# TABLE OF CONTENTS

**SESSION: INNOVATION AND TECHNOLOGY IN ARCHITECTURE AND BUILT ENVIRONMENT**

The Effect of Low Ventilation to Thermal Condition in Cathedral Church .......................................................... 1
Augi Sekatia, Erni Setyowati, Gagoek Hardiman, Bangun Harsritanto

Spontaneous Innovation in the Reuse of Ruins of Buildings in Post-Earthquake Buildings as Sustainable Building Construction Models .......................... 11
Kahar Sunoko, Amin Sumadyo, Hari Yuliarso

The Importance of Roof Thermal Insulation: Awareness Among Professionals and Terrace House Occupants ........................... 16
Mohd. Hamdan Ahmad, Farhana Mohd Razif, Mohd Hamdan Ahmad, Pau Chung Leng

Sustainable Roof and Facade Design Approach Based on Local Climate Character ........................................ 21
Eka Sediadi

The Role of Architecture in the Sustainable Development of the United Arab Emirates (UAE) .................................................. 26
Elkady Lama, Eka Sediadi

Role of Historic Architectural Elements in Approach to Green Architecture in Private Homes and High-Rise Buildings in the United Arab Emirates (UAE) and Egypt ........................................................................ 34
Ahmed G. Eleza, Eka Sediadi

The Use of Decay Model to Predict Service Life of Indonesian Historic Timber Buildings ........................................ 40
Herry Prabowo, Mochamad Hilmy

Participatory Design - Designing with Kids in Kampung Sewu - Surakarta ..................................................... 45
Maya Andria Nirawati, Ana Hardiana, Rizson Pamardhi Utomo

The Type of Wall Material in Simple Houses that Have Energy Efficient in Humid Tropics Area - Case Study in Surabaya .......................................................... 52
Vincentius Totok Noerwaniso, Rullan Nirwansyah

Bamboo Deployable Structural Systems: An Exploration Study in Responding to Rapid Alteration Challenges ............................................. 56
Anastasia Maurina, Budianastas Prasvatama

Evaluation of Reverberation Time in the Auditorium - Case of Assembly Hall of Engineering Faculty, Universitas Sebelas Maret ........................................... 65
Tri Yuni Iswati

Experimental Investigations of the Indoor Thermal Performance of Open Door System (Odoors) House Prototype in Tropical Climate ........................................ 74
Pau Chung Leng, Mohd Hamdan Ahmad, Syed Ahmad Iskandar, Syed Ariffin, Khairul Anwar, Irina Saftri Zen, Roshida Abdul Majid

The Improvements of Building Materials Innovation: A Review for the Future Architecture Concept ..................................................... 82
Ariani Mandala

Parametric Design in Phase of Schematic Design Case Study: Student Creativity on Form Studies .................................................. 88
Hendro Trieddantantor Putro, Luhar Saptro Pamungkas

The Theory of Complexity: A New Opportunity to Optimize Green Energy Approaches for Achieving Sustainable Development ........................................ 95
Agustinus Djoko Istriadi, Gagoe Hardiman, Prasasto Satwiko

Architectural Detail in Javanese House .................................................................................. 106
Hardiyati
SESSION: SUSTAINABLE DEVELOPMENT FOR TOURISM AND HERITAGE

CONSERVATION OF NDALEM AS PART OF SUSTAINABILITY EFFORTS - CASE STUDY: NDALEM TEDJOKUSUMAN ........................................................................................................................ 110
Gerarda Orbita Ida Cahyandari, Sidhi Pramudito, Yustina Banon Wismarani

MAGERSARI AND HOW UNIQUE IT IS - A CASE STUDY: MAGERSARI OF THE SUNANATE PALACE SURAKARTA ........................................................................................................ 120
Avi Marlene, Winny Astuti

BALINESE TRADITIONAL LANDSCAPE IN HERITAGE PLACES: ITS ROLES AND CHALLENGES FOR TOURISM DEVELOPMENT ........................................................................ 128
Ni Made Yudantini

ASSESSING THE IMPACTS OF HUMAN NEEDS ON ENHANCING OF URBAN TOURISM DEVELOPMENT (CASE STUDY; SHAHREKORD, IRAN) .................................................................. 135
Sinna Razzaghi-Asl, Maryam Farhadian

SIGNIFICANT FACTORS OF SENSE OF PLACE THAT MAKES JERON BETENG YOGYAKARTA SUSTAINABLE AS A HISTORICAL PLACE ....................................................... 141
Emmelia Tricia Herliana, Himasari Hannan, Hanson E. Kusuma

HERITAGE TOURISM POTENTIAL ON THE RIVERBANKS OF BANJARMASIN CITY .......................................................... 147
Fitrí Wulandari, Evan Elianto Supar, Humairoh Razak

LAND USE OF KUALUH HULU DISTRICT. (CASE STUDY: CORRIDOR OF JENDERAL SUDIRMAN STREET, AEK KANOPAN) ............................................................................. 152
Simon Barus, Wahyu Utami, Hajar Suwanto

SESSION: SUSTAINABILITY IN PRACTICE

THE TRANSFORMATION OF HERITAGE BUILDINGS AS TOURIST ATTRACTION: ADAPTIVE RE-USE OF COLONIAL BUILDINGS AT A BANDUNG CONSERVATION AREA ........................................ 157
Nurtati Soewarno, Dian Duhita

WASTE POWER PLANT PUTRI CEMPO AS URBAN INNOVATION - A FINANCIAL ANALYSIS ................................................................................................................................. 167
Adhianti Roswulandari, Ahmad Daerobi, Suryanto, Evi Gravitiani

SUSTAINABLE DEVELOPMENT FOR ECO-CULTURE CONSERVATION IN KELIMUTU NATIONAL PARK, INDONESIA ..................................................................................... 171
Yosafat Winarto, Persada Agussetia Sitepu

BEACH TOURISM DEVELOPMENT STRATEGY THROUGH ECOLOGICAL ARCHITECTURE APPROACH IN PACITAN, EAST JAVA – INDONESIA .................................................... 180
Wiwik Setyaningsih, Sri Yuliani, Yosafat Winarto

SESSION: URBAN RESILIENCE AND LIVABILITY

THE ARCHITECTURE OF OMAH AS AN EXPRESSION OF THE BEAUTY OF JAVANESE CULTURE ................................................................................................................................. 187
Titis S. Pitama

STREET VENDORS STABILIZATION LOCATION’S EXISTENCE AT SETTLEMENTS AREA IN SURAKARTA ........................................................................................................................ 193
Murtanti Jani Rahayu, Imam Buchori, Retno Wijayanti, Erma Fitria Rini

SHARING THE CAKE TOWARDS SUSTAINABILITY: POWER-SHARING IN WASTEWATER GOVERNANCE - THE CASE OF IPAL KARTAMANTUL .................................................................... 198
Isti Andini, Achmad Djunaedi
