SPE Oil and Gas India Conference and Exhibition 2017

Mumbai, India
4 - 6 April 2017

Volume 1 of 2

ISBN: 978-1-5108-4202-1
# TABLE OF CONTENTS

## VOLUME 1

### SESSION 1: RESERVOIR MANAGEMENT - 1

<table>
<thead>
<tr>
<th>Title</th>
<th>Page</th>
</tr>
</thead>
<tbody>
<tr>
<td>Data Integration Helps in Identifying New Waterflood Opportunities in Western Desert, Onshore Field</td>
<td>1</td>
</tr>
<tr>
<td>Field Trial of Surfactant Stimulation in Low PI and Intermittently Flowing PCP Wells: A Successful Case Study of Bhagyam Field</td>
<td>16</td>
</tr>
<tr>
<td>Sidetracking of Peripheral Injector for Tapping Bypassed Oil: Case Study from a Matured Carbonate Reservoir of Mumbai High Field</td>
<td>28</td>
</tr>
<tr>
<td>Uncertainty Mitigation Using Data Acquisition in Volcanic Reservoirs</td>
<td>37</td>
</tr>
<tr>
<td>Comparison Study of Asphaltene Precipitation Models Using UTCOMP, CMG/GEM and ECLIPSE Simulators</td>
<td>52</td>
</tr>
</tbody>
</table>

### SESSION 2: DRILLING - 1

<table>
<thead>
<tr>
<th>Title</th>
<th>Page</th>
</tr>
</thead>
<tbody>
<tr>
<td>Revolutionary Drilling Performance in Challenging HPHT and Basaltic Environment of Kutch &amp; Saurashtra Exploration Field</td>
<td>81</td>
</tr>
<tr>
<td>A More Holistic Approach to Determine Economics of Using Synthetic Oil Based Mud over Water Based Mud System in Onshore Development Drilling</td>
<td>97</td>
</tr>
<tr>
<td>A Study of Drilling Jar Utilization and Effectiveness in the Kingdom of Saudi Arabia</td>
<td>105</td>
</tr>
<tr>
<td>Prospect Level Normalization of Offset Pore Pressure Measurements: Analysis of Approaches and their Association with Regional Geology</td>
<td>112</td>
</tr>
<tr>
<td>Enhanced Mechanical Integrity Characterization of Oilwell Annular Sealants Under In-Situ Downhole Conditions: A Path to Optimized Wellbore Economics</td>
<td>130</td>
</tr>
</tbody>
</table>

### SESSION 3: EOR/IOR - 1

<table>
<thead>
<tr>
<th>Title</th>
<th>Page</th>
</tr>
</thead>
<tbody>
<tr>
<td>Use of Side Wall Core as a Tool for In-Situ Combustion Monitoring</td>
<td>146</td>
</tr>
<tr>
<td>Studies on a Hybrid of Movable Gel and ASP Flooding Further EOR for the Reservoir after Polymer Flooding</td>
<td>153</td>
</tr>
<tr>
<td>Successful Polymer Selection for CEOR: Brine Hardness and Mechanical Degradation Considerations</td>
<td>165</td>
</tr>
<tr>
<td>Economic Design of Surfactant-Polymer Flooding Under Low Oil Price</td>
<td>179</td>
</tr>
</tbody>
</table>
SESSION 4: EXPLORATION & DEVELOPMENT

Seismic Curvature Attributes for Subtle Fault Detection in Tight Volcanic Reservoirs from Barmer Basin, India

Somasundaram, Sreedurga; Bhat, Sudeep; Das, Amlan; Sharda, Ruchika; Mund, Bineet; Beohar, Abhuda; Shankar, Pranay

Reducing the Appraisal Uncertainty with Advanced Wireline Formation Testing Technology: A Case Study from the Gulf of Thailand

Comprehensive Field Development Design for a Tight Gas Chalk-Reservoir in North Sea: A Capstone Design Project

Ansari, Arsalan Arshad; Ghosh, Bisweswar; Alklih, Mohamed Yousef; Najy, Anas K.; Nagah, Adnan; Shafik, Mohamed Mohsen

SESSION 5: RESERVOIR MANAGEMENT - 2

Pressure Transient Analyses for Unfavorable Mobility Ratio Flooding Operations

Beliveau, Dennis; Chapman, Thomas; Merrill, Robert

Pressure Build up Study with Echo Meter Data - A Case Study of NE Field

Kumar, Viveet; Vema, Saurabh Kumar; Bhatnagar, Anil Kumar

Effect of Reservoir Heterogeneities and Model Uncertainties on Prediction Versus Actual Field Behavior- A Case Study

Kumar, Rajesh; Shankar, Vivek; Batra, Surseh K.; Kumar, Atul

SESSION 6: DRILLING - 2

Benefits of Cutting Pipe under Compression in Deepwater Rig Operations

Ahmad, Abdo; Garg, Ashootosh; Sankar, Maniram; Omonze, Dickson; Agrawal, Vivek; Mudgal, Abhay; Patowary, Markandeya; Nayak, Jyoti Prakash; Pinto, Thomas

Failures and Remedial Measures for Cementing Vertical Shale Gas Wells in India – Case Histories

Lal, Kishori; Rastogi, Ravi; Singh, Parvinder; Meher, R K; Sinha, M P

Development of Inhibitive Water Based Drilling Fluid System with Synthesized Graft Copolymer for Reactive Indian Shale Formation

Kumar, Saket; Jain, Rajat; Chaudhary, Pulkit; Mahto, Vikas

Stress Modelling and Design of Elastic Cement System to Withstand Well-Bore Pressure During Hydro-Fracturing and Casing Integrity Testing

Singh, Parvinder; Sinha, M. P.; Lal, Kishori; Malhotra, S. K.; Kumar, Pramod

Conical Diamond Element Technology Delivers Step Change in Drilling Performance: Wassana Field, Gulf of Thailand

Radhakrishnan, Venkataramanan; Bujnoch, John; Meteerawat, A.; Wannaduriyapan, P.; Abbassgholipour, Ali; Omkvisit, Sirikanya

SESSION 7: COMPLETION - 1

Successful Implementation of Limited Entry Technique for Multistage Fracturing Optimization in a Deep Tight Gas Volcanic Reservoir of Western India: Case Study

Goyal, Rajat; Tiwari, Shobhit; Tibbles, Raymond Joseph; Anand, Saurabh; Ranjan, Vishal; Sidhuirth, Punj; Pahuk, Shashank; Sharma, Anurag; Vijay, Utkash; Manish, Kumar

The First Application of Specialty Sand Screens in Combination with Fully Integrated ESP Technology in the Nong Yao Field, Gulf of Thailand

Development of Non-Damaging Solid Free Polymer Pill for Controlling Fluid Loss in Mumbai Offshore

Mahato, P K; Raj, Priyv; Bahuguna, V K

Application of Closed Fracture Acidizing for Stimulation of Tight Carbonate Reservoir in Mumbai Offshore

Sarma, Dilip Kumar; Pal, Tej; Kumar, Dileep; Lahiri, Gopal; Manchalwar, V V
Multistage Up-Dip Well (>94 Deg) Fracturing using Plug & Perf Technology through Coiled Tubing -
A Case Study ............................................................................................................................... 369
Gupta, Anand; Gupta, Vaibhav; Okeke, Ugochukwu; Jerath, Shweta

SESSION 8: RESERVOIR CHARACTERISATION - 1

Static Modeling of Deepwater Syn-Rift Reservoir Using Trend Analysis and Conceptual Geological
Model in Absence of Effective Seismic Attributes: A Case Study from Mesozoic Reservoir, Offshore
East Coast of India ............................................................................................................................... 391
Chakraborty, Suvajit; Negi, Satyapal; Kumar, Alok; Pandey, Nitesh

Fractured Basement Reservoir Characterization in Barmer Basin .......................................................... 402
Singh, Nepal

Delineating Complex Channel Sands Distribution Alongside Volcanic Flows with Spectral
Decomposition Attribute Analysis: Saraswati Field, Barmer Basin .......................................................... 409
Rao Kola, Venkateswara; Wahengbam, Dhanachandra; Bhatnagar, Anil Kumar

Non-Steady Well-Testing Interpretation Model and Analytical Solution for Circularly Partially
Penetrating Wells ............................................................................................................................... 419
Libing, Fu; Zifei, Fan; Qingying, Hou; Jun, Ni; Lun, Zhao

Fluid Type Identification in Carbonate Reservoir Using Advanced Statistical Analysis .......................... 431
Yu, Hongyan; Wang, Zhenliang; Rezaee, Reza; Liu, Xi; Zhang, Yihuai; Imokhe, Omolegho

SESSION 9: UNCONVENTIONAL: DRILLING, COMPLETION AND PRODUCTION

Investigation Into the Economic Impact and Recovery Effect of Various Completion Timing
Strategies in Unconventional Wells .............................................................................................................. 440
Karan, Dhuldhoya; Stephen, Holtz

Unconventional Hydrocarbons: Gas Hydrates - Drilling Challenges and Suitable Technology .......................... 455
Motghare, Prashant D; Musale, Anol

Ultra-Light Weight Proppant and Pumping Design Lead to Greater Conductive Fracture Area in
Unconventional Reservoirs .......................................................................................................................... 469
Bestaoui-Spurr, Naima; Hudson, Harold

Optimization of Fracturing Technique for Successful Exploitation of Tight Gas Reservoirs of
Mandapeta Field ........................................................................................................................................ 478
Medavarapu, Kishorekumar; Das, S.; Ch, S.; Nainwal, S. P.

Novel Idea for Optimization of a Progressive Cavity Pump PCP System at Different Stages of Coal
Bed Methane CBM Well Life ......................................................................................................................... 486
Vora, Jinen; Singh, Rahul; Saxena, Shivam

Exploiting the Thick Tight Gas Sandstone Formation of Periyakudi Field of India through Fracturing
Stimulation - A Challenging Experience ....................................................................................................... 500
Mahawar, Dheeraj; Kumar, Rajesh; Das, Santanu; Rajendra, K.; Nainwal, S P

Lateral Wellbore Rock Characterization and Hydraulic Fracture Optimization Utilizing Drilling
Cuttings and Mud Log in Cleveland Sand, A Case Study ........................................................................... 511
Stolyarov, Sergey; Gadzhimirzaev, David; Sadykhov, Said; Ackley, Benjamin; Lipp, Casey

SESSION 10: EOR/IOR - 2

Next-Generation Displacement Fluids for Enhanced Oil Recovery ................................................................ 523
Yegin, Cengiz; Singh, B. P.; Zhang, Ming; Biopharm, Frontida; Balaji, Karthik; Suhag, Anuj; Ranjith, Rahul;
Pekslaglam, Zumra; Wijaya, Zein; Putra, Dike; Anggraini, Henny; Temizel, Cenk

Hybrid EOR Technology: Carbonated Water-Smart Water Flood Improved Recovery in Oil Wet
Carbonate Formation: Part-II ...................................................................................................................... 552
Kilybay, Alibi; Ghosh, Biswaran; Thomas, Nithin Chacko; Sulemana, Nahu Tarosung

Successful Pilot Implementation of ASP Flooding through CEOR/IOR Application – A Case Study ........... 570
Singh, B. P.; Parulkar, S.; Kumar, Aditya
Isolation and Characterization of Biopolymer Producing Omani Aureobasidium Pullulans Strains and Its Potential Applications in Microbial Enhanced Oil Recovery ........................................... 583
Mechanistic Study of Surfactant/Polymer Adsorption and Its Effect on Surface Morphology and Wettability ................................................................. 594
   Al-Wahaibi, Yahya; Al-Hashmi, Abdul-Aziz; Joshi, Sanket; Mosavat, Nader; Rudyk, Svetlana; Al-Khamisi, Sami; Al-Kharusi, Thuraya; Al-Salaimani, Hanan
Technical and Economic Evaluation of EOR Technology in Low-Oil-Price Period a New Polymerflooding Case Study From China ...................................................... 610
   Wu, Xingcai; Zhang, Jichang; Liang, Wuquan; Xu, Hambing; Wang, Qiang; Xiong, Chunming; Ren, Tieying; Zhang, Liang; Bai, Baojun; Ye, Yaoshu; Tian, Xiaoyan

SESSION 11: INTEGRATED PROJECT MANAGEMENT

Raageshwari Deep Gas Hydro-Fracturing Campaign, Accelerated Project Delivery - An Example of Robust Integrated Project Management ............................................................. 621
   Shrivastava, Prunay; Sharma, Vedant; Anand, Saurabh; Otubaga, Ademola; Trivedi, Ranjan; Muta, Mazlan; Parasher, Arunabh; Tiwari, Shobhit; Alhevha, Leste
Design and Implementation of the Well Delivery Project Gate System ...................................................... 635
   Al-Salem, Mohammad; Al-Shehab, Nawaf; Decena, Jose
Energy Efficiency and Cost Optimization Assessments in Mangala Processing Terminal ........................................ 646
   Kukadiya, K. N.; Gajendran, B.

SESSION 12: ASSET INTEGRITY MANAGEMENT

Safety Integrity Analysis of Topside Piping and Vessels Installed on Offshore Platform ............................................. 656
   Thakur, Saboo L.
Enabling New Field Development Projects for a Digital Future ................................................................. 667
   Praveen Sam, Samraj; Airani, Avinash
Mitigation of Work Control Challenges at Well Sites – Lessons from CBM Project ........................................... 678
   Pandey, Baldev; Tomar, Satendra
Delivering Efficiencies to Well Intervention Management Planning, Tracking and MIS by Automation ................................................................. 685
   Upadhyaya, Akhilesh; Gosain, Sonali; Dhiman, Mansi; Kothiyal, Manish Dutt; Jetley, Shailendra
Oil Spill Cleanup Using Aerographene ........................................................................ 693
   Wadhwani, Rajat

SESSION 13: OIL AND GAS PRODUCTION AND OPTIMISATION

Transition from Gas Lift to Electric Submersible Pump in Wells with High Gas Volume Fraction - Avenues for Profitability in Challenging Markets - A Novel Case Study of an Indian Offshore Field ........................................... 702
   Goel, Prasant; Kumar, A; Duaa, H; Mandal, T K; Rao, K R; Manchahwar, V V
Optimizing Cost and Effectiveness of Well Interventions: An Holistic Approach ...................................................... 714
   Gosain, Sonali; Dhiman, Mansi; Kothiyal, Manish Dutt; Upadhyaya, Akhilesh; Jetley, Shailendra; Jain, Sachin; Jain, Akansha; Cairn India Limited Patul, Nilay; Hammond, Paul
A Case Study on Production Enhancement Opportunity in an Existing Gas Processing Complex ........................................... 731
   Sakaranand, J N; Sharmila, G.; Das, Barnaill; Pawar, A S; Singhal, C P
Best Out of Waste - Waste Water Management for Sustenance of Well Intervention Activities ........................................... 739
   Gupta, Abhishek; Sharma, Vedant; Parasher, Arunabh; Thummar, Dinesh; Satyarthi, Rajesh S., Cairn India Rao, Eswar; Tiwari, Shobhit
HT Fracturing Fluid in Stimulating Saudi HTHP Gas Wells: Lab Results and Field Cases ........................................... 751
   Aldawarsi, M. A.; Al-Sage, A. M.; Al-Driweesh, S. M.; Al-Shammari, N. S.; Altammar, A. H.; Atayev, N.; Melo, A.
SESSION 14: UNCONVENTIONAL RESERVOIR

Characterization of Diagenetic Phase Transformations in Lacustrine Biogenic Silica Rich Rocks
Using Porosity-Depth Trends in Barmer Basin, India
Samal, Saphalata; Pal, Arindam; Guha, Rudpip.......................................................... 763

Unravelling Potential of a Volcanic Reservoir Through Enhanced Facies Understanding - A Case Study from Barmer Basin, India
Mund, Binet; Das, Amlan; Sharda, Ruchika; Bhat, Sudeep; Kumar, Ritesh; Gupta, Abhishek Kumar; Shankar, Pranay

Frac Characterization of Indian Cambay Shale Through Hydraulic Fracturing in First Cambay Basin Shale Well
Jha, Ajay Kumar; Mahawar, Dheeraj; Kumar, Rajendra; Das, Santam; Rajendra, KWS

Characterisation and Modelling of Fractured Basement Reservoirs: A Case Study
Nautiyal, D. K.; Goswami, Sandeep; Dutt, Ankit

Sharma, Shivam; Bhat, Sudeep; Vimal; Chhabra, Sameer; Sastry, Bharath; Subrahmanyam, P

SESSION 15: DRILLING - 3

Application of Heavy Weight Cement-Resin Blend System to Prevent CCA Pressure in Saudi Arabia Deep Gas Fields
Yami, Abdullah; Buwaide, Husain; Al-Herz, Ali; Mukherjee, Tushar S.; Bedford, David; V serve, Kory

Successful Implementation of Improved Rheological Hierarchy of Mud - Spacer - Cement for Effective Zonal Isolation - A Case Study
Singh, Parvinder; Lal, Kishori; Rastogi, Rav; Joshi, C. S.; Sinha, M P

Case Study: Drilling the Longest and Fastest Surface Hole Section in United Arab Emirates U.A.E
Ansari, Arsalan; Sowaidi, Saif Al; Yoshimoto, Kazuhito

Drilling Operation Improvement in Overpressure Zone with Managed Pressure Drilling Technology in LFN Field
Fajar, Rizki Arie; Irawan, Cepi; Hasudungan, Boyke

SESSION 16: MATURE FIELDS MANAGEMENT

Radial Jet Drilling in Mature Fields of Oil India Limited- An Experimental Approach
Jain, Deepak; Maut, Pratha Protim; Sabaria, Pranjal; Dutta, Ranjit; Yomdo, Saloma; Hatchell, Ian; Mukherjee, Aditya

Effective Waterflood Management in Complex Carbonate Reservoir of Mumbai High Field
Ravi, N. T.; Muraleedharan, R.; Maurya, C. R.; Ram, B.; Muralidharan, K.; Medhekar, S. D.

Holistic Approach in Managing Challenges of Mature Offshore Carbonate Gas Fields with High CO2 and H2S Content in Sarawak Gas Operations, MALAYSIA
Abdul Aziz, M. F.; Mithani, A. H.

Effective Use of Chemicals to Increase Production in a Mature Asset
Fartiyal, Prashant; Tiwari, Amitosh; Malik, Ankit; Manickavasagam, Chandran; Sharma, Neel Mani; Lelle, Sarangi

Unconventional Installation of Insert PCP
Kumar, Prakash; Bohra, Avinash; Tiwari, Shobhit

A Successful Water Shut Off Treatment in Gas Well of Bassein Field by Polymeric Gel System
Mattey, Padma; Varshney, Meenu; Daksh, Pd. Vikrant; Kumar, Aditya

Intervention and Abandonment Operations Utilising a Rigless Well Servicing Unit: Case Studies
Canny, Steven A
SESSION 17: COMPLETION - 2

Getting Past the Deepest Barrier Using Plasma Based Punctures: A Case Study on the Mature Panna Field, Western Offshore, India

Abbasi, Shariq; Tyagi, Chirag; Chakrabarty, Toushar

A New Approach for Productivity Enhancement in Mature Sand Prone Fields Having Nearby Water Contact Through Slick Water FracPack: A Case Study

Mishra, Nirmal Kumar; Singh, Amar; Sakundal, Snehal; Rajendra, KWS; Nainwal, S. P.

Propane Fracturing: A Waterless Approach, Safety Considerations and Its Prospects in India

Kumar, Nitesh; Rajput, Saunil; Gautham, K. G.

Successful Matrix Acidization Using Organic System for Sandstone Reservoir of Western Onshore Fields of India: A Case Study

Shah, Sohil; Singh, S. K.; Bahuguna, V. K.; Rajendra, K. W.

Maximizing Profits in a Tight Gas Volcanic Reservoir with a SIMOPS Multistage Fracturing Campaign

Sidharth, Punj; Tiwari, Shobhit; Anand, Saurabh; Goyal, Rajat; Agarwal, Aman; Sharma, Amit; Singh, Mukund; Aggarwal, Vishal

Mitigation of Mineral Scale Deposition in Well-Bore and Flow Lines with Eco Friendly and Less Aggressive Chemical

SESSION 18: RESERVOIR CHARACTERISATION - 2

Geomechanical Model and its Role in Hydraulic Fracturing of a Volcanic Reservoir, Barmer Basin, India

Mund, Bineet; Sharda, Ruchika; Das, Amlan; Somasundaram, Sreedurga; Bhat, Sudeep; Sabharwal, Varad; Gupta, Abhishek Kumar; Shankar, Pranay

Production Enhancement Driven by Geomechanics: Successful Well Placement and Fracturing in a Tight Unconventional Clastic Reservoir, Case History from India

Das, Santanu; Gupta, Anand; Saha, Sankhajit; Shinde, Ashok; Perumalla, Satya; Chakrabarti, Prajit; Deshpande, C.

Seismically Constraining the Static and Dynamic Models of a Complex Fluvial System, Mangala Field, Rajasthan

Pahwa, N.; Malkani, A.; Sarkar, S.; Singh, R.

Optimizing Drilling and Completions in Overpressured Malleswaram Field by Integrating Geomechanics with Advance Acoustics Measurements

Reddy, S. S.; Anjaneyulu, J. V.; Lal, Abhay Kumar; Rao, E. J.; Ramakrishna, C. H.; Tandreja, Rahul; Bahuguna, Somesh; Zacharia, Joseph; Chatterjee, Chandreyi; Basu, Jayanta

Temperature Correction in NMR Logging While Drilling

Coman, Radu; Tietjen, Holger

Author Index
