2nd International Conference on Food Science and Engineering (ICFSE 2018)

Current Perspectives and Future Challenges in Food Science and Engineering for Sustainable Development

IOP Conference Series: Materials Science and Engineering
Volume 633

Surakarta, Indonesia
25 - 26 September 2018

Editors:

Koen Dewettinck
Jinap Selamat
Jirawat Yongsawatdigul
Sastia Prama Putri
Danar Praseptiangga
Venty Suryanti

Zukhrufuz Zaman Muhammad
Cahyadi
Liliik Retna Kartikasari Ahmad
Marzuki
Gusti Fauza
Elisa Herawati

ISBN: 978-1-5108-9835-6
ISSN: 1757-8981
Some format issues inherent in the e-media version may also appear in this print version.

Volume 633

International Conference on Food Science and Engineering

25–26 September 2018, Surakarta, Indonesia

Accepted papers received: 29 August 2019
Published online: 8 October 2019

Preface

Preface

Conference Committee

Peer review statement

Papers

Food Microbiology and Biotechnology

Current trends in bioactive peptides from muscle foods and their potential application
J Yongsawatdigul and A Hamzeh.....1

Effect of fermentation time by Lactobacillus plantarum FNCC 0027 on chemical, physical and physico-chemical properties of modified breadfruit flour
T Wayantika, D Ishartani, A Nursiwi and M Z Zaman.....6

Rapid identification of Salmonella enterica serovars Typhi and Salmonella enterica serovars Paratyphi A from chicken meat
D Raharjo, R Yulistiani, W Setyarini, R Y Arizandy, W Prayoga and T Shirakawa.....11

The addition of sorbitol and glycerol to improve the physicochemical and sensory characteristics of chocolate dodol
R Nurhayati, E R N Herawati, A S Putri and G P Adyana.....16
Antimicrobial effect of *Zingiber officinale* var. officinale essential oil and nisin against pathogenic and spoilage microorganisms

D A Ashari, A Nissa, A Nursiwi, A M Sari and R Utami.....21

Isolation oligosaccharides from gembili (*Dioscorea esculenta* Lour. Burkill) as prebiotics

Y Khasanah, R Nurhayati, Miftakhussholihah, S Btari and E Ratnaningrum.....27

Occurrences of *Salmonella* spp. and *Escherichia coli* in chicken meat, intestinal contents and rinse water at slaughtering place from traditional market in Surabaya, Indonesia

R Yulistiani, D Praseptiangga, Supyani and Sudibya.....33

Characteristics stability of cheese whey-tomato juice fermented beverages with pectin and CMC addition

N Saidah, E Nurhartadi, A Nursiwi, A M Sari and R Utami.....39

*Nata de cincau*: Pacitan's black cincau (*Mesona palustris* BL) product innovation with respect to its physical, chemical and sensory characteristics

H L Naja, A M Sari and M Z Zaman.....45

Microbiological profile of fresh goat milk: Impact of goat farmer practices in "Taruna Mukti" goat farmer group, Sragen, Central Java

A D M Nuhriawangsa, L R Kartikasari, R F Hadi, A K Wati and B S Hertanto.....51

Food Production System and Technology

Effects of drying time on essential oil production of kaffir lime (*Citrus hystrix* DC) leaves at ambient temperature

Y W Wulandari, C Anwar and S Supriyadi.....57

The utilizing of zeolite and manures for increasing potassium availability, uptake, and yield on soybean in Alfisols

I L Haniati, S Minardi, A H L Nastiti, S Harieni, J Syamsiyah and S Hartati.....63
Effect of dietary supplementation of frutescens seeds (*Perilla Frutescens L.*) on growth performance, slaughter weight, carcass weight, and meat quality of male local duck
R F Hadi and Sudiyono.....69

Effect of diets containing fish oil and different levels of purslane meal on production performance and carcass quality of broiler chickens
L R Kartikasari, B S Hertanto, S M Putra, Y Iswara and A M P Nuhriawangsa.....74

Physical quality of broiler chickens fed diets containing fish oil and different levels of purslane meal
L R Kartikasari, B S Hertanto, S Y Sutanto and A M P Nuhriawangsa.....79

Process optimization for producing pumpkin (*Cucurbita moschata D*) and arrowroot (*Marantha arundinaceae L*) starch-based instant porridge
A Slamet, D Praseptiangga, R Hartanto and Samanhudi.....83

Efficacy of betaine as carcass modifier in female broiler chickens to produce leaner carcass for human consumption
A Ratriyanto, S Prastowo and N Widyas.....88

Predicting yolk and albumen weight using egg weight of quails (*Coturnix coturnix japonica*) fed diet supplemented with betaine
A Ratriyanto, Y H Amirullah, S Prastowo and N Widyas.....93

Egg production patterns of quails given diets with different nutrient density
N Widyas, T Nugroho, B F Hidayat, A Masykur, S Prastowo and A Ratriyanto.....99

The consistency of quail's egg production supplemented with vitamin C in the diets
A Ratriyanto, T Nugroho, A Masykur, B F Hidayat, S Prastowo, Sunarto and N Widyas.....104
Milk production of imported Holstein cows over different environment
S Prastowo, T Nugroho, N Mahfudhoh, F Y Putra, Subiakti, A Ratriyanto, A Susilowati, Sutarno and N Widyas.....109

Yield and anthocyanin content of M1 generation of black rice induced by gamma rays
E Purwanto, Z Nahdhiana, M B Yunindanova and Nandariyah.....113

Egg quality in F1 cross between brown and black lines of Japanese quail
R Dewanti, P Fadilla and M Cahyadi.....118

The effects of plumage color lines and sex on slaughter weight and carcass parts of Japanese quail
R Dewanti, I A Harminanti, N Widyas and M Cahyadi.....123

Production of antioxidant C-phycocyanin using extraction process of Spirulina platensis in large scale industry
Wachda, H Hadiyanto, G D Harjanto, M L Huzain and R W Aji.....127

Zeolite and manure treatment on the increase of N soil, N absorption and soybean production in alfisols
V Triatmoko, P Alvernia, I L Haniati, S Minardi, W Suntoro and D P Ariyanto.....132

Effect of arbuscular mycorrhiza and organic matter type toward growth and yield of sorghum on Oxisol Tuntang
V R Cahyani, J Muntoyib and S Hartati.....138

Postharvest application of an edible coating based on chitosan and gum Arabic for controlling respiration rate and vitamin C content of chilli (Capsicum frustecens L.)
N Muthmainnah, Suratman and Solichatun.....144
Physical Food Analysis and Chemistry

Color and texture analyses of meatballs made from beef, pork, rat, dog meats, and their mixtures
F R Tathma, T Wibowo, I M Taufik and M Cahyadi.....150

Functionality of xanthan and almond gum in colloidal shellac nanoparticles containing cinnamon
D R A Muhammad, V Gupta, A S Doost and K Dewettinck.....154

Panelist acceptance level and characterization of physical and chemical properties on dark chocolate bar with addition of kaffir lime (*Citrus hystrix* DC.) leaf essential oil
D P Yoriska, D Praseptiangga and L U Khasanah.....160

Chitosan-garlic essential oil incorporation on beef meatball edible coatings as antioxidant-based functional food
S Ariviani, M Kusumawati and W Atmaka.....166

The use of solid phase spectrophotometry for control toxic metal ion content in milkfish cultivation
S Saputro, L Mahardiani and DCD Ninda.....173

Elicitation under salinity stress increases flavonoid content and antioxidant activity in cowpea (*Vigna unguiculata*) sprouts
F M Rajendra, L S Kristiani and S Ariviani.....179

Effect of different solvents and extraction conditions on fiber contents of local corns silk powders
Haslina, D Praseptiangga, V P Bintoro and B Pujiasmanto.....184
Effects of *Kaempferia galanga* L. essential oil incorporation on sensory and physical properties of dark chocolate bar

Y D Handiati, D Praseptiangga, G J Manuhara and L U Khasanah.....191

Fruit identification and effect of starch isolation methods on color attributes of Cilacap bread fruit's starch

N S Rahayu, D Praseptiangga, B Hariyanto and Samanhudi.....197

Utilization of carrageenan and chitosan as coating material in phycocyanin encapsulation

Hadiyanto, H Sutanto, M Suzery, N P Adetya, A M Nilamsari and A Yunanda.....203

Antioxidant capacity of pigeon pea (*Cajanus cajan* L.) sprouts elicited using NaCl with various elicitation time

L S Kristiani, F M Rajendra and S Ariviani.....209

The effect of reduced acetic acid concentration on nano-chitosan formulation as fish preservative

I J Winayu, N Ekantari, I D Puspita, Ustadi, W Budhijanto and P S Nugraheni.....214

Sensory, chemical, and nutritional characteristic of coffee-chocolate instant drink (chocomix-fee) from Nglanggeran, Gunungkidul, Yogyakarta

E R N Herawati, R Nurhayati and M Angwar.....220

Influence of withering time and leaf condition on physical and chemical characteristics of fig leaf tea

B S Amanto, F N Laily and A Nursiwi.....225

Chemical characteristics of composite flour based on white corn and okara

D Ishartani, R Sagita and D Praseptiangga.....231
Preparation and preliminary characterization of sago flour and semi refined kappa carrageenan-based biocomposite film incorporated with coconut crabs chitosan nanoparticles

H Rasulu, D Praseptiangga, I M Joni and A H Ramelan.....236

The drying rate of mushroom on tray dryer and effect of mushroom powder on organoleptic properties of Batagor

J Waluyo, Y Prasetyaningsih, MW Sari and N Ekawandani.....242

Effect of various heat treatment on physical and chemical characteristics of red rice bran (Oryza nivara L.) Rojolele

Siswanti, R B K Anandito, E Nurhartadi and B D Iskandar.....248

Chemical and sensory characteristics of white sweet potato (Ipomoea batatas L.), rice (Oryza sativa L.), and tapioca (Manihot esculenta) flours - based seasoning composite flour

N N A Alfani, D Ishartani, C Anam, D Praseptiangga and G J Manuhara.....254

The influence inter-day colorimetric method in quantification of chicken meat's total cholesterol with lipid extraction-saponification pretreatment

U Laila and T J Putra.....259

Physical and hedonic properties of cow milk yogurt containing different levels of avocado pulp (Persea Americana, Mill)

Atmanaji, B S Hertanto and A Pramono.....264

Textural and sensory properties of little tuna fish balls (Euthynnus affinis) arrowroot flour substitutions (Maranta arundinacea Linn.) added with sodium tripolyphosphate

R Y Kurniasari, D R Affandi, B Yudhistira and A P Sanjaya.....269
Chemical, textural, and sensory properties of eastern little tuna fish ball (*Euthynnus affinis*) with rice bran flour (*Oryza sativa*) substitution

D R Affandi, E Purnama, B Yudhistira and A P Sanjaya.....275

Miscellaneous Topics

Effects of health consciousness and environmental attitude on intention towards organic food purchase

D Kusumaningsih, H Irianto and E Antriyandarti.....281

Implementation of organic farming system and consumer satisfaction

Suswadi, E S Rahayu, M Harisudin and S Anantanyu.....287

Analysis of social economic factors affecting maize farming income in Marga Tiga district of East Lampung Regency

A R Wardani, E S Rahayu and Agustono.....293

Analysis of potential featured agriculture commodities and processed products in Sragen Regency

N Setyowati, D T Ardianto, I Khomah and E Widiyanti.....299

Household consumption of broilers meat in Kudus Central Java

M B Zulkarnain, W Rahayu, E Antriyandartiand and S W Ani.....304

Nutritional booklet and social media: Their effects on adolescents' fattening-food knowledge and consumption

Firmansyah, D G Tamtomo and R Cilmiaty.....309

Optimization of pyrolysis condition for bioactive compounds of wood vinegar from oil palm empty bunches using response surface methodology (RSM)

H A Oramahi, Elvi Rusmiyanto P. Wardoyo and Kustiati.....316
Economic glocalization: A sustainable local food production system in Wonosobo Indonesia

A Wibowo, R Karsidi, B Sudardi and M Wijaya.....322

Farming occupation in the views of farmer families in rural area

E Widiyanti, R Karsidi, M Wijaya and P Utari.....328
