# TABLE OF CONTENTS

## PART 1

DEGRADATION OF CATALYTIC EPOXIDATION OF OLEIC ACID PALM OIL BY IN SITU
PERFORMIC ACID ................................................................. 1

M J Jalil, M S M Zaini, A F M Yamin, N Morad, Abdul Hadi

A COMPARISON STUDY ON MECHANICAL PROPERTIES OF VIRGIN AND RECYCLED
POLYLACTIC ACID (PLA) ....................................................... 8

S Budin, N C Maideen, M H Koay, D Ibrahim, H Yusoff

QUANTITATIVE HPLC ANALYSIS OF FLAVONOID IN THREE DIFFERENT SOLVENT
EXTRACTS IN LEAVES OF GYNURA PROCUMBENS ...................... 15

S Adeb Idris, M Markom, N Abd Rahman, J Mohd Ali

STRAIN SOFTENING PREDICTION USING NORMALIZED METHOD ........... 21

ALUMINIUM RECOVERY FROM WATER TREATMENT SLUDGE UNDER DIFFERENT
DOSSAGE OF SULPHURIC ACID ............................................. 28

M H Hassan Basri, N N Mohammad Don, N Kasmuri, N Hamzah, S Alias, F A Azican

A PRELIMINARY STUDY OF SAFETY MANAGEMENT PRACTICES ON PAN-BORNEO
HIGHWAY CONSTRUCTION SITES IN KUCHING, MALAYSIA ............ 36

R Anak Iku, A F A Rashid, W M N W Muhammad, N Wahi

A STUDY OF FLAT STICK BAMBOO MICROWAVE ABSORBER PERFORMANCE ......................................................... 43

L Mohd Kasim, H Abdulllah@Idris, A S Ahmad Saffian, N Mohamad Noor, N Mohamad Kasim, A Ahmad, N A Ismail, A R Razali, M N Taib

CORRUGATED BAMBOO ROOFING DESIGN OF MICROWAVE ABSORBER FOR
REFLECTION ABSORPTION ................................................... 50

N Mohamad Kasim, H Abdulllah@Idris, M F A B Ali Mokhtar, A Ahmad, N Mohamad Noor, L Mohd Kasim, A N A Ismail, N Mohd Fauzi, M N Taib

THE EFFECT OF POLYETHYLENE TEREPTHALATE (ROAD BARRIER WASTE) IN
CONCRETE FOR RIGID PAVEMENT ......................................... 57

D Hasan, N Juhari, M H Reff, A Albar

INVESTIGATIONS ON POWER REQUIREMENTS FOR INDUSTRIAL COMPRESSION
STRATEGIES FOR CARBON CAPTURE AND SEQUESTRATION ........... 65

N K Daud, N Nasuha, S Martynov, H Mahgerfeh

CITRUS FRUIT PEEL WASTE AS A SOURCE OF NATURAL COAGULANT FOR WATER
TURBIDITY REMOVAL .......................................................... 72

Z Dollah, A R C Abdullah, N M Hashim, A Albar, S Badrealam, Z Z Mohd Zakji

INTERACTION OF MINERALOGICAL CONTENT WITH ENGINEERING PROPERTIES OF
SELECTED WEATHERED SEMANGGOL FORMATION MUDROCKS .......... 79

A Albar, M H Osman, M H Kamaruddin, D Hasan, Z Dollah

FAILURE PREDICTION OF THE SOLDER JOINTS IN THE BALL-GRID-ARRAY PACKAGE
UNDER THERMAL LOADING .................................................... 87

A F M Yamin, A S Abdullah, M F A Manap, H Yusoff

AN EXPERIMENTAL MECHANISM OF A TANDEM FLAPPING WING FOR MICRO AERIAL
VEHICLE ................................................................................. 95

N I Ismail, H. Yusoff, S. Budin, A.F.M. Yamin

BIODIVERSITY ANALYSIS OF SPONTANEOUSLY FERMENTED GARCINIA MANGOSTANA
PERICARP: FROM LABORATORY SCALE TO PILOT SCALE ............... 99

M S So'aiib, J Sulihon, K H H K Hamid

DURABILITY PERFORMANCE OF UTILISING QUARRY DUST AS SUSTAINABLE
MATERIAL IN SELF-COMPACTING CONCRETE ............................... 107

A A Dwy, Siti Quraisyah, K. Kartini, M S Hamidah

IMPROVEMENT OF EMISSIONS CHARACTERISTICS AND EXHAUST TEMPERATURE IN
SINGLE CYLINDER DIESEL ENGINE FUELLED WITH ALGAE OIL ADDITIVE ..................................................... 115

H Sharuddin, N I Ismail, A Pahmi, M M Mahadzir, N A Rahim

PREDICTING THE NEXT OIL CHANGE FOR AUTOMOTIVE ENGINE OIL ................................................................. 123

D Ibrahim, M Stapah, M A A Ruslan, Y Yaakob, S Budin, N C Maideen, H Yusoff
FEASIBILITY STUDY ON THE APPLICATION OF ALUM SLUDGE (AS) AS ALTERNATIVE LANDFILL LINER MATERIAL IN SUSTAINABLE LANDFILL INFRASTRUCTURE MODEL: XRD AND SEM ANALYSIS ................................................................. 288
N A Muhamed Bashir, N H Syarifuddin Ismail, N R Sofiyah Rahman, S Alias, T C Choy, N H Abdul Aziz, D Jamalludin

SHORT-TERM LIGHT SOAKING EFFECT ON DYE-SENSITIZED SOLAR CELLS ................................................................. 296
M E Yesh, K Y Chan

ULTRAVIOLET PHOTODETECTORS BASED ON DOPED ZNO FILMS ................................................................. 302
Z N Ng, K Y Chan

DAMAGE DETECTION OF ARTIFICIAL CORRODED REBARS AND QUANTIFICATION USING NON-DESTRUCTIVE METHODS ON REINFORCED CONCRETE STRUCTURE ................................................................. 308
S F Senin, R Hamid, J Ahmad, M I F Rosli, A Yusoff, R Rohim, K D Abdul Ghani, S. Mohamed Noor

RHEOLOGICAL PROPERTIES OF FILM SOLUTION FROM CASSAVA STARCH AND KAFFIR LIME OIL ................................................................. 316
N M Maszhor, J Jai, F Hamzah, A Somwanghanaroj, W T Ongdee-soontorn

A STUDY OF ILLUMINATION LEVEL AT PUBLIC TRANSIT INFRASTRUCTURE IN BUTTERWORTH, PENANG ................................................................. 324
A Amin Musir, N F Rosli, M S Daim, M S Abdul Hamid, Z Dollah

KENAF/POLYPROPYLENE KEY CHAIN PRODUCT FABRICATED BY INJECTION MOULDING ................................................................. 332
M H Koay, Z Salleh, N R N M Masdek, S Budin, A Ngu

MORPHOLOGY AND MECHANICAL PROPERTIES OF POLYLACTIDE/MONTMORILLONITE COMPOSITES ................................................................. 340
N Ibrahim, M Jollands, R Parthasarathy

BUS SERVICE INDICATOR: THE DIFFERENT SIGHT OF PERFORMANCE INDEX DEVELOPMENT ................................................................. 348
H Suria, F M Ahmad, N S Siti

FAILURE ANALYSIS OF WOVEN KEVLAR/EPoxy COMPOSITE LAMINATES UNDER COMPRESSION DUE TO VARIATIONS IN FIBER ORIENTATION ................................................................. 356
M Mali, A K Hussain, M A Mazingar, A F M Zainol, J Mahmoud

OUTSTANDING PERFORMANCE OF WASTE CHICKEN EGGSHELL DERIVED CAO AS A GREEN CATALYST IN BIODIESEL PRODUCTION: OPTIMIZATION OF CALCINATION CONDITIONS ................................................................. 363
N S Lani, N Ngadi, M Jusoh, Z Mohamad, Z Y Zakaria

SYNTHESIS AND CHARACTERIZATION OF PINEAPPLE LEAF MODIFIED WITH DIETHYLENETRIAMINE SOLUTION ................................................................. 370
N B Mohamed, N Ngadi, M J Kamaruddin, M A Aziz, M H Hassim

OVERVIEW OF INTEGRATED PVA-MEMBRANE WITH ZN-CYCLEN FOR CO₂ SEPARATION ................................................................. 378
S Hossain, F Hamzah

OPTIMIZATION OF SUPERCRITICAL FLUID EXTRACTION OF MARIPOSA CHRISTIA VESPERTILIONS LEAVES TOWARDS ANTIOXIDANT USING RESPONSE SURFACE METHODOLOGY ................................................................. 386
MAM Ariff, S Takiun, NAA Razak, M S Osman, J Jaupar

UTILISATION OF PALM OIL FUEL ASH (POFA) AS SAND REPLACEMENT FOR FRESH AND HARDENED CONCRETE BY USING POWDER AND LIQUIDATION METHOD ................................................................. 394
N H Hashin, M N Mohd Sidek, N Md Noor, S R Roselli, M A Mohd Yusoff, M F S Saiful Bahari

A HYBRID ELECTROCOAGULATION-ADSORPTION PROCESS FOR FLUORIDE REMOVAL FROM SEMICONDUCTOR WASTEWATER ................................................................. 402
S N A Jallil, N Amri, A A Ajien, N F Ismail, B Ballinger

PHENOMENOLOGICAL MODEL FOR THE PREDICTION OF THE PERFORMANCE OF A SLURRY BUBBLE COLUMN REACTOR FOR GREEN DIESEL PRODUCTION ................................................................. 409
Y Maharam, A D Patri, A Hamzah

CHARACTERISATION OF POLYSACCHARIDE COMPOSITE INCORPORATED WITH TURMERIC OIL FOR APPLICATION ON FRESH-CUT APPLES ................................................................. 417
Z I M Sharif, J Jai, I Subuki, N A M Zaki, F A Mustapha, N Mohd Yusof

UTILIZATION OF CAMPHOR AS AN ALTERNATIVE CARBON SOURCE FOR THE SYNTHESIS OF CARBON NANOTUBES USING FLOATING CATALYST ................................................................. 425
P P D K Wulan, A Fathony, A S Ufza

IMPACT VIBRATION RESPONSE ATTENUATION USING FOUR-BAR LINKAGE LANDING GEAR SYSTEM ................................................................. 433
L Son, S Huda
ADSORPTION OF MANGANESE AND ZINC IN SYNTHETIC WASTEWATER BY TEA WASTE (TW) AS A LOW COST ADSORBENT .......................................................................................................................... 441
S Badrealeam, V C Darrell, Z Dollah, M F P Mohamed Latiff, R Handan

NATURAL RUBBER LATEX (NRL) WASTE PROTEIN PURIFIED AT VARIOUS PH CONDITION AND METAL EXTRACTION STUDIES .................................................................................................................. 449
H Tahir, M Misran

CHARACTERIZATION OF TYPE III AND IV SOLAR RADIO BURSTS FROM E-CALLISTO .................................................. 457
N M Ansor, Z S Hamidi, N N M Shariff

CME EVENT PRODUCED ALONG WITH SOLAR FLARES AND ITS RELATION WITH THE MAGNETIC FIELD .............................................................................................................................. 463
N A M Noreham, Z S Hamidi

OPTIMIZATION OF BIODIESEL PRODUCTION FROM CHLORELLA VULGARIS USING CUO, NIO AND MGO ON ZEOLITE 4A CATALYSTS .......................................................................................................................... 468
M I Ariffin, N Abdulilah, H Bahrajji, N A Mohd Kasim, N Abdul Halim, T Y Yun Hin

BIO DIESEL SYNTHESIS IN DBD PLASMA REACTOR USING TRIGLYCERIDE-METHANOL MIXTURE CONTACTED WITH CO2-STEAM GAS MIXTURE .................................................................................................................. 474
S Nabilla, S F Anisa, K Zara, S Bismo

EFFECT ON CONSISTENCY AND PERFORMANCE OF POFA CONCRETE .......................................................................................................................... 481
S R Rosseti, M N M Sidek, N I Halim, N H Hashim, M S A Hamid, N Tutur

MICROWAVE-ASSISTED CO2 ACTIVATION PREPARATION OF CEIBA PENTANDRA SEED BASED ACTIVATED CARBON FOR CU(II) ADSORPTION .................................................................................................................. 487
M F P M Latiff, S Badrealeam, E S Dollian, M N N Khan, N H M Nasir, N K E M Yahaya

SHEAR STRENGTH BEHAVIOUR OF ROCK JOINT MATERIAL INFLUENCED BY DIFFERENT WEATHERING GRADE .......................................................................................................................... 494
M K A Ismail, M M Mohd-Nordin, A S Md Hasan, A Albar, M Razali

ROCK WATER INTERACTION ON THE EFFECT OF DRYING AND WETTING TO THE MECHANICAL AND DYNAMIC PROPERTIES OF TROPICAL WEATHERED GRANITE .................................................................................................................. 502
A S Md Hasan, N M Osman, M K A Ismail, A Albar, M Razali

FLEXURAL BEHAVIOUR OF RC BEAMS WITH STEEL AND POLYPROPYLENE FIBRES .......................................................................................................................... 508
S W Lee, R Hasan, N Saari, N M Mohamad, N I Mat Noor

CATION-EXCHANGED NAY ZEOLITE: EFFECT OF TEMPERATURE AND ION CONCENTRATION TO MEMBRANE PERFORMANCE .................................................................................................................. 515
M A Isma, M H Halim

CHARACTERISTIC OF PHENOL AND 2,4-DICHLOROPHENOL SYNTHETIC WASTEWATER DEGRADATION IN A DBD (DIELECTRIC BARRIER DISCHARGE) REACTOR .................................................................................................................. 523
Y E Permata, R A Cahyani, E F Karamah, S Bismo

DEGRADATION OF PHENOL AND 2,4-DICHLOROPHENOL WASTEWATER BY OXONATION IN MULTI-INJECTION BUBBLE COLUMN REACTOR .................................................................................................................. 531
D P Wahyudi, S V Ghaisani, S Bismo

RESPONSE SURFACE METHODOLOGY (RSM) FOR OPTIMIZATION OF SILVER BIORECOVERY PROCESS FROM SIMULATED SILVER ELECTROPLATING WASTEWATER USING OIL PALM (ELAEIS GUINEENSIS) LEAVES EXTRACT AS THE REDUCING AND STABILIZING AGENTS .......................................................................................................................... 538
A A Azmi, J Jai, A B Alias, S A Idris, N M Yusof

PART 2

EFFECTIVENESS OF CRUSHED COCONUT SHELL AND EGGSHELL POWDER TO ACT AS SUBGRADE STABILIZER .......................................................................................................................... 546
R Ramli, N N Yahaya, N N A A Bakar, Z Dollah, J Idrus, N H H Abdullah

EFFECT OF DIFFERENT AMOUNT CHITOSAN, STARCH AND GLYCEROL IN COMPOSITE EDIBLE COATING .......................................................................................................................... 554
N Mohd Yusof, J Jai, Z I M Shariff, F A Mustapha, S Pinijuswan

AGRICULTURE WASTE FROM BANANA PEEL AS LOW COST ADSORBENT IN TREATING METHYLENE BLUE FROM BATIK TEXTILE WASTE WASTE EFFLUENTS .......................................................................................................................... 560
A A Abu Bakar, W N R Wan Maizlan, N A Akbar, S Badrealeam, K A Muhammad Ali

IMPROVING PRECIPITATE CALCIUM CARBONATE (PCC) PARTICLE SIZE DISTRIBUTION FOR A CONTINUOUS MINERAL CARBONATION SYSTEM .......................................................................................................................... 568
M S Onn, M G M Noh, M S M Shukor, M A Isa
INTAKE PRESSURE AND BRAKE MEAN EFFECTIVE PRESSURE ANALYSIS ON VARIOUS
INTAKE MANIFOLD DESIGN ............................................................................. 574
A Pahmi, M Hiyam Basri, M E Mustaffa, Y Yaakob, H Sharudin, N I Ismail, R J Talib

SCALING UP OF CONTINUOUS MINERAL CARBONATION REACTOR FOR THE
PRODUCTION OF HIGH VALUE PCC PRODUCTS ........................................ 582
M N M Ghaddafii, O M Syazwan, M S M Syazwan, I M Aimen

THE STUDY OF HEADWAY PATTERNS AND LEVEL OF SERVICE IN MYBAS RIDERSHIP .................................................. 590
M H Zahir, S Haron

CORROSION BEHAVIOUR OF IN-SITU ZIRCONIUM DIBORIDE (ZRB2) REINFORCED BY
ALUMINUM-COPPER (AL-CU) ALLOY METAL MATRIX COMPOSITE .......... 598
N H Mustafa, M M Mahat, S M Yahaya, R Rosinanahmadani

ABSORBENT FROM CUCURBITA PEPO L SEED FOR CU(II) REMOVAL .......... 605
P M L Muhammad Faizal, F Mohd Azrizal, M Jurainah, M N Nur Hazwani, N K Mohamad Nasran

COMPUTATIONAL FLUID DYNAMICS SIMULATION TO PREDICT THE EFFECT OF THE
EQUIVALENCE RATIO ON THE TEMPERATURE DISTRIBUTION IN A PYROLYSIS
FURNACE ........................................................................................................ 611
Y Muhammad, David, A Jose

INTENSITY CRACK ZONES OF REINFORCED CONCRETE BEAM UNDER MONOTONIC
LOADING .......................................................................................................... 618
S N Mat Saliah, N Md Nor, K N Kamaraussaman, M A Mohd Mesron, N Abd Rahman

THE PROPERTIES OF WASTEPAPER SLUDGE ASH AND ITS GENERIC APPLICATIONS .................................................. 626
M F Azrizal, M N Noorsuhada, M F P M Latif, M F Arshad, H Sulaiman

TOTAL PHENOLIC CONTENT, FLAVONOID CONCENTRATION AND ANTIOXIDANT
ACTIVITY OF INDIGENOUS HERBS, PHYSALIS MINIMA LINN .................... 634
C R Narashinha, H Mealiaanny, A N Mustapa, C Y Mohd Azizi

TREATMENT OF TAPIOCA STARCH WASTEWATER WITH OZONATION AND
ABSORPTION ..................................................................................................... 642
M D Suryana, N V Salsabila, E F Karamah

ACOUSTIC EMISSION CHARACTERISTIC FOR DIFFERENT THICKNESSES OF RC SLABS .......... 652
M I H Muhammad Sauki, N Md Nor, N Juhari, M Z Endut

REMOVAL OF COLOUR USING BANANA STEM ADSORBENT IN TEXTILE WASTEWATER ................................................. 660
N A Akbar, S Sabri, A A Abu Bakar, N S Azizan

RICE HUSK ASH AND SEWAGE SLUDGE ASH AS SUSTAINABLE REPLACEMENT
MATERIAL FOR CONCRETE ............................................................................ 666
N Tutur, N H Dahalan, S R Roselli, M A Juhari

STRENGTH OF TWO-WAY SEMANTAN BAMBOO REINFORCED CONCRETE SLABS .................................................. 673
C B Yong, Rizuan Ali, R Mohd Romal Fazhan

MELT FLOW INDEX OF LOW-DENSITY POLYETHYLENE DETERMINATION BASED ON
MOLECULAR WEIGHT AND BRANCHING PROPERTIES ....................... 680
A Azmi, S A Sata, F S Rohman, N Aziz

THE EFFECT OF IMPACTOR ON CFRP WITH TOUGHENED INTERLAYERS WHEN
SUBJECTED TO LOW-VELOCITY IMPACT: EXPERIMENT AND NUMERICAL ANALYSIS .............. 686
R Othman, M R Aziz, K Ogi, S Sudarsono, H Hidayat

PREDICTION OF CONCENTRATION OF DISPERSED PHASE OUTLET IN ROTATING DISC
CONTACTOR COLUMN ..................................................................................... 694
E F Azmi, N H Miswani, K A Arshad, N A Zainal

EVALUATION OF SEVERE DAMAGED REINFORCED CONCRETE BEAM REPAIRED WITH
EPOXY INJECTION AND RETROFITTED WITH CFRP USING ACOUSTIC EMISSION
TECHNIQUE ..................................................................................................... 700
S N Mat Saliah, K Khairul Najam, M M Muhammad Ariffazad, N Abd Rahman, N Md Nor

PERFORMANCE OF POROUS ASPHALT PAVEMENT USING CLAY BRICK DUST AS
MINERAL FILLER .............................................................................................. 708
M I Joohari, N A Aziz, N M Daud, S Mansor, M A Abdul Halim

MECHANICAL PROPERTIES OF BIOPLASTIC FORM CELLULOSE NANOCRYSTAL (CNC)
MANGOSTEEEN PEEL USING GLYCEROL AS PLASTICIZER .................................. 715
A Muhammad, A Roslan, S N A Sanusi, M Q Shahimi, N Z Nazari

SYNTHESIS AND CHARACTERIZATION OF AMINE-IMPREGNATED SILICA GEL FOR
POTENTIAL CARBON DIOXIDE (CO2) ABSORPTION .................................. 723
N F Mohamad, N H Abdul Rani, M Omm, H I Sayed Jamaludin, A S I Ahmad Shafiq, W M Y Wan Yeit, N A Zulkifli
INVESTIGATION TOWARDS SALT REJECTION PERFORMANCE ON THIN FILM COMPOSITE MEMBRANE PREPARED THROUGH SINGLE LAYER METHOD AND LAYER BY LAYER METHOD ........................................................................................................ 731
H Mustafa, M Om, A Zainuddin, A R Abu Talip, S M Mohammad Ilyas, G P Sean

ANTIOXIDANT ACTIVITY OF CAMPHOR LEAVES EXTRACT BASED ON VARIATION SOLVENT ........................................................................................................................................ 737
S H A Muhamad, S On, Salmi N A Samusi, A A Hashim, M H Addirna Zai

PREPARATION OF ACTIVATED CARBON FROM PALM KERNEL SHELL BY CHEMICAL ACTIVATION AND ITS APPLICATION FOR ß-CAROTENE ADSORPTION IN CRUDE PALM OIL .......................................................................................................................... 745
A R Hidayat, M Z Sakor, N F Mohammad, O S J Elham, N I Azri, M A I Azhar, M J Jalil

COMPARATIVE STUDY OF ACID-TREATED AND ALKALI-TREATED CARBONISED KAPOK–FIBRES FOR OIL/WATER ABSORPTION SYSTEM ........................................................................................................................................... 753

ACID TREATED CORN STALK ADSORBENT FOR REMOVAL OF ALIZARIN YELLOW DYE IN WASTEWATER .......................................................................................................................... 760
M I Ismail, M S M Fadzil, N N F Rosmadi, N R A M Razali, A R Mohamad Daud

WATER-IN-OIL-IN-WATER (W/O/W) EMULSION INSTABILITY IN EMULSION LIQUID MEMBRANE: MEMBRANE BREAKAGE ................................................................................................................................. 769
M M H Shah Buddin, N D S Mohd Noor Salizan, A L Ahmad, O S J Elham, A R Rashidi

INVESTIGATION OF WATER ABSORPTION AND STRENGTH PERFORMANCES ON CONCRETE BRICKS CONTAINING MALAYSIAN THERMAL POWER PLANT COAL BOTTOM ASH (CBA) .................................................................................................................. 776
S I Sayed Jamaladin, N H Abdul Rani, N F Mohamad

SEWAGE SLUDGE CONVERSION VIA HYDROTHERMAL LIQUEFACTION (HTL) – A PRELIMINARY STUDY .......................................................................................................................................................... 782
R S Badrolnizam, O S J Elham, S N Hadijiah, M H N Hussain, A R Hidayat, N F Mohammad, A R Mohamad Daud

STABILISATION OF SOFT SOIL USING PALM OIL FUEL ASH AND PALM OIL FIBRE .......................................................................................................................... 790
S Y Lim, M S Shakri

CONSOLIDATION SETTLEMENT AND BUOYANCY BEHAVIOUR FOR DIFFERENT THICKNESS OF POLYURETHANE FOAM AS A GROUND IMPROVEMENT .......................................................................................................................... 797
D C Lat, I B Mohamed Jais, N Ali, W M I Wan Kamarrudin, N H W Nor Zarin

THE STUDY OF BUOYANCY BEHAVIOUR OF POLYURETHANE FOAM AS A GROUND IMPROVEMENT BY CONSTANT RATE STRAIN TEST .......................................................................................................................... 805
D C Lat, N Ali, I B Mohamed Jais, N Z Mohd Yunas, A N Zainuddin, D A Mat Yusof

DEVELOPMENT OF LINEAR REGRESSION MODEL FOR BRICK WASTE GENERATION IN MALAYSIAN CONSTRUCTION INDUSTRY ........................................................................................................... 813
S H Hassan, H A Aziz, Z Zakariasah, S M Noor, M R A Majid, N A Karim

EFFECT OF NCO/OH RATIO ON PHYSICAL AND MECHANICAL PROPERTIES OF CASTOR-BASED POLYURETHANE GROUTING MATERIALS .......................................................................................... 821
N I A M Hussain, N N Bonnia, R S F N Hizrin, E S Ali, E Z E Zawawi

FACTORS INFLUENCING NANOTECHNOLOGY ACCEPTANCE: BENEFITS, POTENTIAL RISK, GOVERNMENT SUPPORT AND ATTITUDE .................................................................................................................. 829
R A Rahim, E S Kassim, N A M Sari, S Abdullah

SHAPE, SIZE AND DISPERSION OF PLANT-DRIVEN SILVER NANOPARTICLES FOR REMOVAL OF METHYLENE BLUE DYES .................................................................................................................. 837
N Isa, W Z Wan Kamis, V Inderan, N I Husin, F N Ahmad, N H Bashir, Z Lockman

EFFECT OF REACTION CONDITIONS IN THE CATALYTIC ESTERIFICATION OF PALM FATTY ACID DISTILLATE TO PRODUCE FATTY ACID METHYL ESTER .......................................................................................................................... 845

TEMPERATURE REGULATION FOR DISTILLATION PROCESS USING SELF-TUNING FUZZY PLUS PID CONTROLLER .................................................................................................................. 851
N FA Suhaine, Z Muhammad, Z M Yusoff, N A M Le, M H C Hashim, M A Zaki

COMPARATIVE EVALUATION ON RHEOLOGY PERFORMANCE AND THERMAL STABILITY OF ESTER BASED DRILLING FLUIDS .................................................................................................................. 859
A R Mohamad Daud, S Abdullah, A Aziz, E Ariyanto

FABRICATION OF NIPAM POLYMER GEL DOSIMETER AND CHARACTERIZATION USING RAMAN SPECTROSCOPY .................................................................................................................. 866
M Z Adenan
EFFECT OF ORGANIC ANTIFOAM'S CONCENTRATION ON FILTRATION PERFORMANCE
S Mohamad Pauzi, D Anak Halbert, S Azizi, N A A Ahmad, N Ahmad, F Marpani

HETEROGENEOUS FENTON-LIKE REACTION USING FE$_{3+x}$MNX$_4$O$_4$-MKSF COMPOSITE CATALYST FOR DEGRADATION OF ACID ORANGE II DYE
R Alroz, N A Zubir, N Amir, N N A Abdul Rahman, M A Kamaruddin

CHARACTERISTICS OF CHROMIUM BASED MIXED OXIDE CATALYST IN BIODIESEL PRODUCTION
N A Ali Bashah, A Luin, I A Jalaluddin, I A Shahhaizad, N F Ismail, W Z Wan Kamis

MATHEMATICAL MODELLING OF DRYING KINETICS OF OVEN DRIED HIBISCUS SABDARIFFA SEED
N F Ismail, H N Mat Nawi, N Zainuddin

LIFE CYCLE ASSESSMENT APPROACH TO SUSTAINABLE SEWAGE SLUDGE MANAGEMENT FOR WATER POLLUTION CONTROL
N D Mu'azu, M H Essa, O Aga, N Jarrah

REMOVAL ZINC IONS FROM CONTAMINATED SOIL USING BIODEGRADABLE POLYASPARTATE VIA SOIL WASHING PROCESS
N D Mu'azu, M H Essa, S A Haladu, S A Ali, N Jarrah, M Zubair, I A Mohamed

SONOCATALYTIC DEGRADATION OF CAFFEINE USING CeO$_2$ CATALYST: PARAMETRIC AND REUSABILITY STUDIES
A K Nur Fadzeelah, A Z Abdullah, N A Zubir, A H Abd Razak, N A Azha

THE EFFECT OF FIBRE LOADING ON THE PHYSICAL AND MECHANICAL PROPERTIES OF PINEAPPLE LEAF FIBRE-REINFORCED BIODEGRADABLE COMPOSITES
N Razali, N A S Aseri, S Dalingam, A A Kamarolzaman

HIGH RESOLUTION TIME DOMAIN REFLECTOMETRY AND COAXIAL CABLE FOR SOIL NAIL MONITORING
W K Ng, Y Ashaari, M Y Norshazrul

Author Index
