3rd International Conference on Buildings, Construction and Environmental Engineering (BCEE3-2017)

MATEC Web of Conferences Volume 162 (2018)

Sharm el-Shiekh, Egypt
23-25 October 2017

Part 1 of 2

Editors:

T. S. Al-Attar M. A. Al-Neami
W. S. AbdulSahib

# TABLE OF CONTENTS

## PART 1

**EFFECT OF SOIL STABILIZED BY CEMENT ON DYNAMIC RESPONSE OF MACHINE FOUNDATIONS**

Al-Wakel Saad, Abdulrasool Ahmed

**IMPROVING GEOTECHNICAL PROPERTIES OF CLAYEY SOIL USING POLYMERIC MATERIALS**

Karim Hussein, Al-Soudany Kawther

**INVESTIGATION OF SOIL-STEEL INTERFACE BEHAVIOR OF IRAQI SOIL BY DIRECT SHEAR**

Al-Emami Omar

**SIMULATION OF BEARING CAPACITY OF BORED PILES**

Majed Ahmed, Haider Olla

**GEOTECHNICAL CHARACTERISTICS OF SOME IRAQI GYPSOUS SOILS**

Schanz Tom, Karim Hussein H.

**STABILIZATION OF SOFT CLAYEY SOILS WITH SAWDUST ASHES**

Karim Hussein, Al-Recaby Makkii, Nsafih Maha

**PERFORMANCE OF SOFT CLAY STABILIZED WITH SAND COLUMNS TREATED BY SILICA FUME**

Sassan Zeka, Karim Hussein, Mohammed Mohammed

**EFFECT OF HYDRAULIC CONDUCTIVITY OF UNSATURATED SOIL ON THE EARTH DAM**

Fattah Mohammed, Ahmed Mahmoud, Ali Nawar

**IMPROVEMENT OF CLAYEY SOIL CHARACTERISTICS BY USING ACTIVATED CARBON**

Al-Soudany Kawther, Al-Gharbawi Ahmed, Al-Neami Marwa

**DECREASE IN FAILURE LOAD OF INCLINED DRIVEN PILES BY USING ALLPILE PROGRAM**

Al-Gharbawi Ahmed

**STUDYING THE COMBINED SALTS EFFECT ON THE ENGINEERING PROPERTIES OF CLAYEY SOIL**

Ali-Obaidi Anwar, Ihsan Alaa, Aliawi Hamed

**INFLUENCE OF CYCLIC LOADING ON PERFORMANCE OF STEEL PILES IN SANDY SOIL**

Al-Neami Mohammed, Wasmi Mariam

**STABILITY ANALYSIS OF ROADWAY EMBANKMENTS SUPPORTED BY STONE COLUMNS WITH THE PRESENCE OF WATER TABLE UNDER SHORT-TERM AND LONG-TERM CONDITIONS**

Kadhim Shamsa Tareq, Fouad Izad Bashar

**PREDICTION OF SOIL WATER CHARACTERISTIC CURVE USING ARTIFICIAL NEURAL NETWORK: A NEW APPROACH**

Zainal Abdul-Kareem Esmat, Fadhil Shaimaa Hasan

**COMPRESSIBILITY OF SOFT IRAQI SOIL STABILIZED WITH TRADITIONAL IRAQI STABILIZERS (CEMENT AND LIME)**

Al-Neami Mohammed, Aliadi Aqeed, Shareef Ali

**EFFECT OF FOUNDATION EMBEDMENT ON THE RESPONSE OF A MULTI-STORY BUILDING TO EARTHQUAKE EXCITATION**

Hamood Mohammed, Abid Sajjad

**REMEDIAL MEASURES OF CLAYEY SOIL USING SILICA FUME**

Al-Soudany Kawther

**FAVORABLE OF GROUTED MICROPILES FOR THE LOAD TRANSFER IN WEAK SANDY SOILS**

Al-Obaidi Ahmed, Al-Karawi Anas

**EFFECT OF STABILIZERS ON THE SHEAR STRENGTH OF RESIDUAL SOIL**

Snezzi Lamysa Najah, Ateymimi Yahya, Ahmad Fauziah Binti

**GEOTECHNICAL PROPERTIES OF REINFORCED CLAYEY SOIL USING NYLONS CARRY’S BAGS BY PRODUCTS**

Salim Nahla, Al-Soudany Kawther, Juajivii Nora

**DYNAMIC RESPONSE OF MACHINE FOUNDATION RESTING ON SAND-GRANULATED TYRE RUBBER MIXTURES**

Abbas Jawdat

**BEHAVIOR OF A STRIP FOOTING ON REINFORCED SOIL SUBJECTED TO INCLINED LOAD**

Abbas Jawdat

**THREE-DIMENSIONAL ANALYSIS FOR PILED RAFT MACHINE FOUNDATION EMBEDDED IN SAND**

Mahmood Mahmood, Al-Wakel Saad, Abdulrahab Ilab

**ASSESSMENT OF NATURAL AND TECHNOGENIC CONDITIONS OF THE AREA OF THE WATER-SUPPLY SYSTEM UPGRADE IN DUDINKA (KRASNOYARSK REGION, RUSSIA)**

Bryukhan Fedor

**ULTIMATE CAPACITY OF PILES PENETRATING IN WEAK SOIL LAYERS**

Al-Obaidi Ahmed, Mahmood Pinar

**IMPROVEMENT RATIO AND BEHAVIOR OF BEARING CAPACITY FACTORS FOR STRIP SKIRT FOOTING MODEL RESTING ON SAND OF DIFFERENT GRAIN SIZE DISTRIBUTION**

Mahmood Mahmood Rashid
IMPROVEMENT OF ENGINEERING SOIL PROPERTIES USING NON-TRADITIONAL ADDITIVES.........................................................196
Walheed Mohammed, Aamud Noor

VOLUME CHANGE BEHAVIOR OF BENTONITE-SAND MIXTURE UNDER CONSTANT SUCTION CONDITION.................................................................................................................................201
Al-Badrin Yasin, Shahnaz Tom

FIELD OBSERVATIONS AND FINITE ELEMENT 3-D ANALYSIS OF SOIL DISPLACEMENTS CLOSE TO UNSUPPORTED EXCAVATION .................................................................................................................................214
Aljorany Ali Nasir, Al-Qaisi Mohammed Sadiq

SOME TRAFFIC CHARACTERISTICS OF RURAL ROADS IN IRAQ........................................................................................................220
Al-Jameel Hamid Athab, Kadhum Ali Jihad

TOWARD CONVERTING SOME INDIVIDUAL PARKS INTO SMART PARKS IN KERBELA CITY .......................................................225
Al-Jameel Hamid Athab

IMPROVEMENT OF TRAFFIC PERFORMANCE AT INTERSECTIONS IN KARBALA CITY ...............................................................233
Sofia Gandhi, Al-Haddad Abdullah, Al-Haydari Israa Saeed

ASSESSMENT OF AL-AMARAH STREET WITHIN THE AL-KUT CITY USING PAVEMENT CONDITION INDEX (PCI) AND GIS TECHNIQUE ..........................................................243
Al-Neami Mohammed, Al-Rabae Rashid, Kareem Zainab

EFFECT OF CURING AGE ON THE SELF-SENSING BEHAVIOR OF CARBON-BASED ENGINEERED CEMENTITIOUS COMPOSITES (ECC) UNDER MONOTONIC FLEXURAL LOADING SCENARIO .................................................................251
Al-Dahawi Ali Majeed

SIMULATION OF TRAFFIC FLOW IN UNSIGNALIZATION INTERSECTION USING COMPUTER SOFTWARE SIDRA IN BAGHDAD CITY ......................................................................................................................259
Mohammed Ali, Jony Hassan, Shaker Alaa, Amna Alaa, Abohamed Muradin Bin

DRAINAGE INVESTIGATION OF SURFACE RUNOFF FOR HIGHWAY PAVEMENT .............................................................................267
Al-Adili Ageel, Abdulmotar Rashid, Abbas Hanra

EVALUATION PERFORMANCE OF BASE COURSE MIXTURE CONTAINING RECLAIMED ASPHALT PAVEMENT (RAP) .................................................................................................................................275
Al Helo Karim, Qasim Zaynab, Majeed Ahmed

DEMAND ESTIMATION OF BUS AS A PUBLIC TRANSPORT BASED ON GRAVITY MODEL ........................................................................282
Aamud Noor, Walheed Mohammed

ASSESSMENT AT AL-AMEER SIGNALIZED INTERSECTION IN SAMAWA CITY .....................................................................................287
Joni Hasan, Hikmat Matiza

APPLICATION OF MECHANISTIC EMPIRICAL APPROACH TO PREDICT RUTTING OF SUPERPAVE MIXTURES IN IRAQ .................................................................................................................................293
Qasim Zaynab, Hamdou Hamed, Alkawasaa Namr

IMPACT OF THE SUPERPAVE HOT MIX ASPHALT PROPERTIES ON ITS PERMANENT DEFORMATION BEHAVIOR ..........................................................300
Qasim Zahra, Abed Aisa, Qasim Zaynab

CHEMICAL RECYCLING OF POLYETHYLENE TEREPTHALATE (WASTE WATER BOTTLES) FOR IMPROVING THE PROPERTIES OF ASPHALT MIXTURE ......................................................310
Alzuhairi Mohammed, Al-Ghaban Ahmed, Almatalabi Shams

PERFORMANCE OF RAILWAY TRACK SYSTEM UNDER HARMONIC LOADING BY FINITE ELEMENT METHOD .................................................................................................................................317
Shaker Ammar, Hamood Mohammed, Jawad Walaa

DEVELOPING OPTIMIZED PRIORITIZING ROAD MAINTENANCE ..............................................................................................325
Elwadh Husein Ali, Alhumahna Baid, Alaaed Saja

EVALUATION OF USING CRUSHED BRICK AS COARSE AGGREGATE IN CONCRETE LAYER WITHIN RIGID HIGHWAY PAVEMENT ........................................................................................................332
Alwash Ali, Al-Khafaji Fatimah

EFFECTS OF WASTE PVC ADDITION ON THE PROPERTIES OF (40-50) GRADE ASPHALT ........................................................................336
Salman Nawal, Juleed Zeena

BEHAVIOR OF HIGH PERFORMANCE ARTIFICIAL LIGHTWEIGHT AGGREGATE CONCRETE REINFORCED WITH HYBRID FIBERS ........................................................................................................340
Khalil Wasan, Ahmed Hisham, Husein Zainab

ACIDIC SOLUTION EFFECTS ON NO-FINES CONCRETE PRODUCED BY USING RECYCLED CONCRETE AS COARSE AGGREGATE ........................................................................................................348
Gorzie Iksal, Abd Wahid Faleh, Al-Misbahadi Shaker

FRESH AND SOME MECHANICAL PROPERTIES OF SIFCON CONTAINING SILICA FUME ........................................................................356
Salih Shaker, Frazyeh Qais, Ali Manolia

SHRINKAGE OF HIGH PERFORMANCE LIGHTWEIGHT CONCRETE EXPOSED TO HOT-DRY WEATHER CONDITIONS .................................................................................................................................363
Ahmed Hisham, Khalil Wasan, Jumanu Nada H.

THE EFFECT OF USING SYNTHETIC FIBERS ON SOME PROPERTIES OF MODIFIED JUS ................................................................371
Fawzi Nada Mahdi, Zhugei Luma Abdul Ghanim, Hamad Hinaa Husein

UTILIZATION OF BRICK WASTE AS POZZOLANIC MATERIAL IN CONCRETE MIX ........................................................................378
Salam Raneh, Alwared Abder, Alahmedi Habbousa Suhaa

XRD ANALYSIS FOR HYDRATION PRODUCTS OF DIFFERENT LIME-POZZOLAN SYSTEMS .........................................................................386
Kadhum Nuhida, Al-Azawi Zeyad, Al-Attar Tareeq
### COST OPTIMIZATION FOR PUBLIC SCHOOL BUILDING PROJECTS DURING DESIGN STAGE USING VALUE ENGINEERING

Hassan Aref, Yahya Majid

SENTINEL-2 IMAGERIES WITH METEOROLOGICAL DATA UTILIZE REMOTE SENSING AND GIS FOR WHEAT CROP PROVE PRODUCTION .......................................................... 724
Mohamed Saba, Ziboon Abdul-Razzak, Husein Khalid
THE SPATIAL DISTRIBUTION OF REMOTE SENSING STATIONS TO MONITOR WATER QUALITY (TIGRIS RIVER) WITHIN THE ADMINISTRATIVE LIMITS OF THE CAPITAL BAGHDAD, BY USING GEOMATIC TECHNOLOGIES .................................................................................................................. 731
Mohammed Sulaim, Ziboon Abdul-Razzak
CHANGE DETECTION AND BUILDING SPATIAL GEODATABASE FOR IRAQI MARSHES .......................................................................................... 736
Jassim Oday, Mamed Noor, Abdulghar Hussein Tamer
ASSESSING THE PERFORMANCE OF COMMERCIAL AGISOFT PHOTOSCAN SOFTWARE TO DELIVER RELIABLE DATA FOR ACCURATE 3D MODELLING .......... 740
Jubar Ahmed, Ahed Fuman, Mohammed Mamoun
BUILDING ARCHAEOLOGY GEODATABASE IN IRAQ USING GIS .......................................................................................... 751
Jassem Abbas, Ali Sharara Hisham, Hameed Israa, Mohammed Hussein
PROPOSAL OF BUILDING A STANDARD GEODATABASE FOR URBAN LAND USE .......................................................................................... 766
Hasein Haifaa, Jassem Oday, Mamed Noor, Mohammed Saeed
ACCURACY ASSESSMENT OF CADASTRAL MAPS USING HIGH RESOLUTION AERIAL PHOTOS ........................................................................ 761
Ahvan Inzahim, Hamed Noor, Hasein Haifaa
UTILIZATION OF THERMAL BANDS OF LANDSAT 8 DATA AND GEOGRAPHIC INFORMATION SYSTEM FOR ANALYSIS OF URBAN HEAT ISLAND IN BAGHDAD GOVERNORATE 2016 ........................................................................................................................................ 771
Khalaf Alaa
3D DIGITAL MODELING FOR ARCHAEOLOGY USING CLOSE RANGE PHOTOGRAMMETRY ............................................................................. 775
Fanos Ali, Tahir Rusul, Mohammed Saeed, Mahmoud May
TRANSAC ANALYSIS AND GIS TECHNIQUES TO EVALUATE TRANSPORTATION NETWORK IN NASIRIYAH CITY ........................................................................................................ 806
Beg Ayad
EVALUATING AND MONITORING OF CHANGES IN THE ENVIRONMENTAL ELEMENTS BY USING REMOTE SENSING TECHNIQUES IN IRAQ ........................................................................................................ 815
Al-Tameemi Husein
SERVICEABILITY LIMIT STATE OF TWO-WAY REINFORCED CONCRETE SLAB STRENGTHENED WITH DIFFERENT TECHNIQUES .................................................................................................................. 821
Sayhood Eyad, Ali Ammar, Sharvan Zahraa
COMPARISON OF ULTIMATE STRENGTH RESULTS FROM ACI AND EUROCODE 4 FOR STEEL TUBULAR COLUMNS FILLED WITH SCC .................................................................................................................. 829
Al-Goody Asraa, Güneyisi Esra Mete, Iftek Sileman
INFLUENCE OF FLANGE ON THE SHEAR CAPACITY OF REINFORCED CONCRETE BEAMS ........................................................................................................ 835
Sarsam Kais, Khalel Raid, Mohammed Nisreen
EXPERIMENTAL COMPARATIVE STUDY OF REACTIVE POWDER CONCRETE: MECHANICAL PROPERTIES AND THE EFFECTIVE FACTORS ........................................................................................................ 840
Kadhim Eyad, Ali Ammar, Toheiba Sameh
INFLUENCE OF TIES ON THE BEHAVIOR OF SHORT REINFORCED CONCRETE COLUMNS STRENGTHENED BY EXTERNAL CFRP ........................................................................................................................................ 848
Sarsam Kais, Khalel Raid, Hadi Mohammed
ANALYTICAL PREDICTIONS OF MOMENT CURVATURE RELATIONSHIP OF STEEL BEAM COLUMNS UNDER FIRE ATTACK .................................................................................................................. 859
Ai-Thairi Haitham
FEM PERFORMANCE OF CONCRETE BEAMS REINFORCED BY CARBON FIBER BARS .......................................................................................... 867
Hasan Hashim
TENSILE STRENGTH OF 3D TEXTILES REINFORCED CEMENTITIOUS COMPOSITES PLATES .......................................................................................... 876
Gergis Bahl, Abbas Welooed, Moneen Nadaa
TORSIONAL STRENGTH EVALUATION OF REINFORCED SCC BOX BEAMS STRENGTHENED INTERNALLY BY OPENED AND CLOSED TRANSVERSE CONCRETE DIAPHRAGMS .................................................................................................................. 885
Aziz Ali, Hashim Oday
EFFECT OF REPLACING THE MAIN REINFORCEMENT BY STEEL FIBERS ON FLEXURAL BEHAVIOR OF ONE-WAY CONCRETE SLABS .......................................................................................... 894
Jumaa Muyasser, Khazaal Ammar, Ahmed Sinan
SHEAR STRENGTH ENHANCEMENT OF LIGHTWEIGHT AGGREGATE REINFORCED CONCRETE DEEP BEAMS BY USING CFRP STRIPS ........................................................................................................ 903
Mohammad Ablam, Sarsam Kais, Al-Bayati Nabeel
THE EFFECTIVENESS OF CFRP STRENGTHENING OF STEEL PLATE GIRDER WITH WEB OPENING SUBJECTED TO SHEAR .............................................................. 911

Hamoud Mohammed, Abdulsamad Wael, Abdullha Ali

BEHAVIOR OF SELF-COMPACTING REINFORCED CONCRETE DEEP BEAMS WITH SMALL SHEAR SPAN TO DEPTH RATIO .............................................................. 919

Hamoud Mohammed, Abdulsamad Wael, Abdullha Ali

INVESTIGATION ON THE PERFORMANCE OF BRIDGE APPROACH SLAB ......................................................................................... 927

Abdulkarim Amer, Tawfik Mohammed, El-Saify A.

STRENGTHENING OF SELF-COMPACTING REINFORCED CONCRETE DEEP BEAMS CONTAINING CIRCULAR OPENINGS WITH CFRP ................................................................. 936

Al-Bayati Nabeel, Muhammad Bassman, Fuad Muraoj

RETROFITTING OF SHEAR STRENGTH SELF-COMPACTING REINFORCED CONCRETE DEEP BEAMS WITH FRP ............................................................................................... 946

Al-Bayati Nabeel, Muhammad Bassman, Sadikhan Sarah

THE ROLE OF COVER AND REBAR CHARACTERISTICS ON LOAD-SLIP BEHAVIOR OF REINFORCED CONCRETE MEMBERS IN COMPRESSION ..................................................... 954

Rasheed Latif, Salih Shakir, Hanash Zahrar

BEHAVIOUR OF NORMAL REINFORCED CONCRETE COLUMNS EXPOSED TO DIFFERENT SOILS .............................................................. 960

Rasheed Latif, Salih Shakir, Hanash Zahrar

EVALUATION OF P-DELTA EFFECT IN STRUCTURAL SEISMIC RESPONSE ......................................................................................... 969

Sardar Sardarzai, Hana Ako

THE USE OF MODAL PARAMETERS IN STRUCTURAL HEALTH MONITORING .............................................................................................. 979

Al-Ghalib Ali, Mohammed Fouad

BEHAVIOUR OF HYBRID CONCRETE COLUMNS UNDER AXIAL COMPRESSION LOADS ........................................................................... 986

Rasheed Ali

BEHAVIOR OF REINFORCED CONCRETE SLENDER RECTANGULAR COLUMNS UNDER UNIAXIAL LOADING .............................................................. 992

Muhammad Bassman

REINFORCEMENT BARS TYING TYPES IN REINFORCED CONCRETE .............................................................................................. 997

Hamid Marwan, Joudah Ali, Mohammed Alyaas

HARMONIC DYNAMIC LOADING RESPONSE OF REINFORCED CONCRETE COLUMN .............................................................................................. 1003

Sahib Sahb

RESISTING PUNCHING SHEAR STRESS IN REINFORCED CONCRETE SLABS .............................................................................................. 1009

Ahmed Elhuda, Eltalya Boshra, El-Zohra Fatma, Tawel Magdy

EVALUATION OF SOIL-STRUCTURE INTERACTION FOR STRUCTURES SUBJECTED TO EARTHQUAKE LOADING WITH DIFFERENT TYPES OF FOUNDATION .............................................................................................. 1020

Elwi El-Hamed, Muhammad Bassman, Al-Hassan Nada

EXPERIMENTAL AND NUMERICAL STUDY FOR THE POST BUCKLING BEHAVIOUR OF PLATE GIRDER SUBJECTED TO BENDING AND SHEAR .............................................................................................. 1023

Shawkly Wael, Nabil Ghaidaa

EVALUATION WATER QUALITY OF DIYALA RIVER IN IRAQ USING BHARGAVA METHOD .............................................................................................. 1029

Ahmed Elhuda, Eltalya Boshra, El-Zohra Fatma, Tawel Magdy

HYDROCHEMICAL PROPERTIES OF GROUNDWATER OF RAHALIYA-EKHEDHUR REGION, WEST RAZZAZA LAKE, IRAQ .............................................................................................. 1036

Hussein Ayat, Al-Anbari Riyad, Hassan Maan

TOLUENE CONCENTRATIONS REDUCTION BY USING PHOTOCATALYTIC COATING METHODS FOR CEMENTITIOUS MATERIALS .............................................................................................. 1042

Hussein Ayat, Al-Anbari Riyad, Hassan Maan

REMOVING CHROMIUM AND LEAD METALS USING PHYTOREMEDIATION TECHNIQUE .............................................................................................. 1049

Al-Anbari Riyad, Al-Othmany, Abdul-Hameed, Al-Khdajji Mahmoud, Al-Imari Tiba

ASSESSMENT STUDY OF WATER QUALITY INDEX (WQI) FOR SHATT AL-ARAB RIVER AND ITS BRANCHES, IRAQ  .............................................................................................. 1053

Hussein Ayat, Al-Anbari Riyad, Hassan Maan

SYNTHESIS AND PHOTOCATALYTIC ACTIVITY FOR TiO2 NANOPARTICLES AS AIR PURIFICATION .............................................................................................. 1060

Haider Adawiyah, Al-Anbari Riyad, Kadhim Ghadah, Jameel Zainab

EXPERIMENTAL INVESTIGATION AND THERMODYNAMIC STUDY OF HEAVY METAL REMOVAL FROM INDUSTRIAL WASTEWATER USING POMEGRANATE PEEL .............................................................................................. 1066

Mohamed Thamer, Ibrahim Rahed, Najia Ali

STUDY OF THE PROPERTIES OF DRINKING WATER FOR KIRKUK CITY AND ITS POLLUTION IN SOME AREAS .............................................................................................. 1070

Zainalabdeen Imran Hussein

BIODEGRADATION OF PHENOLIC COMPONENTS IN WASTEWATER BY MICRO ALGAE: A REVIEW .............................................................................................. 1076

Al-Daheen Muthana, Al-An-Fariz, Al-Saneed Aref

TURBIDITY AND OIL REMOVAL FROM OILFIELD PRODUCED WATER, MIDDLE OIL COMPANY BY ELECTROCOAGULATION TECHNIQUE .............................................................................................. 1084

Mohamed Thamer, Abbas Ezzat, Ahmed Thabit

SYNTHESIS OF ANTIBACTERIAL ADDITIVE FOR METAL WORKING FLUIDS APPLICATION .............................................................................................. 1091

Hamed Ezzat, Soheir Nagy, Elhazly Shawkly, Fahmy Tarek, Aboulazm Yasser
DETERMINATION OF GREENHOUSE GASSES IN AL-NAHRAWAN SUBURBAN BY GEOMATICS TECHNIQUE.......................................................................................................................................................................................... 1094
Ziboon Abdul-Razzak, Resheq Ali, Hamza Abbas, Abass Mays

PRODUCTION OF FUEL GASES FROM REED BY USING DOWNDRAFT GASIFIER .......................................................... 1103
Al-Obaidy Abdul-Hameed, Al-Anbari Riyad, Kazim Hussein

EVALUATION OF COMBINED SEWAGE TRUNK SYSTEM (EAST BANK TRUNK) IN AL-RUSAFA AREA, BAGHDAD CITY, IRAQ ........................................................................................................................................................................ 1108
Al-Ani Faris Hammodi, Al-Bayati Saa sa A. F., Jasim Ali N.

ASSESSMENT OF AIR QUALITY FOR KERBALA CITY USING FIELD SURVEY .......................................................... 1114
Al-Anbari Riyad, Mohammed Zainab, Ismail Muayad, Resheq Ali

ASSESSMENT OF POLLUTION IN WATER QUALITY OF OIL AND GREASE FOR TIGRIS RIVER-IRAQ BY GIS MAPPING (2010-2016) .................................................................................. 1119
Mawlood Ibtihal, Ziboon Abdul-Razzak, Al-Obaidy Abdul-Hammed

SUITABILITY OF THE IRAQI NATURAL CLAY FOR THE PREPARATION OF AL-FE PILLARED-CLAYS ........................................................................................................... 1125
Al-Ani Faris, Al-Kindi Ghayda

REMOVAL OF IRON AND MANGANESE FROM GROUNDWATER: A STUDY OF USING POTASSIUM PERMANGANATE AND SEDIMENTATION ........................................................................................................... 1137
Elsheikh Mohamed, Guirguis H., Fathy A.

PHYTOREMEDIATION OF SOIL POLLUTED WITH IRAQI CRUDE OIL USING GRASS PLANT ........................................................................................................... 1144
Al-Obaidy Abdul Hameed, Al-Anbari Riyadh, Hassan Sarah

EVALUATION OF RAW WATER QUALITY IN WASSEIT GOVERNORATE BY CANADIAN WATER QUALITY INDEX ........................................................................................................................................................................... 1150
Mahmood Abdulkhaleq

REMOVAL OF CADMIUM Cd(II) AND SILVER Ag(I) FROM AQUEOUS SOLUTIONS BY NANO ACTIVATED ALUMINA. PART I: BATCH ADSORPTION EXPERIMENTS ........................................................................................................................................................................... 1158
Wadie Alaa, Al-Khawaja Enas

POLLUTION ASSESSMENT OF EUPHRATES RIVER IN THREE GOVERNANCES OF IRAQ ........................................................................................................... 1166
Al-Fatlawi Alaa, Al-Jassani Mohammed, Al-Rifai Jawad

URBAN AIR QUALITY EVALUATION OVER KUT CITY USING FIELD SURVEY AND GEOMATIC TECHNIQUES ........................................................................................................................................................................... 1180
Mohamed Mousa, Almarshadi Mohammed

ENERGY SAVING IN AIR CONDITIONING OF BUILDINGS ........................................................................................................................................................................... 1187
Mohammed Younis, Salman Aws

EFFECT OF URBAN GEOMETRY AND GREEN AREA ON THE FORMATION OF THE URBAN HEAT ISLAND IN BAGHDAD CITY ........................................................................................................................................................................... 1192
Mohammed Touné, Salman Aws

INVESTIGATION OF THERMAL BEHAVIOUR FOR VARIOUS EXTERIOR WALLS MATERIALS AND THEIR IMPACT ON RATIONALIZATION OF ENERGY CONSUMPTION OF KIRKUK CITY, IRAQ ........................................................................................................................................................................... 1201
Aitharaweel Nasir

COLORED ASPHALT AND STREET PRINT ARE DECORATING PAVING IN PUBLIC SPACES ........................................................................................................................................................................... 1211
Kawther Khawla

IRAQI ARCHITECTURE IN MOGUL PERIOD ........................................................................................................................................................................... 1223
Hasan Shatha, Rasheed Yasameen

GREEN TECHNOLOGIES IN SUSTAINABLE URBAN PLANNING ........................................................................................................................................................................... 1232
Laffita Saad, Al-Rawi Areaj
