Traffic Signal Systems, Vol. 1

Transportation Research Record: Journal of the Transportation Research Board Volume 2619 (2017)

## TABLE OF CONTENTS

Adaptive Coordination Based on Connected Vehicle Technology ................................................................. 1  
Beak, Byungho; Head, K. Larry; Feng, Yiheng  

Safety-Based Left-Turn Phasing Decisions for Signalized Intersections ......................................................... 13  
Amiridis, Kiriakos; Stamatiadis, Nikiforos; Kirk, Adam  

Radivojevic, Danilo; Stevanovic, Aleksandar  

Interlinking Vissim and ns-3 for Connected Vehicle Simulation: Case Study of Intelligent Dilemma Zone Avoidance .......................................................................................................................... 36  
Songchitruksa, Praprut; Sunkari, Srinivasa; Ugalde, Ines; Rosca, Justinian; Ojea, Juan Aparicio  

Evaluating Transit Priority Signal Phasing at Most Multimodal Intersection in Portland, Oregon .............. 44  
Marnell, Patrick; Zebell, Paul; Koonce, Peter; Quayle, Shaun  

Framework for Evaluating the Severity of Cybervulnerability of a Traffic Cabinet ............................................. 55  
Ernst, Joseph M.; Michaels, Alan J.  

Analysis of Trends in Data on Transit Bus Dwell Times ................................................................................. 64  
Isukapati, Isaac K.; Rudová, Hana; Barlow, Gregory J.; Smith, Stephen F.  

Red Light Running at Heterogeneous Saturated Intersections in Mumbai, India: On the Existence of Two Regimes and Causal Factors ............................................................................................................. 75  
Bhosale, Mihir; Bhavathrathan, B. K.; Patil, Gopal R.  

Assessment of the Robustness of Signal Timing Plans in an Arterial Corridor Through Seasonal Variation of Traffic Flows .................................................................................................................. 85  
Ostojic, Marija; Stevanovic, Aleksandar; Jolovic, Dusan; Mahmassani, Hani S.
