3rd Annual Applied Sciences and Engineering Conference (AASEC 2018)

MATEC Web of Conferences Volume 197 (2018)

Bandung, Indonesia
18 April 2018

Editors:

Ade Gafar Abdullah       Asep Bayu Dani Nandiyanto

ISBN: 978-1-5108-7084-0
# TABLE OF CONTENTS

SOLVING THE HEART CURVE WITH GEOGEBRA ........................................................................................................... 1
Nuraida Ida, Sugilir Hamdan, Kariadinata Rahayu, Juariah Juariah, Sebarningsih Namung

REPRESENTATIONS OF CYCLICALLY ORDERED SEMIGROUPS ............................................................................. 5
Rosjanuardi Risqy, Yusnitha Isnie, Gozali Sumanang Muhtar

THE KUMJIAN-PASK ALGEBRAS OF FINITE FINITELY ALIGNED K-GRAPHS WITHOUT CYCLE AS MODULES ................................................................................................................................. 8
Gozali Sumanang, Rosjanuardi Risqy, Yusnitha Isnie

THE BEHAVIOUR OF MEASLES TRANSMISSION IN THREE DIFFERENT POPULATIONS ......................................... 11
Prawoto Budi Priyo, Maulana Dimas Avian, Astuti Yuliani Puij

THE BRAID GROUP: REDEFINING .......................................................................................................................... 15
Nurahan Mahyuddin K M

THE IMPLEMENTATION OF FISHER YATES SHUFFLE ON ALJABAR LEARNING MEDIA BASED ON HYBRID APPLICATION ................................................................................................................... 19
Maryono Iyon, Zulfikar Wildan Budiawan, Kariadinata Rahayu

TOTAL VERTEX IRREGULARITY STRENGTH OF COMB PRODUCT OF TWO CYCLES .................................................. 24
Ramdani Rismawati, Ramdhan Muhammad Ali

OPTIMIZATION TEMPERATURE IN THE ROOM USING AIR CONDITIONER WITH FINITE ELEMENT METHODS ................................................................................................................................. 32
Tulas Tules, Sudirman Sadirman, Sinulingga U., Marpaung T. J.

SIMULATION OF GRANULAR IN TWO DIMENSIONS: THE EFFECT OF PARTICLE VELOCITY ON RIGID WALL BOUNDARY ............................................................................................................. 37
Muliyaati Dewi, Firdaiz Bagaskara, Ambarwulan Diah, Fitriani Ella, Siswoyo Siswoyo, Bakri Fauzi, Permana Handijoko

LOW COST DIGITALIZATION OF OBSERVATION TELESCOPE BY UTILIZING SMARTPHONE ........................................ 41
Sudirman Ahmad, Daudwiedi, Nuryadin Bebeh Wahid, Agustina Renal Denyo

PRELIMINARY STUDY OF SIMPLE METHODS TO GET THE AVERAGE SPEED USING A SMARTPHONE’S LIGHT SENSOR .......................................................................................................................... 45
Mehan Eo Cahya Septia, Susanti Seni, Nuryadin Bebeh Wahid, Nuryantini Ade Yeti

OZONE APPLICATION TO EXTEND SHELF LIFE OF VEGETABLES BY MICROBIAL GROWTH INHIBITION ............................................................................................................................... 48
Sasdat A. I., Sasmita E., Yulianto E., Arianto F., Restiawan M, Kiniandana A W, Nur M

DETERMINATION OF OZONE DISTRIBUTION IN FISH COLD STORAGE DEDICATED PLASMA OZONE TECHNOLOGY .................................................................................................................... 53
Zahir Intan, Yulianti Yuli, Yulianto Eko, Meliza Meliza, Susan Ade Iba, Sumariyah Sumariyah, Nur Muhammad

THE PIJ MATRIX AND FLUX CALCULATION OF ONE-DIMENSIONAL NEUTRON TRANSPORT IN THE SLAB GEOMETRY OF NUCLEAR FUEL CELL USING COLLISION PROBABILITY METHOD ...................................................................................... 57
Shafigi Mohammad Ali, Usman Jakarta, Tongkukistoni Seni H. J., Abdullah Ade Gafar

STRUCTURE AND MAGNETIC PROPERTIES OF CO-ZN SUBSTITUTED HEXAGONAL FERRITES ........................................ 61
Handoko Erfan, B.S. Anggoro, Sugihartono Iwan, Am Mangasi, Nurudin Dini Siti, Christina Sufziha, Jali Zulkarnain

EFFECTS OF SINTERING TEMPERATURE ON STRUCTURE, MAGNETIC AND DIELECTRIC PROPERTIES OF LA_{x}Sr_{1-x}Fe_{3}Mn_{x}Tl_{1-x}O_{y} MATERIAL .................................................................................................................. 65
Handoko Erfan, Sugihartono Iwan, Fahdiran Risner, Jali Zulkarnain, Saptari Siti Ahmatri, Mangasi A M

THE INFLUENCE OF CU DOPED ON STRUCTURE AND MECHANICAL PROPERTIES OF ALUMINIUM MATERIAL ........................................................................................................................... 70
Anggoro B S, Handoko Erfan, Soegijono Bambang

SYNTHESIS OF LA_{x}Sr_{1-x}Ca_{y}MnO_{3} (X = 0 AND 0.2) THROUGH ULTRASONIC MIXING AND ITS CHARACTERISATION .......................................................................................................................... 73
Mangasi A M, Sugihartono Iwan, Teguh B P, Saptari Siti Ahmatri, Handoko Erfan

OPTIMAL TUBE DIAMETER ON HEAT EXCHANGER SHELL AND TUBE TYPE WITH 15 MEGA WATT THERMAL POWER USING FLUENT 6.3 .......................................................................................... 76
Nurhasanah Siti, Subekti Muhammad, Sabahi Moch. Nurul, Nuryadin Bebeh Wahid

PRELIMINARY STUDY OF SOFTWARE TRACKER USAGE TO ANALYZE INHIBITORY STYLE ON FREE FALL MOVIE EVENTS .............................................................................................................. 82
Susanti Seni, Mahen Eo Cahya Septia, Nuryantini Ade Yeti

ANALYSIS OF PLASMA-ACTIVATED MEDIUM (PAM) IN AQUEOUS SOLUTION BY AN ATMOSPHERIC PRESSURE PLASMA JET (APJ) ........................................................................................................ 85
Kiniandana Andi Wibowo, Sumariyah Sumariyah, Nur Muhammad

EFFECT OF NANOSTRUCTURE Ni ON THE SORPTION PROPERTIES OF MECHANICAL MILLED MGH_{2} FOR SOLID HYDROGEN STORAGE MATERIALS ........................................................................ 92
Jali Zulkarnain, Rahwanto Adi, Handoko Erfan

EFFECT OF DIFFERENT PERMEABILITY ON ELECTROMAGNETIC PROPERTIES OF ABSORBING MATERIALS ................................................................................................................................. 95
Fahdiran Risner, Utami Yuliyantri Dwi, Handoko Erfan
STRUCTURAL CHANGE OF ALUMINUM THIN FILM IN THE TEMPERATURE RANGE FROM 300 K TO 1000 K ................................................................. 99
COMPARISON OF PRINCIPAL COMPONENT ANALYSIS ALGORITHM AND LOCAL BINARY PATTERN
FOR FEATURE EXTRACTION ON FACE RECOGNITION SYSTEM ................................................................. 102
SPADA: ONLINE LEARNING BETWEEN UNIVERSITIES OF PGRI INDONESIA ......................................................... 109
HYBRID APPROACH REDEFINITION (HAR) MODEL FOR OPTIMIZING HYBRID ENSEMBLES IN
HANDLING CLASS IMBALANCE: A REVIEW AND RESEARCH FRAMEWORK .............................................. 115
SPATIAL PATTERN ANALYSIS AND IDENTIFICATION TYPE OF OPEN GREEN SPACE IN
YOGYAKARTA CITY ................................................................. 122
PSEUDO-PRIME NUMBER SIMULATION AND ITS APPLICATION FOR SECURITY PURPOSE ............................................. 130
DISCRETIZATION METHOD TO OPTIMIZE LOGISTIC REGRESSION ON CLASSIFICATION
OF STUDENT'S COGNITIVE DOMAIN ......................................................... 134
CONGLAK, A TRADITIONAL GAME SOLUTION APPROACH WITH BREADTH FIRST SEARCH ........................................... 140
A COMBINATION OF VIGENERE ALGORITHM AND ONE TIME PAD ALGORITHM IN THE THREE-PASS PROTOCOL ..................................................... 144
INSILICO DOCKING STUDIES OF DAIDZEIN COMPOUNDS AS SELECTIVE ESTROGEN RECEPTOR
MODULATOR (SERMS) BREAST CANCER ................................. 148
DESIGN OF DECISION SUPPORT SYSTEM FOR SANTRI ADMISSION ........................................ 153
ENHANCED PIXEL VALUE DIFFERENCING WITH CRYPTOGRAPHY ALGORITHM ........................................... 158
PROTOTYPING AN EDUCATION GAME FOR CHILDREN: LEARNING INDONESIAN CULTURE ..................................................... 163
RECOMMENDATION SYSTEM FOR SELECTING UNIVERSITIES IN INDONESIA USING GOOGLE MAPS
API SERVICES ............................................................................. 167
DESIGN OF DECISION SUPPORT SYSTEM FOR FOOTBALL PLAYER/S POSITION WITH TSUKAMOTO FUZZY
INFERENCE SYSTEM ................................................................. 172
ENHANCED DECISION SUPPORT SYSTEM FOR TRAIN OPERATIONAL FEASIBILITY WITH TSUKAMOTO FUZZY
INFERENCE SYSTEM ................................................................. 178
DESIGN OF PERSONNEL INFORMATION SYSTEMS USING RAPID APPLICATION DEVELOPMENT
METHOD ......................................................................... 182
DESIGN OF PROTOTYPE DECISION SUPPORT SYSTEM FOR FLOOD DETECTION BASED ON
ULTRASONIC SENSOR ................................................................. 186
THE IMPLEMENTATION OF WEB SERVICE BASED TEXT PREPROCESSING TO MEASURE
INDONESIAN STUDENT THESIS SIMILARITY LEVEL ................................................................. 190
AUTOMATION ANIMAL TRACKER USING COMPLEX VALUE NEURAL NETWORK ................................................. 199
EFFECT OF CHARGE ON GRAPHENE VACANCY FOR HYDROGEN STORAGE APPLICATION ........................................... 203
EFFECT OF HEAT TREATMENT ON BIO-CORROSION RATE OF STEEL STRUCTURE (API 5L) IN
MARINE ENVIRONMENT ................................................................. 206
RECOMMENDATION SYSTEM FOR SELECTING UNIVERSITIES IN INDONESIA USING GOOGLE MAPS
API SERVICES ............................................................................. 211
LASER INDUCED ABLATION OF ALUMINUM NANOPARTICLE: A MOLECULAR DYNAMICS STUDY ............... 215
DEFORMATION PROFILE OF A PIECE OF JAPONICA COOKED RICE WITH SQUEEZING TEST .................................................218

Erlina Erlina, Komeda Yoshiyuki, Suzuki Hiroshi, Hudena Buri

ETHANOL OF AJWA .........................................................................................................................................................221

Rodilyana M. Dedde, Rohmatullah Saupudin, Gojali Daudog, Imam Erd Ecep, Apipah Risma Nur

SYNTHESIS OF ZEOLITE L USING RICE HUSK AS SILICA FOR ADSORPTION OF METHYLENE BLUE: KINETIC AND ADSORPTION ISOThERM .........................................................224

THE INCREASED USE VALUE OF BAMBOO LEAVES AS SILICA SOURCE FOR T-TYPE ZEOLITE SYNTHESIS ...............................................................................................................................................229

Setiadji Soni, Sundari Citra Deliana Dewi, Lala Endang, Nurbaeti Denia Feby, Novianti Ira, Suhandar Dedde, Darmalaksana Wahyudin, Ivansyah Arthur Laqman

CYCLIC VOLTMETRY IN ELECTROCHEMICAL OXIDATION OF AMOXICILLIN WITH CO(III) AS MEDIATOR IN ACIDIC MEDIUM USING PT, PT/CO AND PT/CO(OH)2 ELECTRODES ...........................................233

Herlines H., Sulfikar Muhammad, Ali, Buchari B.

SCREENING OF CELLULOSE- AND LIGNIN-DEGRADING FUNGI FOR IMPROVING NUTRITIVE QUALITY OF RUMINANT FEED ...................................................................................................................238

Fanzi Muhammad, Mubarak Nisa Rachmania, Jayanegara Anuraga

D AMINOLEVULINIC ACID DEHYDRATASE (ALAD) GENE POLYMORPHISM OF MARINE TASKFORCE PERSONNEL WHIT ROUTINE EXPOSURE OF LEAD SUSPENDED IN AIR .........................................................242

Puspitaningrum Rini, Adhyanto Chris, Sartono Nurmastari, Pulgunadi Pulgunadi, Solihin Solihin, Tamashiro Yashiro, Hattori Yukio

MICROSATELLITE ANALYSIS OF THE MATING SYSTEM OF BRUGUIERA GYMNOBIZA AND KANDELIA OBOVATA ........................................................................................................................................247

Basyuni Mohammad, Baha Shigeyuki, Oktu Hiroconke, Wati Ridha, Fitri Annisa

SEARCH FOR POLYSOPRENIDS IN THE FLOWERS AND FRUITS OF SELECTED COASTAL PLANTS USING TWO-DIMENSIONAL THIN LAYER CHROMATOGRAPHY ........................................................................253

Basyuni Mohammad, Wati Ridha, Prabuandita Astrid Nur, Kusuma I Komang Tri Wijaya, Hamiuddin Hamiuddin, Guntry Guntry, Sagami Hiroshi

THE POTENTIAL OF TROPICAL GRASS AS A FEED IN RUMINANT BY USING AN IN VITRO GAS PRODUCTION ..................................................................................................................................................257

Askin Neryani, Jayanegara Anuraga, Rida Muhammad, Samsudin Anjas Amsara

MORPHOLOGICAL CHARACTERISTIC OF BLACK-WINGED MYNA (ACRIDOTHERES MELANOPTERUS) .................................................................................................................................................260

Mayasari Anitra, Diah Irawati Dw, Suryawan Ady, Suryaningsih Bahma, Vernia Renaldli Edtn, Abinawanto Abinawanto, Suryanda Ade, Bowolaksana Anom

SEXUAL BEHAVIOUR OF LOWLAND ANOA (BUBALUS DEPRESSICORNIS) IN THE CAPTIVITY OF ANOA BREEDING CENTRE (ABC) MANADO ....................................................................................................................265

Mayasari Anitra, Arint Diah Irawati Dw, Suryawan Ady, Suryaningsih Rahma, Vernia Renaldli Edtn, Abinawanto Abinawanto, Suryanda Ade, Bowolaksana Anom

VAGINAL SWAB CYTOLOGY APPLICATION TO DETERMINE THE ESTRUS CYCLE OF LOWLAND ANOA (BUBALUS DEPRESSICORNIS, SMITH, 1927) IN CAPTIVITY ....................................................................................270

Mayasari Anitra, Christiana Margareta, Simamora Adven Tri Joy, Abinawanto Abinawanto, Suryanda Ade, Bowolaksana Anom

ANTHYPERGLYCEMIC AND DIABETIC WOUND HEALING ACTIVITY OF SMALLANTHUS SONCHIFOLIUS LEAVES EXTRACT ..................................................................................................................275

Herawati Rina, Sapturi Alip D. S., Wijayanto Tri, Widodo Gunawan P.

CORRELATION BETWEEN TOTAL LYMPHOCYTE COUNTS AND CD4 AMONG HUMAN IMMUNODEFICIENCY VIRUS (HIV) PATIENTS ..............................................................................................................................280

Darman M. S., Rusti N. W., Maseniy S

STATIN AND ANEMIA IN CHRONIC KIDNEY DISEASE (CKD): AN EXPERIMENTAL STUDY ........................................................................................................................................................................283

Cahyawati P. N., Aryustuti A A S A, Ariawan M B T, Arifan N, Ngatigidan Ngatigidan

ADVERSE EVENT OF ANTI-EPILEPTIC DRUGS: A CROSS SECTIONAL STUDY ................................................................................287

Permanananda P. A N K, Kristin E, Endharri D, Pinjone R T, Samaela I K

TUMOUR NECROSIS FACTOR-ALPHA LEVEL AMONG TRAVELLERS CONTRACTED WITH DENGUE VIRUS IN BALI .............................................................................................................................................291

Widhawati N. W., Mayenii S., Sukanawati H

A MODEL CONFIRMATORY OF ADHERENCE BEHAVIOR WITH STANDARD MEDICATION TREATMENT AMONG PATIENTS WITH ASTHMA IN MEDAN-INDONESIA .........................................................................294

Wahyuni Arinda Sari, Hamid RezaiaMIN Zain, Syafuddin Tamsil, Bachtiar Adig, Martina Sake Juli, Amelia Rina

ANTIDIABETIC ACTIVITY OF MUSA ACUMINATA COLA FRUIT PEEL (MACFP) ETHANOL EXTRACT IN GLUCOSE-INDUCED DIABETIC RATS ...............................................................................................300

Erlina Erina, Lukasri Visla Nita Happy, Tjiptasurusa Tjiptasurusa

EFFECTIVITY COMPARISON BETWEEN ASPINIR, PROPOLIS, AND BEE POLLEN AS AN ANTIPLELET BASED ON BLEEDING TIME TAKEN ON MICE .................................................................................................304

Martina Sake Juli, Luthfi Muhammad, Govindan Pradeepa, Wahyuni Arinda Sari

FRAME MODAL ANALYSIS FOR AN ELECTRIC THREE-WHEEL VEHICLE ............................................................................311

Arifurrahman Faizal, Indrawanto Indrawanto, Budiman Bentang Arief, Sambekeiro Poetoer Leboho, Santosa Sigit Pugi

EXPERIMENTAL INVESTIGATION ON THE PERFORMANCE OF RESIDENTIAL AIR CONDITIONING SYSTEM USING WATER CONDENSATE FOR SUBCOOLING .......................................................................................317

Sumeru Kastni, Prumudanado Tirti Sangutri, Setyanw Andriyanto
ANALYSIS OF FLAME STABILIZATION LIMIT IN A CYLINDRICAL OF STEP MICRO-COMBUSTOR WITH DIFFERENT MATERIAL THROUGH THE NUMERICAL SIMULATION ................................................................................................................................................................................................... 322
Saputro Herman, Pradana Muhammad Fahreza, Fahrina Afrillia, Maimun Teuku, Humaira Syarifah, Rosnelly Cut Meurah, Bahrina Intan, Sunarya Rahmat, Nur Rusdi, Sabir Asmeati, Suyati Muhammad Arsyad, Salam Abdul

NUMERICAL SIMULATION OF FLAME STABILIZATION IN MESO-SCALE VORTEX COMBUSTION ................................................................................................................................................................................................... 330
Saputro Herman, Juvantono Heri, Bagis Husin, Wijayanto Danar Sastia, Firtriana Laila, Ferdana Vaisianti Lokad, Purwanto Aris, Fahrdo Eka Dwi, Bima Marshall, Pratama Yudha, Muslim Rizaldi, Ferdani Tutuko

STUDY EXPERIMENTAL OF FLAME-SPREAD RATE AND SPREAD LIMIT DISTANCE OF BIO-SOLAR DROPLETS IN MICROGRAVITY COMBUSTION ................................................................................................................................................................................................... 335
Firtriana Laila, Gunesar Bawono Wigyo, Saputro Herman, Ferdani Tutuko, Muslim Rizaldi, Ismanandar Hengky Aries, Zainuddin Rifsi, Aji Rusnad Aditya Nugroho, Rahmadhi Revelation, Satrisno Vaisianti L P, Wijayanto Danar S, Bagis Husin

THE PERFORMANCE OF UP-DRAFT GASIFIER WITH VARIOUS OF AIR FLOW RATE IN GASIFICATION PALM STARCH WASTE ................................................................................................................................................................................................... 338
Saputro Herman, Muttaqin Imam, Supriyadi Supriyadi, Faadullah Yani, Firtriana Laila, Ferdani Tutuko, Muslim Rizaldi, Khraniifudin Khraniifudin, Lasmini Sri, Satrisno Vaisianti L P, Wijayanto Danar S, Munir Fudhial A

THE INFLUENCE OF THE NUMBER OF ROTOR BLADES ON THE PERFORMANCE OF ORTHOPTER WIND TURBINE ................................................................................................................................................................................................... 343
Firdaus Rachmat, Riwhata Tabahiro, Nugroho Keji, Kono Takaaki

DETERMINING THE ENERGY DEMAND TOWARDS SUSTAINABLE MACHINING OF AISI 316L STAINLESS STEEL ................................................................................................................................................................................................... 347
Nur Rasdi, Sabir Asmeati, Suyati Muhammad Arsyad, Salam Abdul

IMPROVING PEM FUEL CELL PERFORMANCE USING IN-LINE TRIANGULAR BAFFLES IN TRIPLE SERPENTINE FLOW FIELD ................................................................................................................................................................................................... 351
Fahrudin A' Rasy, Ichsan Dja'meso, Taufani Faaidilalat

EXPERIMENTAL STUDY EFFECT OF DIAMETER AND NUMBER OF SPRAY NOZZLE HOLES ON COUNTERFLOW COOLING TOWER TO IMPROVE COOLING EFFECTIVENESS ................................................................................................................................................................................................... 356
Fahrudin A' Rasy, Muslimin Muslimin, Sasilo Ginanjar Deni, Akbar Ali

TECHNICAL AND ECONOMICAL FEASIBILITY ANALYSIS OF PHOTOVOLTAIC POWER INSTALLATION ON A UNIVERSITY CAMPUS IN INDONESIA ................................................................................................................................................................................................... 360
Kristiawan Ruben Bayu, Widiaistanti Indah, Sahrono Saharno

INVESTIGATION ON THE IMPROVEMENT OF CAR AIR CONDITIONING SYSTEM PERFORMANCE USING AN EJECTOR ................................................................................................................................................................................................... 365
Soegoto Herman S, Abiasto Wanista Subadra

APPLICATION OF GREEN BUILDING CONCEPT IN THE BASEMENT AREA OF INDONESIA UNIVERSITY ................................................................................................................................................................................................... 369

CFD ANALYSIS OF NUMBER OF BLADES ON THE PERFORMANCE OF COUNTER ROTATING WIND TURBINE DESIGNED USING BLADE ELEMENT MOMENTUM THEORY UNDER TRANSIENT CONDITION ................................................................................................................................................................................................... 374
Fahrhadi Muhammad Agung

THE EFFECTS OF SURFACE TENSION ON THE SPREADING RATIO DURING THE IMPACT OF MULTIPLE DROPLETS ONTO A HOT SOLID SURFACE ................................................................................................................................................................................................... 379
Arizona Rafil, Wibowo Teguh, Indarto Indarto, Deendarlianto Deendarlianto

NUMERICAL STUDIES INFLUENCE CONFIGURATION FAIRING FLAP TRACK AIRFOIL TYPE NACA 4412 AND NACA 6412 CHARACTER UNMANNED AERIAL VEHICLE (UAV) ................................................................................................................................................................................................... 383
Pratama Handriko Rameison, Bramantya Muhammad Agung

ENERGY AND EXERGY ANALYSIS OF DRY-STEAM GEOTHERMAL POWER PLANT: CASE STUDY IN KAMOJANG GEOTHERMAL POWER PLANT UNIT 2 ................................................................................................................................................................................................... 387
Setyaowan Nova Dary, Pambudi Nugroho Agung, Utomo Frandhoni, Saputro Herman, Adiprana Reza, Saw Lip Huat, Gürtürk Mert, Rudiyantra Bayu

NUMERICAL STUDY OF EFFECT OF COOLING CHANNEL CONFIGURATION AND SIZE ON THE PRODUCT COOLING EFFECTIVENESS IN THE PLASTIC INJECTION MOLDING ................................................................................................................................................................................................... 392
Prasetyo Angger Bagus, Faanzn Faanzn

MEASUREMENT OF PRESSURE WAVE SPEED IN STAINLESS-STEEL PIPE GENERATED BY WATER HAMMER ................................................................................................................................................................................................... 396
Nurprasetyo Ignatius Pulung, Budiman Bentang Arief, Triawan Farid, Hafid Muhammad

THE MORPHOLOGY AND FILTRATION PERFORMANCES OF POLY(ETHER SULFONE) MEMBRANE FABRICATED FROM DIFFERENT POLYMER SOLUTION ................................................................................................................................................................................................... 400
Fahriana Afrillia, Maimun Teuku, Humaira Syarifah, Rossnelly Cut Meurah, Lubsir Mirna Rahmah, Bahruna Intan, Sunarya Rahmat, Ghafvan Ahmad, Arhaman Narud

THE CLASSIFICATION OF ARABICA GAYO WINE COFFEE USING UV-VISIBLE SPECTROSCOPY AND PCA-DA METHOD ................................................................................................................................................................................................... 404
Suhandy Diding, Yulia Meiniwiwa

IDENTIFICATION OF FRESH AND EXPIRED GROUND ROASTED ROBUSTA COFFEE USING UV-VISBLE SPECTROSCOPY AND CHEMOMETRICS ................................................................................................................................................................................................... 408
Yulia Meiniwiwa, Suhandy Diding

PRODUCTION OF CLEAN SYNTHETIC GAS FROM PALM SHELL IN A FIXED BED GASIFIER WITH RECYCLE SYSTEM OF PRODUCER GAS ................................................................................................................................................................................................... 413
Pratama Suwo Herwi, Khoir Muhammad Tasmiiul, Pradhanah Muhammad Faerheza

Prameswari Harisututi, Tazkiaturrizki, Ratnaningsih R
BIOETHANOL PRODUCTION FROM MIXED CULTURE MICROALGAE BIOMASS WITH TEMPERATURE HYDROLYSIS VARIATION ................................................................. 663

INCREASING LIPID CONTENT FROM BIOMASS OF MICROALGAE TO PRODUCE BIOFUELS WITH OPTIMIZATION OF NITROGEN SOURCE. .......................................................... 667

CHLORPYRIFOS REMOVAL BY THIOBACILLUS SP. AND CLOSTRIDIUM SP. IN LIQUID MEDIUM .......................................................... 670

POTENTIAL OF INDIGENOUS BACTERIA TO REMOVE CYANIDE WITH VARIATIONS OF CONTACT TIME AND TEMPERATURE .......................................................... 674

CORRELATION OF PHYSICS AND CHEMICAL FACTORS ON PHYTOPLANKTON DISTRIBUTION PATTERN IN NORTH SUNDER RESERVOIR, JAKARTA .................................................. 678

UTILIZATION OF SOLAR ENERGY FOR SEA WATER AND BRACKISH WATER DESALINATION USING VACUUM PRESSURE AND NUMBER OF TRAYS VARIATIONS .................................................. 683

REMOVING CYANIDE BY MIXED CULTURE AT LIQUID MEDIA WITH VARIATION IN PH AND CYANIDE CONCENTRATION ......................... 689

VALIDATION OF CO DISPERSION MODEL DUE TO THE ROAD POSITION ON THE DOMINANT WIND DIRECTION ON TRANSPORT SECTOR .......................................................... 692

STARCH PRODUCING IN MICROALGAE BIOMASS AS A RAW MATERIAL FOR BIOETHANOL .......................................................... 697

INCREASING CONTENT OF LIPID IN TROPICAL MICROALGAE CHLORELLA SOROKINIANA AND CLOSTERIUM SP. WITH VARIATION OF NITROGEN CONTENT AND EXTRACTION TEMPERATURE .......................................................... 701

ISOLATION AND SCREENING OF RESISTANT BACTERIA OF HEAVY METAL (FE) AT SHIP DISMANTLING ............................. 705

UTILISATION OF SUSTAINABLE GREEN ENERGY IN YOUNG GENERATION .......................................................... 710

SIMULATION OF EFFECTIVE VOLUME INCREASEMENT INSIDE OXIDATION DITCH REACTOR .......................................................... 713

SUSTAINABLE SMART FOREST MONITORING SYSTEM FOR BURNING FOREST AND DEFORESTATION DETECTION .......................................................... 716

ENVIRONMENTAL EDUCATION MODEL IN NON-FORMAL EDUCATION AT COASTAL COMMUNITY BASED ON RESILIENCE AND SOCIAL ECOLOGICAL SYSTEMS .......................................................... 720

EFFECT OF WORK POSTURE ON OPERATOR COMPLAINTS: CHOICE BETWEEN SITTING AND STANDING WORK .......................................................... 724

THREE-STAGE FLOW-SHOP SCHEDULING MODEL WITH BATCH PROCESSING MACHINE AND DISCRETE PROCESSING MACHINE .......................................................... 729

SUPPLY CHAIN MANAGEMENT OF COFFEE COMMODITIES .......................................................... 734

APPLICATION OF LEAN MANUFACTURING METHOD AND BLOCPLAN ALGORITHM FOR PRODUCTIVITY IMPROVEMENT OF A LAUNDRY SOAP BAR PRODUCTION .......................................................... 738

STORAGE DESIGN USING FAST MOVING, SLOW MOVING AND NON MOVING (FSN) ANALYSIS .......................................................... 746

DESIGN OF FACILITY LAYOUT WITH LEAN SERVICE AND MARKET BASKET ANALYSIS METHOD TO SIMPLIFICATION OF SERVICE PROCESS IN THE SUPERMARKET .......................................................... 751

QUALITY ENGINEERING OF CRUMB RUBBER BY MINIMIZING REWORK USING FUZZY FMEA .......................................................... 756

OPTIMIZATION OF SAVING PRODUCTION COST IN PLASTIC JUTE SACKS WITH DYNAMIC PROGRAMMING .......................................................... 760

ANALYSIS OF THE DECISION ON THE FRESH MILKFISH PURCHASE BY USING ANALYTIC HIERARCHY PROCESS METHOD (AHP) .......................................................... 764

ASSEMBLY LINE BALANCING IN AN ELECTRONICS COMPANY USING SIMULATION APPROACH .......................................................... 768

A SHORTEST ROUTE METAHEURISTIC METHOD FOR OIL PALM FRESH FRUIT BUNCH (FFB) TRANSPORTATION BASED ON GENETIC ALGORITHM: A CASE STUDY IN PTPN III INDONESIA .......................................................... 772
