Specified Minimum Yield Strength ........................................................................................................... 156

Gilliat, Jim; Satti, Rajani; Hillis, Parry; McClellan, Charlie

Effects of Buckled Tubing on Coiled Tubing Passibility ........................................................................ 181
Qin, Xing; Guo, Deli

Electric Submersible Pump Changeouts with the use of HWO Units: An Evolutionary Path of Efficiency ........................................................................................................ 198
Chacon, Alejandro; Pedraza, Carlos; Berthe, Vanessa Hernandez; Marcano, Aurelio Jose

Electric-Line Deployed Lightweight Intervention Technology for the Effective Removal of Barium Sulphate Scale Obstructions from Small Diameter Wellbores ........................................................................ 207
Haugen, I.; Dossland, L.; Brankovic, M.; Osvland, E.; Osugo, L.; Grodem, M.; Grønnerod, Anders

Electric-Line Milling Operation on Tree Master Valve of a High Surface Pressure Well Enables Well Control .............................................................................................. 222
Al-Ajmi, Mohammed D.; Al-Ajlan, Raed A.; Al-Hajri, Nasser M.; Al-Qowaisim, Hussain A.; Zamka, Saleh I.; Al-Subaiti, Fehead M.; Green, Todd A.; Al-Hajri, Muhammad A.; Al-Meshal, Fahad M.; Al-Shammari, Naye S.; Sagr, Hani; AlJedavi, Raed
Employing Effective Water Treatment with New String Technology in the Eagle Ford to Mitigate String Failures

Kakadjian, Sarkis; Nwachukwu, Raymond

Evaluation of Lubricants Performance for Coiled Tubing Application in Extended Reach Well

Yeung, John; Li, Jeff; Lee, Jane; Guo, Xiaole

Evolution of Coiled Tubing Descaling Interventions in Saudi Arabia Depleted or Subhydrostatic Gas Wells

Dwaaj, Ahmed; Al-Buali, M. H.; Ahmed, Danish; Arfin, Mohammad; Sa, Rodrigo; Dehlinga, Madhujiya; Santali, M.; Pochetry, V.

Field Performance of New Coiled Tubing Technology and a New Grade for Improved Sour Service

Rolovic, R.; Reichert, B.; Morales, C.; Coloschi, M.; Valdez, M.; Grimaldo, C.; Nguyen, T.

First Coiled Tubing Operation in Alaska Requiring 15,000-psi Rated Well Control Equipment: A Case History

Webb, Brandon; Zoilt, Liam; Zingsheim, Justin; Hammer, Roger

Fishing More Than 3,000 Meters of 1-3/4-in Coiled Tubing A Case Study

Merchan, A.; Lopez, A.; Deolarte, C.; Sosa, M.; Franco, E.; William, A.; Rodriguez, F.; Ponce, G.; Cervantes, J.

Fracturing Plugs Drillout Experiences in Unconventional Applications

Zanellato, Gabriel; Szklarz, Juan Martin; Pach, Esteban; Nebiolo, Martin

High-Strength 130-kpsi Coiled Tubing Intervention in High-Pressure/Extreme-Temperature Wells, North Sea

Ermakov, Konstantin; Savenkova, Anna

How to Perforate Challenging Wells Completed in Two Casing/Liner Overlap Sections: Mature Ecuador Field Case History

Alvarez, Johnny; Narango, Edwards; Agila, Cynthia; Castillo, Rommel; Cuenca, Dario

An Improved Method for Shifting Sliding Sleeves on ICD Screen Completions in Extended- and Mega-Reach Applications Combining a Novel Shifting Tool with Coiled Tubing Well Tractor Technology

Improving Intervention Efficiency with a Novel X-ray Diagnostic Service: A Case Study

Spannuth, M.; Achihai, R.; Gonzalez Campos, J. A.; Husvæg, M. A.; Johns, J.; Suggleton, J.

Innovative Conveyance System Saves $9.4M on a Deep Water, High Angle Well in the Nam Con Son Basin

Folger, Michael; McCormick, Stephen; Sarjan, Serko

Innovative Use of Coiled Tubing Catenary System to Intervene a Well with Restricted Flowback Facilities

Tapia, W. R.; Marsaleh, Z.; Srisaard, S.

Mega Reach Case Study, Saudi Arabia; The Application of Fluidic Oscillation Vibratory Tools in Tackling a Challenging Coiled Tubing Well Intervention

Dathie, Laurie; Namlah, Sultan; Abdulghani, Ahmed; Elsherif, Tamer

A New Design Method of Coiled Tubing for Deliquification in Shale Gas Field

Tan, Xiao-Hua; Huang, Yong-Zhi; Liu, Jian-Yi; You, Xia-Tao; Wang, Da-Jiang; Sun, Zhi-Yang; Yu, Jie; Tang, Chaung

A New Electric Line Downhole Jetting Tool Accomplishes Sample Collection and Screen Clean-Out to Restore Production

Husvag, M. A.; Skagseth, T. F.; Mourani, H.; Sidle, B.; Schwanitz, B.

A New Record for a Rigless Completion Campaign Through Efficient Coiled Tubing Hydraelt

Jaimes, Mariana; Bahamon, Jorge I.; Mora, Edgar; Campo, Pablo; Reina, John F.; Orozco, Alex O.

Novel Technique Applied to Lock Open SCSV Installed in Monobore Subsea Completion in Deepwater GoM

Ramnath, Lawrence; Pocza, James; Reynolds, Andrew

Novel Technology Improves System Safety in Wireline Perforating

Fayard, Alfredo J.; Goodman, Kenneth

Numerical and Experimental Analysis of Cyclic Strains in Coiled Tubing Surface Defects for Fatigue Life Assessment

Ishak, Joanne; Santos, Maurilo A. A.; Tipton, Steven M.

Optimizing CT Material Properties for Extended Reach Operations

Newman, Ken; Kelleher, Patrick; Gunby, Brian

Overcoming Challenges of Stimulating a Deepwater Frac-Pack-Completed Well in the Gulf of Mexico Using Coiled Tubing with Real-Time Downhole Measurements

Gagen, Eric J.; Menkhaus, Alex D.
Precision Packer Mandrel Cuts Using Electromechanical Pipe Cutting Technology ........................................... 517
Gasmi, K.; Ransonet, G.

Reaching New Heights of Efficiency in Offshore Gas Conformance Operations ........................................ 523
Deolarte Gerrero, C.; Sosa Barragán, C. M.; Merchán Najera, A. I.; López López, A.; Ramondenc, P.; Molero, N.; Franco Delgado, E.; Miquilena Rojas, E. J.

Real Time Fatigue Endurance Monitoring of Open Water Coiled Tubing Downlines ..................................... 538
Tipton, Steven M.; Xie, Bin

Rigless Isolated Formation Testing in a Producing Well A Case History .................................................... 549
Zsolt, Liam

Sand Consolidation Case History and Lessons Learned from Peninsular Malaysia ........................................ 562
Othman, Anis Izzudden; Zaki, Shazana Bt. M.; Naharindra, Adhi; Riyanto, Latief; Yahia, Zaidil B.; Govinathan,
Kesavan; Kristanto, Titas; Yeo, Kim Teng

Subsea Coiled Tubing Acid Stimulation Operation Using CT Tractor in Angola ............................................ 583
Rajamani, Karthik; Schwanitz, Brian

Subsea Well Plug and Abandon Intervention Using a Coiled Tubing Conveyed Inflatable Packer A Case Study ......................................................... 590
Akbar, V.; Fuad, M.

Unique Milling Bit Deployed via E-Line Intervention Enables Operator to Achieve Early Production ............... 597
Tyagi, Chirag; Singh, Virendra; Nayak, Jyoti Prakash; Pinto, Thomas

Vaca Muerta Coiled Tubing Operations Success and the Development of Future Extended Reach Operations ......................................................... 607

Wireline-Deployed Perforating: Maximizing Efficiency without Killing the Well ......................................... 630
Aboelnaga, Sharif; Martin, Andy; Ugalde, Angel; Contreras, Javier Mercado
