Soft Power Study from Culture, Education and Social System Perspective

Proceedings of the Second International Academic Seminar of Softpower 2012 (ICNSP)

Jinan, China
12-15 October 2012

Editors:

Konglai Zhu         Jinzhu Ma
Henry Zhang         Wei Liang
Chunyan Guo         Xiao Zhang

CONTENT

Chapter One: Soft Power from Chinese Culture Perspective
Rethinking of the Soft Power of Chinese Culture
ZHANG Keyong, XU Wenli .................................................................1
A Study on the Improving Path of China’s Cultural Soft Power
FANG Hongting ................................................................................6
Cultural Industry: The Important Dimension of Enhancing City Competitiveness
HAN Hui ..........................................................................................10
Construction of Cultural Soft Power in the Context of Cultural Contacts
WANG Yapeng, FENG Yanli...............................................................15
Cultural Self-Awareness and Construction of Cultural Soft Power
MENG Xianli, TANG Qing ................................................................22
Accelerate the Development of Cultural Industries and Promote the Soft Power of Chinese Culture
LIU Xiuhua, ZENG Huixiang ..............................................................29
China’s Cultural Soft Power
LU Xuejun .......................................................................................34
Possibilities and Methods of Chinese Traditional Culture Breaking the Predicament of Modernity
DU Yifen .........................................................................................39
International Competition Strategy Analysis of Shandong Cultural Industry’s Soft Power
WANG Hong ...................................................................................47
Value and Role of the Cultural Soft Power of Martial Arts from the Perspective of International Publicity
HU Jianhua ......................................................................................52
Analysis on Strategies to Promote Foreign Exchange of Ceramic Culture
LI Yuchen .......................................................................................57

Chapter Two: National Soft Power Research
The Spatial Distribution of R&D Resource and Regional Economic Growth: Based on Provinces’ Data in China from 1997 to 2010
WAN Yong, WEN Yaqing .................................................................62
The Structure and Function System of National Soft Power
TANG Daixing, CHEN Qing, LI Xiaoping .........................................68
Public Diplomacy and the Advance of China Soft Power
JIANG Yuankui, LI Xia ...................................................................77
Study on Soft Power of Sports Industry in China
SUN Hao, TANG Wen ...................................................................82
Meditation on China’s Soft Power in Emergency Response
Cultural Security and Cultural Soft Power

LI Dongxuan, WANG Yupeng ................................................................. 94

The Implication of the Medical Insurance System of Taiwan and Singapore for Improving China’s Dual Referral Conditions

MEI Shiye ......................................................................................... 100

A Cross Cultural Comparison between India and Australia

CHENG Xuan, BARTEAU Celine, PARSANA Sagar, LU Wenjie ......................................................... 104

Accelerate the Construction of Technological Innovation to Improve the Level of Economic and cultural soft power

LAN Hanlin ....................................................................................... 111

Study on the Interaction of Soft Power with Hard Power

MA Dong, WU Xia, GAN Xinguang ............................................................................. 116

Affect Factor Analysis of Chinese Government Administrative Cost - Empirical analysis based on the data from 1978 to 2010

CHENG Lijuan, YAN Qiang ........................................................................ 120

The Promotion of National Soft Power and the Achievement of Sustainable Social Stability

CHANG Guixiang, WEI Qing ........................................................................... 130

The Mechanism of Enhancing Cultural Persuasiveness - Perspective based on the psychology of advertising

WANG Jing ........................................................................................ 135

Analysis on the Soft Power Resources and the Development Path of the Communist Party of China

HAN Hui ............................................................................................. 141

Study on the Construction of Cultural Soft Power of the Rule of Law in China Based on the Traditional Legal Thought

SONG Shiyong .................................................................................... 146

EU External Governance from the Perspective of Soft Power and Its Implications for China

ZHANG Hui, MA Deying ........................................................................ 152

Evaluation on the Vulnerability of Beijing-Tianjin-Hebei Metropolitan Circle’s Social System

FENG Zhenhuan, LU Zheng, ZHANG Huafeng ...................................................... 156

Analysis on the Development of American Soft Power from the Perspective of Washington Consensus

TIAN Ge, LI Xia .................................................................................. 161

Analysis on the Relationship between Core Value System of Socialism and Cultural Soft Power

HU Jian, WANG Yupeng ........................................................................... 166

The Relation between Ideological and Political Education and National Culture Power
HE Huining, LIAO Lan .................................................................................................................. 171
The Research on the Lack of College Instructors’ “Humane Care” in the Ideological and Political Work and Its Countermeasures
ZHANG Qi, GUO Ying, LI Sujie ..................................................................................................... 175
On the Cultivation of “Soft Power” among University Students with Reference of Creative Thinking in the Teaching of Chinese History
FAN Cuihong.................................................................................................................................. 178
Constructing the Spiritual Power System of Supporting the Sustainable Development
GUO Kai .......................................................................................................................................... 183
Soft Power Values of Higher Education Institutions’ Ideological and Political Education and the Realization Approach
JIANG Fan ...................................................................................................................................... 189
The Impact of Embedded Methodologies on E-Voting Technology
MA Jinzhu, HAN Xue ............................................................................................................... 194

Chapter Four: Urbanization and Soft Power Construction
Study on the Countermeasures of Enhancing the Soft Power in Suqian City
XU Zhongrong, TONG Yinzi ......................................................................................................... 199
The Researches on the Function of Intelligent Resource in the Construction of City Soft Power
XU Jingzhen, WANG Fuqiang ........................................................................................................ 203
Path Analysis on Boosting Resource-based Cities’ “Soft Power”: A Case Study of Pingxiang City
FU Zheng, ZHANG Qilin ................................................................................................................ 208
Reflection on the Generation and Development of Urban Cultural Soft Power
REN Zheng, FENG Yanli ............................................................................................................... 214
Senators Taking Advantage of The Soft Power of The Way to Promote The Urban Choice
JIN Jie ............................................................................................................................................. 220
Enhancing Soft Power of the Urban Culture in Baoding
GUO Hongsheng, BAI Lan, CHEN Ning ....................................................................................... 225
Optimization on Generalized Triangle Model of Regional Soft Power System
ZHONG Yongxin ............................................................................................................................ 229
Theoretical Framework and Discussion on the Construction Path of Regional Cultural Soft Power
ZHANG Yinglin, YANG Hongbing ................................................................................................. 235
The Comparative Analysis on the Soft Power of Provincial Capital Cities in Central Region
LI Qingquan, ZHENG Jifeng ......................................................................................................... 241
Research Progresses on Coping Strategies to Work Family Conflict in an Organization
CHEN Xuejun, YUAN Min ............................................................................................................. 247
A Study on Composition and Construction of Community Safety Soft Power
Chapter Five: Higher Education System Study

The Cultural Education Function of Editing in Perspective of National Cultural Soft Power

LI Jing, ZHANG Xuanli ..................................................................................................................310

Research on Soft Power Construction of Ideological and Political Theory Course in University

ZHOU Libin ........................................................................................................................................315

On the Value of Ideological and Political Education in Enhancing National Soft Power

WANG Jingmei, HONG Xiaonan ........................................................................................................321
